FERTILISERS ACT 1985

Instrument of Authorisation

I, KATRINA HODGKINSON, M.P., Minister for Primary Industries, in pursuance of section 23 (2) of the Fertilisers Act 1985 (“the Act”), hereby authorise Michael Leslie THOMPSON to exercise all the functions of an inspector for the purposes of the Act.

Dated this 6th day of September 2011.

KATRINA HODGKINSON, M.P.,
Minister for Primary Industries

FISHERIES MANAGEMENT ACT 1994

Section 8 and section 11 Notification – Fishing Closure

QX Disease

I, DR GEOFF ALLAN, Acting Principal Director, Fisheries, with the delegated authority of the Minister for Primary Industries and the Director-General pursuant to sections 227 and 228 of the Fisheries Management Act 1994 (“the Act”), do by this notification:

1. pursuant to section 11 of the Act revoke the fishing closure notification titled “Fishing Closure QX Disease” published in *New South Wales Government Gazette* No. 87 on 11 July 2008, at pages 6994-6996 and any fishing closure notification revived as a result of this revocation; and
2. pursuant to section 8 of the Act prohibit the taking of oysters for movement from an estuary within the waters described in Column 1 of Schedule 1 to this notification to another estuary except in accordance with the conditions specified opposite in Column 2 of Schedule 1.

For the purposes of this notification, the term “taking of oysters for movement” does not include the taking of

oysters destined for direct sale for human consumption (i.e. packaged, purified, market grade oysters, consigned to a wholesaler or retailer) BUT DOES INCLUDE the taking of oysters for the purpose of relocating and relaying oysters between estuaries.

SCHEDULE 1

In this Schedule:

Category 1 Estuary means the Richmond River, Clarence River, Macleay River, Bellinger River, Kalang River, Hawkesbury River and Georges River

Category 2 Estuary means the Tweed River and Brunswick River

Category 3 Estuary means all oyster producing estuaries in NSW other than a Category 1 Estuary or a Category 2 Estuary.

A reference to an estuary includes a reference to all creeks, rivers, lakes, lagoons and tributaries flowing into or from that estuary.

<i>Column 1 Waters</i>	<i>Column 2 Conditions</i>
Category 1 Estuaries	The taking of oysters for the purposes of movement between Category 1 Estuaries is permitted.
Category 2 Estuaries	The taking of oysters for the purposes of movement between Category 2 Estuaries is permitted. The taking of oysters for the purposes of movement to a Category 1 Estuary is permitted. The taking of oysters for the purposes of movement to a Category 3 Estuary is permitted only if all leaseholders in the Category 3 Estuary agree to accept the oysters from that Category 2 Estuary under a risk minimisation strategy approved by me. Note: Where a Category 3 Estuary has accepted oysters from a Category 2 Estuary, it is proposed that that Category 3 Estuary will be elevated to Category 2 Estuary.

NOTE:

1. The taking of oysters from a Category 1 Estuary or a Category 2 Estuary is also subject to a Quarantine Order made under section 183 of the Act.
2. The taking of oysters for the purposes of movement is also subject to the provisions of the Pacific Oyster closure and any other oyster closure established under the Fisheries Management Act 1994. The Pacific Oyster closure includes requirements regarding the Oyster Shipment Logbook System.
3. For clarification, this fishing closure does not prohibit the movement of oysters within an individual estuary and does not prohibit the movement of oysters from a Category 3 Estuary.

This fishing closure notification takes effect on publication in the *NSW Government Gazette* and remains in force for a period of five (5) years.

Dated this 14th day of September 2011

Requirements for Design Registration for Gas Detection
and Monitoring Plant and Items

I, ROBERT REGAN, Chief Inspector under the Coal Mine Health and Safety Act 2002 (the Act), pursuant to clause 107 (2) (ii) of the Occupational Health and Safety Regulation 2001 (the Regulation), by this notice:

1. Revoke the notice titled “Requirements for design registration for gas detection and monitoring plant and items” published in *New South Wales Government Gazette* No. 75 of 22 May 2009, at pages 2309-2310, and
2. Specify in the Schedule the standards that must be met for registration of a plant design for portable or hand-held plant or items used to determine or monitor the presence of gases for the purposes of the Act and used in underground mines at a coal workplace.

In this notice, “items used to determine or monitor the presence of gases” include gas detection and monitoring equipment of fixed installations, installations on mobile or transportable plant and within a mine, excluding tube bundle systems when the analyser is installed on the surface.

SCHEDULE

1. Design and Performance Requirements

- 1.1 The following tests must be carried out prior to design registration. The design registration will only remain valid for gas detection and monitoring plant and items manufactured during a set period, typically five (5) years, and where there is no change in the design or change in the location or method of manufacture. Should the manufacture of design registered plant be required beyond the set registration period, a further application will be required and the application is to be accompanied with a further review of the plant with the currency of gazetted requirements and associated compliance standard.

Note: Electrically powered gas detection and monitoring plant and items that are required for use in the hazardous zone must also be of a gazetted type under clause 19 (1) (c) of the Coal Mine Health and Safety Regulation 2006.

1.2 Flammable gas detection and monitoring plant and items

Only flammable gas detection and monitoring plant and items that conform to the following requirements in respect to construction and performance shall be considered suitable for design registration and permitted for use underground at a coal workplace. Flammable gas detection and monitoring plant must:

- (a) Conform to AS/NZS 60079.29.1:2008 Electrical apparatus for the detection and measurement of flammable gases Part 1: General requirements and test methods with the exception of clause 5.4.24.2 other gases; and
- (b) Conform to the requirements of the following additional test criteria:
 - (i) Poisons (additional to AS/NZS 60079.29.1 clause 5.4.24.1)
 - (1) The apparatus shall be exposed to a volume fraction of 2% methane in air mixture containing a volume fraction of 50ppm hydrogen sulphide for 20 minutes for continuous duty apparatus or 100 tests for spot reading apparatus. The following minimum acceptable performance requirements must be achieved:
 - (A) For apparatus indicating zero to five percent methane, the variation in indication from the standard test gas concentration shall not exceed a volume fraction $\pm 0.2\%$ methane.
 - (B) For apparatus indicating zero to one hundred percent methane, the variation in indication from the standard test gas concentration shall not exceed a volume fraction $\pm 0.3\%$ methane.
 - (ii) Effect of Other Gases (replaces AS/NZS 60079.29.1 clause 5.4.24.2)
 - (1) Apparatus indicating up to a volume fraction of 5% methane in air shall be tested separately with the following gas mixtures:

- (A) A methane volume fraction of the standard test gas + a volume fraction of 13% oxygen (O₂) in nitrogen,
- (B) A methane volume fraction of the standard test gas + a volume fraction of 5% carbon dioxide (CO₂) in air,
- (C) A methane volume fraction of the standard test gas + a volume fraction of 200ppm ethane (C₂H₆) in air,
- (D) A methane volume fraction of the standard test gas + a volume fraction of 0.1% carbon monoxide (CO) in air,
- (E) A methane volume fraction of the standard test gas + a volume fraction of 25ppm nitric oxide (NO) in air,
- (F) A methane volume fraction of the standard test gas + a volume fraction of 10ppm nitrogen dioxide (NO₂) in air.

The variation in indication from the standard test gas concentration shall not exceed a volume fraction of:

- (i) $\pm 0.1\%$ methane for a test gas concentration less than or equal to 1% methane, or
- (ii) $\pm 10\%$ of test gas concentration or $\pm 5\%$ of the full scale measuring range whichever is the least for a test gas concentration greater than 1% methane

- (2) Apparatus indicating up to a volume fraction of 100% methane shall be tested separately with the following gas mixtures:

- (A) A methane volume fraction of the standard test gas + a volume fraction of 6.5% oxygen (O₂) in nitrogen,
- (B) A methane volume fraction of the standard test gas + a volume fraction of 5% carbon dioxide (CO₂) in nitrogen,
- (C) A methane volume fraction of the standard test gas + a volume fraction of 0.5% ethane (C₂H₆) in nitrogen,
- (D) A methane volume fraction of the standard test gas + a volume fraction of 0.1% carbon monoxide (CO) in air,
- (E) A methane volume fraction of the standard test gas + a volume fraction of 25ppm nitric oxide (NO) in air,
- (F) A methane volume fraction of the standard test gas + a volume fraction of 10ppm nitrogen dioxide (NO₂) in air.

The variation in indication from the standard test gas concentration shall not exceed a volume fraction of:

- (i) $\pm 0.3\%$ methane for a test gas concentration less than or equal to 3% methane, or
- (ii) $\pm 10\%$ of test gas concentration or $\pm 5\%$ of the full scale measuring range whichever is the least for a test gas concentration greater than 1% methane

- (3) The standard test gas is as defined in AS/NZS 60079.29.1 clause 5.3.3. The tolerances on the volume fraction of each component shall be within $\pm 10\%$ of its nominal concentration.

1.3 Oxygen detection and monitoring plant and items

Only oxygen detection and monitoring plant and items that conform to AS/NZS 4641:2007 Electrical apparatus for detection of oxygen and other gases and vapours at toxic levels in respect to construction and performance shall be considered suitable for design registration and permitted for use underground at a coal workplace.

1.4 Toxic gas detection and monitoring plant and items

Only toxic gas detection and monitoring plant and items that conform to AS/NZS 4641:2007 Electrical apparatus for detection of oxygen and other gases and vapours at toxic levels in respect to construction and performance shall be considered suitable for design registration and permitted for use underground at a coal workplace.

2. Testing Requirements

2.1 All testing must be carried out by:

- (a) A laboratory in Australia that is accredited by the National Association of Testing Authorities Australia (NATA), or
- (b) An equivalent organisation acceptable to the Chief Inspector.

3. Registration Assessment

3.1 The following documents (or documents containing the following information) must be provided for assessment with the application under clause 107 of the Regulation for registration of plant design:

- (a) Testing certificate(s), accredited by NATA or by an otherwise acceptable equivalent, for each test design and performance criteria stipulated in Part 1 of the schedule above,
- (b) All supporting documentation specified in test certificate(s) that was used for product identification and performance evaluation,
- (c) Apparatus operating instructions,
- (d) Apparatus life cycle (within the meaning of the Coal Mine Health and Safety Regulation 2006) maintenance instructions.
- (e) Where the plant is of a type as gazetted under clause 19 (1) (c) of the Coal Mine Health and Safety Regulation 2006:

- (i) A copy of the Certificate of Conformity or Approval,
- (ii) A copy of the test report(s) referenced in the Certificate of Conformity or Approval, and
- (iii) A copy of all the drawings referenced in the test report(s).

Dated this 5th day of September 2011.

ALTERATION OF PURPOSE/CONDITIONS OF A WESTERN LANDS LEASE

IT is hereby notified that in pursuance of the provisions of section 18J, Western Lands Act 1901, the purpose and conditions of the undermentioned Western Lands Lease have been altered as shown.

KATRINA HODGKINSON, M.P.,
Minister for Primary Industries

*Administrative District – Balranald; Shire – Balranald;
Parish – Mevna; County – Caira*

The purpose/condition of Western Lands Lease 3046, being the land contained within Folio Identifier 4835/762297 has been altered from "Grazing" to "Grazing and Cultivation (Dryland)" effective from 13 September 2011.

As a consequence of the alteration of purpose and conditions rent will be assessed annually in line with the Western Lands Act 1901 and Regulations.

The conditions previously annexed to Western Lands Lease 3046 have been revoked and the following conditions have been annexed thereto.

CONDITIONS AND RESERVATIONS ATTACHED TO WESTERN LANDS LEASE No. 3046

(1) In the conditions annexed to the lease, the expression "the Minister" means the Minister administering the Western Lands Act 1901, and any power, authority, duty or function conferred or imposed upon the Minister by or under those conditions may be exercised or performed either by the Minister or by such officers of the Land and Property Management Authority as the Minister may from time to time approve.

(2) In these conditions and reservations the expression "the Commissioner" means the Commissioner charged with the administration of the Western Lands Act 1901 ("the Act") in accordance with section 4(2) of the Act.

(3) (a) For the purposes of this clause the term Lessor shall include Her Majesty the Queen Her Heirs and Successors the Minister and the agents servants employees and contractors of the Lessor Her Majesty Her Majesty's Heirs and Successors and the Minister.

(b) The lessee covenants with the Lessor to indemnify and keep indemnified the Lessor from and against all claims for injury loss or damage suffered by any person or body using or being in or upon the Premises or any adjoining land or premises of the Lessor arising out of the Holder's use of the Premises and against all liabilities for costs charges and expenses incurred by the Lessor in respect of the claim of any such person or body except to the extent that any such claims and demands arise wholly from any negligence or wilful act or omission on the part of the Lessor.

(c) The indemnity contained in this clause applies notwithstanding that this Lease authorised or required the lessee to undertake or perform the activity giving rise to any claim for injury loss or damage.

(d) The lessee expressly agrees that the obligations of the Holder under this clause shall continue after the expiration or sooner determination of this Lease in respect of any act deed matter or thing occurring before such expiration or determination.

- (4) The rent of the lease shall be assessed in accordance with Part 6 of the Western Lands Act 1901.
- (5) The rent shall be due and payable annually in advance on 1 July in each year.
- (6) (a) "GST" means any tax on goods and/or services, including any value-added tax, broad-based consumption tax or other similar tax introduced in Australia.
 "GST law" includes any Act, order, ruling or regulation, which imposes or otherwise deals with the administration or imposition of a GST in Australia.
- (b) Notwithstanding any other provision of this Agreement:
- (i) If a GST applies to any supply made by either party under or in connection with this Agreement, the consideration provided or to be provided for that supply will be increased by an amount equal to the GST liability properly incurred by the party making the supply.
- (ii) If the imposition of a GST or any subsequent change in the GST law is accompanied by or undertaken in connection with the abolition of or reduction in any existing taxes, duties or statutory charges (in this clause "taxes"), the consideration payable by the recipient of the supply made under this Agreement will be reduced by the actual costs of the party making the supply that are reduced directly or indirectly as a consequence of the abolition of or reduction in taxes.
- (7) The lessee must pay all rates and taxes assessed on or in respect of the land leased during the currency of the lease.
- (8) The lessee must hold and use the land leased bona fide for the lessee's own exclusive benefit and must not transfer, convey or assign the land or any portion thereof without having first obtained the written consent of the Minister.
- (9) The lessee must not enter into a sublease of the land leased unless the sublease specifies the purpose for which the land may be used under the sublease, and it is a purpose which is consistent with the purpose for which the land may be used under this lease.
- (10) If the lessee enters into a sublease of the land leased, the lessee must notify the Commissioner of the granting of the sublease within 28 days after it is granted.
- (11) The land leased must be used only for the purpose of Grazing and Cultivation (Dryland).
- (12) The lessee must maintain and keep in reasonable repair all improvements on the land leased during the currency of the lease and shall permit the Minister or the Commissioner or any person authorised by the Minister or the Commissioner at all times to enter upon and examine the whole or any part of the land leased and the buildings or other improvements thereon.
- (13) All minerals within the meaning of the Mining Act 1992, and all other metals, gemstones and semiprecious stones, which may be in, under or upon the land leased are reserved to the Crown and the lessee shall permit any person duly authorised in that behalf to enter upon the land leased and search, work, win and remove all or any minerals, metals, gemstones and semiprecious stones in, under or upon the land leased.
- (14) Mining operations may be carried on, upon and in the lands below the land leased and upon and in the lands adjoining the land leased and the lands below those lands and metals and minerals may be removed therefrom and the Crown and any lessee or lessees under any Mining Act or Acts shall not be subject to any proceedings by way of injunction or otherwise in respect of or be liable for any damage occasioned by the letting down, subsidence or lateral movement of the land leased or any part thereof or otherwise by reason of the following acts and matters, that is to say, by reason of the Crown or any person on behalf of the Crown or any lessee or lessees, having worked now or hereafter working any mines or having carried on or now or hereafter carrying on mining operations or having searched for, worked, won or removed or now or hereafter searching for, working, winning or removing any metals or minerals under, in or from the lands lying beneath the land leased or any part thereof, or on, in, under or from any other lands situated laterally to the land leased or any part thereof or the lands lying beneath those lands, and whether on or below the surface of those other lands and by reason of those acts and matters or in the course thereof the Crown reserves the liberty and authority for the Crown, any person on behalf of the Crown and any lessee or lessees from time to time to let down without payment of any compensation any part of the land leased or of the surface thereof.
- (15) The lessee must comply with the provisions of the Local Government Act 1993, and of the ordinances made thereunder.
- (16) The lessee must comply with the provisions of the Water Management Act 2000 and any regulations made in pursuance of that Act.
- (17) The lessee must not erect or permit any person to erect any buildings or extend any existing buildings on the land leased except to the satisfaction of the Commissioner.
- (18) The lessee must ensure that the land leased is kept in a neat and tidy condition to the satisfaction of the Commissioner and not permit refuse to accumulate on the land.
- (19) Upon termination or forfeiture of the lease the Commissioner may direct that the former lessee remove any structure or material from the land at his own cost and without compensation. Where such a direction has been given the former lessee must leave the land in a clean and tidy condition free from rubbish and debris.
- (20) The lessee must, within 1 year from the date of commencement of the lease or such further period as the Commissioner may allow, enclose the land leased, either separately or conjointly with other lands held in the same interest, with a suitable fence to the satisfaction of the Commissioner.
- (21) The lessee must not obstruct or interfere with any reserves, roads or tracks on the land leased, or the lawful use thereof by any person.

- (22) The lessee must erect gates on roads within the land leased when and where directed by the Commissioner for public use and must maintain those gates together with approaches thereto in good order to the satisfaction of the Commissioner.
- (23) The right is reserved to the public of free access along the bank of any watercourse adjoining the land leased and the lessee must not obstruct access or passage by any member of the public to or along the bank.
- (24) Any part of a reserve for travelling stock, camping or water supply within the land leased must, during the whole currency of the lease, be open to the use of bona fide travellers, travelling stock, teamsters and carriers without interference or annoyance by the lessee and the lessee must post in a conspicuous place on the reserve a notice board indicating for public information the purpose of such reserve and, in fencing the land leased, the lessee must provide gates and other facilities for the entrance and exit of travelling stock, teamsters and others. The notice board, gates and facilities must be erected and maintained to the satisfaction of the Commissioner. The lessee must not overstock, wholly or in part, the areas leased within the reserve, the decision as to overstocking resting with the Commissioner.
- (25) The Crown shall not be responsible to the lessee or the lessee's successors in title for provision of access to the land leased.
- (26) The lessee must comply with the provisions of the Native Vegetation Act 2003 and any regulations made in pursuance of that Act.
- (27) The lessee must comply with requirements of section 18DA of the Western Lands Act 1901 which provides that except in circumstances referred to in subsection (3) of that section, cultivation of the land leased or occupied may not be carried out unless the written consent of the Authority has first been obtained and any condition to which the consent is subject under sub section (6) is complied with.
- (28) Notwithstanding any other condition annexed to the lease, the lessee must, in removing timber for the purpose of building, fencing or firewood, comply with the routine agricultural management activities listed in the Native Vegetation Act 2003.
- (29) The lessee must not interfere with the timber on any of the land leased which is within a State forest, timber reserve or flora reserve unless authorisation has been obtained under the provisions of the Forestry Act 1916 and must not prevent any person or persons duly authorised in that behalf from taking timber on the land leased. The lessee shall not have any property right in the timber on the land leased and must not ringbark, kill, destroy or permit the killing or destruction of any timber unless authorised under the Forestry Act 1916 or unless approval has been issued in accordance with the Native Vegetation Act 2003, but the lessee may take such timber as the lessee may reasonably require for use on the land leased, or on any contiguous land held in the same interest, for building, fencing or firewood.
- (30) The lessee must, as the Commissioner may from time to time direct, foster and cultivate on the land leased such edible shrubs and plants as the Commissioner may consider can be advantageously and successfully cultivated.
- (31) Whenever so directed by the Commissioner, the lessee must, on such part or parts of the land leased as shall be specified in the direction, carry out agricultural practices, or refrain from agricultural practices, of such types and for such periods as the Commissioner may in the direction specify.
- (32) The lessee must not overstock, or permit or allow to be overstocked, the land leased and the decision of the Commissioner as to what constitutes overstocking shall be final and the lessee must comply with any directions of the Commissioner to prevent or discontinue overstocking.
- (33) The lessee must, if the Commissioner so directs, prevent the use by stock of any part of the land leased for such periods as the Commissioner considers necessary to permit of the natural reseeding and regeneration of vegetation and, for that purpose, the lessee must erect within the time appointed by the Commissioner such fencing as the Commissioner may consider necessary.
- (34) The lessee must furnish such returns and statements as the Commissioner may from time to time require on any matter connected with the land leased or any other land (whether within or outside the Western Division) in which the lessee has an interest.
- (35) The lessee must, within such time as may be specified by the Commissioner take such steps and measures as the Commissioner shall direct to destroy vermin and such animals and weeds as may, under any Act, from time to time be declared (by declaration covering the land leased) noxious in the Gazette and must keep the land free of such vermin and noxious animals and weeds during the currency of the lease to the satisfaction of the Commissioner.
- (36) The lessee must not remove or permit any person to remove gravel, stone, clay, shells or other material for the purpose of sale from the land leased unless the lessee or the person is the holder of a quarry license under regulations made under the Crown Lands Act 1989 or, in respect of land in a State forest, unless the lessee or the person is the holder of a forest materials licence under the Forestry Act 1916, and has obtained the special authority of the Minister to operate on the land, but the lessee may, with the approval of the Commissioner, take from the land such gravel, stone, clay, shells or other material for building and other purposes upon the land as may be required by the lessee.
- (37) The lessee must ensure that cultivation and associated activities do not interfere with any road formation within the allowable area.
- (38) Access tracks to the area to be cultivated must be arranged in such a manner as to minimise the disturbance of any land surfaces within the areas required to be left uncultivated to comply with the conditions of this consent.
- (39) The lessee must ensure incised drainage lines, other than man-made structures, which carry water after storms are left uncultivated in the channels and for a distance of at least 20 metres on either side of the banks of the channels, except when the Commissioner specifies otherwise.

- (40) The lessee must establish windbreaks at his/her own expense, as may be ordered by the Western Lands Commissioner to provide adequate protection of the soil.
- (41) The lessee must ensure that stubble is retained on the soil surface and must not be burnt, except with the approval of the Commissioner or his delegate. Where such approval is granted, stubble burning is to be carried out with the approval as per requirements of the NSW Rural Fire Services.
- (42) The lessee must undertake any appropriate measures, at his/her own expense, ordered by the Commissioner to rehabilitate any degraded cultivated areas.
- (43) The lessee must ensure that sandhills and other soils with a surface texture of loamy sand or coarser are left uncultivated unless specifically approved by the commissioner.
- (44) The lessee must ensure land within 60 metres of any texture contrast or duplex soil area remains uncultivated except in accordance with a plan approved by the Commissioner. Texture contrast (or duplex) soils are soil types which have a sandy to loamy topsoil abruptly overlying a clay subsoil and are prone to scolding (producing claypans and hummocks).
- (45) The lessee must ensure that areas with a slope greater than 2% remain uncultivated until any soil conservation measures documented in a plan approved by the Commissioner have been implemented at the lessee's expense.
- (46) The lessee must ensure that Cultivation and cropping do not alter the natural flood regime or obstruct the reasonable passage of floodwaters. Crops are not to be protected by levees.
- (47) The lessee must only conduct Dryland Cultivate of 466 ha shown hatched on the diagram hereunder. Cultivation is permitted over the whole area shown hatched unless the commissioner has required that specific areas remain uncultivated.
- (48) The cultivation area partly covers Travelling Stock Reserves (TSR) 360 and 360A and suitable arrangements must be made with the relevant Livestock Health and Pest Authority (LHPA) prior to commencement of any development. If suitable arrangements cannot be made with LHPA, the matter will be determined by the Western Lands Commissioner.

ALTERATION OF PURPOSE/CONDITIONS OF A WESTERN LANDS LEASE

IT is hereby notified that in pursuance of the provisions of section 18J, Western Lands Act 1901, the purpose and conditions of the undermentioned Western Lands Lease have been altered as shown.

KATRINA HODGKINSON, M.P.,
Minister for Primary Industries

*Administrative District – Wentworth; Shire – Wentworth;
Parish of Tugima; County of Wentworth*

The purpose/conditions of Western Lands Lease 10615, being the land contained within Folio Identifiers 27/756989 and 5142/720089 have been altered from “Mixed Farming” to “Mixed Farming & Conservation” effective from 13 September 2011.

As a consequence of the alteration of purpose and conditions rent will be assessed annually in line with the Western Lands Act 1901 and Regulations.

SPECIAL CONDITIONS ATTACHED TO WESTERN LANDS LEASE No. 10615

- (1) The lessee shall within 3 months from the date of addition of these conditions to the lease erect and maintain to the satisfaction of the Commissioner a stockproof fence around that part of the leased land as indicated by cross-hatching on the diagram below totalling 248 ha of Conservation area.
- (2) The lessee shall ensure that during the term of the lease all domestic stock is excluded from that part of the lease specified in condition (1 above).
- (3) The lessee shall not clear any vegetation or remove any timber, fallen logs or rocks within the land leased unless written approval has been granted by either the Commissioner or Minister.
- (4) The land leased must be used only for the purpose of Mixed farming and Conservation.

WATER

WATER MANAGEMENT ACT 2000

Repeal of suspension of Water Sharing Plan for the Macquarie and Cudgegong Regulated Rivers Water Source Order 2011 under the Water Management Act 2000

I, the Minister for Primary Industries, in pursuance of section 49A of the Water Management Act 2000, make the following Order.

Dated this 19th day of August 2011.

KATRINA HODGKINSON, M.P.,
Minister for Primary Industries

Explanatory note

Section 49A of the Water Management Act 2000, provides that the Minister may, by order published in the *New South Wales Government Gazette*, suspend the operation of any management plan, either in whole or in part, if satisfied that there is a severe water shortage in relation to that or any other water management area or water source. The purpose of this Order is to recommence the operation of the Water Sharing Plan for the Macquarie and Cudgegong Regulated Rivers Water Source 2003 which was suspended on 27 July 2004. Pursuant to Clause 73 of Schedule 9 to the Act, an order made under the former section 60 (2) of the Water Management Act 2000, is taken to have been made under section 49A of that Act. The concurrence of the Minister for the Environment was obtained prior to the making of this Order.

1. Name of Order

This Order is the Repeal of suspension of Water Sharing Plan for the Macquarie and Cudgegong Regulated Rivers Water Source Order 2011.

2. Commencement

This Order commences on the day on which it is published in the *New South Wales Government Gazette*.

3. Repeal

This Order repeals the order made under section 49A of the Water Management Act 2000, dated 28th June 2007 and published in the *New South Wales Government Gazette* No. 94 at page 4902 on 27th July 2007, which suspended the operation of the Water Sharing Plan for the Macquarie and Cudgegong Regulated Rivers Water Source 2003.

WATER MANAGEMENT ACT 2000

Repeal of suspension of Water Sharing Plan for the Lachlan Regulated River Water Source Order 2011 under the Water Management Act 2000

I, the Minister for Primary Industries, in pursuance of section 49A of the Water Management Act 2000, make the following Order.

Dated this 19th day of August 2011.

KATRINA HODGKINSON, M.P.,
Minister for Primary Industries

Explanatory note

Section 49A of the Water Management Act 2000, provides that the Minister may, by order published in the *New South Wales Government Gazette*, suspend the operation of any management plan, either in whole or in part, if satisfied that there is a severe water shortage in relation to that or any other water management area or water source. The purpose of this Order is to recommence the operation of the Water Sharing Plan for the Lachlan Regulated River Water Source 2003 which was suspended on 1 July 2004. Pursuant to Clause 73 of Schedule 9 to the Act, an order made under the former section 60 (2) of the Water Management Act 2000, is taken to have been made under section 49A of that Act. The concurrence of the Minister for the Environment was obtained prior to the making of this Order.

NATIONAL PARKS AND WILDLIFE ACT 1974

Tuggerah Lakes Resting Place Aboriginal Place

IN pursuance of the powers vested in me under section 84 of the National Parks and Wildlife Act 1974, I, the Minister for the Environment, do, by this my order, declare such of the lands described hereunder as an Aboriginal Place. The place shall be known as Tuggerah Lakes Resting Place Aboriginal Place.

It is my opinion that this place is or was of special significance to Aboriginal culture. The values for which the Aboriginal Place is significant to Aboriginal culture includes that Aboriginal burials are among the most significant of Aboriginal sites to the Aboriginal community today. In addition the Tuggerah Lakes Resting Place holds special value to the Central Coast Aboriginal community as a designated area to be utilised for the future burial of ancestral remains and cultural materials that may be repatriated to the Aboriginal community from institutions such as museums and universities.

Activities which might harm or desecrate this Aboriginal Place include, but are not limited to, the following: the erection of a building in the area; the carrying out of a work in, on or under the area; the subdivision of the area; and the clearing of native vegetation in the area.

Should any activities that may cause harm (harm includes destroy, deface or damage) to this Aboriginal Place be contemplated, consent should be sought from the Director General of the Department of Premier and Cabinet. Activities

or works for the conservation or protection of the Aboriginal Place that are carried out by an officer of the Office of Environment and Heritage or under the direction of such an officer, in accord with section 87A (a) of the Act may be exempt.

ROBYN PARKER M.P.,
Minister for the Environment

PORTS AND MARITIME ADMINISTRATION REGULATION 2007

Order Setting and Amending Mandatory Standards

I, Grant Gilfillan, Chief Executive Officer of Sydney Ports Corporation, in my capacity as the delegate of the Minister for Ports and Roads, do under authority of Part 2B of the Ports and Maritime Administration Regulation 2007, and in accordance with clauses 18G and 18H (1) set new mandatory standards and amend the existing mandatory standards as set out below, with effect from 3 October 2011:

[1] Insert the following note at the end of clause 8 of the mandatory standards:

Note 4: Clauses 18P (4) and 18P (5) of the Regulation prescribes Financial Penalties which are recoverable by the Stevedores in respect of the cancellation of a Booking by a Carrier

[2] Insert the following after note 4 to clause 8 of the mandatory standards:

8A Carrier Booking and Listing

- (a) A Carrier must not cancel a Booking for a Slot other than by Listing that Booking:
- (b) A Booking for a Slot that is Listed is not a cancelled Booking unless:
 - (i) the Carrier Listed the Booking within two hours prior to the commencement of the Time Zone in which the Booking occurs and, before the commencement of that Time Zone, that Slot is not Booked again by the Carrier; or

- (ii) the Carrier Listed the Booking within twelve hours and not less than two hours prior to the commencement of the Time Zone in which the Booking occurs and, before the commencement of that Time Zone, that Slot is not Booked again by the Carrier or is not Booked by another Carrier.

Note: The matters prescribed in this clause are matters prescribed pursuant to clause 18J (1) of the Regulation

8B Truck Registration Information

A Carrier must provide to the relevant Stevedore, by using that Stevedore's VBS, the registration number of the Truck that will complete a Truck Trip in respect of a Booking at that Stevedore's Terminal by no later than the commencement of the Time Zone in which the Booking is scheduled to occur.

Note 1: The matters prescribed in this clause are matters prescribed pursuant to clause 18J (1) of the Regulation.

Note 2: If a Carrier fails to comply with this mandatory standard, any financial penalty payable to it by a Stevedore in respect of that Booking will be reduced to \$0 under clause 15.5.

- [3] Delete clause 10.1 (b) of the mandatory standards, substitute:
- (b) the Carrier provides detailed particulars of the Unforeseen Event in writing to Sydney Ports by email and through the Sydney Ports website and in writing to the relevant Stevedore no later than 24 hours after it occurs.
- [4] Insert after clause 10.4 of the mandatory standards:
- 10.5 Cancellation of Bookings**
- Any Financial Penalty that is payable by a Carrier for a failure to comply with the mandatory standard in clause 18P (5) of the Regulation is reduced to \$0 in the following circumstance:
- (a) the Stevedore notifies the Carrier that a Container is available for collection;
- (b) the Carrier makes a Booking in respect of that Container; and
- (c) either of the following occurs after that Booking is made:
- (i) the Stevedore notifies the Carrier less than 4 hours prior to the commencement of the Time Zone in which the Booking is scheduled to occur that the Container is no longer available for collection; or
- (ii) the Stevedore notifies the Carrier 4 hours or more prior to the commencement of the Time Zone in which the Booking is scheduled to occur that the Container is no longer available for collection and the Carrier Lists the Booking no less than two hours before the commencement of that Time Zone.
- [5] Insert after clause 13.4 of the mandatory standards:
- 13.5 Stevedore must make alternative Slots available in a similar Time Zone**
- Where, under the Regulation or these Mandatory Standards, a Stevedore is required to offer an alternative Slot for Booking by a Carrier, the alternative Slot must be in the same Time Zone or in a Time Zone on either side of that Time Zone or at a
- time agreed with the Carrier within the time period specified by the Regulation.
- Note: The matters prescribed in this clause are mandatory standards for the purpose of clause 18J (1) of the Regulation
- [6] Insert after clause 14.1 (b) of the mandatory standards:
- (c) A Stevedore may reduce the Minimum Number of Slots available within one or more Time Zones as follows:
- (i) where the affected Time Zones occur (either wholly or partially) during the period from the commencement of the Stevedore's Midnight Shift on a Weekday or Public Holiday that is not a Friday (relevant day) until the commencement of the Stevedore's Midnight Shift for the following Weekday, by giving notice to Sydney Ports in accordance with clause 14.1 (d) by no later than 10:00am on the relevant day; and
- (ii) where the affected Time Zones occur during the period from the Stevedore's Midnight Shift on a Friday until commencement of the Stevedore's first Morning Shift following the Weekend Period, by giving notice to Sydney Ports in accordance with clause 14.1 (d) by no later than 10:00am on that Friday,
- provided that any Slots that have been Booked in any affected Time Zones are not cancelled other than in accordance with these Mandatory Standards.
- (d) A notification to be given under clause 14.1 (c) must include detailed particulars of the reduction in Slots and be provided by email to Sydney Ports and through the Sydney Ports website.
- [7] Delete clauses 15.1 (b) and (c) of the mandatory standards and substitute:
- (b) the Stevedore provides detailed particulars of the Unforeseen Event to Sydney Ports by email and through the Sydney Ports website and in writing to the relevant Carrier(s) no later than 60 minutes after it occurs; and
- (c) no later than 30 minutes after the Stevedore determines that it will be unable to comply with a mandatory standard due to the Unforeseen Event, the Stevedore informs Carriers and the driver of each Truck in the Service Line of the following:
- (i) the anticipated duration of the Unforeseen Event;
- (ii) that Trucks may leave the Service Line; and
- (iii) whether the Stevedore (in its absolute discretion) will allow Trucks to remain in the Service Line to have all remaining parts of Truck Servicing completed.
- [8] Insert after clause 15.4 of the mandatory standards:
- 15.5 Failure by a Carrier to provide information to the Stevedore**
- Any Financial Penalty that is payable by a Stevedore to a Carrier for a failure to comply with the mandatory standard in respect of a Booking is reduced to \$0 if the Carrier fails to comply with the Mandatory Standard under clause 8B in respect of that Booking.
- Note: The matters prescribed in this clause constitute a direction to each Stevedore pursuant to clause 18J (1) of the Regulation

15.6 Change of availability of Container

Any Financial Penalty that is payable by a Stevedore to a Carrier for a failure to comply with a mandatory standard in respect of a Booking is reduced to \$0 in the following circumstance:

- (a) the Stevedore notifies the Carrier that a container would be available for a Booking;
 - (b) the Carrier makes a Booking for the purpose of collecting that Container;
 - (c) the Container subsequently becomes unavailable to the Stevedore due to the closure by Sydney Ports of Port Botany waterways or the substantial delay of the relevant vessel carrying the Container arriving at Port Botany; and
 - (d) the Stevedore notifies the affected Carrier 4 hours or more prior to the commencement of the Time Zone in which the Booking is scheduled to occur that the Container is no longer available.
- [9] Delete clauses 16 (a) and (b) of the mandatory standards and substitute:
- (a) A Stevedore must not require the payment of any charge in respect of:
 - (i) the storage of an Import Container for a day that is not a Working Day;
 - (ii) the storage of an Import Container for the first 3 Working Days after storage commences;
 - (iii) storage of any Container that results from the cancellation of a Time Zone or Booking or Slot for an Unforeseen Event; or
 - (iv) subject to clause 16 (b), storage of an Import Container that results from the cancellation by the Stevedore of a Time Zone or Booking in relation to a Slot Booked by the Carrier for the Import Container.
- [10] Insert before clause 16 (c) of the mandatory standards:
- (b) If, in the circumstance referred to in clause 16 (a) (iv), a Carrier does not accept a replacement Booking offered by the Stevedore in accordance with clause 13.5, the Stevedore may require the payment of a charge by a Carrier for the storage of the Import Container for the period of storage that is after the last alternative Slot that could be offered for Booking under clause 13.5.
- [11] Delete the words “to determine the need for temporarily removing that” in clause 16 (c) (iii) of the mandatory standards and substitute the words “for import clearance of the”.
- [12] Insert the words “not and must ensure that its VBS Service Provider does” after the words “A Stevedore must” in clause 17 of the mandatory standards.
- [13] Delete clause 17 (c) of the mandatory standards and substitute:
- (c) the cancellation of a Booking, regardless of when the cancellation occurs, including any cancellations by a Carrier in circumstances where the cancellation related to:
 - (i) changed advice from the Stevedore on Container availability; or
 - (ii) the Listing process of the Stevedore’s VBS.
- [14] Insert the following note to clause 20 of the mandatory standards:
- Note 1: The matters prescribed in this clause 20 are mandatory standards for the purpose of clause 18Q (3) of the Regulation
- [15] Delete the numbering “(a)”, “(b)”, “(c)”, “(d)”, “(e)”, “(f)” and “(g)” in clause 32.1 of the mandatory standards and replace with the numbering “(i)”, “(ii)”, “(iii)”, “(iv)”, “(v)”, “(vi)” and “(vii)”, respectively.
- [16] Insert the numbering “(a)” before the words “A Stevedore must ensure” in clause 32.1 of the mandatory standards.
- [17] Insert the following in clause 32.1 of the mandatory standards:
- (b) A Stevedore does not have to produce an invoice for or record in any invoice any Financial Penalty for which the amount payable has been reduced to \$0 under the Regulation or the Mandatory Standards.
