## SPECIAL SUPPLEMENT

New South Wales

### Proclamation

under the

**Fisheries Management Act 1994**

MARIE BASHIR, Governor

I, Professor Marie Bashir AC, CVO, Governor of the State of New South Wales, with the advice of the Executive Council, and on the recommendation of the Minister for Primary Industries, and in pursuance of section 42 (2) of the *Fisheries Management Act 1994*, do, by this my Proclamation, amend Schedule 1 to the Act, with effect on 22 September 2006, as set out in the Schedule 1 to this Proclamation.

Signed and sealed at Sydney, this 30th day of August 2006.

By Her Excellency's Command,

IAN MACDONALD, M.L.C.,  
Minister for Primary Industries

GOD SAVE THE QUEEN!

L.S.

#### Explanatory note

Schedule 1 to the *Fisheries Management Act 1994* specifies share management fisheries for the purposes of that Act. The object of this Proclamation is to amend that Schedule to redefine the estuary prawn trawl and estuary general share management fisheries. The effects of the redefinition are:

- (a) to exclude the waters of Port Jackson from both fisheries, and
- (b) to clarify that fishing activities in Jervis Bay that fall within the description of the ocean hauling share management fishery do not form part of the estuary general fishery.

Proclamation

Schedule 1      Amendment of Schedule 1 to the Fisheries Management Act 1994

---

## **Schedule 1      Amendment of Schedule 1 to the Fisheries Management Act 1994**

### **Schedule 1 Share Management Fisheries**

Omit the descriptions of the estuary general fishery and the estuary prawn trawl fishery (clauses 6D and 6E).

Insert instead:

#### **6D    Estuary general fishery**

##### **Description of fishery**

- (1) The estuary general fishery consists of:
  - (a) the taking of fish from estuarine waters by any lawful method other than by use of an otter trawl net (prawns), and
  - (b) the taking of fish from ocean beaches by the method of hand picking.
- (2) In this clause, *estuarine waters* do not include the following:
  - (a) the waters of Port Jackson (including Sydney Harbour),
  - (b) the waters of Jervis Bay, in relation to any fishing method that, when used in those waters, falls within the description of the ocean hauling fishery.

#### **6E    Estuary prawn trawl fishery**

##### **Description of fishery**

- (1) The estuary prawn trawl fishery consists of the use of an otter trawl net (prawns) to take fish from estuarine waters.
- (2) In this clause, *estuarine waters* do not include the waters of Port Jackson (including Sydney Harbour).

New South Wales

# Fisheries Management Legislation Amendment (Miscellaneous) Regulation 2006

under the

Fisheries Management Act 1994

Her Excellency the Governor, with the advice of the Executive Council, has made the following Regulation under the *Fisheries Management Act 1994*.

IAN MACDONALD, M.L.C.,  
Minister for Primary Industries

## Explanatory note

The object of this Regulation is to amend legislation made under the *Fisheries Management Act 1994*:

- (a) to give the Minister power to cancel NSW shares, licences and endorsements if the owner of a fishing business that operates in both NSW waters and Commonwealth or other State or Territory waters transfers fishing entitlements in those other waters and fails to transfer or surrender all associated NSW fishing entitlements (so as to prevent licence splitting by those dual operators), and
- (b) to simplify the implementation of the estuary prawn trawl and estuary general share management fisheries, if those fisheries are redefined to exclude the waters of Port Jackson from the fishery, and
- (c) to make minor alterations to the boundary of the recreational fishing haven of the Manning River, and
- (d) to make further provision with respect to the charges levied in the abalone and lobster share management fisheries, and
- (e) for law revision purposes.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation 2006

Explanatory note

---

In relation to the estuary prawn trawl and estuary general share management fisheries, the Regulation modifies the application of Part 3 of the Act to the implementation of those fisheries if those fisheries (as described in Schedule 1 to the Act) are redefined to exclude the waters of Port Jackson. The waters of Port Jackson have been closed to fishing by a fishing closure under section 8 of the Act. Consequently, it is proposed to redefine the estuary prawn trawl and estuary general fisheries to exclude those waters. It is also proposed to clarify the distinction between the estuary general fishery and the ocean hauling fishery. If the fisheries are redefined, shares provisionally issued in the fisheries will be cancelled as a consequence of section 44 (2) of the Act and new shares (in the redefined fisheries) will have to be issued. This Regulation ensures that the entitlements of provisional shareholders in the corresponding existing fisheries (other than entitlements to take fish in Port Jackson) are continued in the redefined fisheries and provides for the continuation of limited access arrangements and of any appeals relating to the issue of shares in existing fisheries.

In relation to the abalone and lobster share management fisheries, the Regulation makes further provision with respect to the determination of management charges in the abalone and lobster share management fisheries. The share management plans for those fisheries permit a management charge of up to \$325 per share (in the case of the abalone fishery) or \$80 per share (in the case of the lobster fishery) to be levied by the Minister pursuant to section 76 of the Act. This Regulation clarifies the types of costs that may be attributed to industry for the purposes of determining that management charge. The Regulation also enables the Director-General of the Department of Primary Industries to waive (in part or in full) certain administrative fees otherwise payable with respect to those fisheries.

This Regulation is made under the *Fisheries Management Act 1994*, including sections 20, 34T, 45, 76 and 289 (the general regulation-making power).

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Clause 1

---

## **Fisheries Management Legislation Amendment (Miscellaneous) Regulation 2006**

under the

Fisheries Management Act 1994

### **1 Name of Regulation**

This Regulation is the *Fisheries Management Legislation Amendment (Miscellaneous) Regulation 2006*.

### **2 Amendment of Fisheries Management (General) Regulation 2002**

The *Fisheries Management (General) Regulation 2002* is amended as set out in Schedule 1.

### **3 Amendment of other Fisheries Management legislation**

The Regulations specified in Schedule 2 are amended as set out in that Schedule.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Schedule 1      Amendment of Fisheries Management (General) Regulation 2002

---

## **Schedule 1      Amendment of Fisheries Management (General) Regulation 2002**

(Clause 2)

### **[1]    Clause 8A Prohibition on certain classes of commercial fishing**

Omit paragraph (a) of the matter relating to Manning River in the first column of the Table to the clause.

Insert instead:

- (a) Ghinni Ghinni Creek, from a line drawn from a point on the south western shoreline at the mouth of Ghinni Ghinni Creek at 31° 52' 984"S, 152° 33' 565"E (using Datum WGS84) directly across the Manning River in a generally easterly direction to the eastern shoreline on Oxley Island at 31° 53' 066"S, 152° 34' 011"E (using Datum WGS84), and

### **[2]    Part 5A**

Insert after Part 5:

## **Part 5A Fishing business transfer rules**

### **133C    Definitions**

- (1) Expressions used in this Part have the same meaning as they have in Division 4C of Part 2 of the Act.
- (2) In this Part:  
*dual operator fishing business* means a fishing business the components of which include one or more NSW fishing authorities and one or more external fishing authorities.  
*external fishing authority* means a fishing authority that is not a NSW fishing authority.

### **133D    Surrender of fishing authority to be treated as transfer**

- (1) For the purposes of the definition of *transfer* in section 34P of the Act, a transfer of a component of a fishing business includes the surrender of an external fishing authority that is a component of a fishing business.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Amendment of Fisheries Management (General) Regulation 2002

Schedule 1

- 
- (2) For the purposes of this Part, the *surrender* of an external fishing authority means the surrender, voluntary cancellation or relinquishment of an external fishing authority that is a component of a fishing business (whether or not for consideration).

**133E Transfer of external fishing authorities by dual operator fishing businesses**

- (1) An external fishing authority that is a component of a dual operator fishing business is not to be transferred (other than by surrender of the authority) to a person unless:
- (a) all components of the fishing business (other than NSW fishing authorities) are transferred to that same person, and
  - (b) all NSW fishing authorities that are a component of the fishing business are transferred to that same person or surrendered to the Minister for cancellation.
- (2) An external fishing authority that is a component of a dual operator fishing business is not to be transferred by surrender of the authority unless all NSW fishing authorities that are components of the fishing business are surrendered to the Minister for cancellation.
- (3) If an external fishing authority that is a component of a dual operator fishing business is transferred in contravention of subclause (1) or (2), the Minister may take one or more of the following actions:
- (a) cancel or refuse to renew any NSW fishing authority that is a component of the fishing business,
  - (b) refuse to transfer a NSW fishing authority that is a component of the dual operator fishing business, or refuse to issue a new NSW fishing authority, to any person to whom a component of the dual operator fishing business is transferred,
  - (c) refuse to issue a new NSW fishing authority if eligibility for that fishing authority is determined on the basis of catch history that is a component of the dual operator fishing business,
  - (d) impose (in accordance with the Act) conditions on any NSW fishing authority that is a component of the fishing business, so as to restrict the fishing activities of the fishing business, or exercise any other powers conferred on the Minister by the Act so as to restrict the fishing activities of the fishing business.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Schedule 1      Amendment of Fisheries Management (General) Regulation 2002

---

- (4) Despite a contravention of subclause (2), the Minister may defer taking any action under subclause (3) until an assessment is undertaken of the actual or potential level of fishing effort by the fishing business, or by fishing businesses generally, in any waters to which the Act applies since the surrender of an external fishing authority or a class of external fishing authorities.
- (5) The Director-General may refuse an application to revoke or amend a fishing business determination in respect of a dual operator fishing business if satisfied that:
  - (a) the purpose of the application is to avoid the requirements of subclause (1) or (2), or
  - (b) a component of the fishing business has been transferred in contravention of subclause (1) or (2).

**[3] Part 6, Division 1**

Insert before clause 134:

**Division 1      General**

**[4] Part 6, Division 2**

Insert after clause 142:

**Division 2      Application of Part 3 of the Act to redefined share management fisheries**

**142A      Preliminary**

- (1) Pursuant to section 45 of the Act, this Division modifies the application of Part 3 of the Act in respect of any redefinition of the estuary general fishery or the estuary prawn trawl fishery (or both) that is effected by means of a relevant proclamation made on or after the commencement of this Division and before the commencement of the management plan for the fishery.
- (2) For the purposes of this Division, a *relevant proclamation* means a proclamation under section 42 of the Act that omits the description of the estuary general fishery or the estuary prawn trawl fishery from Schedule 1 to the Act and inserts a new description of the fishery in Schedule 1 to the Act that operates to exclude the waters of Port Jackson from the description of the fishery (whether or not any other changes are made to the description of the fishery).

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Amendment of Fisheries Management (General) Regulation 2002

Schedule 1

- 
- (3) In this Division:

*existing fishery* means the estuary general fishery, or the estuary prawn trawl fishery, as described in Schedule 1 to the Act immediately before the commencement of this Division.

*Port Jackson* includes Sydney Harbour.

*redefined fishery* means the estuary general fishery, or the estuary prawn trawl fishery, as described in Schedule 1 to the Act immediately after a relevant proclamation in relation to that fishery takes effect.

*share cancellation date*, in relation to an existing fishery, means the date the description of the fishery is omitted from Schedule 1 to the Act by means of a relevant proclamation (being the date on which shares in the fishery are cancelled as a consequence of section 44 (2) of the Act).

- (4) To avoid doubt, a reference in this Division to a fishery that corresponds to another fishery is a reference to a fishery with the same name as the other fishery.

- (5) For the purposes of this Division, a share is taken to confer an *entitlement* to take fish in particular waters if the shareholder is entitled, as a result of holding that share, to have his or her commercial fishing licence endorsed for the taking of fish in those waters or to nominate another person to have his or her commercial fishing licence so endorsed (or would be so entitled had all shares held by the person been issued to the person on a provisional basis in the initial issue of shares in the fishery).

**Note.** Section 44 (2) of the Act provides that if the description of a fishery is omitted from Schedule 1 to the Act (including for the purpose of redefining an existing share management fishery), all shares in the fishery are cancelled. It is intended that the estuary general fishery and estuary prawn trawl fisheries will be redefined to exclude the waters of Port Jackson from the fisheries and to make other changes by way of clarification to the description of the estuary general fishery. This Division modifies the application of Part 3 of the Act in respect of the redefined fisheries.

**142B Consultation**

The Minister is not required to consult relevant commercial fishing industries bodies about whether a redefined fishery should be a share management fishery.

**142C Identification of fishery and shareholders**

- (1) Sections 46, 47, 48, 50 and 51 of the Act do not apply in respect of a redefined fishery.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Schedule 1      Amendment of Fisheries Management (General) Regulation 2002

---

- (2) The Minister is to issue shares in a redefined fishery to persons who are eligible for shares in the redefined fishery in accordance with their entitlement to shares under this Division.
- (3) The persons who are eligible for shares in a redefined fishery are the persons who, immediately before the share cancellation date for the corresponding existing fishery, hold shares provisionally issued in that existing fishery.
- (4) A person who is eligible for shares in a redefined fishery is, subject to this clause, eligible for the same number of shares, and shares of the same class, or conferring the same entitlements, as the shares held by the person in the corresponding existing fishery immediately before the share cancellation date.
- (5) A person who, immediately before the share cancellation date in relation to an existing fishery, holds shares in the existing fishery that confer an entitlement to take fish in the waters of Port Jackson (or shares that would do so, but for a fishing closure under section 8 of the Act) is not, on that basis, eligible for shares in the corresponding redefined fishery.
- (6) However, if the person holds any shares in an existing fishery that confer an entitlement to take fish in estuarine waters other than the waters of Port Jackson, the person is eligible for shares in the corresponding redefined fishery that confer the same entitlements in respect of those other waters as the shares held by the person in the existing fishery immediately before the share cancellation date.
- (7) Shares in a redefined fishery are to be issued by the Minister on a provisional basis pending the commencement of the management plan for the redefined fishery.
- (8) On or as soon as practicable after the share cancellation date in relation to an existing fishery, the Minister is to give each person who, immediately before that date, holds shares in the fishery or is an applicant for shares in the fishery who has duly lodged an appeal to the Share Appeal Panel that is still pending, a notice that:
  - (a) advises the person that the fishery has been redefined and, as a result, shares in the fishery are cancelled, and
  - (b) advises the person of the number of shares (if any) provisionally issued to the person in the corresponding redefined fishery and the date the provisional issue of shares in the redefined fishery takes effect, and

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Amendment of Fisheries Management (General) Regulation 2002

Schedule 1

- 
- (c) contains such other information in relation to the redefinition of the fishery as the Minister considers appropriate.
  - (9) Shares issued in a redefined fishery may be described or identified in the same manner as shares issued in the corresponding existing fishery if the Minister considers it appropriate.
  - (10) Nothing in this Division permits shares to be issued in the estuary general fishery that confer any entitlement to take fish in the waters of Jervis Bay by use of a fishing method in those waters that falls within the description of the ocean hauling fishery (as described in Schedule 1 to the Act).

**142D Appeals pending on share cancellation date**

- (1) There is no appeal against a decision relating to the provisional issue of shares in a redefined fishery, except to the extent provided by this clause.
- (2) If an appeal in relation to the provisional issue of shares in an existing fishery was duly made to the Share Appeal Panel before the share cancellation date in relation to the fishery and the appeal is still pending before the Share Appeal Panel on the share cancellation date, that appeal is to be heard and determined by the Panel under Part 3 of the Act as if the existing fishery had not been redefined.
- (3) If, as a result of a decision of the Share Appeal Panel on such an appeal, a person is eligible for shares in an existing fishery, the person is taken as a consequence of that decision to be eligible for shares in the corresponding redefined fishery of the same class or that confer the same entitlements.
- (4) Subclause (3) applies only if the Share Appeal Panel decides the person is eligible for shares in an existing fishery that confer an entitlement to take fish in estuarine waters other than the waters of Port Jackson.
- (5) Any shares issued in a redefined fishery as a result of a decision of the Share Appeal Panel may be issued on a provisional basis, pending the final issue of shares in the redefined fishery.
- (6) Sections 52, 52A and 54 (2) (a) of the Act apply in relation to a redefined fishery as if a reference to an appeal to the Share Appeal Panel were a reference to an appeal referred to in subclause (2).

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Schedule 1      Amendment of Fisheries Management (General) Regulation 2002

---

**142E Final issue of shares**

Section 52 (3) of the Act applies in relation to a redefined fishery as if a reference to an applicant for shares were a reference to an applicant for shares in the corresponding existing fishery.

**142F Continuation of limited access arrangements**

(1) Section 53 of the Act does not apply in respect of a redefined fishery.

(2) Shares issued provisionally in a redefined fishery take effect on the date advised by the Minister under clause 142C as the date on which the provisional issue of shares in the redefined fishery takes effect. That date is taken, for the purposes of section 54 (1) and (2) of the Act, to be the day appointed for the commencement of limited access to the redefined fishery.

**Note.** From the commencement of the limited access stage, only shareholders in the redefined fishery will be entitled to take fish in the fishery or nominate other persons to do so (see section 54 (2) of the Act).

(3) A holder of shares in a redefined fishery that is a limited access fishery is not entitled to have his or her licence endorsed to take fish in the redefined fishery (or to nominate another person to do so) if all shares held by the person in the corresponding existing fishery immediately before the share cancellation date were acquired by dealings after the initial issue of shares in that existing fishery, unless the acquisition concerned was of a type declared by the regulations to be an authorised acquisition for the purposes of section 54 (3) of the Act.

(4) Subclause (3) applies in respect of a redefined fishery in addition to the provisions of section 54 (3) of the Act.

**Note.** Section 54 (3) of the Act contains a similar provision to subclause (3) that prevents a shareholder from acquiring an entitlement to an endorsement in the redefined fishery if all shares in the fishery are acquired after the initial issue of shares in the redefined fishery.

(5) Until a redefined fishery becomes a limited access fishery, a commercial fishing licence does not authorise a person to take fish in the redefined fishery unless:

(a) the licensee is a person who held shares in the corresponding existing fishery immediately before the share cancellation date or is an applicant for shares in the corresponding existing fishery who duly lodged an appeal to the Share Appeal Panel and whose appeal was pending immediately before the share cancellation date, or

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Amendment of Fisheries Management (General) Regulation 2002

Schedule 1

- 
- (b) the licensee is duly nominated in the Share Register by a person referred to in paragraph (a) to take fish on behalf of that person,

and the licence is duly endorsed under Part 3 of the Act for the taking of fish in the corresponding existing fishery.

**142G Continuation of endorsements, nominations and regulations relating to existing fisheries**

- (1) The endorsement of a commercial fishing licence to take fish in an existing fishery (other than a Port Jackson endorsement) becomes, when the redefined fishery becomes a limited access fishery, an endorsement under Part 3 of the Act to take fish in the corresponding redefined fishery, subject to this clause.
- (2) Any such endorsement does not authorise the taking of fish in the waters of Port Jackson.
- (3) A person duly nominated in the Share Register to take fish on behalf of a shareholder in an existing fishery, immediately before the share cancellation date for the fishery, is taken, when the corresponding redefined fishery becomes a limited access fishery, to have been duly nominated in the Share Register to take fish on behalf of the shareholder in the redefined fishery.
- (4) Any provisions of the regulations that apply to an existing fishery immediately before the share cancellation date, including any restricted fishery provisions that applied to the existing fishery as a consequence of section 55 (3) of the Act, are taken to continue to apply, on and from the share cancellation date, to the corresponding redefined fishery (with any necessary modifications), until those provisions are repealed or until the commencement of the management plan for the redefined fishery (whichever occurs first).
- (5) In this clause, a **Port Jackson endorsement** means an endorsement on a commercial fishing licence issued before the commencement of this Division, being an endorsement that authorises the taking of fish in the waters of Port Jackson and no other waters.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Schedule 1      Amendment of Fisheries Management (General) Regulation 2002

---

**[5] Clause 194 Eligibility for endorsement**

Insert after clause 194 (6):

- (6A) A person does not cease to be eligible for a southern zone endorsement because of the surrender, voluntary cancellation or relinquishment of a permit referred to in clause 194 (2) (a) (despite clause 277 (1)). However, in such a case, the Minister may cancel, or refuse to renew or issue a southern zone endorsement, as provided by the fishing business transfer rules set out in Part 5A.

**[6] Clause 209A Endorsement to specify authorised area of operations**

Omit “Sydney Harbour” from the fourth column of the Table to the clause.

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Amendment of other Fisheries Management legislation

Schedule 2

---

## Schedule 2    **Amendment of other Fisheries Management legislation**

(Clause 3)

### **2.1    Fisheries Management (Abalone Share Management Plan) Regulation 2000**

#### **[1]    Appendix Abalone Share Management Plan**

Insert after clause 10 (7) (before the note):

- (8)    The Director-General may waive all or part of the administrative fee for the nomination.

#### **[2]    Appendix, clause 19**

Insert after clause 19 (2):

- (2A)    The Director-General may waive all or part of the application fee referred to in subclause (2) (b).

#### **[3]    Appendix, clause 36**

Insert after clause 36 (1):

- (1A)    For the purposes of section 76 (2) of the Act, the following costs of management are attributed to industry:
- (a)    the cost of developing, reviewing, implementing and ensuring compliance with strategies, policies, and legislation relating to the fishery (including for the purpose of promoting ecologically sustainable development of the fishery),
  - (b)    the cost of providing administrative services in connection with the operation of the fishery,
  - (c)    the costs incurred in connection with the establishment and operation of the Management Advisory Committee for the fishery,
  - (d)    the costs incurred in connection with the following research (or such part of those costs as the Minister determines):
    - (i)    ongoing research into the management and sustainability of the fishery or of commercial fisheries generally,
    - (ii)    specific research projects relating to the management and sustainability of the fishery or of commercial fisheries generally,

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Schedule 2      Amendment of other Fisheries Management legislation

---

- (e) such other costs of management of the fishery as may be determined by the Minister after consultation with the Management Advisory Committee for the fishery.
- (1B) The costs of management attributed to industry may be reduced in any manner the Minister considers appropriate to recognise any saving, or any public benefit or benefit to any other fishing sector, that is achieved in the management of the fishery.

## **2.2 Fisheries Management (Lobster Share Management Plan) Regulation 2000**

### **[1] Appendix Lobster Share Management Plan**

Omit “Director” wherever occurring. Insert instead “Director-General”.

### **[2] Appendix, clause 10**

Insert after clause 10 (7) (before the note):

- (8) The Director-General may waive all or part of the administrative fee for the nomination.

### **[3] Appendix, clause 19**

Insert after clause 19 (2):

- (2A) The Director-General may waive all or part of the application fee referred to in subclause (2) (b).

### **[4] Appendix, clause 53**

Insert after clause 53 (1):

- (1A) For the purposes of section 76 (2) of the Act, the following costs of management are attributed to industry:
  - (a) the cost of developing, reviewing, implementing and ensuring compliance with strategies, policies, and legislation relating to the fishery (including for the purpose of promoting ecologically sustainable development of the fishery),
  - (b) the cost of providing administrative services in connection with the operation of the fishery,
  - (c) the costs incurred in connection with the establishment and operation of the Management Advisory Committee for the fishery,

Fisheries Management Legislation Amendment (Miscellaneous) Regulation  
2006

Amendment of other Fisheries Management legislation

Schedule 2

---

- (d) the costs incurred in connection with the following research (or such part of those costs as may be determined by the Minister):
    - (i) ongoing research into the management and sustainability of the fishery or of commercial fisheries generally,
    - (ii) specific research projects relating to the management and sustainability of the fishery or of commercial fisheries generally,
  - (e) such other costs of management of the fishery as may be determined by the Minister after consultation with the Management Advisory Committee for the fishery.
- (1B) The costs of management attributed to industry may be reduced in any manner the Minister considers appropriate to recognise any saving, or any public benefit or benefit to any other fishing sector, that is achieved in the management of the fishery.

**NOXIOUS WEEDS ACT 1993****WEED CONTROL ORDER No. 20****Order declaring certain plants to be noxious weeds**

I, IAN MACDONALD MLC, Minister for Primary Industries, pursuant to sections 7 and 8 of the Noxious Weeds Act 1993, hereby:

1. revoke all orders made pursuant to section 7 and 8 of the Act and any order revived as a result of this revocation;
2. declare the plants listed in column 1 of Schedules 1, 2, 3, 4 and 5, and alternatively described in columns 2 and 3 of those Schedules, to be noxious weeds;
3. apply the following weed control classes to these plants:
  - a. A weed control class of 1 is applied to all plants listed in Schedule 1;
  - b. A weed control class of 2 is applied to all plants listed in Schedule 2;
  - c. A weed control class of 3 is applied to all plants listed in Schedule 3;
  - d. A weed control class of 4 is applied to all plants listed in Schedule 4;
  - e. A weed control class of 5 is applied to all plants listed in Schedule 5;
4. specify that, in respect of each plant listed in column 1 of Schedules 1, 2, 3, 4 and 5, the land to which the order applies in respect of each such plant is that land described in column 4 of those Schedules opposite the relevant entry in column 1;
5. specify that, in respect of each plant listed in column 1 of Schedules 1, 2, 3, 4 and 5, the control measures that are to be applied to each such plant are as described in column 5 of those Schedules opposite the relevant entry in column 1;
6. specify the control objectives for the plants as follows:
  - a. the control objective for weed control class 1 is to prevent the introduction and establishment of those plants in NSW.
  - b. the control objective for weed control class 2 is to prevent the introduction and establishment of those plants in parts of NSW.
  - c. the control objective for weed control class 3 is to reduce the area and the negative impact of those plants in parts of NSW.
  - d. the control objective for weed control class 4 is to minimise the negative impact of those plants on the economy, community or environment of NSW.
  - e. the control objective for weed control class 5 is to prevent the introduction of those plants into NSW, the spread of those plants within NSW or from NSW to another jurisdiction.

This order commences on 1 September 2006 and will remain in force for a period of five years unless otherwise amended or revoked.

Dated this 30th day of August 2006.

IAN MACDONALD, M.L.C.,  
Minister for Primary Industries

**Schedule 1 – Class 1 Noxious Weeds**

| Common name             | Scientific name   | Alternate scientific name | Area to Which the Weed Control Order Applies | Control measures   | Control Class |
|-------------------------|---|---------------------------|--|--|---------------|
| Anchored water hyacinth | <i>Eichhornia azurea</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Black knapweed          | <i>Centaurea nigra</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Broomrapes              | Orobanche species except the native <i>O. cernua</i> variety <i>australiflora</i> and <i>O. minor</i> |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Chinese violet          | <i>Asystasia gangetica</i> subspecies <i>micrantha</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| East Indian hogweed     | <i>Hydrophyllum polypetala</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Eurasian water milfoil  | <i>Myriophyllum spicatum</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Hawkweed                | <i>Hieracium</i> species  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Horsetail               | <i>Equisetum</i> species  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Hymenachne              | <i>Hymenachne amplexicaulis</i>   |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Karoo thorn             | <i>Acacia karroo</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Kochia                  | <i>Bassia scoparia</i> except <i>B. scoparia</i> subspecies <i>trichophylla</i>                       | <i>Kochia scoparia</i>    | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Lagarosiphon            | <i>Lagarosiphon major</i>   |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Mexican feather grass   | <i>Nassella tenuissima</i>  | <i>Stipa tenuissima</i>   | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Miconia                 | <i>Miconia</i> species  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Mimosa                  | <i>Mimosa pigra</i>   |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Parthenium weed         | <i>Parthenium hysterophorus</i>   |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Pond apple              | <i>Annona glabra</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Prickly acacia          | <i>Acacia nilotica</i>  |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |
| Rubbertvine             | <i>Cryptostegia grandiflora</i>   |                           | Whole of NSW                                 | The plant must be eradicated from the land and the land must be kept free of the plant | 1             |

|                   |  |              |  |
|-------------------|--|--------------|--|
| Senegal tea plant | <i>Gymnocoronis spilanthoides</i>  | Whole of NSW | The plant must be eradicated from the land and the land must be kept free of the plant |
| Siam weed         | <i>Chromolaena odorata</i>   | Whole of NSW | The plant must be eradicated from the land and the land must be kept free of the plant |
| Spotted knapweed  | <i>Centaurea maculosa</i>  | Whole of NSW | The plant must be eradicated from the land and the land must be kept free of the plant |
| Water caltrop     | <i>Trapa</i> species   | Whole of NSW | The plant must be eradicated from the land and the land must be kept free of the plant |
| Water lettuce     | <i>Pistia stratiotes</i>   | Whole of NSW | The plant must be eradicated from the land and the land must be kept free of the plant |

| Wild radish | <i>Raphanus raphanistrum</i> | Wagga Wagga City Council       | The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority | 4 |
| Wild radish | <i>Raphanus raphanistrum</i> | Weddin Shire Council           | The growth and spread of the plant must be controlled according to the measures specified in a management plan published by the local control authority | 4 |

**Schedule 5 - Class 5 Noxious Weeds**

| Common name              | Scientific name   | Alternate scientific name                                | Area to Which the Weed Control Order Applies | Control measures  | Control Class |
|--------------------------|---|--|--|---|---------------|
| African feather grass    | <i>Pennisetum macrostachyon</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| African turnip weed      | <i>Sisymbrium runcinatum</i>  |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| African turnip weed      | <i>Sisymbrium thellungi</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Annual ragweed           | <i>Ambrosia artemisiifolia</i>  |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Arrowhead                | <i>Sagittaria montevidensis</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Artichoke thistle        | <i>Cynara cardunculus</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Athel tree/Athel pine    | <i>Tamarix aphylla</i>  |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Bear-skin fescue         | <i>Festuca scoparia</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Bridal creeper           | <i>Asparagus asparagooides</i>  | <i>Myrsiphyllum asparagooides, Asparagus medeoloides</i> | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Burr ragweed             | <i>Ambrosia confertiflora</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Cabomba                  | <i>Cabomba caroliniana</i>  |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Cayenne snakeweed        | <i>Stachytarpheta cayennensis</i>   | <i>Stachytarpheta urticifolia</i>                        | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Clockweed                | <i>Gaura lindheimeri</i>  |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Clockweed                | <i>Gaura parviflora</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Com sowthistle           | <i>Sonchus arvensis</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Dodder                   | All <i>Cuscuta</i> species except the native species <i>C. australis</i> , <i>C. tasmanica</i> and <i>C. victoriana</i> |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Espartillo               | <i>Achnatherum brachychaetum</i>  | <i>Stipa brachychaetum</i>                               | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Fine-bristled burr grass | <i>Cenchrus brownii</i>   |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |
| Fountain grass           | <i>Pennisetum setaceum</i>  |  | Whole of NSW                                 | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5             |

|                           |   |                            |   |   |   |
|---------------------------|---|----------------------------|---|---|---|
| Gallion's curse           | <i>Cenchrus biflorus</i>  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Glaucous star thistle     | <i>Carthamus glaucus</i>  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Golden thistle            | <i>Scolymus hispanicus</i>  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Lantana                   | <i>Lantana</i> species  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Long-leaf willow primrose | <i>Ludwigia longifolia</i>  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Mexican poppy             | <i>Argemone mexicana</i>  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Mossman River grass       | <i>Cenchrus echinatus</i>   | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Onion grass               | All <i>Romulea</i> species and varieties except <i>R. rosea</i> var. <i>australis</i>   | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Oxalis                    | All <i>Oxalis</i> species and varieties except the native species <i>O. chnoodes</i> , <i>O. exilis</i> , <i>O. perennans</i> , <i>O. radicosa</i> , <i>O. rubens</i> , and <i>O. thompsoniae</i> | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Red rice                  | <i>Oryza rufipogon</i>  | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Sagittaria                | <i>Sagittaria platphylla</i>  | <i>Sagittaria graminea</i> | Whole of NSW  | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5 |
| Sand oat                  | <i>Avena strigosa</i>   | Whole of NSW               | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5   |   |
| Smooth-stemmed turnip     | <i>Brassica barrelieri</i> subspecies <i>oxyrrhina</i>  | <i>Brassica oxyrrhina</i>  | Whole of NSW  | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5 |
| Soldier thistle           | <i>Picnomon acarna</i>  |                            | Whole of NSW  | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5 |
| Texas blueweed            | <i>Helianthus ciliaris</i>  |                            | Whole of NSW  | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5 |
| Willows                   | Salix species except <i>S. babylonica</i> , <i>S. x reichardtii</i> , <i>S. x californicum</i>  |                            | Whole of NSW  | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5 |
| Yellow nutgrass           | <i>Cyperus esculentus</i>   |                            | Whole of NSW  | The requirements in the <i>Noxious Weeds Act 1993</i> for a notifiable weed must be complied with | 5 |
