CONTAMINATED LAND MANAGEMENT ACT 1997

(Section 11)

Declaration of Significantly Contaminated Land

Declaration Number 20111107 / Area Number 3301

THE ENVIRONMENT PROTECTION AUTHORITY (EPA) declares the following land to be significantly contaminated land under the Contaminated Land Management Act 1997 ("the Act"):

1. Land to which this declaration applies ("the site")
The site is located at 5 Chatham Road, Hamilton and is identified as Lot 1 in DP 77996.
The site is in the Parish of Newcastle.
The site is shown as the area bounded by the thick black line marked on the attached map – Figure 1: Declared area.
2. Nature of contamination affecting the site:
The EPA has found that the site is contaminated with petroleum including the following substances ("the contaminants"):
 - Benzene
 - Total Petroleum Hydrocarbons (TPH); and
 - Lead
3. Nature of harm that the contaminants may cause:
The EPA has considered the matters in section 12 of the Act and for the following reasons has determined that the land is contaminated and that the contamination is significant enough to warrant regulation under the Act:
 - the groundwater at the site has been degraded by petroleum contaminants at concentrations exceeding criteria for beneficial use and protection of aquatic ecosystems. Groundwater is also contaminated with phase separated hydrocarbons;
 - contaminated groundwater may migrate further off-site and ultimately impact the Hunter River; and
 - workers may become exposed to vapours during subsurface works at the site.

4. Further action under the Act

The making of this declaration does not prevent the carrying out of voluntary management of the site and any person may submit a voluntary management proposal for the site to the EPA. If the proposal satisfies the requirements of section 17 of the Act the EPA may agree not to issue a management order to the person or persons bringing the proposal.

5. Submissions invited

The public may make written submissions to the EPA on:

- Whether the EPA should issue a management order in relation to the site; or
- Any other matter concerning the site.

Submissions should be made in writing to:

Manager Contaminated Sites,
Environment Protection Authority,
PO Box A290,
Sydney South NSW 1232
or faxed to (02) 9995 5930

by not later than: 3 May 2012.

Date: 3 April 2012.

NIALL JOHNSTON,
Manager, Contaminated Sites,
Environment Protection Authority

Note:

Management order may follow

If management of the site or part of the site is required, the EPA may issue a management order under section 14 of the Act.

Amendment/Repeal

This declaration may be amended or repealed. It remains in force until it is otherwise amended or repealed. The subsequent declaration must state the reasons for the amendment or repeal (section 44 of the Act).

Information recorded by the EPA

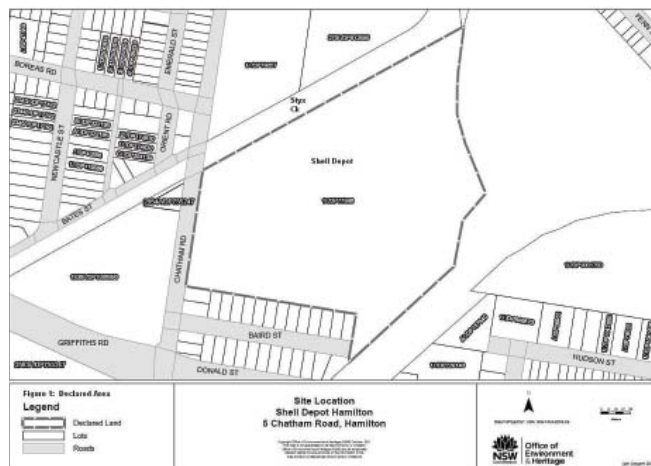

Section 58 of the Act requires the EPA to maintain a public record. A copy of this significantly contaminated land declaration will be included in the public record.

Information recorded by councils

Section 59 of the Act requires the EPA to give a copy of this declaration to the relevant local council. The council is then required to note on its planning certificate issued pursuant to section 149 (2) of the Environmental Planning and Assessment Act that the land is declared significantly contaminated land. The EPA is required to notify council as soon as practicable when the declaration is no longer in force and the notation on the section 149 (2) certificate is no longer required.

Relationship to other regulatory instrument

This declaration does not affect the provisions of any relevant environmental planning instruments which apply to the land or provisions of any other environmental protection legislation administered by the EPA.

**STATUTORY AND OTHER OFFICES
REMUNERATION ACT 1975**

Report and Determination: Commissioner,
NSW Crime Commission

REPORT:

- On 7 March 2012 the Premier, the Hon. Barry O'Farrell, M.P., wrote to the Statutory and Other Offices Remuneration Tribunal ("the Tribunal") advising that the Commissioner, NSW Crime Commissioner, Mr Peter Singleton, had elected to receive remuneration benefits pursuant to section 11A of the Statutory and Other Offices Remuneration Act 1975 ("SOOR Act"). The Premier has approved Mr Singleton's election and nominated the position of Commissioner, NSW Crime Commission (the Commissioner) as one to which section 11A of the Act applies.

Background:

- When the SES was introduced in 1989 the Government considered that some Statutory Office Holders, exercising independent functions (excluding judicial officers) should be able to receive employment benefits similar to those provided to the SES. Section 11A of the Act provides that remuneration for such office holders is to be determined on a total cost basis aligned to the SES in lieu of salary. This Group is known collectively as "11A Office Holders" and their remuneration packages are expressed as a total cost of employment.
- Unlike SES officers, the office holders are not subject to contractual employment provisions or performance agreements. In addition, the remuneration of these office holders is expressed as a fixed amount rather than a range as with the normal SES Levels.

Review:

- The NSW Crime commission is a statutory corporation established under the New South Wales Crime Commission Act 1985. The statutory objectives of the Commission are to reduce the incidence of illegal drug trafficking and to reduce the incidence of organised and other crime. The Commission also has responsibility for the confiscation of assets of those involved in serious criminal activity. The Commissioner is responsible for the directing and managing the Commission and its resources.
- For remuneration purposes the position of Commissioner is listed in Schedule 1 of the SOOR Act. The Tribunal's determination of 12 October 2011 provides a total remuneration package of \$430,915 for this position. That determination however, was specific to the previous

incumbent who had also elected to receive employment benefits. An election to receive employment benefits and the subsequent determination in respect of a total remuneration package is valid for the current office holder only. On that basis the Tribunal is required to make a new determination to reflect Mr Singleton's election.

6. Having regard to these factors the Tribunal considers that a total remuneration package of \$430,915 would be appropriate and so determines.

DETERMINATION:

Pursuant to section 14 (1) of the Statutory and Other Offices Remuneration Act 1975 the Tribunal determines that the total remuneration package for the Commissioner, NSW Crime Commissioner shall be \$430,915 pa with effect from the date of this determination.

Dated: 29 March 2012.

HELEN WRIGHT,
