Insurance Premiums Order 2015–2016

under the

Workers Compensation Act 1987

1 Name of Order

This Order is the *Insurance Premiums Order 2015–2016*.

2 Commencement

This Order commences at 4 pm on 30 June 2015 and must be published in the Gazette.

3 Calculation of insurance premium payable by employer

The premium payable by an employer for a policy of insurance is to be calculated by requiring the premium to be calculated for a period of insurance of not more than 12 months and:

- (a) if the employer is an experience-rated employer for the purposes of the policy, in accordance with the following formula:

$$P = (BTP \times CPA) - ESI - ESR - PD + Q + D + M - A$$

- (b) if the employer is a small employer for the purposes of the policy, in accordance with the following formula:

$$P = BTP - ESI - RTWI - PD + Q + D + M - A$$

where:

P is the premium for the time being payable by the employer in respect of the period of insurance to which the policy relates, being:

- (a) except as provided by paragraph (b), the initial premium so payable in accordance with this Order, or
- (b) where adjustments are required to be made to that premium by reason of the operation of this Order, the premium so payable by reason of those adjustments.

BTP is the basic tariff premium for the employer, calculated with respect to the period of insurance in accordance with Schedule 3.

CPA is the claims performance adjustment for the employer calculated with respect to the period of insurance in accordance with Schedule 4.

ESI is the employer safety incentive, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 10.

ESR is the employer safety reward, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 12.

PD is the performance discount, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 13.

Q is the premiums adjustment contribution, if any, for the employer.

D is the dust diseases contribution, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 9.

M is the Mine Safety Fund premium adjustment, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 7.

A is the apprentice incentive amount, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 8.

RTWI is the return to work incentive, if any, for the employer calculated with respect to the period of insurance in accordance with Schedule 11.

4 Discount available for premiums paid in full

- (1) An employer (other than a small employer) is entitled to a discount of 3 percent on the initial premium payable by the employer for a policy of insurance if:
- (a) the period of insurance to which the policy relates is 12 months (or a period of less than 12 months if the policy is issued to an employer who is a member of a group to enable the policy to renew on the same date as the policies of other members of the group), and
 - (b) the employer has paid the discounted amount of the premium in full by the date on which payment of the premium is due, and
 - (c) the employer has not elected to pay the premium by instalments, and
 - (d) the employer has notified the insurer, in accordance with the regulations, of the reasonable estimate of the wages that will be payable during the period of insurance.

Note. Clause 147 of the *Workers Compensation Regulation 2010* requires an employer to notify the insurer concerned of the matter referred to in paragraph (d).

- (2) A small employer is entitled to a discount of 5 percent on the initial premium payable by the small employer for a policy of insurance if:
- (a) the period of insurance to which the policy relates is:
 - (i) 12 months, or
 - (ii) a period of less than 12 months but only if the policy is issued to a small employer who is a member of a group to enable the policy to renew on the same date as the policies of other members of the group, or
 - (iii) a period of less than 12 months but only if the policy is issued to a small employer to enable the policy to expire at the end of a month, and
 - (b) the small employer has paid the discounted amount of the premium in full by the date on which payment of the premium is due, and
 - (c) the small employer has not elected to pay the premium by instalments.

5 Recovery of excess from employer: section 160 of Act

For the purposes of the definition of *prescribed excess amount* in section 160 (1) of the Act, the following excess amount is specified:

- (a) if the employer concerned notified the relevant insurance scheme agent of the injury that led to the weekly compensation claim of the worker within 5 days of the employer becoming aware of it—\$0,

- (b) in all other cases—the lesser of the following:
 - (i) the amount that is the weekly payment of compensation to which the worker is entitled as determined by section 36 of the Act,
 - (ii) \$1,999.30.

Note. Under section 160 (2) of the Act, an employer is required to repay the prescribed excess amount to the insurer under a policy of insurance in respect of each weekly compensation claim that the insurer has paid under the policy. However, if the amount that the insurer has paid in respect of any such claim is less than the prescribed excess amount, the amount the employer must repay is that lesser paid amount.

6 Late payment prescribed rates: sections 170 (8) and 172 (5) of Act

For the purposes of sections 170 (8) and 172 (5) of the Act, the *prescribed rate* is 0.825% per month compounded monthly.

7 Cost of claims: clause 152 (1) (a1) of the Regulation

- (1) For the purposes of clause 152 (1) (a1) of the *Workers Compensation Regulation 2010*, the *cost of claims*, in relation to an injury year related to, or a period of insurance for, a policy, means the total of the costs of each individual claim of which the insurer has notice at the time of renewal of the policy concerned, being a claim made against a particular employer with respect to an injury received (or that is deemed by the Act or the former Act to have been received) during a prior injury year or the period of insurance, whichever is relevant, but not including any claim under section 10 (Journey claims) or 11 (Recess claims) of the Act.

Note. Clause 152 (1) of the *Workers Compensation Regulation 2010* provides that, in any case where a single event leads to 3 or more individual claims, the total costs of all those claims in relation to that event are not to exceed the amount that is twice the relevant large claim limit for the policy.

- (2) In subclause (1), the cost of an individual claim (*C*) is to be calculated using the following formula:

$$C = ((CC \times (1 - R\%)) \times (1 - RTWI\%))$$

where:

C is the cost of the individual claim.

CC is the unadjusted costs of the individual claim calculated in accordance with subclauses (3)–(5).

R% is the amount recovered as a percentage of the total cost of an individual claim calculated in accordance with subclause (6).

RTWI% is the return to work incentive percentage for the employer and is:

- (a) for a small employer—0, and
 - (b) for an experience-rated employer—calculated with respect to the period of insurance in accordance with subclause (7).
- (3) In subclause (2), *CC* is \$150,000 (being the *large claim limit* for the policy) or the sum of the following at the commencement of the period of insurance, whichever is the lesser:
 - (a) weekly compensation payments, if any, made by the insurer in respect of the claim pursuant to the Act,
 - (b) provisional weekly payments of compensation, if any, under Part 3 of Chapter 7 of the 1998 Act by the insurer, being payments of compensation on the basis of provisional acceptance of liability to a worker,
 - (c) the payments, if any, of permanent impairment under section 66 (Entitlement to compensation for permanent impairment) of the Act made by the insurer

either in satisfaction of judgments relating to the claim or in settlement of the claim,

- (d) the payments, if any, made by the insurer in respect of the claim pursuant to Division 9 (Commutation of compensation) of Part 3 (Compensation—benefits) of the Act either in satisfaction of judgments relating to the claim or in settlement of the claim,
- (e) the payments, if any, made by the insurer in respect of the claim pursuant to section 25 (Death of worker leaving dependants) of the Act,
- (f) the payments, if any, of damages at common law and under the *Compensation to Relatives Act 1897* made by the insurer either in satisfaction of judgments relating to the claim or in settlement of the claim,

whether the payments were made or the fees, expenses or costs were paid during or after the injury year or period of insurance in which the injury to which the claim relates was received (or is deemed by the Act or the former Act to have been received).

- (4) However, **CC** does not include any amount that section 54 (4) (b) of the 1998 Act (Second-injury scheme) requires to be excluded from the claims experience of the employer.
- (5) For the purpose of subclause (3), if an employer, after the renewal of a policy, requests reimbursement of any weekly compensation payments in respect of a period of incapacity before that renewal, the Nominal Insurer may adjust the amount of weekly compensation payments and re-calculate the employer’s premium.
- (6) In subclause (2), **R%** is to be calculated using the following formula:

$$R\% = \frac{R}{TCC}$$

where:

R is the sum of amounts recovered by the insurer in relation to any individual claim, but:

- (a) does not exceed **TCC**, and
- (b) does not include amounts recovered under section 160 of the Act.

TCC is the total cost of an individual claim calculated in accordance with clauses 152–155 of the *Workers Compensation Regulation 2010* as if the policy were issued so as to take effect immediately before 4 pm on 30 June 2015.

- (7) In subclause (2), the return to work incentive percentage **RTWI%** for an experience-rated employer is to be calculated as follows:
 - (a) if the claim was made against a policy that took effect at or after 4 pm on 30 June 2015 and the injured worker returned to sustained suitable employment within a period specified in Column 1 of the Table to this subclause, the percentage rate specified in Column 2 of the Table that corresponds to that period,

Table

Column 1	Column 2
Return to work period after date of injury:	RTWI%
Less than 13 weeks	0.15
13 weeks or greater but less than 26 weeks	0.1
26 weeks or greater but less than 52 weeks	0.05

- (b) in any other case, in accordance with the following formula:

$$\text{RTWI}\% = 0$$

- (8) In subclause (7), *sustained suitable employment* means suitable employment for a period of at least 3 consecutive months before the commencement of the period of insurance concerned.

8 Exemption limit for certain employers: section 155AA (8) of Act

The *exemption limit* (within the meaning of section 155AA (8) of the Act) for the following employers for the 2015–2016 financial year is fixed at \$0:

- (a) an employer who carries on a business that is covered by Table A classes 612310, 612315, 612320, 612322, 612324, 612326, 612330, 931120, 931130, 931930, 931940 or 931950 (being classes that refer to a per capita rate), regardless of whether the employer carries on any other business,
- (b) an employer who carries on a business in the thoroughbred racing industry and who is required by the Rules of Racing (within the meaning of the *Thoroughbred Racing Act 1996*) to hold a policy of insurance with Racing NSW, regardless of whether the employer carries on any other business.

Note. The effect of fixing the exemption limit for the specified employers at \$0 is that those employers will not be *exempt employers* within the meaning of section 155AA (Exempt employers not required to obtain policy of insurance) of the Act.

9 Transitional adjustment provision

- (1) An employer may apply to the Nominal Insurer to have the employer's premium for the period of insurance adjusted downward if the new premium percentage rate is more than 1.3 times greater than the old premium percentage rate.
- (2) This clause does not apply if the new premium percentage rate is greater than the old premium percentage rate solely because of:
- (a) a change to a classification under the *Insurance Premiums Order 2014–2015* to a classification under this Order (both classifications being correct), or
- (b) a change of business activity.
- (3) The Nominal Insurer may issue guidelines for or with respect to any of the following:
- (a) the manner in which applications under this clause are to be made,
- (b) criteria for determining how downward adjustments are calculated,
- (c) other matters relevant to the transition to the calculation of premiums under this Order.
- (4) If the Nominal Insurer calculates a downward adjustment of a premium, the insurer must redetermine the employer's premium in accordance with that downward adjustment.
- (5) A downward adjustment, or an application for a downward adjustment, under this clause is not a *disputed aspect* for the purposes of section 170 of the Act.

(6) In this clause:

new premium percentage rate, in relation to an employer, means a percentage rate calculated in accordance with the following formula:

$$NP\% = \frac{BTP \times CPA}{W_0} \times \frac{100}{1}$$

where:

BTP is the basic tariff premium for the employer, calculated with respect to the period of insurance in accordance with Schedule 3.

CPA is the claims performance adjustment for the employer calculated with respect to the period of insurance in accordance with Schedule 4.

W₀ is the total wages payable to workers by the employer in respect of the period of insurance for which the premium is to be calculated.

old premium percentage rate, in relation to an employer, means a percentage rate calculated in relation to the premium for the period of insurance immediately preceding the current period of insurance:

(a) if the employer was a medium or large employer (within the meaning of the *Insurance Premiums Order 2014–2015*) for the purposes of calculating that premium, in accordance with the following formula:

$$OP\% = \frac{(T \times (1 - S)) + (E \times S)}{W_0} \times \frac{100}{1}$$

(b) if the employer was a small employer (within the meaning of that Order) for the purposes of calculating that premium, in accordance with the following formula:

$$OP\% = \frac{T}{W_0} \times \frac{100}{1}$$

where **E**, **S**, **T** and **W₀**, are the amounts calculated in accordance with the *Insurance Premiums Order 2014–2015* to determine the employer's premium for the period of insurance immediately preceding the current period of insurance.

3 Extent to which motor vehicle and accommodation allowances to be excluded from wages

- (1) A motor vehicle allowance paid to a worker is to be excluded from wages for the purposes of this Order to the extent of an amount calculated at whichever of the following rates is applicable in the particular case:
 - (a) in the case of a worker paid an allowance under an award that specifies the allowance solely as a rate for each kilometre or part of a kilometre travelled by the worker in the course of the worker's employment by means of a motor vehicle provided or maintained by the worker—the rate specified in the award,
 - (b) in the case of any other worker—77 cents for each kilometre or part of a kilometre travelled by the worker in the course of business journeys by means of a motor vehicle provided or maintained by the worker.

Note. Where a worker is paid an allowance under an award that specifies the allowance wholly as a lump sum amount or partly as a lump sum amount and partly as a rate for each kilometre

or part of a kilometre travelled by the worker in the course of the worker's employment by means of a motor vehicle provided or maintained by the worker—the amount of allowance to be excluded from wages for the purposes of this Order is to be calculated in accordance with paragraph (b).

- (2) If the amount calculated in accordance with subclause (1) is greater than the amount actually paid to a worker as a motor vehicle allowance, only the amount actually paid is to be excluded from the calculation of wages.
- (3) The amount of motor vehicle allowance paid to a worker that is to be excluded from wages for the purposes of this Order is to be calculated using whichever of the following 2 methods the employer prefers:
 - (a) the method set out in clause 4 (the *continuous recording calculation method*),
 - (b) the method set out in clause 5 (the *averaging calculation method*).
- (4) An accommodation allowance paid to a worker is to be excluded from wages for the purposes of this Order to the extent of an amount calculated at whichever of the following rates is applicable in the particular case:
 - (a) in the case of a worker paid an allowance under an award that specifies the allowance as a rate for each night the worker is absent from the worker's usual place of residence—the rate specified in the award,

 - (c) an award, agreement or other instrument under the law of the Commonwealth or of another State or Territory, being an award, agreement or other instrument of a similar nature to an instrument or agreement referred to in paragraph (a) or (b).

4 Continuous recording calculation method

The continuous recording calculation method requires the following details to be kept and used for calculation:

- (a) the odometer readings at the beginning and end of each business journey undertaken by the worker during a period of insurance by means of a motor vehicle provided or maintained by the worker,
- (b) the specific purpose for which each such business journey was taken,
- (c) the distance travelled by the worker during the period of insurance in the course of all such business journeys, calculated on the basis of the odometer readings referred to in paragraph (a).

5 Averaging calculation method

- (1) The averaging calculation method requires the following details to be kept and used for calculation for the first period of insurance in which a worker's employer chooses to adopt that method:
 - (a) the odometer readings at the beginning and end of each business journey undertaken by the worker during the relevant 12-week period by means of a motor vehicle provided or maintained by the worker,
 - (b) the specific purpose for which each such business journey was taken,
 - (c) the distance travelled by the worker during the relevant 12-week period in the course of all such business journeys, calculated on the basis of the odometer readings referred to in paragraph (a),
 - (d) the odometer readings at the beginning and end of the relevant 12-week period for each vehicle provided or maintained by the worker for the purpose of undertaking business journeys,
 - (e) the distance travelled by each such vehicle during the relevant 12-week period, calculated on the basis of the odometer readings referred to in paragraph (d),
 - (f) the distance travelled by the worker in the course of business journeys undertaken by means of each such vehicle during the relevant 12-week period, calculated as a percentage of the distance travelled by that vehicle during that period,
 - (g) the distance travelled by the worker in the course of business journeys undertaken by means of each such vehicle during the period of insurance, calculated on the basis that the percentage for each such vehicle for the period of insurance is the same as the percentage for that vehicle for the relevant 12-week period.
- (2) After the first period of insurance in which odometer details are recorded in accordance with subclause (1), the calculation referred to in subclause (1) (g) is to be employed for the purpose of calculating the distance travelled by the worker in the course of business journeys undertaken by means of each vehicle referred to in subclause (1) during each of the next succeeding 4 periods of insurance, calculated on the basis that the percentage for each such vehicle for the period of insurance concerned is the same as the percentage for that vehicle for the relevant 12-week period.
- (3) After the first period of insurance in which odometer details are recorded in accordance with subclause (1), a worker's employer is not required to record the details referred to in that subclause for the worker for the next succeeding 4 periods of insurance unless:
 - (a) the Authority serves a notice on the employer before the commencement of a period of insurance during those 4 periods directing the employer to keep the details referred to in subclause (1) for those periods, or
 - (b) the employer wishes to use the recording method referred to in this clause for one or more additional motor vehicles used by the worker in any period of insurance or for any other reason.
- (4) In a situation referred to in subclause (3) (b), a worker's employer may make a new record of odometer readings for a period of insurance in accordance with subclause (1) to replace the details previously recorded for the worker. The provisions of subclause (3) then apply in relation to the new record.
- (5) A worker's employer who has adopted and employed the method of recording referred to in this clause for a worker for 4 successive periods of insurance must, in the next succeeding period of insurance, make a fresh recording of the details

specified in subclause (1) if the employer intends to continue to use the same method of recording for the worker.

- (6) If the odometer of a motor vehicle is replaced or recalibrated during any period for which its readings are relevant for the purposes of this clause, the odometer readings immediately before and after the replacement or recalibration are to be recorded.
- (7) For the purposes of making the calculation referred to in subclause (1) (g) for the period of insurance in which this clause commences, a worker's employer may estimate the distance travelled by a motor vehicle during any part of that period of insurance that occurs before that commencement.

6 Meaning of "relevant 12-week period"

- (1) In clause 5, *relevant 12-week period* means a continuous period of at least 12 weeks, selected by the worker's employer, throughout which a motor vehicle is provided or maintained by a worker. If the motor vehicle is provided or maintained for less than 12 weeks, the period must be the entire period for which the motor vehicle is provided or maintained.
- (2) The period may overlap the start or end of the period of insurance, so long as it includes part of the period.
- (3) If the averaging calculation method is used for 2 or more motor vehicles for the same period of insurance, the odometer readings for those motor vehicles must cover periods that are concurrent.

7 Replacing one motor vehicle with another motor vehicle

- (1) For the purposes of using the averaging calculation method, a worker's employer may nominate one motor vehicle as having replaced another motor vehicle with effect from a day specified in the nomination.
- (2) After the nomination takes effect, the replacement motor vehicle is treated as the original motor vehicle, and the original motor vehicle is treated as a different motor vehicle. An employer need not repeat for the replacement vehicle the steps already taken for the original motor vehicle.
- (3) An employer must record the nomination in writing in the period of insurance in which the nomination takes effect.
- (4) However, the Authority may allow an employer to record the nomination at a later time.

8 Classification of employer's business

- (1) For the purposes of this Order, the classification applicable to an employer is the class in Column 1 of Table B to which the employer's business corresponds. An employer's business means the employer's business or industrial activity.
- (2) An employer's basic tariff premium is determined having regard to the rate in Column 3 of Table A for the classification applicable to the employer's business as determined in accordance with subclause (1).
- (3) An employer may carry on a single business or more than one business at the same time.
- (4) If an employer carries on a single business, the classification applicable to the business is that which most accurately describes the entire business of the employer. The entire business includes not only the operations and activities directly involved in the conduct of the business, but also all operations and activities incidental to the conduct of the business.

- (5) If an employer carries on more than one business, so that it can be said that the employer carries on separate and distinct businesses, subclause (4) applies to each such separate and distinct business.
- (6) Generally, businesses are not separate and distinct if the operations and activities carried on in those businesses are incidental to one another.
- (7) In determining whether businesses are separate and distinct (for classification purposes) it is relevant to take the following into account:
 - (a) the nature of the operations and activities (including incidental operations and activities) respectively carried on in the businesses,
 - (b) differences in the identity of the workers respectively engaged in the businesses (and in particular of the workers engaged in the manufacturing or industrial activities and operations),
 - (c) differences in locations of the businesses, for example, differences in locations may vary from sites far removed from each other, or separate floors in a given building, or even separate parts on the one floor level of a building (the important element in relation to location is that normally separate and distinct businesses have exclusive use of the particular area in which the operations and activities of the business are carried on).

9 Determination of wages—experience-rated employers

- (1) This clause applies in relation to experience-rated employers.
- (2) In this Order, a reference to wages, in relation to a period of insurance under a policy issued or to be issued to an employer or in relation to a period of 12 months ascertained by reference to any such period of insurance, is a reference:
 - (a) except as provided by paragraph (b), to a reasonable estimate of the monetary value of all wages (not including any wages to which Schedule 6 applies) payable to workers by the employer in respect of the period of insurance or the period of 12 months, as the case may be, as calculated by reference to the returns, if any, furnished in accordance with the regulations by the employer to the insurer, or
 - (b) where the monetary value of those wages (not including any wages to which Schedule 6 applies) has been ascertained—to the actual value of those wages.
- (3) If at any time the employer has failed to furnish the returns in respect of any relevant period of insurance and the monetary value of the wages concerned has not been ascertained, the estimate of the monetary value of those wages is taken to be such amount as is calculated by multiplying the monetary value (or reasonable estimate) of wages for the immediately preceding equivalent period of insurance by 1.3.
- (4) For the avoidance of doubt:
 - (a) in this Order, a reference to *wages payable to workers* includes wages payable to apprentices, and
 - (b) in subclause (3), the monetary value (or reasonable estimate) of wages for an employer for the immediately preceding equivalent period of insurance includes the monetary value (or reasonable estimate) of wages for the immediately preceding equivalent period of insurance paid to apprentices.

10 Determination of wages—small employers

- (1) This clause applies in relation to small employers.

- (2) In this Order, a reference to wages, in relation to a period of insurance under a policy issued or to be issued to an employer or in relation to a period of 12 months ascertained by reference to any such period of insurance, is a reference to:
 - (a) if there is no immediately preceding period of insurance—the reasonable estimate of the monetary value of the wages (not including any wages to which Schedule 6 applies) supplied to the insurer under clause 147 (1) of the *Workers Compensation Regulation 2010* for the relevant period of insurance, or
 - (b) if the small employer has, in accordance with clause 147 (3) of the *Workers Compensation Regulation 2010*, supplied to the insurer the actual wages paid by the employer during the employer’s second last period of insurance to workers employed by the employer—the actual monetary value of all wages (not including any wages to which Schedule 6 applies) paid to workers by the employer in respect of the second last period of insurance multiplied by 1.016, or
 - (c) otherwise—the monetary value of the wages (not including any wages to which Schedule 6 applies) used to calculate the employer’s premium in respect of the immediately preceding period of insurance, multiplied by 1.3.
- (3) For the purposes of subclause (2) (b) and (c), if the second last period of insurance or the immediately preceding period of insurance is less than 12 months, the monetary value of the wages concerned is to be adjusted to reflect the wages that would be paid on a 12 monthly basis.
- (4) For the avoidance of doubt:
 - (a) in this Order, a reference to **wages payable to workers** includes wages payable to apprentices, and
 - (b) in subclauses (2) and (3), the monetary value of wages for an employer for a period of insurance includes the monetary value of wages for that period of insurance paid to apprentices.

11 Meaning of “predecessor”

- (1) For the purposes of this Order, a person is the **predecessor** of an employer if:
 - (a) **Acquisition or otherwise gaining possession of predecessor’s business**
the employer has acquired or otherwise come into the possession of the business of the person, or
 - (b) **Transfer of all or majority of predecessor’s workforce**
the employer has, during any policy period, employed workers who at any time constituted all or a majority of the workers employed, during any policy period, by the person and those workers have carried out activities or performed services for the employer that were the same or similar to activities carried out or services performed by those workers for the person.
- Note.** The claims and basic tariff premium history of an employer’s predecessor are used in the calculation of the employer’s workers compensation insurance premium—see clauses 1 (4) and 5 of Schedule 4 to this Order.
- (2) Subclause (1) (a) applies whether the business acquired is the whole or main part of the business of the person or is the whole or main part of a separate and distinct business of the person, and whether or not the business acquired is carried on at the same location.
 - (3) Subclause (1) (b) applies whether or not the activities carried out or services performed for the employer were carried out or performed at the same location as those carried out or performed for the person.
 - (4) In this clause, **business** has the same meaning as in Division 2B of Part 7 of the Act.

Schedule 2 Application

(Clause 10)

1 Policies to which Order applies

- (1) This Order applies to and in respect of policies of insurance that are to be or have been issued or renewed so as to take effect at or after 4 pm on 30 June 2015 and before 4 pm on 30 June 2016.
- (2) If, before 4 pm on 30 June 2016, an insurance premiums order has not been made in respect of policies of insurance taking effect at or after that time, this Order applies to and in respect of those policies pending the making of such an order.

2 Policies exempt from Order

- (1) This Order does not apply to a policy of insurance issued or renewed by a specialised insurer that is exempted from insurance premiums orders by clause 165 of the *Workers Compensation Regulation 2010*.
- (2) Despite subclause (1):

 - (b) clause 8 (b) of this Order applies to policies of insurance issued or renewed by Racing NSW as a specialised insurer.

Schedule 3 Basic tariff premium

(Clause 3)

1 General

- (1) The basic tariff premium (*BTP*) for an employer is to be calculated in accordance with the following formula:

$$(W_a \times R_a) + (W_b \times R_b) + \dots (W_n \times R_n)$$

where:

W_a, W_b...W_n are each a part of the total wages payable to workers by the employer in respect of the period of insurance for which the premium is to be calculated, being a part of the total wages attributable to a class appearing in Column 1 of Table A applicable to the employer.

R_a, R_b...R_n are each a percentage rate specified in Column 3 of Table A that corresponds with a class applicable to the employer, being a class appearing in Column 1 of Table A opposite the percentage rate.

- (2) For the purposes of subclause (1), the classifications applicable to an employer and the part of total wages payable by an employer that is attributable to any such classification are to be as determined by reference to returns, if any, furnished in accordance with the regulations by the employer to the insurer, or by other information from the employer.

2 Exceptions

- (1) If the policy concerned relates to per capita rates in respect of some or all workers, the relevant numbers by which those rates are to be multiplied (for example, the number of boxing matches or taxi licence plates) are to be substituted for wages in respect of those workers to determine *W_a, W_b...W_n* in the formula in clause 1.
- (2) If the employer does not supply sufficient information to enable the business to be classified, the business is to be classified in the class with the highest percentage rate that appears to be applicable to the business. The business may be reclassified to a class having a lower percentage rate when sufficient information is supplied.

Schedule 4 Claims performance adjustment

(Clause 3)

1 General

- (1) The claims performance adjustment (*CPA*) for an employer is the rate specified for the employer in Table C having regard to the basic tariff premium (*BTP*) and claims performance rate (*CPR*) determined in respect of the employer.

- (2) In this clause:

basic tariff premium (BTP) is the basic tariff premium for the employer, calculated with respect to the period of insurance in accordance with Schedule 3 (or, if the period of insurance is to be less than 12 months, the basic tariff premium that would be calculated if the period of insurance were to be 12 months). If an employer is a member of a group, a reference to the basic tariff premium of the employer is taken to be a reference to the sum of the basic tariff premiums of all members of the group. *BTP₁*, *BTP₂*, and *BTP₃* are, respectively, the employer's individual basic tariff premium in respect of the last, second last and third last period of 12 consecutive months that occurred before the commencement of the period of insurance (or, if a prior period of insurance was less than 12 months the basic tariff premium that would be calculated if the period of insurance was 12 months).

claim performance rate (CPR) is the employer's claim performance rate calculated using the following formula:

$$CPR = \frac{CPM}{SPM} \times \frac{100}{1}$$

CPM is the employer's claim performance measure calculated using the following formula:

$$CPM = \frac{C_1 + C_2 + C_3}{BTP_1 + BTP_2 + BTP_3} \times \frac{100}{1}$$

C₁, *C₂* and *C₃* are, respectively, the totals of the cost of claims for the employer in respect of the last, second last and third last period of 12 consecutive months that occurred before the commencement of the period of insurance (not including the cost of any claims under sections 10 (Journey claims) and 11 (Recess claims) of the Act).

SPM is the scheme performance measure determined as follows:

- (a) if the employer has been insured under a policy or policies for the period of 36 months or longer immediately preceding the commencement of the period of insurance for which the premium is to be calculated—4.55%,
 - (b) if the employer has been insured under a policy or policies for a period of 24 months or longer but less than 36 months immediately preceding the commencement of the period of insurance for which the premium is to be calculated—3.51%,
 - (c) if the employer has been insured under a policy or policies for a period of 12 months or longer but less than 24 months immediately preceding the commencement of the period of insurance for which the premium is to be calculated—2.56%,
 - (d) if the employer has not been insured under a policy or policies prior to commencement of the period of insurance for which the premium is to be calculated or has been insured under a policy or policies for a period of less than 12 months immediately preceding that commencement—0%.
- (3) If an employer's policy is renewed and the employer does not supply the insurer with a notice with respect to wages paid during the last, second last or third last periods of insurance preceding that renewal (as required by clause 147 (3) or (3A) of the

Workers Compensation Regulation 2010), the insurer may, for the purpose of calculating the CPM for the renewed policy, determine the amount of BTP_1 , BTP_2 and BTP_3 in this clause to be the amount determined as the sum of the basic tariff premium for the employer for the renewal or adjustment of the employer's policies, as the case may be, in respect of the last, second last or third last periods of 12 consecutive months that occurred before the commencement of the period of insurance.

- (4) If during any past period referred to in C_1 , C_2 , C_3 , BTP_1 , BTP_2 or BTP_3 in a formula in this clause a predecessor of the employer was insured under a policy or policies:
- (a) the cost of claims for the employer during that period includes, for the purposes of C_1 , C_2 and C_3 , the cost of claims for the predecessor in respect of the relevant business of the predecessor, and
 - (b) the basic tariff premium for the employer during that period includes, for the purposes of BTP_1 , BTP_2 and BTP_3 , the basic tariff premium for the predecessor in respect of the relevant business of the predecessor.

2 Definition

In this Schedule, *cost of claims* has the same meaning as in clause 7 of this Order.

3 Claims performance measure for members of a group where another member ceases operating

- (1) Despite clause 1 of this Schedule, if:
- (a) an employer (*the continuing employer*) is or was a member of a group during any of the relevant policy periods, and
 - (b) during a relevant policy period, another member of the group becomes or became a departing member, and
 - (c) the departing member incurred claims that would be used to calculate the departing members premium in C_1 , C_2 or C_3 ,

the claims performance measure (*CPM*) for the continuing employer is to be calculated using the applicable formula in clause 1, but modified as follows:

C_1 , for the calculation of the continuing employer's premium, is to be calculated using the following formula:

$$C_1 = C_{1CE} + G_a \times C_{1DM}$$

C_2 , for the calculation of the continuing employer's premium, is to be calculated using the following formula:

$$C_2 = C_{2CE} + G_a \times C_{2DM}$$

C_3 , for the calculation of the continuing employer's premium, is to be calculated using the following formula:

$$C_3 = C_{3CE} + G_a \times C_{3DM}$$

BTP_1 , for the calculation of the continuing employer's premium, is to be calculated using the following formula:

$$BTP_1 = BTP_{1CE} + G_a \times BTP_{1DM}$$

BTP₂, for the calculation of the continuing employer’s premium, is to be calculated using the following formula:

$$BTP_2 = BTP_{2CE} + G_a \times BTP_{2DM}$$

BTP₃, for the calculation of the continuing employer’s premium, is to be calculated using the following formula:

$$BTP_3 = BTP_{3CE} + G_a \times BTP_{3DM}$$

where:

G_a is the continuing employer’s proportionate allocation of the departing member’s cost of claims and wages and is calculated using the following formula:

$$G_a = \frac{BTP_{CE}}{BTP_G - BTP_{DM}}$$

C_{ICE} is C₁ as calculated for the continuing employer using clause 1.

C_{IDM} is C₁ as calculated for the departing member using clause 1.

C_{2CE} is C₂ as calculated for the continuing employer using clause 1.

C_{2DM} is C₂ as calculated for the departing member using clause 1.

C_{3CE} is C₃ as calculated for the continuing employer using clause 1.

C_{3DM} is C₃ as calculated for the departing member using clause 1.

departing member, in relation to a continuing employer’s group, means an employer who:

- (a) is or was a member of that group, and
- (b) held a policy of insurance under the Act that has either expired or been cancelled, and
- (c) has not, in relation to that expiry or cancellation, become a predecessor of any other employer.

4 Employers who were previously self-insurers

- (1) If an employer was not insured for the period of 3 years referred to in clause 1, because the employer was a self-insurer during the whole or any part of that period, any formula in that clause applies as if the employer had been insured under a policy (and supplied particulars) during the whole of that period.
- (2) If an employer that is a member of a group was not insured for the period of 3 years referred to in clause 3, because the employer was a self-insurer during the whole or any part of that period, any formula in that clause applies as if the employer had been insured under a policy (and supplied particulars) during the whole of that period.

 - (a) the worker is partially incapacitated for work as a result of a 1987 Act injury (whether received before, on or after 1 July 1992) and is no longer employed by a previous employer who employed the worker at the time of the injury, or
 - (b) the worker has as a result of a 1987 Act injury (whether received before, on or after 1 July 1992) been totally or partially incapacitated for work for a period of at least 12 weeks, is no longer employed by a previous employer who employed the worker at the time of the injury and has been continuously unemployed since that period of incapacity.
- (2) However, this Schedule does not apply to any such wages unless:

- (2) If the employer has not supplied a notice with respect to wages (as required by clause 147 of the *Workers Compensation Regulation 2010*) in respect of any relevant period of insurance, the apprentice incentive amount (*A*) is taken to be zero for the purposes of the calculation of the employer's premium. The apprentice incentive amount (*A*) for an employer's premium may be recalculated when the required notice as to wages has been supplied.
- (3) Despite clause 1, in relation to a renewed policy of insurance, the apprentice incentive amount (*A*) for a small employer is taken, for the purposes of the calculation of the employer's premium, to be zero until the small employer has supplied a notice with respect to wages:

W_a, W_b...W_n are each a part of the total wages payable to workers by the employer in respect of the period of insurance for which the premium is to be calculated, being a part of the total wages attributable to a class appearing in Column 1 of Table A applicable to the employer.

DD_a, DD_b...DD_n are each a percentage rate specified in Column 4 of Table A that corresponds with a class applicable to the employer, being a class appearing in Column 1 of Table A opposite the percentage rate.

- (2) Despite subclause (1), if an employer is engaged in the class of employment specified in paragraph D (12) of the determination made by the Workers' Compensation (Dust Diseases) Board under section 6 (3) of the *Workers' Compensation (Dust Diseases) Act 1942*, published in Gazette No 64 of 11 May 1979 at page 2235, the dust diseases contribution (**D**) for the employer is to be calculated as follows:

$$D = W \times DD$$

where:

W is the total wages payable to workers by the employer in respect of the period of insurance for which the premium is to be calculated.

DD is 4.4%.

- (3) For the purposes of subclauses (1) and (2), the classifications applicable to an employer and the part of total wages payable by an employer that is attributable to any such classification are to be as determined by reference to returns, if any, furnished in accordance with the regulations by the employer to the insurer, or to other information from the employer.

2 Exception

If the employer does not supply sufficient information to enable the business to be classified, the business is to be classified in the class with the highest percentage rate that appears to be applicable to the business. Schedule 15 Table B

(Clause 10)

NSW WorkCover Industry Classification System**Notes**

- 1 The following activities should *not* be considered as separate and distinct businesses (as referred to in clause 8 of Schedule 1):
 - (a) Clerical and/or Technical and/or Computer/Information Technology Support Services as defined in Subdivision 78 Business Services,
 - (b) Management Services,
 - (c) Administrative Services,
 - (d) Sales and Marketing, (including retail and wholesale trade agent),
 - (e) Head Office Activities,
 - (f) Warehousing associated with Manufacturing, Wholesaling or Retailing.

These activities are not entitled to a separate class but should be considered incidental to the employer's other activity or activities. Consequently the wages of any such workers providing these services will attract the percentage rate of the class that is appropriate to the employer's business.

- 2 In the event that an employer carries on separate and distinct businesses (as referred to in clause 8 of Schedule 1) then workers engaged in the activities listed in clause 1 (a)–(f) are to each be allocated to one of those two or more separate and distinct businesses. Any such allocation will be on the following basis:
 - (a) if such a worker is occupied wholly or predominantly in just one of the employer's separate and distinct businesses in New South Wales then the entire wages of the worker will attract the percentage rate of the class appropriate to that business,
 - (b) if such a worker is predominantly occupied in more than one of the employer's separate and distinct businesses in New South Wales then the entire wages of the worker will attract the lowest percentage rate of the classes appropriate to the various business activities in which the worker is occupied. (In the event that those two or more separate and distinct businesses each have the same percentage rate then the worker's entire wages will attract the class with the lowest number).

- 3 Where an employer carries on a business and part of that business is located interstate and/or overseas, and a worker of the employer predominantly provides Corporate Head Office services to those interstate and/or overseas businesses and the employer can provide supporting documentation to show that such services are provided to those interstate and/or overseas businesses, the entire wages of the worker will attract the percentage rate of Class 785410 Corporate Head Office Administration. Head Office activities may include policy direction, corporate planning, management accounting, internal audit, corporate promotional work, investment management, property management, share registry operation, superannuation fund administration and other activities with a similar focus. The following factors should be taken into account in determining Head Office status:
 - (a) Head Office function is undertaken by a separately identifiable group of workers;
 - (b) Functions undertaken are of a generic nature (common to the management structure of most industries); and
 - (c) Activities of the Head Office are undertaken in a manner that is mainly directed towards the employer's operations outside of New South Wales.

- 4 (1) If an employer is a member of a group, and provides services referred to in Note 1 to an employer who is also a member of the group, or if a non-grouped employer provides services referred to in Note 1 to a related employer, the premium payable by the employer is to be calculated on the following basis:
 - (a) by reference to the highest percentage rate of the classes applicable to the second employer, to whom the services are provided, or
 - (b) if the employer is able to provide supporting documentation to show that such services are mainly provided to a particular business operation of the second employer – by reference to the rate for the class applicable to the business operation of the second employer.

(2) However, in the case where the employer is a member of a group, and provides services referred to in Note 1 to two or more other employers (who are also members of that group), or where a non-grouped employer provides services referred to in Note 1 to two or more other related employers, the premium payable by the employer is to be calculated:

 - (a) by reference to the highest percentage rate of the classes applicable to the respective members to whom they provide services, or
 - (b) if the employer is able to provide supporting documentation to show that such services are mainly provided to a particular business operation of one of the other employers in the group – by reference to

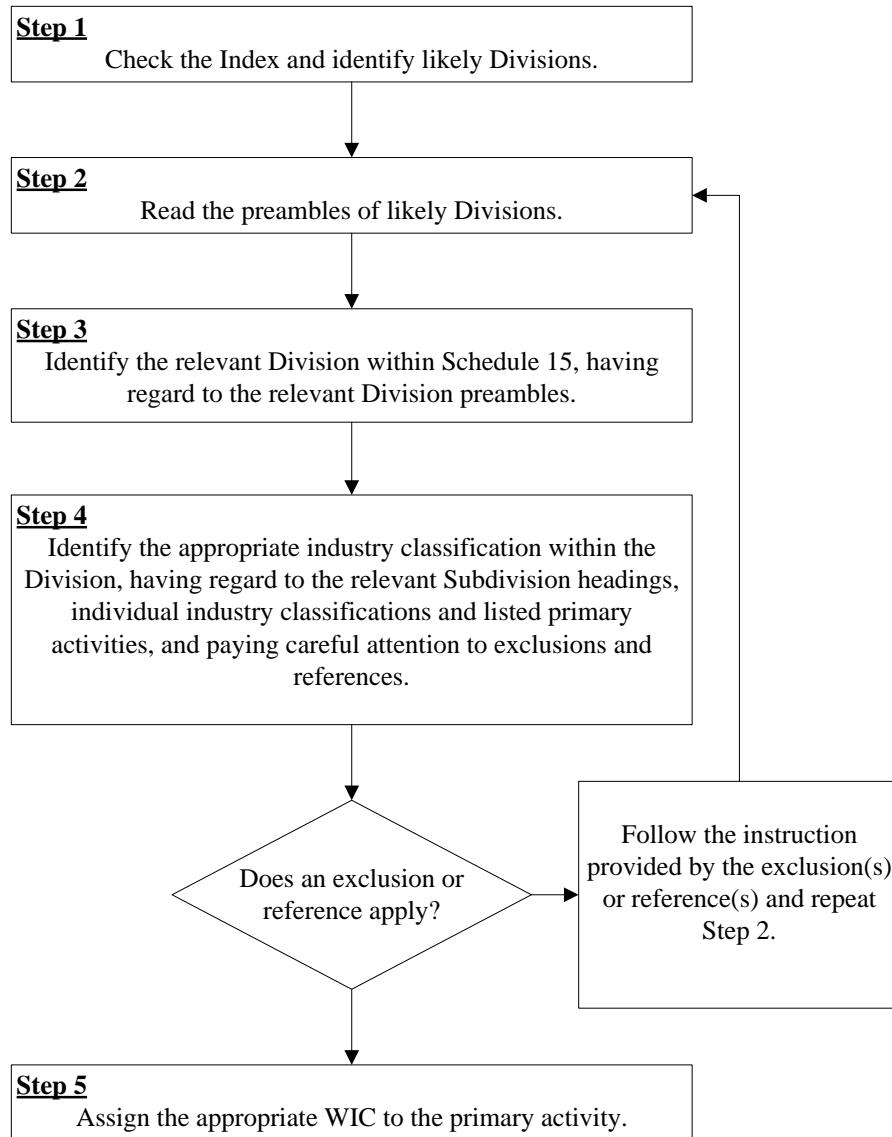

- the rate for the class applicable to the business operation of that other employer, or
- (c) if the employer is able to provide supporting documentation to show that such services are provided to related interstate and/or overseas entities and a worker predominantly provides such services to related interstate and/or overseas entities the entire wages of the worker will attract the percentage rate of the class applicable to the services provided to the interstate and/or overseas entities.
- 5 If an employer, who is the registered Australian Head Office or National Head Office, provides Corporate Head Office services and can provide supporting documentation to show that such services are provided to related interstate and/or overseas entities and a worker predominantly provides such services to related interstate and/or overseas entities, the entire wages of the worker will attract the percentage rate of Class 785410 Corporate Head Office Administration. Corporate Head Office activities may include policy direction, corporate planning, management accounting, internal audit, corporate promotional work, investment management, property management, share registry operation, superannuation fund administration and other activities with a similar focus. The following factors should be taken into account in determining Corporate Head Office status:
- (a) Corporate Head Office function is undertaken by a separately identifiable group of workers;
- (b) Functions undertaken are of a generic nature (common to the management structure of most industries); and
- (c) Activities of the Corporate Head Office are undertaken in a manner that is mainly directed towards the employer's operations outside of New South Wales.
- 6 With reference to Note 5 an employer may make application to the WorkCover Authority for a determination that the premium of the employer, other than the registered Australian Head Office or National Head Office of the group, is to be calculated by reference to the percentage rate of Class 785410 Corporate Head Office Administration. The WorkCover Authority may only make a determination under this clause if the employer mainly provides services referred to in Note 1 to interstate and/or overseas parts of the business or related entities.
- 7 If an employer has a business that is covered by Table B's classes 612310, 612315, 612320, 612322, 612324, 612326, 612330, 931120, 931130, 931930, 931940 or 931950 (being classes that refer to a per capita rate), the employer's basic tariff premium is to be calculated, to the extent that the business relates to those classes, on the basis of the relevant numbers by which those rates are to be multiplied (for example, the number of boxing matches or taxi licence plates) rather than on the basis of wages.
- 8 In relation to the class applicable to ministers of religion (961000) note that clauses 17 and 18 of Schedule 1 to the *Workplace Injury Management and Workers Compensation Act 1998* provide special procedures by which ministers of religion may be treated as workers for the purposes of the Act.
- 9 In the case of a labour hire business more than one class may apply. The class applicable to each category of worker hired out is the class that applies to the activity most closely associated with the occupation of the worker provided by the labour hire business. The office staff of labour hire companies, group training companies or group apprenticeship schemes whose role is the placement of workers with host employers is included in Class 786100 Employment Placement Services. However, this Note does not apply to the staff of employers who provide employment placement services to their own business or to a related business and should be classified as per Notes 1-5.
- 10 In Table B 'Mfg' means 'Manufacturing'.
- 11 Manufacturing in Table B includes the industrial activities of assembly, installation, maintenance and repairing where these activities are not elsewhere classified.
- 12 'Dealing' in Table B refers to contact, interaction and transactions with other people or organisations for business purposes including the activities of commerce, trade, industry, selling and production.
- 13 In Table B 'nec' means 'Not Elsewhere Classified'.
- 14 'Predominantly', in relation to services provided by the worker of an employer, refers to the proportion of time that a worker spends in providing services which during the policy period represents or is likely to represent more than any other activities combined of the worker to the total services provided by the worker.
- 15 A 'related' business, employer or entity in Table B has the same meaning as being a related employer for grouping under Division 2B of Part 7 of the *Workers Compensation Act 1987*.
- 16 The WorkCover Authority may, from time to time, issue guidelines for the application of the NSW WIC System.

Division B - MINING

The scope of the Mining Division includes all employers mainly engaged in 'mining', in exploration for minerals, and in the provision of a wide variety of services to mining and mineral exploration, as well as mining projects under development. The term 'mining' is used in the broad sense to include the extraction of minerals occurring naturally as solids such as coal and ores, liquids such as crude petroleum, or gases such as natural gas. Extraction of minerals is undertaken by such processes as underground or open cut mining, dredging, quarrying, the operation of wells or evaporation pans, or by recovery from ore dumps or tailings, and all supplementary activities aimed at preparing the crude materials for marketing. Activities include milling, dressing and beneficiation of ores, screening, washing and flotation. These activities are generally carried out at or near mine sites as an integral part of mining operations. Natural gas absorption, purifying and similar treatment plants are also included in this Division. The Mining Division excludes employers engaged in refining or smelting of minerals or ores (other than the preliminary smelting of gold), or in the manufacture of such products of mineral origin as coke or cement. Note that all NSW employers undertaking coal mining are required by the Coal Industry Act 2001 to obtain workers compensation insurance with Coal Mines Insurances Pty Ltd.
