New South Wales

## Proclamation

under the

Marine Safety Act 1998

MARIE BASHIR, Governor

I, Professor Marie Bashir AC, CVO, Governor of the State of New South Wales, with the advice of the Executive Council, and in pursuance of section 2 of the *Marine Safety Act 1998*, do, by this my Proclamation, appoint 5 May 2006 as the day on which Schedule 3.7 [2] to that Act commences.

Signed and sealed at Sydney, this 3rd day of May 2006.

By Her Excellency's Command,

JOSEPH TRIPODI, M.P.,  
Minister for Ports and Waterways

GOD SAVE THE QUEEN!

### Explanatory note

The object of this Proclamation is to commence an amendment to the *Ports Corporatisation and Waterways Management Act 1995* that substitutes the definition of **marine legislation** for the purposes of that Act so as to include in that definition a reference to all of the provisions of the *Marine Safety Act 1998*.

# Road Transport (General) Amendment (Penalty Notices relating to Mass Requirements) Regulation 2006

under the

Road Transport (General) Act 2005

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Road Transport (General) Act 2005*.

ERIC ROOZENDAAL, M.L.C.,  
Minister for Roads

## Explanatory note

The object of this Regulation is to provide for offences under section 28 of the *Road Transport (General) Act 2005 (the Act)* (which imposes mass limitations on certain roads and bridges) to be dealt with by penalty notice. Section 28 provides for the maximum laden mass to be specified by means of a notice. This Regulation provides for the penalty for offences dealt with by penalty notice to depend on the amount by which the laden mass of the vehicle exceeds the maximum specified.

This Regulation also omits a redundant clause. (The clause to be omitted prescribes a regulation as being within the meaning of the term *applicable road law* in the Act. However, the Act has been amended so that the Act itself provides that that regulation is within the meaning of the term.)

This Regulation is made under the *Road Transport (General) Act 2005*, including sections 10 (the general regulation-making power) and 183 (which provides for the issue of penalty notices).

Transport Administration Act 1988

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Transport Administration Act 1988*.

ERIC ROOZENDAAL, M.L.C.,  
Minister for Roads

## Explanatory note

The object of this Regulation is to prescribe a person who is a party to an Authorised New Vehicle Inspection Scheme agreement (*ANVIS agreement*) as a person of a class to whom the Roads and Traffic Authority (*the RTA*) may delegate its functions. An ANVIS agreement is an agreement made between a person and the RTA under which the person is authorised to perform functions relating to the registration of vehicles on behalf of the RTA.

This Regulation is made under the *Transport Administration Act 1988*, including sections 50 and 119 (the general regulation-making power).

**ALTERATION OF CONDITIONS OF A WESTERN LANDS LEASE**

IT is hereby notified that in pursuance of the provisions of section 18J, Western Lands Act 1901, the conditions of the undermentioned Western Lands Lease have been altered as shown.

IAN MACDONALD, M.L.C.,  
Minister for Natural Resources

*Administrative District – Hay North;  
Shire – Hay; Parishes – Massie and Tartoo;  
County – Waljeers.*

The conditions of Western Lands Lease 2792, being the land contained within Folio Identifier 921/762052 have been altered effective from 21 April 2006, by the inclusion of the special conditions following. The cultivation area indicated in the special conditions comprises 496 hectares.

SPECIAL CONDITIONS ATTACHED TO WESTERN LANDS LEASE 2792

1. The lessee shall only conduct dryland cultivation within the area of 496 hectares indicated by hatching on the diagram hereunder. Any other cultivation outside this area will only be allowable with the consent of the Commissioner or the Minister.
2. The lessee must obtain the prior permission of the Commissioner or the Rangeland Management Officer for each attempt to establish a crop or pasture. Requirements specifying cultivation practices and/or location may be imposed for the protection of the land resource.
3. The lessee shall sow at the completion of the cropping phase appropriate pasture species to maintain soil fertility and pastoral productivity. Pastures may be undersown with the final crop, or alternatively sown in the first suitable year following the last crop of the cropping phase. It is strongly recommended that the advice of a local Agronomist be sought and followed on pasture species, fertiliser application and agronomic practices.
4. The lessee must ensure that sandhills and other soils with a surface texture of loamy sand or coarser are left uncultivated unless specifically approved by the Commissioner or the Minister.
5. The lessee must ensure that land within 60 metres of any texture contrast or duplex soil area shall not be cultivated except in accordance with a plan approved by the Commissioner. Texture Contrast (or Duplex) soils are soil types which have a sandy to loamy topsoil abruptly overlying a clay subsoil and are prone to scalding (producing claypans and hummocks).

6. The lessee must ensure that areas with a slope greater than 2% shall not be cultivated until any soil conservation measures considered necessary by the Department of Infrastructure, Planning and Natural Resources have been implemented at the lessee's expense.
7. The lessee shall ensure that cultivation and associated activities do not interfere with any road formation within the allowable area.
8. Incised drainage lines, other than man made structures, which carry water after storms shall be left uncultivated in the channels and for a distance of at least 20 metres on either side of the banks of the channels except when the Commissioner or Minister specifies otherwise.
9. The lessee must ensure that there is no cultivation undertaken within 250 metres of Merrowie Creek.

These areas are not to be disturbed by the use of any implements or used for the purposes of any silo, temporary grain storage, machinery shed or other installations or works of any kind.

10. The lessee shall ensure that stubble and other crop residue is retained on the soil surface and shall not be burnt, except with the approval of the Commissioner or his delegate. Where such approval is granted, stubble burning is to be carried out as per requirements of the NSW Rural Fire Service.
11. Aboriginal sites are protected under the National Parks and Wildlife Act 1974, and are extremely vulnerable to many kinds of agricultural development.

Should any Aboriginal archaeological relics or sites be uncovered during the proposed works, work is to cease immediately. The lessee must consider the requirements of the National Parks and Wildlife Act 1974, with regard to Aboriginal relics. Under Section 90 it is an offence to damage or destroy relics without prior consent of the Director-General of the Department of Environment and Conservation.

If an Aboriginal site is found in this area, the subject of this alteration, the cultivation must cease until the consent holder has notified the Department of Environment and Conservation of the existence of the Aboriginal site. Contact details are: The Manager, Cultural Heritage Unit, Department of Environment and Conservation, Phone (02) 6883 5324 or at 58-62 Wingewarra Street, Dubbo.

12. The lessee shall undertake any appropriate measures, at his/her own expense, ordered by the Commissioner or the Minister to rehabilitate any degraded cultivated areas.
13. The lessee shall establish windbreaks at his/her own expense as may be ordered by the Commissioner or the Minister to provide adequate protection of the soil.
14. The lessee shall undertake any fuel management and/or provision of fire trail access in accordance with fire mitigation measures to the satisfaction of the NSW Rural Fire Service.

**ESTABLISHMENT OF RESERVE TRUST**

PURSUANT to section 92(1) of the Crown Lands Act 1989, the reserve trust specified in Column 1 of the Schedule hereunder, is established under the name stated in that Column and is appointed as trustee of the reserve specified opposite thereto in Column 2 of the Schedule.

Clause 1 Cessnock Local Environmental Plan 1989 (Amendment No 80)

---

## **Cessnock Local Environmental Plan 1989 (Amendment No 80)**

under the

Environmental Planning and Assessment Act 1979

### **1 Name of plan**

This plan is *Cessnock Local Environmental Plan 1989 (Amendment No 80)*.

### **2 Aims of plan**

The aims of this plan are:

- (a) to create a new zone under *Cessnock Local Environmental Plan 1989* that introduces land use planning controls to assist in the conservation of the Bow Wow Creek Gorge Catchment, and
- (b) to rezone certain land to the new zone, and
- (c) to introduce special provisions to minimise the impact of development on habitat corridors, including on the associated habitat value of those corridors, lying between Aberdare State Forest and Werakata National Park in the north and Heaton State Forest and Watagans National Park in the south, and
- (d) to regulate development within the land to which the plan applies.

### **3 Land to which plan applies**

This plan applies:

- (a) to the extent that it rezones land—to the land shown edged heavy black on the map marked “Cessnock Local Environmental Plan 1989 (Amendment No 80)” deposited in the office of the Council of the City of Cessnock, and
- (b) to the extent that it does other things—to all land to which *Cessnock Local Environmental Plan 1989* applies.

### **4 Amendment of Cessnock Local Environmental Plan 1989**

*Cessnock Local Environmental Plan 1989* is amended as set out in Schedule 1.

## Schedule 1 Amendments

(Clause 4)

### [1] Clause 5 Definitions

Insert in alphabetical order in clause 5 (1):

*clearing* means damage to, or the destruction of, a tree, shrub or other plant on land (other than any damage or destruction exempted by a tree preservation order made by the Council) and includes the poisoning, severing, ringbarking or lopping of branches, limbs, stems or trunks of a tree, shrub or other plant.

*native vegetation* means any of the following types of indigenous vegetation:

- (a) trees,
- (b) understorey plants,
- (c) groundcover,
- (d) plants occurring in a wetland,

and includes aquatic, estuarine and marine vegetation.

### [2] Clause 5 (1), definition of “environmental facilities”

Omit the definition. Insert instead:

*environmental facilities* means structures or works that provide for nature or scientific study or display or interpretation facilities (such as walking tracks, board walks, observation decks or bird hides).

### [3] Clause 5 (1), definition of “the map”

Insert in appropriate order:

Cessnock Local Environmental Plan 1989 (Amendment No 80)

### [4] Clause 8 Zones indicated on the map

Insert after the matter relating to Zone No 1 (a1):

Zone No 1 (bwc) (Bow Wow Creek Gorge Catchment)—edged heavy black and lettered “1 (bwc)”.

**[5] Clause 9 Zone objectives and development control table**

Insert after the matter relating to Zone No 1 (a1) in the Table to the clause:

**Zone No 1 (bwc) Bow Wow Creek Gorge Catchment Zone**

**1 Objectives of zone**

The objectives of this zone are:

- (a) to conserve the biological diversity of the Bow Wow Creek Gorge Catchment, and
- (b) to conserve the native ecosystems of the Bow Wow Creek Gorge Catchment, and
- (c) to prohibit development that would adversely impact on the conservation of the native ecosystems and biological diversity of the Bow Wow Creek Gorge Catchment, and
- (d) to minimise the clearing of native vegetation, and
- (e) to facilitate the movement and survival of native fauna and flora by conserving habitat corridors, and
- (f) to minimise the impact of development on the water quality and quantity of Bow Wow Creek, downstream creeks and river systems, and
- (g) to protect the geological significance of the Bow Wow Creek Gorge, and
- (h) to protect the Aboriginal heritage values of land within the Bow Wow Creek Gorge Catchment, and
- (i) to protect the scenic qualities of land within the Bow Wow Creek Gorge Catchment.

**2 Without consent**

Agriculture (other than animal boarding, breeding or training establishments, feed lots, pig keeping establishments or poultry farming establishments).

**3 Only with consent**

Attached dual occupancies; bed and breakfast accommodation; dams; dwelling-houses; environmental facilities; picnic areas; roads; tourist accommodation buildings; tourist accommodation units; utility installations.

#### 4 Prohibited

Any purpose other than a purpose included in item 2 or 3.

**[6] Clause 10 General development principles—rural and environmental protection zones and Hunter Employment Zone**

Insert “1 (bwc),” after “1 (a1),” in clause 10 (1).

**[7] Clause 11 Subdivision of land—general**

Insert “, 1 (bwc)” after “(1) (a)” in clause 11 (2) (d).

**[8] Clauses 13A and 13B**

Insert after clause 13:

**13A Subdivision of land within Zone No 1 (bwc)**

- (1) The subdivision of land within Zone No 1 (bwc) is prohibited.
- (2) Subclause (1) does not prohibit the subdivision of land by adjustment or relocation of common boundaries unless:
  - (a) any additional lots are created by the subdivision, or
  - (b) as a consequence of the subdivision, the further subdivision of a lot becomes permissible under this plan, or
  - (c) as a consequence of the subdivision, the number of dwelling-houses permitted to be erected on the land under this plan exceeds the total number permissible under this plan prior to that subdivision.

**13B Dwelling-houses within Zone No 1 (bwc)**

- (1) The Council may consent to the erection of one, but not more than one, dwelling-house on land comprising a lot within Zone No 1 (bwc), but only if:
  - (a) the land has an area of not less than 40 hectares, and
  - (b) there is no existing dwelling-house on the land.
- (2) Subclause (1) (a) does not prevent the erection of one, but not more than one, dwelling-house on land having an area of less than 40 hectares if the land:
  - (a) is vacant land that was previously subdivided under clause 12 (4) when the land was within Zone No 1 (a), including any residue of an existing holding after that subdivision, or
  - (b) is vacant land comprising the whole of an existing holding.

## Cessnock Local Environmental Plan 1989 (Amendment No 80)

## Schedule 1 Amendments

- 
- (3) Subclause (1) (b) does not prevent the erection of a dwelling-house on land on which there is an existing dwelling-house if the dwelling-house to be erected:
- (a) is intended to replace the existing dwelling-house, and
  - (b) is not occupied until the existing dwelling-house is demolished or its occupation for the purposes of human habitation has permanently ceased.

**[9] Clause 17C Earthworks within Zone No 1 (bwc) and Zone No 7 (b)**

Insert “Zone No 1 (bwc) or” after “within” in clause 17C (2).

**[10] Clause 20 Clearing**

Omit clause 20 (1).

**[11] Clause 20 (3A)**

Omit “subclauses (1),”. Insert instead “subclause”.

**[12] Clause 20 (4)**

Omit “(1) or”.

**[13] Clause 20 (8)**

Omit “a person” where first occurring. Insert instead “A person”.

**[14] Clause 20 (9)**

Insert after clause 20 (8):

- (9) This clause does not apply to land to which clause 20B applies.

**[15] Clause 20A Clearing of land within Zone No 4 (h), 5 (a) or 7 (b)**

Omit clause 20A (1).

**[16] Clause 20B**

Insert after clause 20A:

**20B Development (including clearing) on land within Bow Wow Creek Gorge Catchment and habitat corridors**

- (1) This clause applies to:
- (a) land within Zone No 1 (bwc), and
  - (b) land shown by horizontal hatching on the map marked “Cessnock Local Environmental Plan 1989 (Amendment No 80)”.

## Schedule 1

- 
- (2) Despite any other provisions of this plan, clearing on land to which this clause applies may be carried out only with consent. However, any such clearing comprising the following may be carried out without consent:
- (a) clearing for the purposes of air navigation safety,
  - (b) bush fire hazard reduction work carried out in accordance with the *Rural Fires Act 1997*,
  - (c) clearing for the purposes of land surveying or geotechnical or similar investigation,
  - (d) clearing of noxious weeds within the meaning of the *Noxious Weeds Act 1993*,
  - (e) the removal or trimming of trees in accordance with the *Electricity Supply (General) Regulation 2001* or the *Electricity Supply (Safety and Network Management) Regulation 2002*,
  - (f) the removal or lopping of a tree or other vegetation by a roads authority in accordance with the *Roads Act 1993*,
  - (g) clearing for telecommunication supply purposes,
  - (h) clearing to give effect to development in accordance with consent,
  - (i) the removal of trees or parts of trees for use as fenceposts on the land from which they are removed,
  - (j) the slashing of vegetation to maintain lawfully cleared land.
- (3) The Council must not consent to development on land to which this clause applies that involves clearing of native vegetation unless the Council is satisfied that the development cannot be appropriately carried out on other areas of the site that have already been cleared.
- (4) The Council must not consent to clearing of native vegetation on land to which this clause applies unless it has considered any impact of that clearing on the following:
- (a) the quality and quantity of water in the Bow Wow Creek Gorge Catchment,
  - (b) riparian vegetation,
  - (c) habitat values and habitat corridors,
  - (d) the visual amenity of Bow Wow Creek Gorge,
  - (e) slopes greater than 15 degrees,

- 
- (f) threatened species, populations or ecological communities (within the meaning of the Act),
  - (g) listed migratory species, listed threatened species or listed threatened ecological communities within the meaning of the *Environment Protection and Biodiversity Conservation Act 1999* of the Commonwealth.
- (5) The Council must not consent to clearing of native vegetation on land to which this clause applies unless the conditions of that consent:
- (a) require that an equivalent amount of native vegetation to the amount of native vegetation to be cleared be re-established and maintained on another part or parts of the site (being a part or parts of the site that, in the opinion of the Council, are strategic), and
  - (b) specify the composition of the native vegetation to be re-established and maintained, being a composition determined by the Council after consideration of *Development Control Plan No 57—Bow Wow Creek Gorge Catchment and Habitat Corridors*.
- (6) Subclause (5) does not apply in relation to land that is fully vegetated with native vegetation.

**Note.** A person who receives consent from the Council to the clearing of native vegetation under this plan may not be relieved from obtaining authorisation under Acts other than the *Environmental Planning and Assessment Act 1979*.

**[17] Clause 24 Dual occupancy**

Insert “1 (bwc),” after “1 (a),” in clause 24 (2) and (6) wherever occurring.

**[18] Clauses 62–64**

Insert after clause 61:

**62 Land within Bow Wow Creek Gorge Catchment and Habitat Corridors—development generally**

- (1) This clause applies to:
  - (a) land within Zone No 1 (bwc), and
  - (b) land shown by horizontal hatching on the map marked “Cessnock Local Environmental Plan 1989 (Amendment No 80)”.

Amendments

Schedule 1

- 
- (2) Before granting consent to development on land to which this clause applies, the Council must consider *Development Control Plan No 57—Bow Wow Creek Gorge Catchment and Habitat Corridors*.
  - (3) Before granting consent to development on land to which this clause applies, the Council must have regard to whether the development may be carried out on areas of the site that do not have established native vegetation on them.
  - (4) The Council must not consent to development on land to which this clause applies unless the Council is satisfied that the development:
    - (a) is designed to minimise disturbance to the existing structure and species composition of native vegetation communities, and
    - (b) will allow native fauna and flora to breed, disperse, colonise or migrate (whether seasonally or nomadically) by:
      - (i) being carried out on areas of the site that have already been cleared (unless the Council is satisfied that the development cannot be appropriately carried out on other areas of the site that have already been cleared), and
      - (ii) adequate provision being made, satisfactory to the Council, for protection from the threat of bushfire, and
      - (iii) the clustering of development and the minimisation of any driveways, and
      - (iv) landscaping with local native species, and
      - (v) designing and erecting any fences so that fauna movement is neither impaired nor restricted, and
      - (vi) minimising the use of any herbicides and pesticides.

**63 Land within Zone No 1 (bwc)—Tourism**

- (1) This clause applies to land within Zone No 1 (bwc).
- (2) The Council must not consent to the carrying out of development for the purposes of tourist accommodation buildings on land to which this clause applies unless any lot on which the development is proposed to be carried out has an area of not less than 10 hectares.

## Cessnock Local Environmental Plan 1989 (Amendment No 80)

## Schedule 1 Amendments

- 
- (3) The Council must not consent to tourist development on land to which this clause applies that results in there being more than 2 tourist accommodation buildings or 2 tourist accommodation units on a lot.
- (4) Despite subclause (3), the Council may consent to development referred to in that subclause if:
- (a) the Council is satisfied that:
- (i) the development will fully comply with the requirements for the maintenance of existing habitat corridors under *Development Control Plan No 57—Bow Wow Creek Gorge Catchment and Habitat Corridors* (as adopted by the Council on 19 May 2004), or
- (ii) a minimum of 900 native trees or shrubs per tourist accommodation unit will be established and maintained in accordance with that development control plan, and
- (b) the number of tourist accommodation units or tourist accommodation buildings proposed to be located on the lot does not exceed the maximum number set out in the Table to this subclause.

**Table**

<b>Area of lot (hectares)</b>	<b>Maximum number tourist accommodation units with habitat enhancement</b>	<b>Maximum number tourist accommodation buildings with habitat enhancement</b>
10 ha and greater but less than 40 ha	4	4
40 ha and greater	8	6

- (5) The Council must not consent to the erection of tourist accommodation units, including the erection of those allowed under subclause (3), as staged development pursuant to section 80 (5) of the Act, unless it is satisfied that at least 2 tourist accommodation units will be erected in the first stage of the development.

under the

Environmental Planning and Assessment Act 1979

### **1 Name of plan**

This plan is *Nambucca Local Environmental Plan 1995 (Amendment No 51)*.

### **2 Aim of plan**

This plan aims to amend *Nambucca Local Environmental Plan 1995* as follows:

- (a) to include the promotion of the principles of ecologically sustainable development as a specific objective of that plan,
- (b) to define various uses and to incorporate them within the land use tables in that plan,
- (c) to introduce provisions for farm adjustment through subdivision by boundary adjustment,
- (d) to clarify the relationship between that plan and the Council's Residential Development Control Plan,
- (e) to clarify the density provisions that apply to multi-dwelling housing,
- (f) to update requirements for the development of bush fire prone land,
- (g) to require noise and vibration mitigation measures for development adjoining railways,
- (h) to correct various anomalies, inconsistencies, errors and archaisms.

### **3 Land to which plan applies**

This plan applies to all land in the area of Nambucca.

### **4 Amendment of Nambucca Local Environmental Plan 1995**

## Schedule 1 Amendments

(Clause 4)

### [1] Clause 2 What are the objectives of this plan?

Insert before clause 2 (a):

- (a1) to promote the social and economic welfare of the community consistent with the four principles of ecologically sustainable development, which are:
  - (i) the precautionary principle—namely, that if there are threats of serious or irreversible environmental damage, lack of full scientific certainty should not be used as a reason for postponing measures to prevent environmental degradation, and
  - (ii) inter-generational equity—namely, that the present generation should ensure that the health, diversity and productivity of the environment are maintained or enhanced for the benefit of future generations, and
  - (iii) conservation of biological diversity and ecological integrity—namely, that conservation of biological diversity and ecological integrity should be a fundamental consideration, and
  - (iv) improved valuation, pricing and incentive mechanisms—namely, that environmental factors should be included in the valuation of assets and services,
- (a2) to promote development that is consistent with the four principles of ecologically sustainable development,

### [2] Clause 2 (u)

Insert “unacceptable” after “put at”.

### [3] Clause 5 How are terms defined in this plan?

Insert in alphabetical order in clause 5 (1):

**1 Objectives of Zone**

The specific objectives for that part of the zone not designated for rural-residential development are:

- (a) to encourage the productive and efficient use of land for agriculture, and
- (b) to protect commercial agricultural enterprises, and
- (c) to permit appropriate agriculture-related land uses, and certain non agriculture-related land uses, that will not adversely affect agricultural productivity.

The specific objectives for that part of the zone designated for rural-residential development are:

- (a) to provide for small holding rural-residential living opportunities where appropriately located, and
- (b) to control the density of rural-residential development and to ensure proper regard is given to suitable siting in regard to access, natural hazards, landscape quality and physical environment.

The general objectives for the entire zone are:

- (a) to protect, conserve and enhance natural and scenic resources and wildlife habitat refuges and corridors, and
- (b) to control development that could:
  - (i) have an adverse impact on rural character, or
  - (ii) create unreasonable or uneconomic demands for the provision or extension of public amenities and services, or
  - (iii) cause adverse physical effects such as erosion hazard, bush fire risk, flooding and other similar effects.

- (2) The aim of this clause is to provide flexibility in the application of standards for subdivision in rural and environmental protection zones, in order to allow landowners greater opportunities to achieve the objectives of the zones.
- (3) Despite clause 12 (1), the Council may consent to the subdivision of land by way of boundary adjustment between two adjoining allotments, providing:
  - (a) that subdivision will not result in a net increase in the number of lots, or dwelling entitlements, as permitted under clause 14, and
  - (b) if, before the boundary adjustment, there are no dwellings and no dwelling entitlements on one lot, then the result of the boundary adjustment must be that there are no dwellings or dwelling entitlements on one lot, and
  - (c) the net outcome of the subdivision is likely to assist in achievement of the objectives of the relevant zone, and
  - (d) the subdivision design will not establish a situation where the relative position of the existing or proposed improvements and rural activities on the new lots is likely to result in conflict.
- (4) An allotment created under subclause (3) may not be re-subdivided, except under this clause or clause 12.
- (5) In this clause, *dwelling entitlement* means a legal right to erect a dwelling upon an allotment.

## Roads and Traffic Authority

### ROAD TRANSPORT (SAFETY AND TRAFFIC MANAGEMENT) ACT 1999

#### ORDER

MARIE BASHIR, Governor

I, Professor MARIE BASHIR, AC, Governor of the State of New South Wales, with the advice of the Executive Council, and in accordance with the Road Transport (Safety and Traffic Management) Act 1999, do, by this Order, approve of the following type of “approved speed measuring device” described hereunder as being designed to measure the speed at which a vehicle is travelling.

Type of device:

The speed measuring device, REDFLEXred-speed Infringement Detection System.

Dated at Sydney, this 12th day of April 2006.

By Her Excellency’s Command,

ERIC ROOZENDAAL, M.L.C.,  
Minister for Roads

Explanatory Note:

Section 44 of the Road Transport (Safety and Traffic Management) Act 1999, provides that an “approved speed measuring device” (designed to measure the speed at which a vehicle is travelling) requires an order approved by the Governor and published in the *New South Wales Government Gazette*. The Attorney General must concur with any recommendation seeking such approval (section 44(2) of the Act).

The attached Order describes the speed measuring device, REDFLEXred-speed Infringement Detection System as a type of “approved speed measuring device” that will be used in conjunction with, or form part of an “approved digital camera recording device”.

### ROAD TRANSPORT (SAFETY AND TRAFFIC MANAGEMENT) ACT 1999

#### ORDER

MARIE BASHIR, Governor

I, Professor MARIE BASHIR, AC, Governor of the State of New South Wales, with the advice of the Executive Council, and in accordance with the Road Transport (Safety and Traffic Management) Act 1999, do, by this Order, approve of the following type of “approved digital camera recording device.”

Type of device:

The camera recording device, REDFLEXred-speed Camera System.

Dated at Sydney, this 12th day of April 2006.

By Her Excellency’s Command,

ERIC ROOZENDAAL, M.L.C.,  
Minister for Roads

Explanatory Note:

Section 45 of the Road Transport (Safety and Traffic Management) Act 1999, provides that any type of “approved digital camera recording device” (designed for attachment to an “approved speed measuring device”) requires an Order approved by the Governor and published in the *New South Wales Government Gazette*.

The Order describes the REDFLEXred-speed Camera System as a type of “approved digital camera recording device.”

### LOCAL GOVERNMENT ACT 1993

#### REPORT and DETERMINATIONS of

#### THE LOCAL GOVERNMENT REMUNERATION TRIBUNAL

#### Under SECTIONS 239 AND 241 of the

#### LOCAL GOVERNMENT ACT 1993

19 April 2006

#### LOCAL GOVERNMENT REMUNERATION TRIBUNAL 2006 ANNUAL REVIEW

#### GENERAL:

1. Pursuant to Section 241 of the Local Government Act 1993 (the Act) the Local Government Remuneration Tribunal hereby determines the categories for Councils, County Councils and mayoral officers and the maximum and minimum amount of fees to be paid to mayors and Councillors of Councils, as well as chairpersons and members of County Councils.
2. The Tribunal made its initial determination in 1994. Because of limited material and time available this determination was regarded as an interim determination.

3. In 1995 the Tribunal undertook a thorough investigation into the roles and responsibilities of Councillors and Mayors, and embarked on an extensive program of consultation with and visits to Local Councils across the State. As a result of that review, the Tribunal 1995 report determined that the then 177 General Purpose Councils would be categorized into five general categories or two special categories. County Councils would be considered as a separate group.
4. The distinguishing features of each Category are set out in the 1995 Report. The overall structure of the categories has remained largely unchanged since its introduction in 1995.
5. Section 239 of the Act requires the Tribunal to determine the categories of Councils and mayoral offices at least once every 3 years. In practice the Tribunal has reviewed the categorisation of Councils annually based on submissions received. Since 1995, thirty nine Councils have been recategorised and two new categories (Category 1A and Category S4) created.

#### BACKGROUND TO THE CURRENT REVIEW:

6. The review of Categories was commenced in 2003. For reasons outlined hereunder the Tribunal has not completed this review until now. For this reason the Tribunal has provided information that, while provided by Councils for previous annual reviews remains relevant to the consideration of Council Categories and categorisation undertaken as part of the current review.
7. Since the Tribunal initially determined the Categories in 1995 there have been significant changes in the structure of local government Councils in NSW; most notably the reduction in the number of general purpose Councils from 177 to 152 as at 30 June 2005.
8. In addition, significant population growth has had an impact on a number of Councils particularly those in outer metropolitan Sydney and larger rural Councils.
9. In recognition of these changes, in 2003 the Tribunal undertook a preliminary review of Councils with a regional focus within Category 3. The Tribunal postponed further consideration of this group until a number of rural amalgamations under way at that time had been resolved.
10. In the 2004 report the Tribunal advised that it would defer consideration of Categories until the completion of the Government's structural reform programme. In this Report the Tribunal also advised that it would undertake a fundamental review of the Categories in 2005 to determine whether they should be retained or whether changes were warranted. The Tribunal commenced its investigation with a review of Categories 1, 1A and Special Category 2.
11. For the 2005 Review, Councils in this group were asked to address the following:
  - Is the current Category structure of S2, 1A and 1 appropriate? Should these Categories be reduced/expanded and if so on what basis?
  - Does the current Category definition still accurately describe your Council?

- Whether the current categorisation is appropriate for your Council? If not where should it be categorised and on what basis should this re-categorisation be granted?
- Has the role of your Council changed since 1995? If so how?
- What additional responsibilities has your Council undertaken since 1995, what are the issues facing Council in the next few years and what steps is Council taking to address them?
- What other matters would you wish the Tribunal to consider as part of this review?

### Submissions Received

The following submissions were received in response to this request:

#### Special Category S2

##### Newcastle City Council

Newcastle City Council supported the Tribunal's method of categorisation as determined in the 1995 report and that Special Category S2 was still appropriate for Newcastle. The Council did however seek an increase in fees to a level which adequately reflects the workload of Councillors. The submission highlighted the establishment of some 40 committees under section 355 of the Act and the additional representation Council provides on the boards or committees of 21 external organisations.

#### Category 1A

##### Penrith City Council

The submission argued that the Council's current Category 1A classification remains the appropriate Category in view of Council's identified regional planning and service delivery role and the need to put in place policies and programs that transcend traditional local government boundaries.

#### Category 1

##### Joint submission from Bankstown, Baulkham Hills, Campbelltown, Fairfield, Gosford, Hornsby, Lake Macquarie and Sutherland Councils.

The joint submission sought to re-categorise these Councils into Category 1A. Alternatively, it was recommended that the Tribunal consider the option of consolidating categorise S2, 1A and 1 or developing a new alternative categorisation system.

This joint submission argued that each of the Councils has experienced rapid development, an expansion in the role of Mayors and Councillors, a greater complexity in service delivery and extended accountabilities. In addition, the concept of minimum and maximum fees no longer has relevance to Category 1 Councils. The submission pointed out all Category 1 Councils pay the maximum fees as recompense for the roles of Councillor and Mayor.

It was also put to the Tribunal that each of the eight Councils has operated successfully as regional leaders of large communities and each has developed innovative service solutions appropriate to their geographic locality.

It was claimed that since the introduction of the 1993 Act, the role and commitment of Councillors and Mayors has been extended through new performance obligations, greater community expectations, a greater concentration on representative function and more defined statutory obligations.

#### North Sydney.

The submission from North Sydney Council stated that current Category structure is adequate. However, it was suggested that North Sydney Council would be more appropriately categorized as 1A due to its increased significance both regionally and nationally. Also the fee scale should allow for more discretionary power of each Council in determining Councillor and Mayoral allowances.

12. Following receipt of these submissions the Tribunal decided to broaden its review to include all Councils. Councils were asked to address the same issues. The following submissions received from Councils in categories 2 to 5 are summarized below.

#### Category 2

Canada Bay, Holroyd and Waverley Councils all sought re-categorisation to Category 1.

Canada Bay raised the impact on Councillors of the additional responsibilities associated with the transformation of disused industrial sites into modern residential developments, increased population, and major regional economic change.

Holroyd Council's submission argued that the Council has grown and changed dramatically in recent times into one of the state's prominent industrial areas with significant cultural challenges. In addition, the Council has emphasised the extent of its cultural diversity and the additional responsibilities for elected representatives.

Waverley has based its argument for re-categorisation on the importance of its regional retail and transport interchange facilities, its national importance as a tourist destination and the scope and scale of development in the area.

#### Category 3

Submissions were received from the following Category 3 Councils: Byron, Clarence Valley, Hastings, Coffs Harbour, Maitland, Shoalhaven, Tweed, Tamworth Regional, Hawkesbury City, and Wingecarribee.

Clarence Valley, Hastings and Coffs Harbour City and Tamworth Regional Council supported the creation of a new Category for large regional Councils.

Such Councils, the submission argued, may be characterised as having large populations/areas, population growth, a regional significance, ecologically sustainable development and community services. Tamworth Regional and Clarence Valley have also highlighted the additional role and responsibilities of Councillors in the new amalgamated Council areas.

Shoalhaven City Council sought re-categorisation to Category 1A since the nature of its work is more closely associated with larger urban cities. Tweed Shire Council sought reclassification to Category 1 to recognise the sustained policy pressures of a high multi-purpose authority. This submission was received prior to the removal of the Council by the Minister.

Hawkesbury City and Wingecarribee Shire Council sought an increase in fees due to increased workload and the diversity and complexity of issues dealt with by Councillors. Wingecarribee has also questioned the equity of Category 3 Councils and Category 2 Councils being remunerated at the same level.

#### Category 4

Submissions from Councils in this group were received from Kiama, Richmond Valley and Yass Valley Councils. Kiama has supported the current Category structure for Categories 2 to 5. However the Council considers it should more appropriately be grouped in Category 3. Yass Valley Council recommended a move toward a remuneration system based on the time and effort expended by Councillors and Mayors. Richmond Valley has sought a review of the current Category structure.

#### Category 5

Submissions were received from Corowa, Greater Hume, Lachlan, Liverpool Plains, Upper Hunter, Berrigan and Gwydir Shire Councils. These Councils all sought re-categorisation from Category 5 to Category 4. Those Councils affected by amalgamations have highlighted the additional responsibility for Councillors associated with the increased workload, populations and economic activity. An increase in the minimum and maximum fees have been sought to recognise these additional responsibilities.

13. In addition, the Tribunal has received a submission from the Local Government and Shires Association (the Associations).

The Associations did not address those questions asked by the Tribunal in regard to the current categorisation scheme. They had, however, argued for an increase in fees to a level which more adequately reflect the roles and responsibilities of Councillors and Mayors. The Associations suggested that no Mayor should receive less than \$20,000 p.a. (inclusive of the Councillors fee) and that fees for Councillors and Members in all categories, other than \$1, be increased by 10% and the additional fees for Mayors and Chairpersons be increased by 21.5%.

The Associations also raised the following issues which impact on the role and responsibility of Councillors.

- Devolution – wherein new responsibilities are imposed upon local Council by other spheres of government;
- Increased community expectations
- Stringent planning and building regulations
- Increased street lighting charges
- Expenses associated with total catchment management
- The provision of public health infrastructure and services support
- The provision of community law and safety measures, often as a result of public perceptions of increased crime and declining police numbers in county areas.

14. Prior to completion of the 2005 Review, the Tribunal received a request from the Minister for Local Government asking that the Tribunal defer making its determination because:

“...the Department of Local Government will undertake a review of the expenses policies adopted by Councils with a view to guidelines being developed. Councils are currently required, pursuant to section 252 of the Act, to adopt a policy for the payment of expenses to mayors, deputy mayors and other Councillors.

As the issues surrounding the payment of fees and expenses are related, the Minister has requested that the Tribunal defer its review of categories until such time

as the Department has completed its review. One option being considered is the central regulation of expenses and whether different categories of Councils should have variable expense structures.”

15. The Tribunal made no changes to the categories of Councils or the fees for Councillors and Mayors from those determined in 2004 but following this determination the Minister, on 29 June 2005, issued a special reference to the Tribunal to review its determinations of 13 April 2005.

16. On 19 July 2005 the Tribunal wrote to all Councils and the Local Government and Shires Association of NSW advising of the Special Reference from the Minister. The Tribunal further advised that it intended;

“...as far as practicable, to complete its review of specific categories of Councils. In particular, the Tribunal will be concentrating on the current Category structure to determine whether it is still appropriate given the changes that have occurred since it was established in 1995. In addition the Tribunal will consider the categorisation of newly amalgamated Councils.”

17. In undertaking this review the Tribunal advised that it would be relying on the submissions received for the 2005 annual review but that Councils would be welcome to make any further submissions.

18. The Tribunal completed its review on 19 December 2005. The Tribunal provided for a 4 percent increase in fees effective on and from 1 July 2005 for Councillors and Mayors. In respect of the Categories and the categorisation of Councils the Tribunal stated that since 1995 the Tribunal has determined Categories of Councils on the basis of the criteria prescribed in the legislation,

“... Since then the Tribunal has considered individual applications. Where there has been a case established to the Tribunal’s satisfaction that the original categorisation should be amended, this has occurred.

As part of the 2006 review the Tribunal is examining its original criteria particularly in light of amalgamations and having regard to submissions received seeking re-categorisation. On the basis of this review, and after considering the views of the Assessors, the Tribunal will determine whether any changes to the current Category structure are appropriate as well as the Councils within each Category.”

#### CURRENT REVIEW:

19. On 10 February 2006 the Tribunal wrote to all Mayors advising the commencement of the 2006 annual review. In respect of categorisation the Tribunal stated:

“...The Tribunal previously received detailed submissions on categorisation from Councils as part of the 2004 and 2005 reviews. As a result the Tribunal is not calling again for submissions regarding the categorisation of Councils as part of this review. Mayors are welcome to make further submissions if they wish to submit additional information. In particular, Mayors of categories 4 and 5 are invited to provide their views on combining categories 4 and 5 as a single Category. “

20. The Tribunal received a number of submissions either restating previous matters in support of re categorisation or for retention of existing Category groupings. In

respect of the merging of Categories 4 and 5 there seems to be general support for the proposal based on the submissions received.

### **CATEGORISATION:**

#### **Categories S1, S2, 1A and 1**

21. In 2001 the Tribunal created Category 1A. The Tribunal had regard to the submissions of the Associations and some Category 1 Councils concerning the weight to be given to the population of the Category 1 Councils. The Tribunal determined that Councils with the significant features of Category 1 and with a residential population of 250,000 or more would qualify for inclusion in that group. Blacktown City Council was the only Council that met the Category 1A criteria.
22. In 2002 the Tribunal also included Penrith City Council in Category 1A. The basis upon which this was determined is outlined in full in the Tribunal's 2002 Report and need not be repeated here, suffice it to say that in the Tribunal's view the regional significance of Penrith was greater than those of other Category 1 Councils.
23. Since then a number of the larger Category 1 Councils have made a joint submission seeking inclusion in Category 1A. The Tribunal was asked to review this submission again as part of the current review. A summary of this submission has been outlined above.
24. The Tribunal has given careful consideration to the contents of this submission but finds that these eight Councils do not as yet meet the criteria for inclusion in Category 1A. None of the Councils have a population of 250,000 or more and in the Tribunal's view none have the regional significance of Penrith although on both criteria some Councils within Category 1 are moving towards meeting one or both criteria within the next few years.
25. The Tribunal considers that overall the criteria for Categories S1, S2, 1A and 1 are still accurate and the Councils within each Category are appropriate.

#### **Categories 2 and 3**

##### **Category 2 – Suburban Councils**

26. This group comprises Councils within the Sydney Metropolitan area. The main activities of this group include:
  - The design and maintenance of public works
  - Waste and environmental services
  - Upkeep of parks and reserves
  - Approval of building and development applications
  - Monitoring of services such as building control, health, food etc.
  - Strategic planning, child care, community development
  - Provision of facilities such as public halls and swimming pools
27. Other issues for these Councils include environmental issues, ageing infrastructure and urban consolidation. Such activities having neither the scale nor diversity of operation of Category 1 Councils. Nor do they have the regional significance of Category 1 Councils.
28. Overall the Tribunal considers that the criteria applicable to Category 2 remains relevant and that the Councils within this Category continue to be appropriate. The

tribunal has not been convinced by submissions received from Category 2 Councils that they warrant re-categorisation to a higher Category.

##### **Category 3 – Rural Regional Councils**

29. The principal characteristic of these Councils is now regionalism and, in some cases accompanied by growth. The major town centres of regional Council areas are important centres of commerce, trade, work and recreation for thousands of people in and outside the local government area which these towns serve. These Councils generally have a significant urban population existing along side traditional farming sector and surrounded by smaller towns and villages.
30. The criteria applied to these Councils continues to be relevant and the Councils within this Category are still considered to be appropriate. As with the Category 2 Councils the Tribunal is not satisfied that Category 3 Councils should be re-categorised at this time.

##### **Category 4 and Category 5 Councils**

31. Category 4 and 5 Councils account for just over half of all Councils in NSW. These Councils generally have smaller populations and are less likely to have a regional focus. The Council may have one or two significant townships combined with a considerable rural population. The activities of Category 4 and Category 5 Councils are predominantly concerned with providing a broad range of community services. These may include the provision and maintenance of roads and bridges, weed eradication, rubbish collection and the maintenance of public conveniences and recreational grounds. Councils in this group range from Mid- Western Regional with a population of 22,494 to Urana with 1,414.
32. The role and responsibilities of Category 4 and 5 Councils is, as noted above virtually identical. For this reason the Tribunal considers that Category 5 Councils should be merged with Category 4 Councils. Category 5 will be abolished as a result. Such a proposal has the support of Councils who commented on this issue to the Tribunal.
33. The Tribunal will review the Categories of Councils again as part of the 2009 review. Until then the Tribunal would not expect to move Councils within categories unless there is a significant change in the role and responsibilities of individual Councils.

##### **FEES:**

34. The Tribunal has reviewed the current economic data including cost of living figures. The Tribunal notes that since 2003 Councillors have received increases totalling 10.5 percent and mayors have received increases totalling 14 percent.
35. On this occasion the Tribunal considers, after considering key economic indicators, and after taking the views of the Assessors into account, that an increase of 4 percent in the fees for Councillors and Mayors is appropriate and so determines.

**PRACTICE NOTE SC EQ 4**

Supreme Court Equity Division - Corporations List

**Introduction**

1. The purpose of this Practice Note is to explain the operation of the Corporations List, and the hearing arrangements for corporations matters. The Practice Note also contains information about the appointment of liquidators by the court, disclosure of fees by insolvency practitioners, and the use of interlocutory processes and pleadings.

**Commencement**

2. This Practice Note commences 1 May 2006. It replaces the existing Practice Note SC Eq 4.

**Application**

3. This Practice Note applies to new and existing proceedings in, or to be entered in, the Corporations List in the Equity Division.

**Definitions**

4. In this Practice Note:

**Act** means the Corporations Act 2001 (Cth);

Corporations matters include proceedings and interlocutory applications that arise out of the Act or the

Rules, or seek relief under any of those provisions, and proceedings relating to other incorporated bodies such as co-operatives and incorporated associations;

**Rules** means the *Supreme Court (Corporations) Rules 1999*.

### The Corporations Judge

5. Commencing on 1 May 2006, a Judge of the Equity Division is assigned to corporations matters as Corporations Judge, on a full-time basis.
6. The names of the Judges designated to be the Corporations Judge from time to time, and their periods of service as Corporations Judge, will be displayed in the Court's Corporations Matters webpage. The webpage will be updated from time to time. A Judge will normally sit as the Corporations Judge for a continuous period of several months.
7. The Corporations Matters webpage contains other information about the Corporations List. Go to <http://www.lawlink.nsw.gov.au/sc> (click on Practice & Procedure on the left-hand side menu and then click on the Corporations Matters page link).
8. E-mail communications to the Corporations Judge should be directed to [Corporations\\_Judge@courts.nsw.gov.au](mailto:Corporations_Judge@courts.nsw.gov.au). That e-mail address is accessed by the Corporations Judge for the time being and his or her staff, during normal office hours.

### Listing arrangements for corporations matters

#### (a) *The Registrar's Corporations List*

9. Corporations matters are usually made returnable in the Registrar's 11 a.m. Corporations List (see "Registrar's Lists" in Practice Note SC Eq 1).
10. Routine insolvency proceedings and applications are dealt with by the Registrar. Examinations under Part 5.9 of the Act are heard before a Deputy Registrar. Available dates are posted on the Supreme Court website, on the Corporations Matters webpage.
11. Applications are listed before the Registrar each day, except Wednesday, in the Registrar's 11 a.m. Corporations List. The Registrar has delegated powers in respect of certain corporations matters (such as the winding up of corporations, leave to proceed against a corporation under external administration (where the claim against the corporation is, or includes, a claim for damages for personal injury), the release of a liquidator and dissolution of a corporation, the reinstatement of a corporation and the determination of a liquidator's remuneration), as well as various procedural matters. Final orders for winding up a corporation, setting aside a winding up order or reinstating a corporation are prepared by the Registry and are sent out in the DX later on the day of hearing.
12. At the commencement of the list, the Registrar deals with referrals. Corporations matters are usually referred to the Corporations Judge, but they may be referred to the Duty Judge or (for routine matters) an Associate Judge if appropriate. Where it is appropriate for a corporations matter to be heard or case managed by a Judge, and the matter is sufficiently ready for that purpose, the Registrar will normally refer the matter to the Corporations Judge in the Monday Corporations List. Urgent corporations matters requiring the attention of a Judge are usually referred to the Corporations Judge.

13. Corporations matters that have been placed in the Registrar's General List Callover, with an estimate of three days or fewer, will (ordinarily and subject to availability) be set down by the Registrar for hearing by the Corporations Judge. No corporations matter will appear in the Registrar's General Callover List unless placed there by the Corporations Judge.

#### (b) *The Monday Corporations List*

14. Corporations matters to be dealt with by a Judge are usually made returnable before the Corporations Judge in the Monday Corporations List. Except in urgent cases, referrals of corporations matters by the Registrar are usually placed in the Monday list.
15. The Monday List operates principally as a callover list for corporations matters, dealing with such matters as general case management, directions for the filing of evidence and resolution of procedural issues.
16. Short procedural applications (for example, disputes about pleadings, discovery, subpoenas and joinder of the parties) will normally be heard in the Monday List, provided that the time estimate is less than two hours, and subject to the other demands of the List. Parties should expect that such applications will proceed on the appointed day and they should prepare accordingly. Where this would assist the Corporations Judge, brief submissions should be sent to his or her Associate in advance, if practicable.
17. Other short applications of two hours or less (for example, liquidators' applications for judicial advice or approval of contracts, termination of winding up, reinstatement of a company (where the matter has been referred to the Judge) and leave to commence a derivative action) will normally come before the Corporations Judge in the Monday List. Such matters may be heard on that day or set down for hearing before the Corporations Judge on other days.
18. If the matter is set down for hearing on another day, directions will normally be given for the provision to the Corporations Judge of working copies of evidentiary materials and written submissions before the hearing. Since it is possible that the matter may be heard forthwith, parties should prepare for hearing on the Monday on which the matter is listed and, where practicable, copies of evidentiary materials and written submissions should be provided to the Corporations Judge's Associate before that day.
19. The Corporations Judge may be assisted on Mondays by another Equity Division Judge.
20. Longer corporations matters (more than two hours) are "case managed" within the Monday Corporations List to prepare them for hearing. When they are ready for hearing they will usually be set down for hearing by the Corporations Judge, although in some cases it may be appropriate to allocate the matter to the Expedition List, the Duty Judge List, the Short Matters List or the General List. As noted above, a Corporations Judge is available on a full-time basis.
21. Long corporations matters (more than three days) will be allocated for hearing by a Judge in the Equity Division after consultation between the Corporations Judge and the Chief Judge in Equity.

22. Since commercial circumstances demand that many corporations matters be heard and resolved swiftly, efforts will be made to allocate a hearing date as soon as practicable after any such matter is ready for hearing. The Court has video-conferencing facilities for corporations matters involving interstate or overseas elements.

*(c) Duty applications in corporations matters*

23. The Corporations Judge may be approached on any day for abridgment of service and/or interlocutory relief in urgent corporations matters, in cases that would warrant approaching the Duty Judge in other matters (see "Duty Judge List" in Practice Note SC Eq 1).

24. The Corporations Judge will be available to hear or give directions in relation to any duty applications at 10:00 a.m. and 2 p.m. each day, or otherwise by arrangement with the Judge's Chambers. See the Court's Corporations Matters webpage for contact particulars.

25. The Duty Judge or the Registrar may refer duty applications in corporations matters to the Corporations Judge.

*(d) Statutory demand matters*

26. Statutory demand matters, like other corporations matters, are usually returnable in the Registrar's Corporations List. When the Registrar forms the view that the matter is ready for trial, it is referred to the Monday Corporations List.

27. If satisfied that the matter is ready for hearing, the Corporations Judge sets it down for hearing, either before himself or herself, or another Judge, or an Associate Judge.

**Appointment of liquidators by the Court**

28. The following arrangements apply to the appointment of a liquidator:

- the Registrar maintains a list of registered official liquidators who have consented in writing to accept all appointments as liquidator made by the Court. This list is sorted alphabetically by firm for liquidators located in metropolitan Sydney, and by individuals located in regional centres;
- the plaintiff in winding-up proceedings may nominate for appointment a registered official liquidator whose name appears in the Court's list. A nomination is effected by filing with the originating process a consent in Form 8 of the Rules, signed by the nominee, certifying that he or she is not aware of any conflict of interest or duty and making proper disclosure of fee rates, and serving it in accordance with Rule 5.5(3)(b);
- the Court appoints the plaintiff's nominee in the normal case, but is not obliged to do so. An obvious ground for the Court declining to appoint the plaintiff's nominee is that the Court considers there is an actual or potential conflict between the duties of a liquidator and the nominee's personal interest or some other duty (for example, a person who has acted as receiver and manager of the company for a secured creditor will almost never be appointed liquidator);
- unless the consent in proper form of a registered official liquidator whose name appears in the Court's list is filed with the originating process for winding up,

the Registry will select a liquidator by rotation from the Court's list. The plaintiff must obtain the consent in proper form of the liquidator selected by the Court, and file and serve that consent in accordance with Rule 5.5(3);

- if the liquidator declines to consent to the appointment (which the liquidator may do, after having given his or her consent to accept all court appointments, only on grounds such as conflict of interest), the plaintiff must:
  - nominate a registered official liquidator, whose name appears on the Court's list, by filing and serving the liquidator's consent in accordance with Rule 5.5(3); or
  - approach the Registry for selection of another liquidator by rotation, and then file and serve that liquidator's consent in accordance with Rule 5.5(3).

**Disclosure by insolvency practitioners of fees to be charged**

29. The Insolvency Practitioners Association of Australia no longer publishes a Scale of Rates in respect of fees.

30. Where application is made to the Court for an order that a company be wound up or for an official liquidator to be appointed as a provisional liquidator of a company, an official liquidator must consent in writing to be appointed: see the Act, subs 532(9) and the Rules, 6.1(1). The consent must be in accordance with Form 8 to the Rules: see r.5.5(2); 6.1(2). Form 8 requires disclosure of the hourly rates currently (as at the signing of the consent) charged in respect of work done as a liquidator or provisional liquidator (as the case may be) by the person signing the consent, and by that person's partners and employees who may perform work in the administration in question.

31. The provisions referred to in paragraph 28 have no application, however, to appointments of persons as external administrators:

- otherwise than by the Court; or
- by the Court otherwise than as liquidator or as liquidator provisionally.

32. Even in the case of appointments as liquidator or as liquidator provisionally, the provisions referred to in paragraph 30 above do not touch on changes in the hourly rates after the signing of the Form 8 consent.

33. Various provisions of the Act empower the Court, in certain circumstances, to determine or review the remuneration of insolvency practitioners when they are filling the office of various forms of external administrator: see ss 425; 449E; 473(2) (3), (5), (6); 504.

34. With the exception of Form 8, where it is applicable, the provisions referred to in paragraph 33 do not indicate a standard of disclosure of fees to be charged, which the Court might regard as appropriate in any situation in which it may be relevant for the Court to take into account whether an insolvency practitioner has followed a practice of making adequate disclosure of such fees.

35. The guidelines in paragraphs 36 and 37 below are intended to fill that gap. These guidelines are not, however, intended to limit the judicial discretion

available in any particular case, or to require that non-observance of the guidelines be taken into account where that would not be relevant to the exercise of a judicial discretion.

36. All external administrators (including persons appointed as liquidators or as liquidators provisionally) should, in their first report to creditors:
- disclose the hourly rates of fees which are being charged by them and by any of their partners and employees who may work in the administration; and
  - give their best estimate of the cost of the administration to completion or to a specified milestone identified in the report.
37. If, at any time after an external administrator has reported in accordance with paragraph 36, the hourly rates are to change, or the administrator has reason to believe that the estimate given to creditors is no longer reliable, he or she should report to creditors, disclosing the new hourly rates and giving a revised estimate.
38. These guidelines are not intended:
- to prevent an external administrator from changing hourly rates or revising estimates if he or she is otherwise lawfully permitted to do so; or
  - to authorise an external administrator to change hourly rates or revise estimates if he or she is not otherwise lawfully permitted to do so.

#### Interlocutory Process and Pleadings

39. Rule 2.2(1) provides as follows:
- 'Unless these Rules otherwise provide, a person must make an application required or permitted by the Corporations Act to be made to the Court:*
- (a) *if the application is not made in a proceeding already commenced in the Court – by filing an originating process; and*
- (b) *in any other case, and whether final or interlocutory relief is claimed - by filing an interlocutory process.'*
40. The words, 'and whether final or interlocutory relief is claimed', were inserted with effect from 24 June 2005.
41. The purpose of that amendment is to make it clear that the form of interlocutory process under the Rules (Form 3) is required to be used where subparagraph 2.2(1)(b) applies, even where final relief is claimed. Leaving aside the originating process and any amended originating process, all claims for relief properly brought forward in a proceeding already on foot, to which the Rules apply, are required to be made by interlocutory process.
42. Two examples of claims for final relief which are required to be brought by interlocutory process are:
- (a) a claim by a defendant which would, if the general rules of court applied, be brought by way of cross-claim;
- (b) a claim by the Commissioner of Taxation under s 588FGA(4) of the Act (see *Condon v Commissioner of Taxation* [2004] NSWSC 481).
43. Where a claim for final relief has been made in a proceeding to which the Rules apply, whether the claim is made by originating process or by interlocutory process, any subsequent application for an order for pleadings should be made by interlocutory process. Where a claim

for final relief is to be made in a contemplated proceeding to which those Rules will apply, an application for an order for pleadings may be made either in the originating process, or by an accompanying interlocutory process. An originating or interlocutory process should not be amended so as to be converted into a pleading.

#### PROPOSED FITNESS SERVICES (PRE-PAID FEES) REGULATION 2006

##### Invitation to Comment

THE Fitness Services (Pre-paid Fees) Regulation 2001, is due to be automatically repealed on 1 September 2006. A proposed replacement regulation, the Fitness Services (Pre-paid Fees) Regulation 2006, has been drafted for public comment.

The purpose of the proposed Regulation is to set out the detail needed to enable the Fitness Services (Pre-paid Fees) Act 2000, to be effectively administered and to support its objectives.

The draft Regulation, along with a Regulatory Impact Statement which discusses the costs and benefits of the proposed requirements, is being released for a three week consultation period.

The proposed Regulation includes requirements for:

- the administration of trust accounts where fees are pre-paid;

- the issue of penalty notices for certain offences; and
- the exemption of certain classes of physiotherapists and occupational therapists from the application of the Act.

Comments and submissions are invited from interested individuals and organisations. The draft Regulation will be amended, if necessary, based on comments received during this consultation process, before coming into effect on 1 September 2006.
