PROTECTION OF THE ENVIRONMENT OPERATIONS ACT 1997

Order Granting an Exemption under Section 284

Preamble

This order grants an exemption to the occupier of certain facilities with incinerators from the requirement to hold an environment protection licence to carry out the disposal of drug exhibit waste from NSW Police by incineration. This is to facilitate NSW Police’s disposal of their stockpile of drug exhibit waste at these facilities pending regulatory amendments to allow such disposal on a more permanent basis.

The order exempts the occupiers of the relevant facilities from section 48 of the *Protection of the Environment Operations Act 1997*. The exemption is effective from 12 June 2015 to 12 June 2017 (inclusive).

The exemption is subject to conditions providing for operational requirements for the disposal of the drug exhibit waste.

The EPA is satisfied that the disposal of drug exhibit waste from NSW Police at the relevant facilities, in accordance with this exemption, will not pose any significant risks to public health, property or the environment. The EPA is also satisfied that it is not practicable for the occupiers of the relevant facilities to comply with section 48 by implementing operational changes to plants or practices.

The Board of the EPA has approved the granting of the exemption.

Background

- I. The NSW Police Force (NSW Police), in carrying out its operations, seizes quantities of illicit chemical drugs. Drug exhibits that are no longer required by NSW Police for evidentiary purposes (drug exhibit waste) are stored at NSW Police facilities across metropolitan and regional New South Wales until they are disposed of. Drug exhibit waste is required to be disposed of by incineration.
- II. There is currently only one company, Sterihealth NSW Pty Ltd located at Silverwater, which is authorised under an environment protection licence to carry out the disposal of clinical and related waste by thermal treatment.
- III. The limited number of facilities for the lawful disposal of drug exhibit waste increases disposal and transportation costs, and the storage of drug exhibit waste poses risks for security, public safety and work health and safety. To minimise these risks, NSW Police wishes to dispose of the drug exhibit waste as promptly and as efficiently as possible.
- IV. The 2013 NSW Auditor General’s Report *Managing drug exhibits and other high profile goods* recommended that NSW Police, in consultation with the EPA, identify appropriate facilities across New South Wales for the disposal of its drug exhibit waste.
- V. Under the *Protection of the Environment Operations Act 1997* (POEO Act), drug exhibit waste may constitute “clinical and related waste” and the disposal of such waste by thermal treatment (including by incineration) is a scheduled activity.
- VI. Section 48 of the POEO Act requires the occupier of any premises at which a scheduled activity is carried out to hold an environment protection licence authorising the activity. Therefore, the occupier of any premises carrying on the incineration of drug exhibit waste is required to hold an environment protection licence.
- VII. NSW Police and the EPA have identified a number of relevant facilities with incinerators across New South Wales, such as crematoria, which may be appropriate for the incineration of drug exhibit waste. Under section 48 of the POEO Act, the occupiers of these facilities would need to apply for and be granted an environment protection licence to carry out the incineration of drug exhibit waste.
- VIII. However, as a result of being granted a licence to carry out the incineration of drug exhibit waste, the occupiers would become liable to comply with the prescribed concentration limit (of 0.1 ng/m³) for the emission of dioxins and furans from such incineration. This limit is prescribed under clause 38 of and Schedule 4 to the *Protection of the Environment Operations (Clean Air) Regulation 2010* (Clean Air Regulation) pursuant to section 128 (1) of the POEO Act.
- IX. The relevant facilities do not have the design features and emission control equipment necessary to ensure compliance with the prescribed emission limit for dioxins and furans. It is also not feasible to retrofit these facilities with the required features and equipment.

- X. Further, unlike clinical and related waste generally, the combustion products from the incineration of drug exhibit waste are relatively benign and pose little risk to public health and the environment. Importantly, the drug exhibit waste typically does not contain chlorine, an essential precursor to dioxin formation. It is not necessary for the EPA to regulate the disposal of drug exhibit waste under an environment protection licence.
- XI. In the past, NSW Police has used polyvinyl chloride (PVC) plastic bags to hold drug exhibit waste. As this plastic contains chlorine, its destruction by incineration can generate dioxins. However, recent research by NSW Police has identified that polyethylene and polypropylene bags, neither of which contain chlorine, are more suitable than PVC for storing drug exhibit waste. NSW Police is switching from PVC to polyethylene or polypropylene storage bags.
- XII. It is in the public interest for the occupiers of the relevant facilities to be exempted from the requirement to hold an environment protection licence under section 48 of the POEO Act for the incineration of drug exhibit waste, so as to facilitate NSW Police's prompt and efficient disposal of their stockpile of drug exhibit wastes.
- XIII. Section 284 (1) and (2) (b) of the POEO Act provide that the EPA may exempt a person or class of persons from any specified provision of the Act or the regulations in circumstances where:
- The EPA is satisfied that it is not practicable to comply with the relevant provision or provisions, by implementing operational changes to plant or practices, and
 - The EPA is satisfied that noncompliance with the provision or provisions will not have any significant adverse effect on public health, property or the environment, and
 - The Board of the EPA approves the granting of the exemption.
- XIV. The EPA is satisfied that it is not practicable for the occupier of the relevant facilities to comply with section 4.8 of the POEO Act in relation to the incineration of drug exhibit waste, by implementing operational changes to plant or practices, because:
- The occupier would need to comply with the emission concentration limit for dioxins and furans and their facilities would need to have special design features and emission control equipment to ensure compliance, and
 - It is not feasible for the occupier to retrofit their existing premises with the necessary design features and emission control equipment.
- XV. The EPA is also satisfied that non-compliance with section 48 will not have any significant adverse effect on public health, property or environment.
- XVI. On 20 May 2015, the Board of the EPA approved the granting of the exemption.

Exemption

- (1) By this order, the Environment Protection Authority (EPA), with the approval of the Board of the EPA, exempts the occupier of any premises in NSW that does not hold an Environment Protection Licence under the

POEO Act, from section 48 of the POEO Act in relation to carrying out of the incineration of drug exhibit waste received from NSW Police at their premises, if the incineration of drug exhibit waste is carried out in compliance with the following requirements:

- 1.1 The combustion chamber used for the incineration of drug exhibit waste, and its casing, is made as airtight as possible; and
- 1.2 During the incineration of drug exhibit waste in a combustion chamber, combustion gases are within the combustion chamber at or above 850°C for a minimum of 2 seconds; and
- 1.3 The plant used for the incineration of drug exhibit waste is fitted with monitoring and control equipment to monitor and ensure compliance with condition 1.2.

and the occupier of any facility used pursuant to this exemption must be able to carry on the incineration of drug exhibit waste under the *Environmental Planning and Assessment Act 1979*.

Conditions

- (2) The exemption is subject to the following conditions:
- 2.1 No facility can be used for the incineration of drug exhibit waste unless NSW Police has provided confirmation to the EPA that the facility can meet the requirements stipulated in (1) and written agreement from the EPA has been received by NSW Police.
 - 2.2 Drug exhibit waste seized by NSW Police may be incinerated under this exemption only if the waste is contained in drug bags made of chlorine free polyethylene or polypropylene.
 - 2.3 A load of drug exhibit waste placed into, or otherwise contained in, a combustion chamber for incineration is not to exceed 50 kilograms; and
 - 2.4 A NSW Police officer is present at the premises at all times when drug exhibit waste is undergoing incineration at the premises.

Term of exemption

- (3) The exemption operates from 12 June 2015 to 12 June 2017 (inclusive).

Definitions

- (4) For the purposes of the exemption:
- Combustion Chamber** means the chamber where the drug exhibit waste and oxidant are incinerated.
- Drug** means any prohibited drug listed in Schedule 1 of the *Drug Misuse and Trafficking Act 1985* (NSW).
- Drug exhibit waste** means any drug or drugs that are collected, seized or confiscated by, or surrendered to, NSW Police and no longer required by NSW Police.
- NSW Police** means the NSW Police Force established under the *Police Act 1900*.

CIVIL PROCEDURE ACT 2005

PRACTICE NOTE 6

District Court Defamation List

Commencement

1. This Practice Note commences on 3 June 2015 and replaces Practice Note 6 issued on 9 February 2015.

Purpose

2. This Practice Note explains the operation of the Defamation List in the District Court of New South Wales.

Operation

3. This Practice Note applies to all new and existing proceedings for defamation and injurious falsehood filed in or transferred to the Sydney Registry.
4. Defamation and injurious falsehood proceedings filed in registries other than Sydney will be transferred to the Sydney Registry for case management until a hearing date is allocated.
5. A judge, or the Registrar of any registry besides the Sydney Registry, may, of his or her own accord, or upon application by any party to the proceedings, transfer any defamation or injurious falsehood claim to Sydney for inclusion in the Defamation List for case management.

Defamation List

6. Proceedings filed in the Sydney Registry that include a defamation claim should contain the words “Defamation List” and be entered in the Defamation List.
7. The Defamation List will be conducted fortnightly on dates allocated at the commencement of the court term.
8. The Defamation List will be conducted with the aim of achieving the just, quick and cheap resolution of the real issues in the proceedings and promoting the objects of the *Defamation Act 2005* (NSW).

9. Applications for interim injunctions in proceedings already filed should be made to the judge conducting the Defamation List or, if that judge is not available, to the List Judge.

Pleadings

10. Any pleadings filed in proceedings in the Defamation List will be allocated a return date by the Registry.
11. If the Statement of Claim has not been served within the one-month period provided for by UCPR r 6.2, an application for extension of time to serve the Statement of Claim must be sought, and evidence of attempts at service provided.
12. At the first listing in the Defamation List, the parties will be expected to:
- (a) Advise the Court of objections to the form of the Statement of Claim, applications for extension of the limitation period or other issues requiring resolution before a Defence may be filed;
 - (b) Provide a timetable for the timely conduct of interlocutory steps; and
 - (c) Advise the Court of steps the parties propose to take in relation to mediation, including any likely future request for court mediation.
13. No application for any interlocutory step (including any application for judgment or to strike out proceedings) will be entertained unless the party seeking the order has given reasonable notice in writing to the party and to the Court. Any application for interlocutory rulings should include a concise description of the issues and a list of authorities.
14. Notices of Motion are not required for interlocutory arguments unless otherwise ordered.
15. When all interlocutory steps are completed the judge conducting the Defamation List will allocate a hearing date provided the estimate for the hearing is less than five days. Where the estimate for the hearing is five days or more the proceedings will be referred to the List Judge or the Judicial Registrar for a hearing date. Hearing dates, when allocated, will not be vacated other than in exceptional circumstances.
16. When a hearing date is sought, both parties must inform the Court of the following:
- (a) An estimate of the trial length and the number of witnesses;
 - (b) Whether there will be an application for evidence to be given by telephone or audio-visual means;
 - (c) Whether there will be an application for expert evidence to be given concurrently;
 - (d) Confirmation that all outstanding interlocutory proceedings have been completed;
 - (e) Where the proceedings are to be heard by a jury, that notice has been served on the opponent and the jury retention fee has been and will continue to be paid; and
 - (f) The names of counsel briefed, if applicable.
17. A hearing date will not be allocated unless the Court is satisfied that the matter is ready for hearing.

18. Where proceedings are listed for hearing, any applications for further rulings should be made to the trial judge or, if the trial judge is unavailable, the judge conducting the Defamation List.

Show cause hearings and sections 56–62 Civil Procedure Act 2005 (NSW)

19. A party who fails to comply with this Practice Note or a direction of the Court may be called upon to show cause why the proceedings should not be dismissed under section 61 of the *Civil Procedure Act 2005*.
20. In determining any matter in the Defamation List, including a show cause hearing, the Court may have regard to the principle of proportionality stated in section 60 of the *Civil Procedure Act 2005*.

Costs

21. The attention of practitioners is drawn to section 40 of the *Defamation Act 2005* and UCPR 42.7 (2).
