CONTAMINATED LAND MANAGEMENT ACT 1997

Environment Protection Authority

Declaration of significantly contaminated land

(Section 11 of the
Contaminated Land Management Act 1997)

Declaration Number 20091110; Area Number 3273

THE Environment Protection Authority (EPA) declares the following land to be significantly contaminated land under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")

This declaration applies to 395 Gardeners Road, Rosebery NSW 2018 (described as Lot 1 in DP 75748), in the local government area of City of Botany Bay Council. A map of the site is available for inspection at the offices of the Department of the Environment, Climate Change and Water, Level 15, 59 Goulburn Street, Sydney NSW 2000.

2. Nature of contamination affecting the site:

The EPA has found that the site is contaminated with the following substances ("the contaminants"):

- Total Petroleum Hydrocarbons (TPH); and
- Benzene, Toluene, Ethyl benzene and Xylenes (BTEX).

In particular the EPA has found:

- Elevated concentrations of TPH and BTEX compounds in groundwater on-site; and
- Elevated concentrations of BTEX within the indoor air of the adjacent residential apartment.

3. Nature of harm that the contaminants may cause:

The EPA has considered the matters in section 12 of the Act and has determined that the land is contaminated and that the contamination is significant enough to warrant regulation under the Act. Particularly, the EPA has determined that the contamination has degraded the environment (soil, groundwater and air) and has the potential to affect human health.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of voluntary management of the site and any person may submit a voluntary management proposal for the site to the EPA. If the proposal satisfies the requirements of section 17 of the Act the EPA may agree not to issue a management order to the person or persons bringing the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a management order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager Contaminated Sites
Department of Environment, Climate Change
and Water
PO Box A290
Sydney South NSW 1232

or faxed to (02) 9995 5930
by no later than 15 February 2010.

NIALL JOHNSTON,
Manager Contaminated Sites,
Department of Environment, Climate Change and Water
Date: 15 January 2010.

NOTE:

Management order may follow

If management of the site or part of the site is required, the EPA may issue a management order under section 14 of the Act.

Amendment/Repeal

This declaration may be amended or repealed. It remains in force until it is otherwise amended or repealed. The subsequent declaration must state the reasons for the amendment or repeal (section 44 of the Act).

Information recorded by the EPA

Section 58 of the Act requires the EPA to maintain a public record. A copy of this significantly contaminated land declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to section 149 (2) of the Environmental Planning and Assessment Act that the land is declared significantly contaminated land. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the section 149 (2) certificate is no longer required.

Relationship to other regulatory instrument

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.

CO-OPERATIVES ACT 1992

Notice Under Section 601AB (2) (c) of the
Corporations Act 2001 as Applied by Section 325 of the
Co-operatives Act 1992

NOTICE is hereby given that the Co-operative mentioned below will be deregistered when two months have passed since the publication of this notice:
