Dear Stephen

Determination—Regional Pricing of Ancillary Services

On 27 March 2003, the Australian Competition and Consumer Commission (Commission) received applications for authorisation (Nos A40086, A40087 and A40088) of amendments to the National Electricity Code (Code). These applications were submitted by the National Electricity Code Administrator (NECA), under Part VII of the Trade Practices Act 1974 (TPA). The proposed amendments relate to the modification of the arrangements for recovery of the costs of some frequency control ancillary services in the National Electricity Market.

The Commission's determination outlines its analysis and views on the proposed Code changes. The Commission has granted authorisation, conditional upon a number of amendments to the proposed Code changes being made.
