This notification is effective from 1 October 2002 for a period of five years.

The Hon EDWARD OBEID, OAM, MLC,
Minister for Mineral Resources
Minister for Fisheries

F92/2022C

FISHERIES MANAGEMENT ACT 1994

Section 8 Notification – Fishing Closure

Hunter River Prawn Trawl Closure 2002/2003

I, EDWARD OBEID, by this notification, prohibit the taking of prawns and fish by means of trawl nets of every description, and by the method of trawling by means of nets of every description, from all waters of the Hunter River together with all its creeks, tributaries and inlets, from its confluence with the South Pacific Ocean, upstream to its junction with the Williams River.

This prohibition does not extend to the taking of prawns and fish by a licensed commercial fisher:

- exercising the authority of an endorsement to operate in the Estuary Prawn Trawl Restricted Fishery;
- operating from a licensed fishing boat which has a S4 (Hunter River) Prawn Trawl endorsement; and
- using an otter trawl net (prawns) fitted with a by-catch reduction device approved by the Director, NSW Fisheries;

subject to the provisions of this notification.

The Hon EDWARD OBEID, OAM, MLC,
Minister for Mineral Resources
Minister for Fisheries

Prawn trawling period:

1. In Subdivisions 1 and 2, from 6a.m. to 6p.m. weekdays only, during the period 2 December 2002 to 17 April 2003 (inclusive), excluding each public holiday.
2. In Subdivisions 3 to 7, from 6a.m. to 6p.m. weekdays only, during the period 2 December 2002 to 30 May 2003 (inclusive), excluding each public holiday.
3. A prawn trawling trial may be undertaken to establish an earlier commencement date for the prawn trawling period. The trial is to be undertaken in accordance with

conditions approved by the Director, NSW Fisheries. The first trial shot will be on 8 November 2002. If the trial criteria is reached, the season will open on 11 November. If the trial criteria is not reached, the next trial shot will be on 15 November and if the trial criteria is reached, then the season will open on 18 November. Otherwise the period will commence on 2 December 2002.

Conditions and Subdivisions

Conditions for periodic closing and opening of prawn trawling between 2 December 2002 and 30 May 2003

A prawn trawling trial may be undertaken to establish the size of prawns available or the abundance of prohibited size class of fish by-catch. The trial is to be undertaken in a manner agreed between the District Fisheries Officer, Hunter, and the elected Management Advisory Committee (MAC) representative for the Hunter River.

The size of prawns is to be indirectly established by a random count of prawns from a vessel's unsorted catch, which shall be weighed and counted to establish the number of prawns per 500 grams. This process is hereafter referred to as 'the count'. For the purposes of this notification the count must be equal to or less than 150 prawns before a subdivision may be opened to prawn trawling.

Any subdivision may be closed by a Fisheries Officer where the count at any time is more than 150 prawns per 500g. Once a count of prawns has been completed, a further trial may not be undertaken for at least 7 days.

Where a subdivision is closed due to a prawn count, subdivisions upstream of that closure are also closed unless a trial is undertaken that meets the relevant criteria. Such further trials are only to be undertaken at the request of the elected MAC representative.

Subdivision 6 may be closed by a Fisheries Officer where the number of any prohibited size class of fish by-catch exceeds 50 fish per shot. Once a prohibited size class of fish by-catch has been completed, a further trial may not be undertaken for at least 3 days.

The opening of any subdivision shall be notified by a notice displayed in the Newcastle Fishermen's Co-operative, the NSW Fisheries Office at Newcastle and other prominent locations as agreed between the District Fisheries Officer and representatives of persons entitled to prawn trawl in the Hunter River. The closing of a subdivision shall be notified by a public notice in the Newcastle Herald newspaper and notices displayed in the Newcastle Fishermen's Co-operative and the NSW Fisheries Office at Newcastle.

A notice must provide the following information:

- Date of trial and location of trial.
- Prawn count details.
- Prohibited size class of fish by-catch.
- Area of closure.
- Period of closure.
- Proposed date and location of next trial.

A sub-divisional closure is to take effect immediately after the count has occurred, if there are more than 150 prawns per 500 grams.

Subdivisions

For the purposes of this notification, the following subdivisions of the Hunter River may be closed and opened subject to the conditions of this notice.

Subdivision 1

The waters of the Hunter River downstream of its junction with the Williams River to its junction with Scotch Creek inclusive.

Subdivision 2

The waters of the Hunter River downstream of the junction of Scotch Creek to the Hexham road-bridge, inclusive.

Subdivision 3

The waters of the Hunter River (North Channel) downstream of the Hexham road-bridge to the junction with Mosquito Creek inclusive.

Subdivision 4

The waters of the Hunter River north channel and Mosquito Creek downstream to the Stockton road-bridge, inclusive, but excluding Fern Bay.

Subdivision 5

The waters of Fern Bay (Fullerton Cove) from a line at the southern end of Smiths Island and Sandy Island located at the deep northern channel of the Hunter River, inclusive.

Subdivision 6

The waters of the Hunter River (North Channel) downstream of the Stockton road-bridge to a line drawn south-westerly from the point of intersection of the south-westerly prolongation of the northwest side of Punt road, Stockton, with the high water mark to the most south-eastern point of the State dockyard Wharf. Also, the South Channel to the Tourle Street Bridge inclusive.

Subdivision 7

The waters of the Hunter River (South Channel) upstream of the Tourle Street Bridge, to the junction of the Hunter River (South Channel) and the Hunter River (North Channel) inclusive, at Hexham.

-
- (b) the gross floor area is taken to exclude (in addition to the matters excluded from the definition of that term in the *Environmental Planning and Assessment Model Provisions 1980* adopted by this plan) designated storage spaces (if any) designated for personal items associated with residential apartments.

[6] Clause 18A

Insert after clause 18:

18A Development in mixed uses zones—Mascot Station Precinct

The Council must not grant consent to the carrying out of any development on land in Zone No 10 (a) or Zone No 10 (b) unless it is satisfied that such of the following criteria as are relevant to the proposed development are met:

- (a) the development provides adequate off-street parking,
- (b) the development provides an efficient and safe system for the manoeuvring, loading and unloading of vehicles,
- (c) any goods, plant, equipment or other material associated with the development will be stored in a building or wholly within the site and will be suitably screened from public view,
- (d) the development will not have an adverse impact on the surrounding road network,
- (e) the development will not have an adverse impact on the locality generally as a result of traffic movement, the discharge of pollutants, other emissions, waste storage, hours of operation or the like,
- (f) the levels of noise generated from vehicles or operations associated with the development are compatible with the use to which adjoining land is put,
- (g) the landscaping of the site is integral to the design and function of any building resulting from the development and will improve its appearance, enhance the streetscape and add to the amenity of the adjoining locality,

Botany Local Environmental Plan 1995 (Amendment No 11)—Mascot Station Precinct

Schedule 1 Amendments

- (h) the building height, scale and design are sympathetic with and complementary to the built form, the streetscape and the public domain in the vicinity,
- (i) the building design and finishes will not have an adverse impact on the amenity of the locality because of wind generation, overshadowing, reflections and the like,
- (j) the development will protect the visual and aural amenity of the non-industrial uses to which adjoining land is put,
- (k) the land can be remediated in accordance with the provisions of the relevant environmental planning instruments.

[7] Clause 23A

Insert after clause 23:

23A Acquisition and development of land reserved for roads—Mascot Station Precinct

- (1) The owner of land in the Mascot Station Precinct that is reserved, under Zone No 5 (a), for roads may, by notice in writing, require the Council to acquire the land, but only if:
 - (a) the land is included in the Council's Section 94 Contributions Plan or a Works Program of the Council that is current at the time of the receipt of the notice, or
 - (b) the Council has decided not to grant consent to the carrying out of development on the land, on the basis of a matter specified in subclause (3), or
 - (c) the Council is of the opinion that the owner of the land will suffer hardship if the land is not acquired within a reasonable timeframe.
- (2) On receipt of a notice under this clause, the Council must acquire the land unless the land might reasonably be required to be dedicated for local roads.
- (3) In deciding whether to grant consent to proposed development under this clause, the Council must take the following matters into consideration:

Botany Local Environmental Plan 1995 (Amendment No 11)—Mascot Station Precinct

Amendments

Schedule 1

-
- (a) the need to use the land for the purpose of local roads,
 - (b) the imminence of acquisition,
 - (c) the likely additional cost to the Council resulting from the carrying out of the proposed development.
- (4) Land acquired under this clause may be developed, with the consent of the Council, for any purpose until such time as it is required for the purpose for which it was acquired.

[8] Clause 40

Insert after clause 39:

40 Savings and transitional

- (1) A development application lodged with the Council but not finally determined before the commencement of a relevant amending plan is to be assessed and determined under the provisions of this plan as if the relevant amending plan had been exhibited under the Act but had not been made.
- (2) Subclause (1) does not apply to a development application if the applicant has given the Council a written request for the application to be assessed and determined under the provisions of this plan as amended by the relevant amending plan.
- (3) In this clause:

relevant amending plan means any of the following local environmental plans:

THREATENED SPECIES CONSERVATION ACT

Notice of Determination for provisional listing
on an emergency basis

THE Scientific Committee, established by the Threatened Species Conservation Act, has made a Determination for the provisional listing, on an emergency basis, of the herb, *Hypsela sessiliflora* F. Wimmer, as an ENDANGERED SPECIES in Part 1 of Schedule 1 of the Act.

The Committee is of the opinion that this species was presumed to be extinct in New South Wales but has been rediscovered, and the species is not currently listed in Part 1 of Schedule 1 of the Act.

Notice of Preliminary Determination
Proposed Addition to Schedules

The Committee has also made a Preliminary Determination to support a proposal to list the following in the relevant Schedule of the Act.

Key Threatening Process (Schedule 3)
Infection of native plants by *Phytophthora cinnamomi*

The Committee is of the opinion that this process adversely affects two or more threatened species or ecological communities and could cause species that are not threatened to become threatened.

Notice of Preliminary Determinations
Proposed Amendments to Schedules

Endangered Species (Part 1 of Schedule 1)

The Scientific Committee, established by the Threatened Species Conservation Act, has made a Preliminary Determination to support a proposal to list the terrestrial orchid *Caladenia tessellata* Fitzg. as an ENDANGERED

SPECIES in Part 1 of Schedule 1 of the Act, and, as a consequence, to omit reference to *Caladenia tessellata* Fitzg. from Schedule 2 (Vulnerable species) of the Act.

The Committee is of the opinion that this species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Vulnerable Species (Schedule 2)

The Scientific Committee, established by the Threatened Species Conservation Act, has made a Preliminary Determination to support a proposal to list the shrub *Boronia granitica* Maiden & E. Betche as a VULNERABLE SPECIES in Schedule 2 of the Act, and as a consequence, to omit reference to *Boronia granitica* Maiden & E. Betche from Part 1 of Schedule 1 (Endangered species) of the Act.

NSW SCIENTIFIC COMMITTEE

THE Committee is of the opinion that this species is likely to become endangered unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Any person may make a written submission regarding these Preliminary Determinations, which should be forwarded to:

Director General
National Parks & Wildlife Service
PO Box 1967
Hurstville NSW 2220

Attention: Suzanne Chate
Executive Officer,
Scientific Committee

Submissions must be received by 8th November, 2002.

Copies of these Determinations may be inspected at the National Parks Centre 102 George St, The Rocks, Sydney and at NPWS Area Offices or Visitors Centres during business hours.

Notice of Preliminary Determinations
Proposed Additions to Schedules

The Scientific Committee, established by the Threatened Species Conservation Act, has made Preliminary Determinations to support proposals to list the following in the relevant Schedules of the Act.

Endangered Species (Part 1 of Schedule 1)

Correa lawrenciana var. *genoensis* Paul G. Wilson, a shrub

Macrozamia humilis D. L. Jones, a perennial cycad

The Committee is of the opinion that these species are likely to become extinct in nature in NSW unless the circumstances and factors threatening their survival or evolutionary development cease to operate.

Endangered Ecological Community (Part 3 of Schedule 1)

Hunter Lowland Redgum Forest in the Sydney Basin Bioregion and NSW North Coast Bioregions

Warkworth Sands Woodland of the Sydney Basin Bioregion

The Committee is of the opinion that these Ecological Communities are likely to become extinct in nature in NSW unless the circumstances and factors threatening their survival or evolutionary development cease to operate.

Species Presumed Extinct (Part 4 of Schedule 1)

Lord Howe Island ground weevil, *Hybomorphus melanosomus* (Saunders & Jekel, 1885)

The Committee is of the opinion that this species has not been definitely located in nature during the preceding 50 years despite searching of known and likely habitats during that period.

Notice of Preliminary Determinations
Proposed Amendments to Schedules

Endangered Species (Part 1 of Schedule 1)

The Committee has made a Preliminary Determination to support a proposal to list the shrub *Persoonia glaucescens* Sieber ex Spreng as an ENDANGERED SPECIES in Part 1 of Schedule 1 of the Act, and as a consequence, to omit reference to *Persoonia glaucescens* Sieber ex Spreng. from Schedule 2 (Vulnerable species) of the Act.

The Committee is of the opinion that this species is likely to become extinct in nature in New South Wales unless the circumstances and factors threatening its survival or evolutionary development cease to operate.

Species Presumed Extinct (Part 4 of Schedule 1)

The Committee has made a Preliminary Determination to support a proposal to list the terrestrial orchid *Caladenia rosella* G. W. LOCAL COURT PRACTICE NOTE NO: 5**ISSUED: 20TH AUGUST 2002****MAGISTRATES EARLY REFERRAL INTO TREATMENT (MERIT)****PROGRAMME****NATURE AND PURPOSE**

1. The MERIT programme is a pre plea diversion programme for defendants with illicit drug problems conducted in the Local Courts of NSW.
2. The programme provides for the early referral for assessment of arrested persons who are eligible for bail and who are motivated and volunteer to engage in treatment and rehabilitation for their drug use problem.
3. The programme brings together the health, justice and law enforcement systems with the focus on the reduction of criminally offending behaviour associated with drug use.
4. The success of the MERIT programme at each Court will depend to a significant degree on the appropriate professional relationship between the Magistrate and the MERIT Team leader. The thoroughness of the assessments, the appropriateness of the treatment plan, the detail of the reports and the exercise of sound judgement in relation to action on breaches by the MERIT Team will all impact on efficient case management of the criminal charges and hopefully lead to a reduction in drug associated criminal behaviour in the future.

REFERRALS TO THE MERIT PROGRAMME

5. Referrals to the programme may come from one of the following sources:
 - (i) on apprehension by the Police who may refer a defendant for assessment into the programme
 - (ii) at the commencement of proceedings:
 - * the defendant;
 - * the defendant's lawyer; or
 - * the presiding Magistratemay make a referral for assessment into the programme.

PRELIMINARY CONSIDERATIONS FOR ENTRY INTO MERIT PROGRAMME:

6. The MERIT programme is designed as a pre-plea scheme to encourage referral for assessment at an early stage of the Court process and entry into the programme is not dependant on the person's guilt or innocence.
7. Notwithstanding (6) above a plea may be entered at any time from the person's first appearance before the Court until the conclusion of the programme.

CRITERIA FOR ELIGIBILITY TO PARTICIPATE IN MERIT PROGRAMME:

8. To be eligible to participate in the MERIT programme the defendant must meet the following criterion:
 - (i) they must be an adult.
 - (ii) the offences charged must be related to a serious drug problem.
 - (iii) the offences should not involve strictly indictable offences, allegations of sexual assault or matters of significant violence and should not have like offences pending before a Court.
 - (iv) the defendant must have a demonstrable and treatable drug problem.
 - (v) the defendant must be eligible for bail and suitable for release on bail into the MERIT Programme.
 - (vi) the defendant must give informed consent to participation into the scheme.
 - (vii) the defendant must be deemed suitable for the programme.
 - (viii) the defendant should usually reside in the defined catchment area. This criteria will have less impact as the scheme is expanded throughout the State where transfers of matters may occur.

GENERAL PROCEDURE:

9. If considered eligible to participate, the defendant should be referred to the MERIT assessment team attached to the Court for the relevant assessment to be undertaken to ensure that the defendant is suitable for the programme. The Court proceedings should be adjourned for a short period to allow that assessment to occur.
 - 9.1 As part of the assessment, the MERIT case worker will assess the nature of the defendant's drug use and other associated problems.
 - 9.2 The case worker is to asses the defendant against the criteria for entry to the programme and then formulate a proposed treatment plan for the defendant to undertake and prepare a report for the Court.

- 9.3** If the defendant is considered suitable for the MERIT programme, the Magistrate will approve placement of the defendant onto the programme.
- 9.4** If the defendant is considered **not** suitable for the programme, the defendant will be asked to enter a plea and the matter will proceed in the usual way.
- 10.** While awaiting the assessment report from the MERIT case worker, bail may be granted with specific conditions such as reporting and particular residential conditions applying. Alternatively the defendant may be remanded in custody awaiting the outcome of the assessment report.
- 10.1** When placed on the programme, bail should be granted in accordance with the Bail Act and consideration should be given to imposing relevant bail conditions such as allowing the defendant to reside where approved by the MERIT Team and requiring compliance with all directions of the MERIT Team. Once on the programme the defendant is, in effect, subject to the supervision of the MERIT Team and will be subject to breach of bail action if there is continued non compliance.
- 11.** Once the Magistrate formally approves the placement of the defendant on the MERIT programme, the treatment plan as devised by the MERIT case worker, if it has not already commenced, will be commenced.
- 11.1** The determination of an appropriate treatment module is a matter solely within the discretion of the MERIT case worker. Their trained role is to identify the needs, risks, long and short term goals of the participant and then to oversee the provision of available treatment services in the best interests of that participant. Examples of the drug treatment programmes available include:
- medically supervised and home based detoxification;
 - methadone and other pharmacotherapies such as naltrexone and buprenorphine;
 - residential rehabilitation;
 - individual and group counselling and psychiatric treatment.
- 11.2** The MERIT programme is generally planned as a 12 week intensive programme. It may be extended in special circumstances with the agreement of the Magistrate, the MERIT case worker and the defendant.
- 11.3** During the treatment phase the Court effectively case manages the process. Once accepted into the MERIT Programme, the defendant is required to return to Court at such intervals as determined by the Magistrate usually on the recommendation of the MERIT Team. At each adjournment, an update report is provided and the defendant required to attend unless excused by the Court with the concurrence of the MERIT Team. At the conclusion of the programme a final report is provided by the MERIT team.
- 12.** Should the defendant fail the programme despite sufficient opportunities to comply with the directions of the MERIT Team, or commits further offences, or does not

comply with other bail conditions, the MERIT Team must, as soon as possible, notify the Court of these major breaches. Thereafter, the defendant is no longer participating in the programme. The matter should be relisted as soon as possible for normal judicial management. Bail may need to be reviewed and, if required, a warrant issued.

- 12.1** If the breach of bail involves a significant threat to the community or the offender himself then the breach should be reported as a matter of urgency by the MERIT Team to the Police and the Court for their immediate action.
- 12.2** While minor breaches need not necessarily be actioned, reference to such conduct should appear in the interim or final reports.
- 12.3** An appropriate breach policy should be established by the Magistrates at each Court operating the MERIT Programme.
- 13.** At the conclusion of the programme, the final report will set out the achievements or otherwise of the participant under the programme. At that time, the defendant will be asked (if it has not already happened) to enter a plea. The case will then proceed through the normal justice process.
- 13.1** On sentence, the successful completion of the MERIT programme is a matter of some weight to be taken into account in the defendant's favour. At the same time, as the MERIT programme is a voluntary opt in programme, its unsuccessful completion should not, on sentence, attract any additional penalty.
- 13.2** The final sentencing outcome should be formally communicated by the Court to the MERIT Team for their recording purposes.

LOCAL COURT PRACTICE NOTE 6

Issue date 30 September 2002.

Procedures to be adopted for Committal hearing in the Local Court

The procedures outlined in this Practice Note are intended as best as practical to ensure that time standards for cases committed for trial or sentence to the Supreme or District Court, are as best as possible complied with, and to ensure the utilisation of Audio Visual Link technology is conducted in the most efficient manner.

1. Case management from the first appearance date.

1.1 This relates to all matters that are either strictly indictable or Table 1 offences.

1.2 On the first appearance date a brief order must be made by the Court.

1.3 Where the service of a brief involves either service of the results of DNA testing or drug analysis; ERISP transcription or telephone intercepts, directions will be given such as to ensure no undue delays occur, particularly where the defendant is in custody.

1.4 Where relevant, the matter will be adjourned to a suitable DPP date at the relevant centralised committal court approximately seven days from the date of first appearance. Where represented, the defendant may be excused from attending on the second appearance, or if in custody, an order is to be made for the defendant to attend via Audio Visual Link.

1.5 If the matter arises in a court that does not refer committals to a centralised committal court or commences in a centralised committal court, the matter will continue to be case managed in accordance with the following directions, from the first appearance date.

2. Case management after the first appearance.

2.1 The Court will adjourn the matter for not less than eight weeks, allowing six weeks for service of the brief and two weeks for reply.

2.2 The matter will be listed for mention on the reply date.

2.3 On the reply date, any applications under s48E will be considered either as a contested application or by consent. If by consent, agreement as per the Form 1 that forms part of this Practice Note is to be completed and signed by both parties and the presiding Magistrate.

2.4 If the s48E application is **contested**, the matter will be set down at the earliest available opportunity. In such cases, a copy of the brief is to be delivered to the court not less than two days prior to the s48E hearing, or as otherwise directed by the Court.

2.5 Submissions in support of contested s 48E applications are to be in writing, served on the other parties and filed with the court at least seven days before the application is heard.

2.6 If no application under 48E is made, the Court will set a date for a committal for trial or sentence on the first available date in the court diary.

3. Listing of committal proceedings for hearing in the Local Court

3.1 Committal proceedings are to be completed as expeditiously as possible to enable the transfer of these cases to either the Supreme or District Court.

3.2 If the matter is not finalised on the afternoon of the last day allocated for hearing, the case will proceed on the next sitting day of the Court until completed. All committal hearings listed for hearing within the metropolitan area are listed on this basis.

3.3 With this in mind, it is imperative that parties provide the Court with an accurate estimate of the time necessary for hearing of the matter.

4. Utilisation of Audio Visual Link (AVL) facilities

4.1 Attention is drawn to s5BA(1)(a) of the *Evidence (Audio and Audio Visual Links) Act*, 1998. This section stipulates that after the initial appearance of the defendant in custody, the defendant who remains in custody **must appear by AVL on the next occasion, unless the court otherwise directs. There is no requirement for the defendant or the legal representative to consent to this course.**

4.2 Where facilities exist to enable the appearance of defendants in custody via AVL, this technology must be utilised.

4.3 It is imperative that the defendant appear by AVL wherever possible. To facilitate this, **the court papers must be clearly endorsed with the letters "AVL" for the defendant to appear by AVL on the next remand date.** If required, an appropriate stamp for this purpose may be requested from the Clerk of the Court.

5. Adjournments

No adjournments of the above procedural timetable will be granted unless compelling circumstances exist in the interests of justice.

Judge Derek Price
Chief Magistrate.
