of the State of

New South Wales

Number 77

Friday, 10 August 2018

The New South Wales Government Gazette is the permanent public record of official NSW Government notices. It also contains local council, private and other notices.

From 1 January 2018, each notice in the Government Gazette has a unique identifier that appears in square brackets at the end of the notice and that can be used as a reference for that notice (for example, [n2018-14]).

The Gazette is compiled by the Parliamentary Counsel's Office and published on the NSW legislation website (www.legislation.nsw.gov.au) under the authority of the NSW Government. The website contains a permanent archive of past Gazettes.

NATIONAL PARKS AND WILDLIFE ACT 1974

Browns Hill Fringe Camp Aboriginal Place

Taree

Pursuant to section 84 of the *National Parks and Wildlife Act 1974*, I, the Minister for the Environment, being of the opinion that the place known as Browns Hill Fringe Camp is, and was, of special significance to Aboriginal culture, declare the lands described in Schedule “A” as an Aboriginal Place.

The Browns Hill Fringe Camp is a place of special significance to the local Biripi people, descendants of the original inhabitants of the Browns Hill Fringe Camp and to many other Aboriginal people throughout New South Wales for its historic, social and spiritual values significant to Aboriginal culture.

The historic values of the Browns Hill Fringe Camp site include its post-contact occupation as a place of refuge from the 1850s until the early 20th century; a place established by the local displaced Aboriginal community who demonstrated their resistance against the discriminatory government policies and social norms of the time, as well as being a place that links Aboriginal people today with their history.

The area identified is representative of the much larger original Browns Hill Fringe Camp site and holds social and spiritual significance to the local Biripi people and the descendants of the former residents. It is a place where they can connect with their ancestors on country within a landscape that was once used to establish an Aboriginal community during the post-contact period of social change. It is now seen as a place that represents their history and the strength, determination and resilience of their ancestors.

ROAD TRANSPORT ACT 2013

EXEMPTION ORDER

SECTION 19

***Ministerial (Registration Charge – Drought Relief for Class 1 Agricultural Vehicles)
Exemption Order 2018***

I, Melinda Pavey, Minister for Roads, Maritime and Freight, pursuant to section 19(1) of the *Road Transport Act 2013*, make this Order.

MELINDA PAVEY
Minister for Roads, Maritime and Freight

Dated, this 7th day of August 2018

1. Citation

This Order is the *Ministerial (Registration Charge – Drought Relief for Class 1 Agricultural Vehicles) Exemption Order 2018*

2. Commencement

This Order has effect on and from 6 August 2018.

3. Effect

This Order remains in force up to and including 6 August 2020 unless revoked earlier.

4. Interpretation

Words and expressions used in this Order have the same meaning as in the *Road Transport Act 2013* unless otherwise stated.

5. Definitions

‘*Class 1 agricultural vehicle*’ and ‘*agricultural trailer*’ are defined in section 5 of the *Heavy Vehicle National Law (NSW)*.

‘*farming or agricultural implement*’ includes a combine harvester or other harvester, fertiliser spreader, cotton picker, crop sprayer, or tractor.

‘*Act*’ means the *Road Transport Act 2013*

‘*Regulation*’ means the *Road Transport (Vehicle Registration) Regulation 2017*

6. Vehicles to which this Notice applies

This Order applies to a Class 1 agricultural vehicle that is oversize and/or over-mass and includes a farming or agricultural implement, but does not include agricultural trailers other than a trailer being towed by a farming or agricultural implement.

7. Declaration

A motor vehicle to which this Order applies is declared to be exempt from the registration charges applicable under Schedule 2 of the Act and Schedule 4 of the Regulation. For the avoidance of doubt, this Exemption Order is also an exemption pursuant to clause 10(2) of Schedule 4 of the Regulation in relation to vehicles to which this Notice applies that are registered conditionally.

8. Publication

This Order is published in the NSW Government Gazette.

Explanatory note:

On 30 July 2018, the Premier of NSW announced the Emergency Drought Relief Package for farmers, including \$100 million for cutting the costs of farming fees and charges. As part of this package, it was announced that registration costs for Class 1 Agricultural Vehicles would be waived for affected farmers.

Heavy vehicle registration comprises a registration charge set by national uniform legislation and does not include a motor vehicle tax component.

An Exemption Order under the Act is required to give effect to the Drought Relief Package with respect to vehicles other than those listed in clause 10(1) of Schedule 4 of the Regulation.

MARINE SAFETY REGULATION 2016

Clause 56(1)

DIRECTION

'CODE OF CONDUCT' FOR THE MORTLAKE ROAD-FERRY AND PARRAMATTA RIVER PASSENGER FERRIES

I, Chris Doolin, Principal Manager, Operations and Compliance, a delegate of Roads and Maritime Services (in its capacity as maritime regulator – hereafter referred to as 'NSW Maritime'), pursuant to clause 56(1)(b) of the Marine Safety Regulation 2016 (Regulation), issue this **DIRECTION** to Roads and Maritime Services (in its capacity as the owners and operators of the road-ferry known as the 'Mortlake Ferry'), and to Harbour City Ferries (operators of passenger ferries using the Parramatta River).

This Direction applies at all times (24 hours per day, 7 days per week).

This Direction requires Harbour City Ferries (HCF) and Roads and Maritime Services (RMS) to comply with the navigational requirements imposed in **Schedule 1** when operating in the defined Zone. The Direction is required due to safety concerns related to the frequency of passenger ferry movements in the Zone and potential risks associated with cables used by the Mortlake Ferry (a 'ferry-in-chains').

This Direction does not apply in any individual case where NSW Maritime has expressed in writing that it is not to apply.

Object

The Object of this Direction is to facilitate the safe and efficient operation of both the Mortlake Ferry and passenger ferries operated by HCF.

This Direction requires HCF and the masters of its passenger ferries to navigate safely when approaching and crossing the cables of the Mortlake Ferry, and to permit the timely operation of the Mortlake Ferry.

This Direction requires RMS and its agents, to facilitate where possible the safe navigation and timely operation of any HCF passenger ferry that is approaching or crossing the cables of the Mortlake Ferry.

A copy of this Direction must be carried on board the Mortlake Ferry and every HCF passenger ferry that operates upstream of Cabarita Point, Parramatta River.

Definitions

In this Notice:

'Mortlake Ferry' means the RMS vehicular 'road-ferry' - operated by cables between Putney Point and Hilly Street, Mortlake – and is a 'road' within the meaning of the *Roads Act 1993* and a 'vessel in chains' within the meaning of the Regulation.

'passenger ferry' means a ferry on a scheduled service, whether operated by, or on behalf of, Harbour City Ferries.

'Regulation' means the Marine Safety Regulation 2016.

'Zone' means the area in the vicinity of Breakfast Point commencing approximately 350 metres downstream from the Mortlake Ferry and the area in the vicinity of Mortlake Point commencing approximately 350 metres upstream of the Mortlake Ferry as shown on the Diagram provided in Schedule 2.

Background

On 1 April 2003, the then Waterways Authority convened a meeting between the then Roads and Traffic Authority (RTA) and the State Transit Authority (STA) to find a suitable solution to minimise delays to, and increase safety for, the Mortlake Ferry and (then) STA passenger ferries.

Masters of the Mortlake Ferry and STA passenger ferries had previously reported delays and misunderstandings when operating in the same vicinity at the same time. The reported factors included:

- GRN Channel 2 radio contact not being made between vessels
- the Mortlake Ferry yellow flashing light shore based system being obscured from view
- both the Mortlake Ferry and shore based, yellow flashing lights not being visible late afternoon due to sun-glare
- uncertainty regarding the Mortlake Ferry intentions
- uncertainty regarding STA passenger ferries intentions
- uncertainty as to the time taken for the Mortlake Ferry to make a crossing
- uncertainty on the priority when two STA passenger ferries arrive together from opposing directions

As a result of the meeting, a Code of Conduct was developed by the Waterways Authority in consultation with the RTA and STA, and was adopted as part of the commercial vessel regime then applicable to such vessels.

The Code of Conduct commenced on 1 January 2004, and was amended in 2014 following legislative amendments and organisational changes.

In response to further legislative amendments and in consultation with all parties, the Code of Conduct is now adopted as a direction in relation to waterway management matters under the Regulation.

Compliance with this Direction

This Direction is intended to promote the maintenance of safety and good seamanship and facilitate equitable distribution of time for passengers using both forms of transport.

Failure to comply with a requirement of this Direction may constitute an offence (cl.56(5) of the Regulation).

Publication

Pursuant to clause 56(2) of the Regulation, this Notice is published in the NSW Government Gazette and may be revoked or modified at any time by NSW Maritime.

If any party subject to this Direction believes that an amendment is required, details should be submitted to:

Principal Manager Sydney,
Operations and Compliance – NSW Maritime
Roads and Maritime Services
33 James Craig Road,
Rozelle Bay, NSW, 2039

This Direction takes effect on publication and will continue in force until revoked.

Date: 6th August 2018

SCHEDULE 1

NAVIGATIONAL REQUIREMENTS

The following navigational requirements must be adhered to:

1. Signal lights to be displayed on the Mortlake Ferry when making way

The Mortlake Ferry operates to a schedule, and while making way, a transit across the Parramatta River must be signified by:

- a flashing magenta signal light on the ferry
- a flashing magenta signal light situated above the ferry ramp, upon the northern shoreline
- a flashing magenta signal light situated at Breakfast Point, approximately 350 metres from the Mortlake Ferry, on the downstream side of the southern shoreline
- a flashing magenta signal light situated at Mortlake Point, approximately 350 metres from the Mortlake Ferry, on the upstream side of the southern shoreline.

2. When signal lights are operational

When the signal lights are operational, only one passenger ferry may pass over the cables of the Mortlake Ferry at any time.

Passenger ferries passing over the cables of the Mortlake Ferry must be operated with extreme caution and operators are reminded they must comply with clause 42 of the Regulation (as amended from time to time).

42 Special provisions for vessels in the vicinity of vessels operating in chains

The operator of a vessel that is passing or crossing a vessel in chains that is making way must:

- (a) operate at a speed of 4 knots or less when within 100 metres of the chains, ropes or cables being used by the vessel in chains, and
- (b) disengage power when crossing the chains, ropes or cables being used by the vessel in chains, except when it is unsafe to do so, and
- (c) pass at a safe distance astern from the vessel in chains.

Maximum penalty: 50 penalty units.

3. When signal lights are not operational

When signal lights are not operating, passenger ferries must exercise caution when operating in the zone to take into account the possible malfunction of Mortlake Ferry signal lights.

4. When signal lights commence operation and a passenger ferry is inside the Zone

If a passenger ferry is in the Zone and the signal lights commence operation, the passenger ferry master is to immediately establish GRN radio contact with the Mortlake Ferry master.

The passenger ferry master is to identify his vessel AND position, seek approval from the Mortlake Ferry master to transit the Zone under power and at regular speed, and seek confirmation that the Mortlake Ferry will hold at the shore:

- If approval is given by the Mortlake Ferry master, the passenger ferry may continue through the Zone on the basis that it is not 'passing or crossing a vessel in chains', and clause 42 does not apply.
- If approval is not given by the Mortlake Ferry master, the passenger ferry may still proceed through the Zone, however must be operated in compliance with the requirements under clause 42 of the Regulation.

The decision of the Mortlake Ferry Master is final.

5. Passenger ferries transiting the Zone from opposing directions

If two or more passenger ferries transit the Zone at the same time from opposing directions, only one passenger ferry may pass over the cables of the Mortlake Ferry at any time.

Priority will be given to the upstream passenger ferry, subject to paragraph 4 of this Schedule.

6. Passenger ferries transiting the Zone from the same direction

If two or more passenger ferries transit the Zone from the same direction, only one passenger ferry may pass over the cables of the Mortlake Ferry at a time.

Priority will be given to the passenger ferry that is the first vessel to establish radio contact with the Mortlake Ferry master under paragraph 4 of this Schedule.

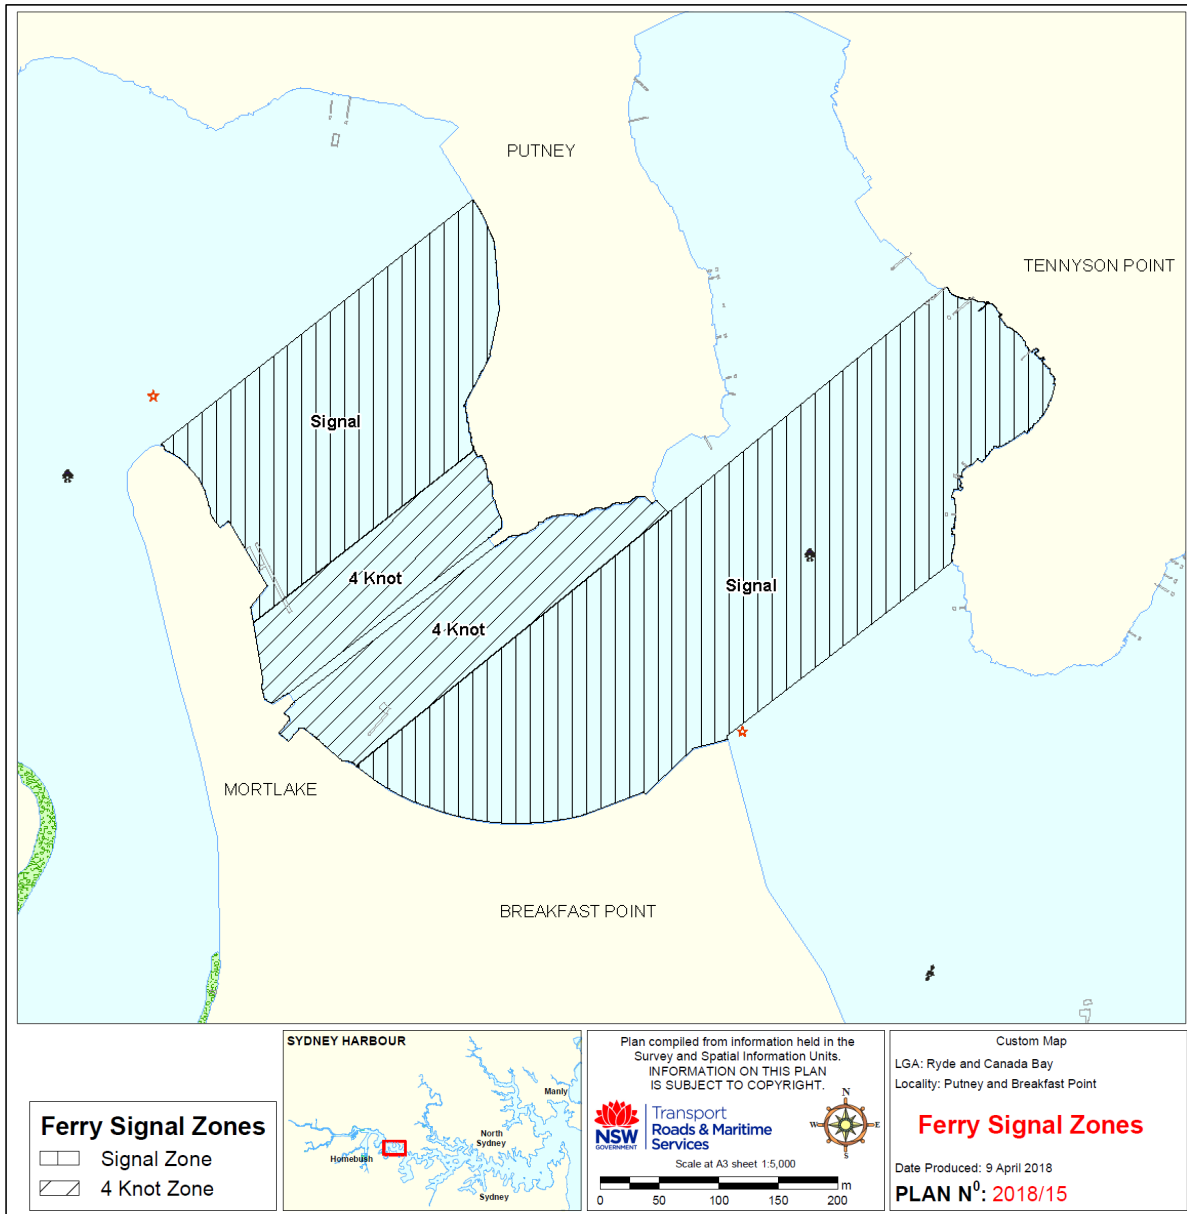

7. Radio Contact

If radio contact cannot be established, is broken or is subject to interference, then passenger ferries must be operated in full compliance with the requirements of clause 42 of the Regulation while in the Zone.

8. In case of doubt

If there is any doubt whatsoever, passenger ferry masters must travel at a safe speed, keep a proper lookout, and be mindful of the requirement to comply with clause 42 of the Regulation.

MARKET INTEREST

Coal Exploration Licence

Exploration Licence Application No. 5710 (Act 1992)

Endeavour Coal Pty Limited [ACN 099 830 476] has applied to the NSW Department of Planning and Environment, Division of Resources and Geoscience (Division) for a coal (Group 9) exploration licence for operational allocation purposes in accordance with Section 13C of the *Mining Act 1992* and Clause 20 of the *Mining Regulation 2016*.

Exploration Licence Application No. 5710 (Act 1992) (the Application) is located about 6.75 kilometres north of Picton embracing an area of 4087.29 hectares as shown in the diagram below (the Application Area).

In order to determine the Application the Division is required to assess if there is market interest in the Application Area, submissions are sought from parties interested in exploring for, and potentially developing, any coal resources within the Application Area. Parties making submissions should:

- **Provide a high level overview of how the Application Area could form part of an existing or potential mining operation (whether stand-alone in the Application Area or incorporating other land outside the Application Area), and**
- **Provide details of their experience in coal mining and exploration and/or developing a mining operation.**

Submissions should quote Market Interest Test for ELA 5710 (Act 1992) and may be made by email to titles.services@planning.nsw.gov.au by 11:59pm on **9th September 2018**.

Submissions received by the required date will be considered by the Minister when determining the Application.

The Honourable Don Harwin, MLC
Minister for Resources

Notes/Acknowledgements

1. Submissions will be treated as confidential.
2. This notification does not amount to invitation for an exploration/mining licence/lease over the Application Area nor constitute a release of the area in accordance with the Strategic Release Framework etc.
3. Responses received may form the basis of a material submitted to Advisory Body for Strategic Release to inform their work.
4. While not intending to limit or prescribe the content of submissions, responses are encouraged to include an overarching concept plan of mine plan that incorporates the Application Area and demonstrates, depending on the application:
 - An enhanced mine design
 - Recovering a resource that would otherwise be sterilised.
 - Extension of an existing mine life

BIOSECURITY ACT 2015

Biosecurity (Rabies vaccination for Australian bat lyssavirus) Control Order 2018

I, Sarah Britton, Chief Veterinary Officer, NSW Department of Primary Industries, in exercise of delegated authority under the *Biosecurity Act 2015*, in pursuance of section 62 of the *Biosecurity Act 2015*, reasonably believing it is necessary to prevent the biosecurity risk associated with Australian bat lyssavirus, make the following Control Order.

Dated this 7th August 2018

SARAH BRITTON

CHIEF VETERINARY OFFICER

DEPARTMENT OF PRIMARY INDUSTRIES

within the DEPARTMENT OF INDUSTRY

(by delegation)

Explanatory note

This Control Order is made under section 62 of the *Biosecurity Act 2015*. The object of this Control Order is to manage and prevent the biosecurity risk posed or likely to be posed by Australian bat lyssavirus.

BIOSECURITY (RABIES VACCINATION FOR AUSTRALIAN BAT LYSSAVIRUS) CONTROL ORDER 2018

under the
Biosecurity Act 2015

1. Name of Order

This Control Order is the *Biosecurity (Rabies vaccination for Australian bat lyssavirus) Control Order 2018*.

2. Commencement

This Control Order commences on the day it is signed.

3. Revocation of the *Biosecurity (Rabies Vaccination) Control Order 2017*

Pursuant to section 77 of the Act, the *Biosecurity (Rabies Vaccination) Control Order 2017* published in NSW Government Gazette No. 67 of 23 June 2017 at pages 2988 to 2989 is revoked, as is any Order revived as a result of this revocation.

4. Definitions

the Act means the *Biosecurity Act 2015*.

Note: *Chief Veterinary Officer* has the same meaning as in the Act.

5. Biosecurity Matter and Biosecurity Risk

- (1) The biosecurity matter to which this Control Order relates is Australian bat lyssavirus.
- (2) The biosecurity risk to which this Control Order relates is infection with Australian bat lyssavirus in exposed terrestrial mammals (except pigs).

6. Control Zone

- (1) Pursuant to sections 62(1)(a) and 67 of the Act, this Control Order is limited in its application to the Control Zone being the whole of the State of New South Wales.
- (2) The Control Zone is called the Australian Bat Lyssavirus Control Zone.

7. The persons or class of persons to whom the control measures apply

This Control Order applies to all persons in the Australian Bat Lyssavirus Control Zone.

8. Control measures

Pursuant to section 62(1)(b) of the Act, the following control measures apply:

- a. A person must not vaccinate, or attempt to vaccinate, a terrestrial mammal with direct exposure to a suspected or confirmed diagnosed case of Australian bat lyssavirus using the rabies vaccine, unless:
 - i. the person is a registered veterinarian; and
 - ii. the animal is not a pig; and
 - iii. the vaccine is administered in accordance with the 'Vaccination protocol – Post-exposure Prophylaxis (PEP)' contained in the document entitled *Australian bat lyssavirus (ABLV) guidelines for veterinarians* published by the NSW Department of Primary Industries, available at www.dpi.nsw.gov.au
- b. Registered veterinarians must record details of all rabies vaccinations administered and make these records available to authorised officers on request.

Note: Registered Veterinarians can administer the rabies vaccine to cats and dogs without direct exposure to a suspected or confirmed diagnosed case of Australian bat lyssavirus in some circumstances, in accordance with APVMA Permit number – PER14236.

9. Duration of control order

This Control Order has effect for a period of 5 years from its date of commencement.

TRANSPORT ADMINISTRATION ACT 1988

LAND ACQUISITION (JUST TERMS COMPENSATION) ACT 1991

Notice of Compulsory Acquisition of Interests in Land for the Purposes of the Transport Administration Act 1988

Sydney Metro by its delegate declares, with the approval of His Excellency the Governor, that the easement described in Schedule 1 below is acquired by compulsory process under the provisions of the *Land Acquisition (Just Terms Compensation) Act 1991* as authorised by section 38C of the *Transport Administration Act 1988* for the purposes of the *Transport Administration Act 1988*.

TOM GELLIBRAND
Acting Chief Executive
Sydney Metro

SCHEDULE 1

An easement for rock anchors on the terms set out in Schedule 2, and over that part of that piece or parcel of land situated at Sydney, in the Local Government Area of Sydney, Parish of St Lawrence and County of Cumberland being that part of the Common Property in Strata Plan 74745, shown marked "(X)" in Drawing No. NWRLSRT-RPS-SPS-SR-DWG-000028, a copy of which is set out in Schedule 3.

SCHEDULE 2

Terms of easement for rock anchors

1. EASEMENT FOR ROCK ANCHORS

1.1 Easement summary

This Easement provides the Authority Benefited with:

- (a) access to the Easement Site for the purpose of installing Rock Anchors; and
- (b) the right to have the Rock Anchors remain on the Easement Site at all times until expiry of the Easement under clause 1.3.

1.2 Terms of the easement

- (a) The Owner of the Lot Burdened grants to the Authority Benefited full, free and unimpeded right for the Authority Benefited to:
 - (i) enter on, pass and repass over the Easement Site at all times with or without Equipment for the Permitted Purpose and do anything reasonably necessary for that purpose including:
 - (A) entering the Easement Site; and
 - (B) taking anything on to the Easement Site; and
 - (ii) have the Rock Anchors remain on the Easement Site until expiry of the Easement under clause 1.3.
- (b) In exercising its rights under this Easement, the Authority Benefited must:
 - (i) make good any damage to the Easement Site, Lot Burdened and Building to the extent caused by the Authority Benefited;
 - (ii) carry out all activities so as to cause as little inconvenience as is reasonably practicable to the Owner of the Lot Burdened or any Occupier;
 - (iii) take all necessary steps to minimise any adverse interference caused by the Authority Benefited to the Owner of the Lot Burdened or any Occupier; and
 - (iv) comply with all relevant laws relating to the exercise of those rights.

1.3 Expiry of the easement

- (a) As soon as practicable after the date on which the Authority Benefited no longer requires the rights under this Easement, the Authority Benefited must:
 - (i) de-stress any stressed Rock Anchors but is not required to remove any Rock Anchors installed on the Easement Site pursuant to this Easement; and

- (ii) notify the Owner of the Lot Burdened in writing.
- (b) This Easement will expire on the earlier to occur of:
 - (i) 30 June 2022; and
 - (ii) the date on which the Authority Benefited gives the Owner of the Lot Burdened notice under paragraph (a)(ii).
- (c) If this Easement has expired under paragraph (b):
 - (i) the Owner of the Lot Burdened and the Authority Benefited must take all reasonable steps to remove this Easement from the title of the Lot Burdened as soon as practicable, including preparing and executing all necessary documents and producing the relevant certificates of title at Land and Property Information NSW; and
 - (ii) the Owner of the Lot Burdened may, at its risk and cost, cut the Rock Anchors at any location within the Easement Site and otherwise deal with any part of the Rock Anchors within the Easement Site as the Owner of the Lot Burdened sees fit.

1.4 **Incorporation of definitions and interpretation clauses**

The provisions of clause 2 apply to this Easement to the extent relevant.

The name of the persons empowered to release, vary or modify this easement:

The Authority Benefited.

2. **GENERAL**

2.1 **Exercise of the benefit of the Easement**

The Authority Benefited may, in its discretion, permit any of its Authorised Users to exercise its rights and perform its obligations under this Easement from time to time.

2.2 **Conditions**

Each of the Conditions constitute and are covenants and agreements by and between the Authority Benefited and the Owner of the Lot Burdened for themselves and their respective successors, assigns and transferees with the intention and agreement that the benefit and burden of such covenants and agreements must pass with the benefit and burden of the Easement.

2.3 **Definitions**

Acquisition Notice means the acquisition notice effecting the acquisition of this Easement published in the Government Gazette.

Authorised Users means the agents, employees, contractors (and each of their subcontractors at any level) and consultants of the Authority Benefited and any other person authorised by the Authority Benefited to exercise the rights and perform the obligations of an Authorised User under this Easement.

Authority Benefited means Sydney Metro (ABN 12 354 063 515), a New South Wales Government agency constituted by section 38 of the *Transport Administration Act 1988* (NSW).

Building means the building and other structures (or any part of the building or other structures) on the Lot Burdened from time to time.

Conditions means the conditions contained in this Easement, excluding the section entitled "Easement summary" and including the general provisions set out in this clause 2.

Easement means the easement in this instrument and includes the Conditions in relation to that easement.

Easement Site means the easement site set out in Schedule 1 of the Acquisition Notice.

Equipment means all necessary tools, implements, materials, machinery and vehicles.

Existing Building Structures means any improvements located within the Easement Site at the commencement of the Easement.

Government Gazette means the official journal published by the NSW Government containing proclamations and notifications, including land acquisition notices.

Lot Burdened means the Lot set out in Schedule 1 of the Acquisition Notice.

Occupier means any person who is legally entitled and authorised to occupy any part of Lot Burdened from time to time.

Owner of the Lot Burdened means every person who is at any time entitled to an estate or interest in the Lot Burdened, including without limitation any freehold or leasehold estate or interest in possession in the Lot Burdened and each part of the Lot Burdened and any Owners Corporation in relation to the Lot Burdened.

Owners Corporation means an owners corporation constituted under the *Strata Schemes Management Act 2015* (NSW) or community association constituted under the *Community Land Development Act 1989* (NSW) and any similar body corporate serving the same functions and purposes as an owners corporation or a community association.

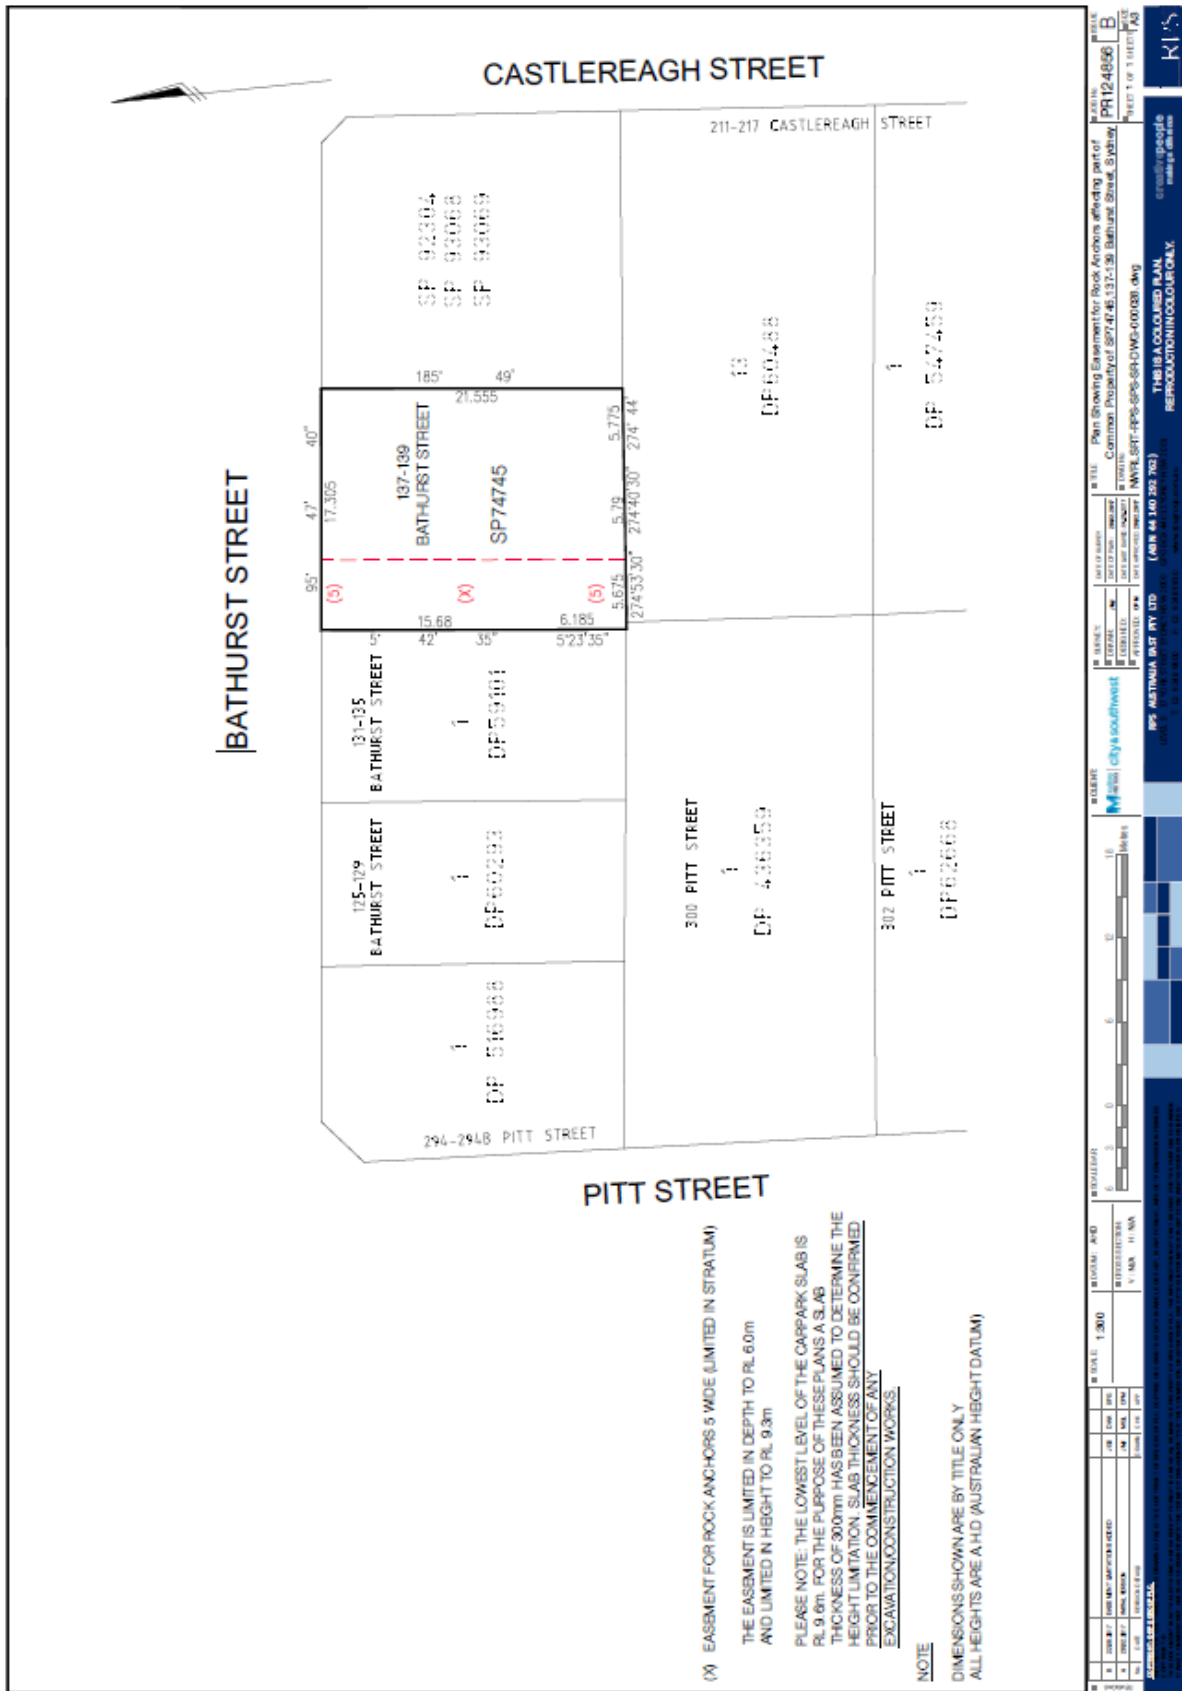

Permitted Purpose means installing Rock Anchors within the Easement Site and all works and activities associated with such installation, including replacement or removal of the Rock Anchors.

Project means the design, construction (including any demolition required to enable construction to proceed or as a necessary part of any construction), operation and

maintenance of the Sydney Metro City & Southwest project on land adjoining or in the vicinity of the Lot Burdened.

Rock Anchors means ground anchors, rock anchors, rock bolts, rock pinning, soil nails, rock dowels and other structures or equipment for the purpose of temporarily supporting or temporarily protecting the works on land owned by the Authority Benefited or temporarily underpinning and supporting improvements erected on the Lot Burdened.
