 - (b) that there are sufficient environmental planning grounds to justify contravening the development standard.
- (5) Consent must not be granted for development that contravenes a development standard unless:
 - (a) the consent authority is satisfied that:
 - (i) the applicant's written request has adequately addressed the matters required to be demonstrated by subclause (4), and

 - (b) the concurrence of the Director-General has been obtained.
- (6) In deciding whether to grant concurrence, the Director-General must consider:

CHARITABLE TRUSTS ACT 1993

Order under Section 12

Cy-Pres Scheme Relating to the
Estate of the Late Samuel Chandler

BY his Will dated 19 April 1971, Samuel Chandler left a gift of the residue of his estate, along with the proceeds of the sale of real estate at Rocky River, to the Foundation for Aboriginal Affairs 'for such purposes of the said Foundation as the managing body thereof may think fit'. There were also two successive rights of residence in the Rocky River property.

The Foundation for Aboriginal Affairs ('FAA') was placed in liquidation in 1976. In 1982, a cy prè scheme was established by the Supreme Court for the distribution of FAA's remaining assets to 12 Aboriginal organisations in specified portions. The Public Trustee became trustee of the estate in 2005 and, following the expiration of the second right of residence in the real property, sold the real property and contents. The value of the estate is approximately \$163,000.00.

The cy prè scheme ordered by the Court in 1982 no longer provides an effective means of using the trust property because many of the organisations which made up that scheme no longer exist. Furthermore, the FAA no longer exists. Other Indigenous organisations have since been established having objects which closely resemble those of the FAA. The Public Trustee has suggested the New South Wales Aboriginal Land Council (NSWALC) as the most appropriate organisation for the cy prè scheme. The objects of NSWALC readily fall within two of the four categories of charities, namely, trusts for the relief of poverty and for other purposes beneficial to the community.

A cy prè scheme whereby the gift is given to NSWALC to be used for any or all of the following purposes has been recommended:

1. Community benefit schemes under section 108 of the Aboriginal Land Rights Act 1993;
2. The Freddy Fricke Scholarship Fund;
3. The maintenance and enhancement of Aboriginal culture, identity and heritage.

The Solicitor General has formed the view that the gift to the FAA is a gift for charitable purposes and approved a recommendation that the Attorney General establish a cy-pres scheme pursuant to section 12(1)(a) of the Charitable Trusts Act 1993 to enable the distribution of the charitable trust funds in accordance with the recommendation.

Therefore, pursuant to section 12 of the Charitable Trusts Act, I hereby order that the gift to the FAA in the Testator's Will be amended cy pres to enable the executors to give the gift to NSWALC for distribution as set out above. Such Order is to take effect 21 days after its publication in the *New South Wales Government Gazette*, in accordance with section 16(2) of the Charitable Trusts Act.

Date of Order: 14 October 2008.

L. BABB, SC,
Acting Solicitor General
(as delegate of the Attorney General)

CHARITABLE TRUSTS ACT 1993

Notice under Section 15

Proposed Scheme Relating to the
Estate of the Late Rose Emma Murphy

ROSE EMMA MURPHY died on 31 December 2004. She had made a will dated 9 January 1999, leaving 50% of the residue of her estate 'to cancer research'. The executor of the will has made application under Part 4 of the Charitable Trusts Act 1993, asking that the Attorney General establish a cy prè scheme in respect of this gift, to the Australian Cancer Research Foundation (ACRF).

Consideration has been given to the question of whether the gift has failed to provide a suitable and effective means of using the trust property. This has not occurred, as the purpose of the gift can still be fulfilled. Rather than a cy prè scheme, an administrative scheme is required for this trust. Given that the organisation suggested by the executor (the ACRF) clearly carries out cancer research and holds on trust and applies money for this purpose, a suitable administrative scheme would be that the relevant share of residuary estate be given to the ACRF to be held on trust and applied for the purpose of cancer research.

The Solicitor General, as delegate of the Attorney General in such matters, has determined that the gift in the will of the late Rose Emma Murphy creates a trust for a valid charitable purpose. Accordingly, the Solicitor General, has approved the establishment of an administrative scheme pursuant to section 12(1)(b) of the Charitable Trusts Act 1993, so as to enable the Australian Cancer Research Foundation to hold funds bequeathed in the will of Rose Emma Murphy on trust for the purpose of cancer research.

Take note that, within one month after the publication of this notice, any person may make representations or suggestions to the Attorney General in respect of the proposed scheme. Enquiries should be made to (02) 9224 5274.

PRACTICE NOTE SC EQ 4

Supreme Court Equity Division - Corporations List

Introduction

1. The purpose of this Practice Note is to explain the operation of the Corporations List, and the hearing arrangements for corporations matters. The Practice Note also contains information about the appointment of liquidators by the court, the use of interlocutory processes and pleadings, and co-operation between the Court and a foreign court on insolvency matters.

Commencement

2. This Practice Note commences on 17 October 2008.

Application

3. This Practice Note applies to new and existing proceedings in, or to be entered in, the Corporations List in the Equity Division.

Definitions

4. In this Practice Note:
Act means the Corporations Act 2001 (Cth);

Corporations matters include proceedings and interlocutory applications that arise out of the Act or the Rules, or seek relief under any of those provisions, and proceedings relating to other incorporated bodies such as co-operatives and incorporated associations;

Cross-Border Insolvency Act means the Cross-Border Insolvency Act 2008 (Cth);

Registrar includes the Registrar in Equity and a Deputy or Assistant Registrar;

Rules means the Supreme Court (Corporations) Rules 1999.

The Corporations Judge

5. A Judge of the Equity Division is assigned to corporations matters as Corporations Judge, on a full-time basis.
6. The names of the Judges designated to be the Corporations Judge from time to time, and their periods of service as Corporations Judge, will be displayed in the Court's Corporations Matters webpage. The webpage will be updated from time to time. A Judge will normally sit as the Corporations Judge for a continuous period of several months.
7. The Corporations Matters webpage contains other information about the Corporations List. Go to <http://www.lawlink.nsw.gov.au/sc> (click on Practice & Procedure on the left-hand side menu and then click on the Corporations Matters page link).

Listing arrangements for corporations matters

(a) The Registrar's Corporations List

8. Corporations matters are usually made returnable in the Registrar's Corporations List (see "Registrar's Lists" in Practice Note SC Eq 1). The List commences at 9.15am each weekday.
9. Routine insolvency proceedings and applications are dealt with by the Registrar. Examinations under Part 5.9 of the Act are heard before a Deputy Registrar. Available dates are posted on the Supreme Court website, on the Corporations Matters webpage.
10. Applications are listed before the Registrar each day, in the Registrar's Corporations List. The Registrar has delegated powers in respect of certain corporations matters (such as the winding up of corporations, leave to proceed against a corporation under external administration (where the claim against the corporation is, or includes, a claim for damages for personal injury), the release of a liquidator and dissolution of a corporation, the reinstatement of a corporation and the determination of a liquidator's remuneration), as well as various procedural matters. Final orders for winding up a corporation, setting aside a winding up order or reinstating a corporation are prepared by the Registry and are sent out in the DX later on the day of hearing.
11. At the commencement of the list, the Registrar deals with referrals. Corporations matters are usually referred to the Corporations Judge, but they may be referred to the Duty Judge or (for routine matters) an Associate Judge if appropriate. Where it is appropriate for a corporations matter to be heard or case managed by a Judge, and the matter is sufficiently ready for that purpose, the Registrar will normally refer the matter to the Corporations Judge in the Monday Corporations List. Urgent corporations matters requiring the attention of a Judge are usually referred to the Corporations Judge.

(b) The Monday Corporations List

12. Corporations matters to be dealt with by a Judge are usually made returnable before the Corporations Judge in the Monday Corporations List. Except in urgent cases, referrals of corporations matters by the Registrar are usually placed in the Monday list.
13. The Monday List operates principally as a callover list for corporations matters, dealing with such matters as general case management, directions for the filing of evidence and resolution of procedural issues.
14. Short procedural applications (for example, disputes about pleadings, discovery, subpoenas and joinder of the parties) will normally be heard in the Monday List, provided that the time estimate is less than two hours, and subject to the other demands of the List. Parties should expect that such applications will proceed on the appointed day and they should prepare accordingly. Where this would assist the Corporations Judge, brief submissions should be sent to his or her Associate in advance, if practicable.
15. Other short applications of two hours or less (for example, liquidators' applications for judicial advice or approval of contracts, termination of winding up, reinstatement of a company (where the matter has been referred to the Judge) and leave to commence a derivative action) will normally come before the Corporations Judge in the Monday List. Such matters may be heard on that day or set down for hearing before the Corporations Judge on other days.
16. If the matter is set down for hearing on another day, directions will normally be given for the provision to the Corporations Judge of working copies of evidentiary materials and written submissions before the hearing. Since it is possible that the matter may be heard forthwith, parties should prepare for hearing on the Monday on which the matter is listed and, where practicable, copies of evidentiary materials and written submissions should be provided to the Corporations Judge's Associate before that day.
17. The Corporations Judge may be assisted on Mondays by another Equity Division Judge.
18. Longer corporations matters (more than two hours) are "case managed" within the Monday Corporations List to prepare them for hearing. When they are ready for hearing they will usually be set down for hearing by the Corporations Judge, although in some cases it may be appropriate to allocate the matter to the Expedition List, the Duty Judge List, the Short Matters List or the General List. As noted above, a Corporations Judge is available on a full-time basis.
19. Long corporations matters (more than three days) will be allocated for hearing by a Judge in the Equity Division after consultation between the Corporations Judge and the Chief Judge in Equity.
20. Since commercial circumstances demand that many corporations matters be heard and resolved swiftly, efforts will be made to allocate a hearing date as soon as practicable after any such matter is ready for hearing. The Court has video-conferencing facilities for corporations matters involving interstate or overseas elements.

- (c) Duty applications in corporations matters
21. The Corporations Judge may be approached on any day for abridgment of service and/or interlocutory relief in urgent corporations matters, in cases that would warrant approaching the Duty Judge in other matters (see "Duty Judge List" in Practice Note SC Eq 1).
 22. The Corporations Judge will be available to hear or give directions in relation to any duty applications at 10:00 a.m. and 2 p.m. each day, or otherwise by arrangement with the Judge's Chambers. See the Court's Corporations Matters webpage for contact particulars.
 23. The Duty Judge or the Registrar may refer duty applications in corporations matters to the Corporations Judge.
- (d) Statutory demand matters
24. Statutory demand matters, like other corporations matters, are usually returnable in the Registrar's Corporations List. When the Registrar forms the view that the matter is ready for trial, it is referred to the Monday Corporations List.
 25. If satisfied that the matter is ready for hearing, the Corporations Judge sets it down for hearing, either before himself or herself, or another Judge, or an Associate Judge.

Appointment of liquidators by the Court

26. The following arrangements apply to the appointment of a liquidator:
 - the Registrar maintains a list of registered official liquidators who have consented in writing to accept all appointments as liquidator made by the Court. This list is sorted alphabetically by firm for liquidators located in metropolitan Sydney, and by individuals located in regional centres;
 - the plaintiff in winding-up proceedings may nominate for appointment a registered official liquidator whose name appears in the Court's list. A nomination is effected by filing with the originating process a consent in Form 8 of the Rules, signed by the nominee, certifying that he or she is not aware of any conflict of interest or duty and making proper disclosure of fee rates, and serving it in accordance with Rule 5.5(3)(b);
 - the Court appoints the plaintiff's nominee in the normal case, but is not obliged to do so. An obvious ground for the Court declining to appoint the plaintiff's nominee is that the Court considers there is an actual or potential conflict between the duties of a liquidator and the nominee's personal interest or some other duty (for example, a person who has acted as receiver and manager of the company for a secured creditor will almost never be appointed liquidator);
 - unless the consent in proper form of a registered official liquidator whose name appears in the Court's list is filed with the originating process for winding up, the Registry will select a liquidator by rotation from the Court's list. The plaintiff must obtain the consent in proper form of the liquidator selected by the Court, and file and serve that consent in accordance with Rule 5.5(3);

- if the liquidator declines to consent to the appointment (which the liquidator may do, after having given his or her consent to accept all court appointments, only on grounds such as conflict of interest), the plaintiff must:
 - nominate a registered official liquidator, whose name appears on the Court's list, by filing and serving the liquidator's consent in accordance with Rule 5.5(3); or
 - approach the Registry for selection of another liquidator by rotation, and then file and serve that liquidator's consent in accordance with Rule 5.5(3).

Interlocutory Process and Pleadings

27. Rule 2.2(1) provides as follows:

'Unless these Rules otherwise provide, a person must make an application required or permitted by the Corporations Act to be made to the Court:

 - (a) if the application is not made in a proceeding already commenced in the Court – by filing an originating process; and
 - (b) in any other case, and whether final or interlocutory relief is claimed - by filing an interlocutory process.'
28. The words, 'and whether final or interlocutory relief is claimed', were inserted with effect from 24 June 2005.
29. The purpose of that amendment is to make it clear that the form of interlocutory process under the Rules (Form 3) is required to be used where subparagraph 2.2(1)(b) applies, even where final relief is claimed. Leaving aside the originating process and any amended originating process, all claims for relief properly brought forward in a proceeding already on foot, to which the Rules apply, are required to be made by interlocutory process.
30. Two examples of claims for final relief which are required to be brought by interlocutory process are:
 - (a) a claim by a defendant which would, if the general rules of court applied, be brought by way of cross-claim;
 - (b) a claim by the Commissioner of Taxation under s 588FGA(4) of the Act (see *Condon v Commissioner of Taxation* [2004] NSWSC 481).
31. Where a claim for final relief has been made in a proceeding to which the Rules apply, whether the claim is made by originating process or by interlocutory process, any subsequent application for an order for pleadings should be made by interlocutory process. Where a claim for final relief is to be made in a contemplated proceeding to which those Rules will apply, an application for an order for pleadings may be made either in the originating process, or by an accompanying interlocutory process. An originating or interlocutory process should not be amended so as to be converted into a pleading.

Cross-Border Insolvency Act

32. Co-operation between the Court and a foreign court or representative under article 25 of the Model Law in a particular case should generally occur within a framework proposed by the parties and approved by the Court. In formulating a proposed framework, parties should have regard to the Guidelines Applicable to Court-to-Court Communication in Cross-Border Cases published by The

American Law Institute and The International Insolvency Institute and available at www.ali.org/doc/Guidelines.pdf.
