PESTICIDES REGULATION 2017

EXEMPTION ORDER UNDER CLAUSE 8

Name of Order

1. This Order is to be known as the *LLS and NPWS Fumigant Exemption Order*.

Commencement

2. This Order commences on publication in the NSW Government Gazette and has effect for a period of five years from that date.

Authority for the Exemption Order

3. The Environment Protection Authority pursuant to clause 8 of the *Pesticides Regulation 2017* grants the following exemption.

Replacement for previous Exemption Order

4. This Order replaces Exemption Order 004/15 issued by WorkCover NSW under clause 684 of the *Work Health and Safety Regulation 2011*.

Objects of the Exemption

5. The objects of this Exemption Order are to:
 - (a) Authorise those persons described in clause 9 to use specific registered fumigant products, when undertaking an agricultural or conservation activity to control rabbits, mice or rats in accordance with the instructions on the approved label, without the need to obtain an EPA Fumigator licence.
 - (b) Specify the chemical accreditation that is required by those persons in clause 9 who use the specified fumigant products to control rabbits, mice or rats in NSW.

Background

6. Licensing arrangements for pest management technicians and fumigators were transferred from SafeWork NSW (formerly WorkCover NSW) to the EPA and on 1 September 2015 the EPA took full responsibility for issuing these licences. SafeWork NSW had issued exemption orders which were previously recognised under clause 7 of the *Pesticides Regulation 2009*. One of these exemption orders applied to LLS employees using certain fumigants to control specific vertebrate pests.

Under clause 6 of the *Pesticides Regulation 2017* fumigation work is defined. All persons using a fumigant, as defined under clause 3 of the *Pesticides Regulation 2017*, and who carry out fumigation work are required to hold an EPA Fumigator licence. To exempt persons from the licensing requirements, the EPA can issue an exemption order under clause 8 of the *Pesticides Regulation 2017*.

Application

7. The Order exempts persons specified under clause 9 from meeting the licensing requirements for a Fumigator licence as required under section 45 of the *Pesticides Act 1999*.

Definitions

8. In this Order –

agricultural activity has the same meaning as in clause 5 of the *Pesticides Regulation 2017* but only relates to fumigant use for the control of mice, rats and rabbits. It does not include situations involving the use of a fumigant to control insect pests of stored grain. Where agriculture activity relates to a horticultural situation it is only included if it involves the use of a fumigant for rabbit control.

APVMA means the Australian Pesticides and Veterinary Medicines Authority established by the *Agricultural and Veterinary Chemicals (Administration) Act 1992* of the Commonwealth.

Australian Qualifications Framework has the same meaning as in section 7 of the *Higher Education Act 2001*.

conservation activity means use of a fumigant, for conservation purposes, to control mice, rats and rabbits on land reserved or acquired under the *National Parks and Wildlife Act 1974*.

EPA means the Environment Protection Authority (NSW).

fumigant means any APVMA registered aluminium phosphide or zinc phosphide based product that liberates phosphine gas and is approved, by way of label instruction or an APVMA permit, for use in NSW, for the control of rabbits, mice or rats (rodents). It also includes APVMA registered chloropicrin products that have label instructions for the product to be used in NSW for the control of rabbits.

landholder means an owner, occupier or manager of land

LLS means the Local Land Services as constituted under the *Local Land Services Act 2013*.

NPWS means National Parks and Wildlife Service staff of the Office of Environment and Heritage that manage land reserved or acquired under the *National Parks and Wildlife Act 1974*.

NSW DPI means the NSW Department of Primary Industries.

use of a pesticide means “use” and “possession” as each of those terms is defined in the *Pesticides Act 1999*.

Persons authorised

9. Persons authorised under this exemption are LLS and NPWS employees undertaking an agricultural activity or conservation activity that:
- a) requires the use of a fumigant; and
 - b) the use of the fumigant is in accordance with the requirements of section 15 of the *Pesticides Act 1999* for the purpose of controlling rabbits, mice or rats; and
 - c) is compliant with the conditions of clause 10 to this order.

Requirements for exemption

10. A person authorised under clause 9 to use a fumigant to control rabbits, mice or rats must:
- a) not be less than eighteen (18) years of age; and
 - b) have current Level 3 Chemical Accreditation that is in accordance with the requirements of Part 3 of the *Pesticides Regulation 2017*; and
 - c) can communicate in the English language to a level that enables them to undertake the use of a fumigant, safely.

In addition, current Level 4 Chemical Accreditation is required where:

- a) an LLS employee provides training or supervision of fumigant use to LLS employees or landholders; or
- b) a NPWS employee provides training of fumigant use to NPWS employees or contractors
