LOCAL COURTS OF NEW SOUTH WALES**PRACTICE NOTE: 1/2001****VACATING HEARING DATES AND APPLICATIONS FOR ADJOURNMENT**

1. The Chief Magistrate is concerned to ensure that proceedings before the court are conducted in an efficient and expeditious manner and that practitioners and those who appear before the Court do all they can to facilitate the just, quick and cost effective disposal of proceedings before the Court.

2. **This Practice Note revokes the following Practice Notes:**

- a) 1/1990 : Vacating hearing dates
- b) 2/1990 : Schedules – Section 20 Criminal Procedure Act, 1986
- c) 1/1991 : Changes to the manner of committals to the District Court
- d) 1/1995 : Time Standards
- e) 1/1996 : Compensation as a condition of recognizances under S. 556A or S. 558 of the Crimes Act
- f) 1/1997 : Justices Amendment (Committals) Act, 1996

In lieu thereof, the following Practice Note will apply to the consideration of applications for adjournment that will facilitate the timely and proper finalisation of matters in both the criminal and civil jurisdictions of the Court.

3. **Setting matters down for hearing**

3.1 When setting matters down for hearing, parties must be in a position to advise the court:

- a) The dates upon which the parties and their witnesses are available;
- b) The estimated length of hearing time;
- c) That all interlocutory matters have been completed;
- d) That the matter is otherwise ready to proceed;
- e) If subpoenae are to be issued and if a date prior to the hearing date is required for return of subpoenae

4. **Vacating hearing dates**

4.1 When a hearing date has been allocated, it will not be vacated unless the party seeking to vacate shows cogent and compelling reasons.

4.2 Any application to vacate a hearing date must be in writing on Form 1 being part of this Practice Note and must be made not less than 21 days prior to the allocated hearing date, or such other period (whether longer or shorter) as in the opinion of the presiding magistrate will allow time to list other matters for hearing on the date(s) to be vacated.

4.3 In the first instance the application shall be dealt with by a Magistrate in Chambers and shall only be listed in court at the direction of the Magistrate.

4.4 The party bringing the application must give notice to the opposing party(ies) of the application.

5. Urgent applications

5.1 Where urgent and unforeseen circumstances arise within the 21 day period, applications to vacate a hearing date should be made as soon as practicable after a party has become aware of grounds for such application and, in any event, not later than the next working day.

5.2 A party wishing to make an urgent application should advise the opposing party of the application and grounds for such application at the earliest opportunity. The court should be advised, by telephone, at the earliest opportunity that an application is to be made.

5.3 Upon an application to vacate a hearing date on the grounds of illness, the party making the application will be required to produce a medical certificate within a period specified by the court.

6. Change of plea

6.1 When instructions are received to enter a plea of guilty in a matter fixed for defended hearing, the prosecution and the court should be advised at the earliest opportunity.

6.2 Whilst it is appreciated that defendants often give instructions to change plea on or close to the day of hearing, legal representatives should advise clients that any change of instructions (whether change of plea in criminal matters or settlement in civil matters) should be submitted to the legal representatives at the earliest opportunity. Early conferences in preparation for hearing will, of course, assist to this end.

7. Adjournments

7.1 Adjournment applications are a decision for the court in the proper exercise of judicial discretion. While there can be no hard and fast rule on the acceptable number of adjournments that should be granted in any matter, as a general rule, practitioners cannot expect the court to consider applications for adjournment in any matter without cogent and compelling reasons. Tardiness in preparation, the late obtaining of instructions, the making of representations or change of counsel does not, of itself, justify the granting of an adjournment by the court.

7.2 The intention at all times is to ensure the efficient and expeditious conduct of proceedings. Practitioners and those who appear before the court should do all they can to facilitate the just, quick and cost effective disposal of proceedings before the court. Ways in which practitioners can assist the work of the court in finalising matters include:

- * ready identification of issues genuinely in dispute
- * either directly, or by giving appropriate advice to a client, observing the listing procedures, rules and court directions
- * ensuring readiness for trial
- * providing reasonable estimates of the length of hearings
- * giving the earliest practicable notice of an adjournment application

8. Costs and witnesses' expenses

8.1 Practitioners should bear in mind the power of the court to order costs and witnesses' expenses to be paid in appropriate cases.

PRACTICE NOTE NO. 2/2001**CASE MANAGEMENT OF CIVIL ACTIONS**

1. **This Practice Note applies to matters to be listed for contested hearing in the General Division after the filing of a first defence. It relates to all Local Courts in New South Wales, and replaces all previous Practice Notes on the subject. Its operation will be subject to review at a later point in time.**
2. **This Practice Note applies to actions commenced on or after 1st January 2002.**
3. **Objective**
 - 3.1 In accordance with the court's published Strategic Plan, the court's objective is to provide a more orderly, cost-effective and expeditious system for the final disposal of civil actions. The Plan includes the aim that 90% of civil actions will be completed within 6 months of commencement, and 100% within 12 months. To achieve such an aim it is necessary that all contested civil actions be within the court's control from the time of commencement, and that they meet the time standards set.
 - 3.2 Expeditious disposal also requires that actions are expeditiously prepared by the parties. **Actions must not be commenced until they are ready to meet the requirements of the timetable as to preparation and hearing.**
 - 3.3 The time for service of a first defence will be two weeks from the date of filing. The court has a discretion to extend this time in an exceptional case.
4. **Certificate of Readiness Abandoned**
 - 4.1 Part 9 Rule 2A, which requires a plaintiff to file a Certificate of Readiness before a matter is listed for hearing or Call-over, no longer applies. The decision as to when to bring the matter before the court will no longer be left in the hands of the parties. The Court will now manage the case from the time a first defence is filed.
5. **Statements of Claim**
 - 5.1 If, 12 months after commencement, there is no defence, and no default judgment or other finalising activity, the action is deemed to be struck out.
6. **No action is ever stood over generally.**
7. **Management of the Courts Lists**
 - 7.1 In the General Division, on filing of a first defence, the action is given: a Call-over date 6 weeks after commencement before the Registrar or Magistrate, a Review date within 4 months after commencement, and a hearing date within a 1 month period beginning 5 months after commencement. Standard directions and timetable are issued to both parties when the defence is filed, and a copy must be served with it.
 - 7.2 Within 6 weeks of service of the first defence, the Registrar or Magistrate shall conduct a Call-over in accordance with Part 9, Rule 4.

7.3 At the Call-over, the Registrar or Magistrate may refer the matter to arbitration or shall make such orders as to him or her seem appropriate in order to achieve the just, efficient, effective and timely management of the proceedings before the court. These orders shall be as required and in addition to the Standard Directions issued to both parties in the Timetable and Standard Directions issued after the filing of the first defence. Such orders shall, where appropriate, include the following:

- (i) An order fixing a timetable for the taking of steps to prepare the matter for hearing;
- (ii) directions as to how written statements can be used;
- (iii) an order for the preparation and filing of an agreed list of exhibits that are page numbered and indexed;
- (iv) an order for the preparation of written submissions on a question of law raised, and the filing of copies of authorities relied on.

7.4 The Court recognises that there may be cases involving multiple or third parties whose rights will need to be considered at the Call-over. If the Court/Registrar is asked to exercise an indulgence in favour of such parties, the exercise of the court's discretion will depend in large measure on when the relevant party was served with process.

7.5 At the Call-over, the Registrar or Magistrate shall adjourn the matter for Review to a date at least 28 days prior to the hearing in order to make inquiry and ensure that the court's directions at the Call-over have been complied with, and that the matter is ready for hearing. The Review shall be dealt with by a Magistrate. If the Court's directions have not been complied with, the usual sanctions will apply. These may include the striking out of any action, defence, cross-claim or third or subsequent party notice filed in the action. If a Review is adjourned, costs may be awarded against the defaulting party.

7.6 Both at the Call-over and the Review, the Registrar or Magistrate conducting the proceedings shall seek an assurance from the parties:

- (i) that all relevant pleadings have been filed and particulars exchanged, that the state of the pleadings has been considered and that there will be no applications for amendment;
- (ii) that all relevant interlocutory matters have been attended to, and that the matter is ready for hearing;
- (iii) that prospects of settlement have been fully explored.

7.7 The emphasis is on compelling efficient progress of actions through the system. Plaintiffs' solicitors must ensure preparations for trial are well under way before commencement. For their part, defendants and other parties must ensure that they commence their trial preparations as soon as they are served with process or are otherwise aware of the nature of the claim they have to meet. Where there is a reasonable possibility of settlement, the claim should not be litigated until settlement has been adequately explored.

7.8 If an action cannot meet the timetable, then in general it should not be commenced until it can. Adjournments and extensions of deadlines are granted only in special circumstances, never for a simple failure to prepare. It is recommended to the parties' solicitors that they tell their clients of the court's insistence on actions being ready when the system so requires; such problems as the plaintiff failing to notify the solicitor of a change of address can lead to the action being dismissed, and ought not to arise.

- 7.9** Adjournments and extensions of time sought on behalf of the plaintiff or the defendant will not generally be granted unless the party, or their legal representative, seeking the adjournment or extension personally attends on the application.
- 7.10** Where on the Review date, the Magistrate is not satisfied as to the preparations for trial the action, defence or other process may (if not struck out) be the subject of specific, detailed directions, with compliance compelled. A party whose action is the subject of such directions is generally facing a last opportunity to avoid the action or other process being struck out (or worse).
- 7.11** If any direction (standard or specific) is not complied with, or the action otherwise goes off track, it is to be listed before a Magistrate for directions. Either party can request such a listing, or it can occur on notice to the parties without such a request.
- 7.12** It is proposed to finalise as many matters as possible through alternate resolution systems. Arbitration is considered any time the action is before the Registrar or Magistrate, at the review date, or on requested mention or lodging of consent order at any time after completion of pleadings. Re-hearings after arbitration may go to a Review hearing, but may be dealt with more urgently.
- 7.13** Mediation, which requires the consent of the parties and is at their cost, may be ordered at any time.

8. Witness Statements

- 8.1** Orders regarding the exchange of witness statements, and the filing of a Statement of Agreed Facts and Agreed Issues can be expected in virtually all cases. If a party alleging fraud opposes an order for the serving of witness statements, the matter should be referred to a Magistrate for determination on a date convenient to the Court. The parties should hand up written submissions at the Review, together with copies of the relevant authorities upon which they rely.
- 8.2** *How and when are witness statements to be exchanged?* At least 14 days before the Review and in a manner arranged by the parties. There is no requirement to file a copy with the court.
- 8.3** Written witness statements are to include relevant evidence only, and to record that evidence in admissible form. If objection is raised to any material in the witness statements, the party objecting should notify their opponent(s) of those objections *before* the date for Review in order to allow negotiation over what evidence is pressed, and what portion of the statement can be deleted. If a witness refers to documents in his or her statement, a copy of the document is to be annexed to the statement.

8.4 The use of witness statements at the hearing. At the hearing, the usual procedure will be for each witness to be called, the statement adopted by the witness as his or her evidence in chief, and the original statement marked as an exhibit. If no cross examination of the witness is required, the statement can simply be tendered as an exhibit, and the witness advised not to attend court beforehand.

At the hearing, application may be made to supplement the written evidence of the witness with further oral evidence, or to clarify matters within the written statement by further oral evidence.

8.5 Subsequent applications to call witnesses whose statements have not been exchanged as directed will be considered on their merits. The court will consider the interests of justice, any prejudice caused to another party, and how best the litigation can be advanced. Parties should not assume they will be permitted to call oral evidence or surprise witnesses. To allow such evidence may be unfair to another party. Any application to call such a witness should be made on Notice of Motion to the Court as soon as the relevant circumstances become known. The prospective witness statement should be annexed to the Notice of Motion.

9. Standard Timetable

The standard timetable for General Division matters is as under. "F" is the date of filing of the first defence. The periods set are not recommended periods, but the maximum periods allowed.

<i>Activity</i>	<i>To be completed by</i>
Service of the first defence	F + .5 months
Call-over date	F + 1.5 months
Review date	F + 4 months
Hearing date within a period of 1 month commencing	F + 5 months
Judgement (if reserved)	F + 6 months

10. Vacation of Hearing Dates

10.1 Any application to vacate a hearing must be by Notice of Motion, and must be made not less than 21 days prior to the allocated hearing date.

10.2 Applications to vacate a hearing within 21 days of the hearing date on the basis of unforeseen circumstances (for example, on the ground of illness) must be made as soon as practicable, and not later than the next working day after a party becomes aware of the unforeseen circumstances. If the hearing is within 21 days, do not wait to obtain the consent of your opponent before approaching the Court.

(This practice note supersedes all previously issued Practice Notes in the Small
Claims Division)**

1. There is no right to call witnesses to give evidence, to give evidence on oath or to cross-examine a party or witnesses on oath or otherwise in the Small Claims Division.
2. *At the Pre-trial review*, the Magistrate or Registrar will give directions under Part 9 Rule 9 that the parties exchange written statements of the intended evidence of each witness, together with any other relevant documentation in support of each party's case. In determining whether a direction should be given at the Pre-trial review that a witness attend the hearing of an action to be orally examined, the Magistrate, Assessor or Registrar will have regard to the particular circumstances of the case, including the amount involved and whether there is a real issue as to credibility or a significant conflict in the evidence. 3. Where a direction has not been given at the Pre-trial review by the Magistrate, Assessor or Registrar for the attendance of any witness at the hearing of the action, the action will be heard and determined by each party tendering the written statements of witnesses together with any other relevant documentation or material in support of the party's case. Submissions on the evidence will also be allowed.

5. The option of a 'formal hearing' – "the normal adversarial hearing, evidence being taken on oath, cross-examination and addresses" - will no longer be available in the Small Claims Division, such a procedure being repugnant to the Division's object of providing litigants with "a fast, cheap, informal but final resolution of their disputes" (Attorney General's Second Reading Speech, 22 November 1990). Where the court is of the opinion that the issues likely to arise in the action or cross-claim are so complex or difficult as to law or fact, or that the action or cross-claim is of such importance that it should not be heard in the Small Claims Division, the Court may order its transfer to the General Division. Such an order may be made at any time before judgment on the court's own motion or on the application of any of the parties.
6. The procedure at the hearing of the action in the Small Claims Division will be determined by the Magistrate or Assessor.

IN THE LOCAL COURT

PLAINTIFF:

DEFENDANT:

THIRD PARTY:

This case is listed for hearing at this Court on at 10 am on *(insert date)*.

The hearing will be conducted in a way which gives each party the opportunity to properly present his or her case, and, where necessary, test the other party's case, but without unduly prolonging the hearing or rigidly applying rules or procedures. The rules of evidence will not apply and the Magistrate or Assessor who hears the case will determine the procedure at the hearing.

Each person who has something relevant to say about the matter should prepare a "witness statement" in writing and all statements should be filed with the Clerk of the Local Court no later than *(insert date, say 14 days before the hearing)*. You may attend the Registry after that date and inspect the statements which have been filed by your opponent. You will not be permitted to read your opponent's statement if you have not filed yours by the due date.

No witness need come to court unless the Magistrate, Assessor or Registrar who conducted the Pre-Trial Review gave a direction that a witness should attend to be cross-examined. If no such direction has been given, the case will be heard and determined on the written statements of the witnesses, and any other documentary evidence or material produced at the hearing.

If the Magistrate, Assessor or Registrar gave a direction at the Pre-Trial Review that a particular witness should attend for the purpose of cross-examination, that witness must attend. Otherwise, his or her statement may not be admitted, or no weight may be attached to its contents. If you think that the witness will not attend court voluntarily, please attend the court office well in advance of the hearing in order to arrange for the issue of the relevant process.

At the hearing, the parties or their legal representatives should be in attendance to make comments, present arguments and to make final submissions.

If you or your opponent do not file and exchange the statements of relevant witnesses, this may result in the action, defence or third party notice being dismissed or struck out, and/or an order for costs may be made against the non-complying party.

If you are uncertain about any aspect of this Notice or the procedures to be followed in preparing your case or at the hearing, you should seek advice prior to the hearing date from the Clerk of the Court/Chamber Magistrate or a legal practitioner.

In anticipation of the commencement of the new case management rules and practice notes, where a defence is filed in the General Division after 14 December 2001 the Registrar shall no longer issue a notice as to Certificate of Readiness (Form 20B). These matters are to be held pending until after 1 January 2002 and thereafter are to be dealt with in accordance with arrangements contained in paragraph 4.
4. **Actions commenced between 1 January 2001 and 31 December 2001**

The Registrar is to identify all actions filed between 1 January 2001 and 31 December 2001 which have had notices of certificates of readiness issued but no certificate filed and are not otherwise finalised. After 1 January 2002 the Registrar is to list these actions for Call-over. The notice of listing provided to parties will be in accordance with the Form attached to this Practice Note. A copy of Practice Note 4/2001 and the General Division Timetable and Standard Directions pursuant to Practice Note 2/2001 is to be forwarded to the parties with the notice of listing for Call-over. Where there are a large number of actions to be listed for Call-over then the Registrar may stagger Call-over listings. Where the proceedings are to be listed for Call-over before a Magistrate the Registrar is to consult with the Magistrate regarding listing arrangements.
5. **Actions commenced prior to 1 January 2001**

Defended actions which commenced prior to 1 January 2000 which have not had a Certificate of Readiness filed prior to 1 January 2002 are not to be listed for Call-over unless a request is made to the Registrar of the Court. The request may be made either in writing or orally by the plaintiff.
