Medicines, Poisons and Therapeutic Goods Act

Prescribed Qualifications to Supply or Administer or Possess Vaccinations

- a) I, Hugh Crosbie Heggie, Acting Chief Health Officer:
- (i) under sections 63(2) and 65(1A) of the *Medicines, Poisons and Therapeutic Goods Act (Act)* with reference to section 43 of the *Interpretation act*, revoke the notice entitled 'Prescribed Qualifications to Supply or Administer or Possess Vaccinations' dated 19 February 2016 and Publish in Gazette S13 of 23 February 2016; and
 - (ii) under section 63(2) of the Act, prescribe any one of the qualifications in Schedule 1 and any one of the qualification in Schedule 2 as the qualifications required by an Aboriginal and Torres Strait Islander health practitioner (health practitioner), in the course of practising in the Aboriginal and Torres Strait Islander health practice profession, to:
 - (A) supply or administer a Schedule 4 substance that is a vaccine to a person; and
 - (B) possess that substance for those purposes; and

- (iii) under section 65(1A) of the Act, prescribe any one of the qualifications in the schedule 1 and any one of the qualifications in Schedule 2 as the qualifications required by a nurse or midwife (health practitioner), in the course of practising in the nursing or midwifery profession as a nurse or midwife, to:
 - (A) supply or administer a Schedule 4 substance that is a vaccine to a person; and
 - (B) possess that substance for those purposes; and
 - (iv) with reference to section 42(1)(b) of the Interpretation Act, prescribe the qualifications mentioned in subparagraphs (a)(i) and (a)(ii) of this instrument, subject to the conditions specified in Schedule 3.
- b) In this instrument:
- Schedule 4 substance**, see section 7(2) of the Act.
 - Schedule substance treatment protocol**, see section 5 of the Act.

Dated 9 November 2016

H. C. Heggie
Acting Chief Health Officer

Schedule 1

Schedule 2

1. Basic Life Support Certificate or Apply First Aid Certificate

Schedule 3

1. The health practitioner must be registered with the Australian Health Practitioner Regulation Agency without conditions.
2. The health practitioner must adhere to the Scheduled substance treatment protocol which has been approved by the Chief Health Officer.
3. The health practitioner's qualifications specified in Schedule 2 must be current and the health practitioner must provide documentary evidence of the qualifications
4. The health practitioner must provide documentary evidence of the qualification specified in Schedule 1 from the provider including the date on which the qualification was obtained.
5. The health practitioner must continue to complete regular up skill courses. If the period since the date the health practitioner completed the qualification specified in Schedule 1 or the date the health practitioner completed the most recent up skill course, is more than 1 year but less than 3 years, then the health practitioner must complete either the About Giving Vaccines Up-Skill Course provided by the Centre for Disease Control in the Northern Territory, or an up-skill course for the health practitioner's Schedule 1 qualification as approved by the provider or a full course from Schedule 1.

6. If 3 year or more have elapsed since the health practitioner completed the most recent up-skill course or qualification the health practitioner must successfully complete a full course qualification specified in Schedule 1.
