MID YEAR BUDGET REVIEW

2002-03

Honourable Kevin Foley MP
Deputy Premier and Treasurer of South Australia*

1. THE ECONOMIC CONTEXT

2. 2002-03 BUDGET POSITION AND OUTLOOK

3. UNIFORM PRESENTATION FRAMEWORK

1 THE ECONOMIC CONTEXT

After relatively moderate economic growth in 2000-01, the Australian economy grew solidly in 2001-02, with Gross Domestic Product (GDP) growing by 3.9 percent in real terms. Nonetheless, employment growth slowed to 1.1 percent (compared to 2.1 percent in the previous year) despite the faster rate of production growth.

The South Australian economy also experienced strong growth in 2001-02, with Gross State Product (GSP) increasing by 3.7 percent in real terms following 3.3 percent growth in 2000-01 (revised upwards by the Australian Bureau of Statistics from the previously reported 0.7 percent). Contributions to growth in 2001-02 were mainly from a solid overseas goods export performance, strong household consumption spending and the impact of strong housing construction activity.

Recent economic data suggests that the South Australia economy continued to experience solid economic and employment growth during the first half of 2002-03. While there has been continuing strength in the non-farm sector during the first half of the financial year 2002-03 as a consequence of the continuing high level of residential construction activity, the farm sector will experience a large decline in production due to poor seasonal conditions. Nonetheless economic growth (GSP) in 2002-03 is expected to be 2¾ percent, as the impact of the drought is expected to be offset by a stronger than expected growth rate in the non-farm sector. While dwelling construction has maintained strong activity levels in calendar 2002 it is anticipated that a downturn will be experienced through 2003. This will temper household consumption spending growth in 2003-04 as flow-on spending on household items subsides.

State economic growth is anticipated to remain at 2¾ percent in 2003-04 due to an assumed recovery from the drought. Most economic commentators, including the OECD, anticipate a recovery in the major economies (eg USA and Euro Area) during 2003. The impact on South Australia's export sector, and the subsequent flow-on effects to the domestic economy, should provide some offset to the anticipated slowdown in domestic demand, particularly in dwelling construction and household consumption spending. Nonetheless, it is anticipated that activity in the non-farm sector of the economy overall will slow in 2003-04, offsetting the assumed return to more typical seasonal conditions in the farm sector.

State employment growth in 2002-03 is now forecast to be higher than anticipated at Budget time at 1¾ percent before dipping to ¾ of a percent in 2003-04 and returning to the medium term projected level of 1.0 percent thereafter.

The Adelaide Consumer Price Index (CPI) is estimated to increase by 3½ percent in 2002-03. For 2003-04 onwards inflation is expected to return to the mid-point of the Reserve Bank of Australia's target range at 2½ percent per annum.

Projections for 2004-05 and 2005-06 take into consideration the expected performance of the national economy over the medium term and relative population growth rates, indicating a 2¾ percent per annum economic growth rate for South Australia.

Table 1.1 below provides a summary of key economic parameters in the next few years, for both South Australia and Australia.

2 2002-03 BUDGET POSITION AND OUTLOOK

The Budget outlook and commentary presented in this section is focused on the Government's primary fiscal target being the general government sector net borrowing over the forward estimates.

Table 2.1 provides a reconciliation of the budget and forward estimates from the position published in the 2002-03 Budget to the forward estimates appearing in the Mid Year Budget Review.

(a) Includes changes made to estimates of Competition Grants and the Guaranteed Minimum Amount (GMA), excluding changes to First Home Owner Scheme Grants and GST administration costs (as these have no net impact on the budget).

The improved general government sector net borrowing position compared to the 2002-03 Budget estimates is largely due to a significant improvement in the revenue outlook and the benefits of lower interest rates. Increased nominal superannuation interest expenses, as a result of lower investment earnings by Funds SA for the year to date, has partly offset these improvements.

The revised 2002-03 Budget position and forward estimates includes: the impact of economic conditions, Cabinet decisions since the 2002-03 Budget, approved expenditure carried over from 2001-02 and, certain changes to agency budgets resulting from pressures that the Government has recognised as unavoidable and that are unable to be accommodated in the agencies' 2002-03 Budget and forward estimates.

The estimated 2002-03 Budget position and outlook for the general government sector is presented in Table 2.2. The accrual statements produced under the Uniform Presentation Framework are provided in Section 3.

(a) The Government Finance Statistics (GFS) net operating balance and GFS net lending (+) / borrowing (-) are identical with those aggregates produced pursuant to the Accrual Uniform Presentation Framework Agreement in Section 3. Items in the table have been reordered to present the current operating surplus which is comparable to the concept of earnings before interest, depreciation and distributions.

(b) Excluding distributions received from public non financial corporations (PNFCs) and public financial corporations (PFCs) and other grants.

The major items contributing to the revenue and expenditure impacts for the general government net borrowing position are discussed below.

Operating revenue

Taxation receipts and other State own source revenue

Since the 2002-03 Budget, there have been significant upward revisions to taxation revenue particularly for 2002-03 although there are also solid improvements against the original budget forecasts for the forward estimates period. Upward revisions to taxation revenue are more modest in the forward projection period mainly reflecting a provision for a delayed slowdown in the property market in 2003-04 with resumption of growth thereafter.

Royalty revenue on the other hand has been revised down since the 2002-03 Budget.

Almost half of the improvement since budget in taxation revenue relates to conveyance duty with smaller improvements being recorded for payroll tax, insurance duty, share duty, land tax and motor vehicles registration fees.

The 2002-03 Budget forecasts assumed that the property market had peaked in 2001-02 and would be followed by a downturn in 2002-03. However the property market has remained strong in the opening months of 2002-03. A downturn in the property market is still expected to occur but a little later than

was originally estimated. The full effects of a property downturn are now expected to carry over into 2003-04.

Revised 2002-03 payroll tax estimates reflect higher than anticipated activity levels in the non farm sector and back payments of tax identified through tax compliance effort. Revenue gains from the upward revision to the payroll tax base in 2002-03 flow through to subsequent years but are partly offset by a downward revision to growth in taxable payrolls in 2003-04 consistent with revisions to the economic outlook (employment growth has been revised down against budget for 2003-04).

Stamp duty on insurance has also exceeded expectations in the opening months of 2002-03. This reflects a continuation of the uplift in premium levels experienced in 2001-02 as a consequence of structural change in the insurance industry. The higher revenue base in 2002-03 flows through to subsequent years delivering revenue gains against budget.

The timing of a single transaction accounts for a large improvement in share duty receipts in 2002-03. Forward projections of share duty are largely unchanged.

Upward revisions to land tax revenue reflect stronger than budgeted growth in commercial, industrial and residential (non principal place of residence) land values, impacting on 2002-03 receipts, with flow on effects to subsequent years because of the higher land tax base in 2002-03.

Gaming machine tax estimates for 2002-03 and 2003-04 have been revised down slightly since budget as a result of changes to the original gaming machine tax proposal. Gaming machine tax estimates for 2004-05 onwards have been revised up reflecting higher growth rate assumptions for net gambling revenue (NGR) and improved analysis of the impact of higher NGR growth on average tax rates.

The forward estimates now also include the stamp duty surcharge on the sale/transfer of gaming machine venues which was introduced in conjunction with the post-Budget adjustment in the gaming machine tax structure.

Motor vehicle registration fee revenue has been revised up for 2002-03 with smaller upward revisions against budget in subsequent years.

Royalty revenue has been revised down since budget reflecting the impact of lower international copper prices on Olympic Dam operations and increased interstate competition for the supply of gas which impacts on production in the South Australian sector of the Cooper Basin.

Commonwealth grants

General purpose funding over the forward estimates period has been revised up mainly because revenue gains from future relativity updates by the Commonwealth Grants Commission are expected to be more beneficial to South Australia than previously estimated. The resulting improvement in general purpose funding is partly offset by a downward adjustment to Competition Grants. Provision has been made for potential funding penalties if the State does not satisfy National Competition Policy requirements in respect to retail trading hours.

Specific purpose payments (SPPs) have been slightly revised up in 2002-03 reflecting higher than anticipated spending on the additional First Home Owner Grant. Smaller downward revisions to the forward estimates relate to the cessation of some minor grants.

Distributions from PNFCs and PFCs

Revenue from dividends and distributions has been revised up for 2002-03 mainly to reflect a higher return from ForestrySA. The forward estimates outlook is largely unchanged from budget.

Operating expenses

Changes to total operating expenses across the forward estimates are mainly attributable to the following:

Gross operating expenses

The upward revision in gross operating expenses across the forward estimates relates mainly to Cabinet decisions since the 2002-03 Budget and approved expenditure carried over from the 2001-02 year. In addition, certain net changes to agency budgets resulting from pressures the Government identified as unavoidable have been factored into the revised 2002-03 Budget and forward estimates. These include additional costs associated with implementation of the Government Radio Network project, higher remand rates for prisons and an upgrade of security for government office accommodation.

Net interest expense

Net interest expense has been revised downwards across the forward estimates reflecting lower long term levels of interest rates compared to those at the time of the 2002-03 Budget.

Nominal superannuation interest expense

The nominal superannuation interest expense on unfunded superannuation liabilities has been revised upwards across the forward estimates since the 2002-03 Budget. An earnings rate of 7.5% per annum for superannuation assets was assumed for the 2002-03 Budget and forward estimates. The actual earnings achieved by Funds SA for the 6 months to the end of December 2002 was approximately negative 4.0%. This is consistent with the recent poor performance of domestic and international equity markets. Assuming that a rate of 7.5% per annum is achieved for the remainder of 2002-03, the resulting annual rate will be zero. This assumption has been factored into forecasts in the Mid Year Budget Review. As a result, unfunded superannuation liabilities are expected to be higher in 2002-03 and the forward years relative to expectations at budget.

Uncertainty in world equity markets continues to present a significant risk to the level of unfunded superannuation liability.

Net debt and unfunded superannuation liability

Compared to 2002-03 Budget estimates, net debt has fallen across the forward estimates. This largely reflects the effect of unplanned agency under expenditure that occurred in 2001-02. To date this has not translated into additional expenditure in 2002 with minimal carry over of expenditure into 2002-03 approved.

The unfunded superannuation liability has increased in 2002-03 compared to budget due to lower than budgeted investment earnings by Funds SA in the first part of 2002-03.

Contingent liabilities

As part of the disposal of the State's electricity assets, the former Government provided a guarantee of the obligations of Flinders Osborne Trading Pty Ltd, an Australian subsidiary of the United States ultimate holding company NRG Energy Inc ("NRG"). The guarantee was supported by a counter guarantee from NRG, an entity rated investment grade at the time of sale of the electricity assets.

Recent events have raised the possibility that Flinders Osborne Trading Pty Ltd might not be able to meet its ongoing obligations, which may trigger the Government guarantee. As a result of financial difficulties being experienced by NRG, the potential exists that NRG may not be able to meet its counter guarantee to the Government.

The budgetary implications of this event are not yet clear. NRG have indicated to the Government that their current assessment of the net present value of the liability is around \$140m. The amount and timing of any actual impacts on the budget cannot be predicted at this stage.

(a) GFS revenue is not equal to AAS31 revenue. GFS revenue includes all (mutually agreed) transactions that increase net worth. Revaluations are not considered mutually agreed transactions, and so are excluded from GFS revenue.

(b) GFS expenses are not equal to AAS31 expenses. AAS31 expenses include all transactions that decrease net worth, whereas GFS expenses exclude revaluations and other transactions not mutually agreed.

(c) These line items are disaggregated further in ABS GFS reporting.

(d) GFS net lending also equals net transactions in financial assets less net transactions in liabilities.

4. After regulation 29 insert:

General duty with respect to electronic records

29A. If an agent uses a computer program to keep records under this Division, the agent must ensure that—

- (a) an electronic copy of all the records is made within 24 hours of any alteration of the records; and
- (b) at least once in each week, an electronic copy of all the records is made and kept in a safe place at a location other than the premises where the computer program is operating; and

Substitution of regulations 30 and 31

5. Regulations 30 and 31—delete the regulations and substitute:

Cash books

30. (1) For the purposes of section 126(1)(c) of the Act, the detailed accounts of receipts and disbursements of trust money to be compiled by an agent must comply with the following requirements:

- (a) a cash receipts book must be kept in which the agent records the following information in respect of each receipt of trust money:
 - (i) the date and reference number of the receipt;
 - (ii) the name of the person from whom the money is received;
 - (iii) the name of the community corporation or reference to which the transaction relates;
 - (iv) brief particulars of the purpose of the receipt;
 - (v) the amount of the receipt;
- (b) a cash payments book must be kept in which the agent records the following information in respect of each payment of trust money:
 - (i) the date and reference number of the cheque or electronic transfer of funds by which the payment was made;
 - (ii) the name of the payee;
 - (iii) the community corporation's name or reference to which the transaction relates;
 - (iv) brief particulars of the purpose of the payment;
 - (v) the amount of the cheque or electronic transfer of funds.

(2) However, an agent need not keep a cash receipts book or a cash payments book as required by subregulation (1) if the agent uses a computer program to record the information referred to in that subregulation in respect of each receipt or payment of trust money and the program—

- (a) requires input in each field of a data entry screen intended to receive information in respect of a receipt or payment so that all of the information referred to in subregulation (1) is recorded in respect of each receipt and payment; and
- (b) is capable, at any time, of producing—
 - (i) a report of the information in respect of receipts of trust money in the order in which they were received; and
 - (ii) a report of the information in respect of payments of trust money in the order in which they were made.

(3) An agent who uses a computer program as referred to in subregulation (2) must ensure that—

- (a) at the end of each month, hard copies of each of the following reports are produced:
 - (i) a report of the information in respect of receipts of trust money received during that month in the order in which they were received;
 - (ii) a report of the information in respect of payments of trust money made during that month in the order in which they were made; and
- (b) those hard copies are kept as part of the agent's records.

(4) The records of receipts and payments must be made by the agent in accordance with this regulation in the order in which they are received or made, each such record being made within 2 working days after the receipt or payment in question.

(5) Subregulation (4) does not apply in relation to receipts or payments by way of electronic transfer of funds, a record of which must be made within 2 working days after the agent receives official confirmation that the transfer has occurred.

Separate trust ledger accounts

30A. (1) An agent must ensure that the agent's trust ledger accounts are kept separately—

- (a) in respect of each of the agent's clients; and
- (b) if the agent performs services for a corporation in respect of a number of transactions between different parties—in respect of each such transaction.

- (2) The agent must record in each of the separate accounts the following details:
- (a) the name and address of the corporation to whom the accounts relate;
 - (b) a brief description of the service provided and the transaction to which the accounts relate;
 - (c) in respect of each receipt or disbursement of trust money—
 - (i) the date and reference number of the receipt or disbursement;
 - (ii) the name of the person from whom the money is received or to whom the money is disbursed;
 - (iii) brief particulars of the purpose of the receipt or disbursement;
 - (iv) the amount received or disbursed.

(3) The agent must ensure that any changes in the details referred to in subregulation (2)(a) or (b) are recorded in a manner that enables the changes and the order in which they occurred to be identified.

(4) If the agent transfers money between any of the separate accounts, the agent must clearly record the transfer—

- (a) in both accounts; and
- (b) in a transfer journal,

in sufficient detail that the transfer may be clearly understood.

(5) The records of receipts, disbursements and transfers must be made by the agent in accordance with this regulation in the order in which the receipts, disbursements or transfers are received or made, each such record being made within 2 working days after the receipt, disbursement or transfer in question.

(6) Subregulation (5) does not apply in relation to receipts or payments by way of electronic transfer of funds, a record of which must be made within 2 working days after the agent receives official confirmation that the transfer has occurred.

(7) If an agent uses a computer program to keep trust ledger accounts or a transfer journal, the agent must ensure that—

- (a) the program is incapable of—
 - (i) recording a transaction that would result in a debit balance in a trust ledger account unless a separate contemporaneous record of the transaction is also made so that, at any time, a hard copy may be produced of all such transactions in chronological order; and

- (ii) deleting from its records the information relating to a trust ledger account unless—
 - (A) the balance of the account is zero; and
 - (B) a hard copy of all of the information required under this Division relating to the account has been produced; and
- (iii) changing existing information relating to a transaction otherwise than by making a further entry showing a separate transaction to effect the change; and
- (b) the program automatically inserts consecutive page numbers into any hard copy report produced by use of the program; and
- (c) the program requires input in each field of a data entry screen intended to receive information for the purposes of a trust ledger account or transfer journal so that the entry contains all of the information required by this regulation; and
- (d) hard copies of the trust ledger accounts and transfer journal are produced within 2 days of a request from the Minister or the agent's auditor.

Reconciliation statements

30B. At the end of each month, reconciliation statements must be prepared—

- (a) reconciling the balance of the agent's cash books, or equivalent computer records, kept under regulation 30 with the balance of the agent's trust account; and
- (b) reconciling the balances of the ledgers comprised in the agent's trust ledger accounts with the balance of the agent's trust account,

(but the agent is not required to set out in a statement a list of individual balances, or the names of the corporations on whose behalf money is held).

Receipt of trust money

31. (1) For the purposes of section 126(2)(a) of the Act, the receipt that an agent must make available to a person making a payment of trust money must—

- (a) be legibly written on a form comprised in a series of consecutively pre-numbered duplicate receipt forms marked with the name of the agent and the words "Trust Account"; and
- (b) contain the following information:
 - (i) —
 - (A) in the case of a payment made by electronic transfer of funds into an agent's trust account—the date on which the agent makes out the receipt;
 - (B) in any other case—the date of the payment;
 - (ii) the name of the person making the payment;

- (iii) whether the payment is by cash, cheque, bank cheque or electronic transfer of funds into the agent's trust account and, if the payment is by cheque or bank cheque, the name of the drawer of the cheque;
- (iv) the name of the corporation for whom the money is received;
- (v) brief particulars of the purpose of the payment;
- (vi) the amount of the payment.

(2) An agent need not comply with subregulation (1)(a) if the agent uses a computer program to make out the receipt and the program—

- (a) automatically produces in chronological sequence consecutively numbered receipts marked with the name of the agent and the words "Trust Account"; and
- (b) automatically makes a separate contemporaneous record of the receipt so that, at any time, a hard copy of the receipt may be produced; and
- (c) requires input in each field of a data entry screen intended to receive information for the purposes of producing the receipt so that each receipt contains all of the information required by subregulation (1)(b).

(3) An agent must make out a receipt in accordance with this regulation—

- (a) in the case of a payment made by electronic transfer of funds into an agent's trust account—immediately the agent receives official confirmation that the payment has been made (whether that is by way of receipt by the agent of a statement from a financial institution or some other way, whichever occurs sooner); or
- (b) in any other case—immediately on receipt of payment.

Variation of regulation 32—Payment of trust money

6. (1) Regulation 32—delete subregulation (2) and substitute:

(2) When an agent makes a payment of trust money by cheque, the agent—

- (a) must ensure that the cheque is marked with the name of the agent and the words "Trust Account"; and

 - (i) cause the cheque to be crossed and endorsed "Not negotiable"; or
 - (ii) obtain from the person receiving the cheque a receipt that complies with subregulation (3) and keep the receipt as part of the agent's records.

- (b) must, on receiving official written confirmation that the payment has been made, keep that confirmation as part of the agent's records.

Variation of regulation 33—Audit of trust accounts

7. (1) Regulation 33(3)—after paragraph (f) insert:

- (d) an up-to-date electronic copy of the computer program is made and kept in a safe place at a location other than the premises where the computer program is operating.

Cash books

15. (1) For the purposes of section 36G(1)(c) of the Act, the detailed accounts of receipts and disbursements of trust money to be compiled by an agent must comply with the following requirements:

 - (ii) the name of the person from whom the money is received;
 - (iii) the name of the strata corporation or reference to which the transaction relates;

 - (iii) the strata corporation's name or reference to which the transaction relates;
 - (iv) brief particulars of the purpose of the payment;
 - (v) the amount of the cheque or electronic transfer of funds.

(2) However, an agent need not keep a cash receipts book or a cash payments book as required by subregulation (1) if the agent uses a computer program to record the information referred to in that subregulation in respect of each receipt or payment of trust money and the program—

- (a) requires input in each field of a data entry screen intended to receive information in respect of a receipt or payment so that all of the information referred to in subregulation (1) is recorded in respect of each receipt and payment; and
- (b) is capable, at any time, of producing—
 - (i) a report of the information in respect of receipts of trust money in the order in which they were received; and
 - (ii) a report of the information in respect of payments of trust money in the order in which they were made.

(3) An agent who uses a computer program as referred to in subregulation (2) must ensure that—

- (a) at the end of each month, hard copies of each of the following reports are produced:
 - (i) a report of the information in respect of receipts of trust money received during that month in the order in which they were received;
 - (ii) a report of the information in respect of payments of trust money made during that month in the order in which they were made; and
- (b) those hard copies are kept as part of the agent's records.

(4) The records of receipts and payments must be made by the agent in accordance with this regulation in the order in which they are received or made, each such record being made within 2 working days after the receipt or payment in question.

(5) Subregulation (4) does not apply in relation to receipts or payments by way of electronic transfer of funds, a record of which must be made within 2 working days after the agent receives official confirmation that the transfer has occurred.

Separate trust ledger accounts

16. (1) An agent must ensure that the agent's trust ledger accounts are kept separately—

- (a) in respect of each of the agent's clients; and
- (b) if the agent performs services for a corporation in respect of a number of transactions between different parties—in respect of each such transaction.

(2) The agent must record in each of the separate accounts the following details:

- (a) the name and address of the corporation to whom the accounts relate;
- (b) a brief description of the service provided and the transaction to which the accounts relate;
- (c) in respect of each receipt or disbursement of trust money—
 - (i) the date and reference number of the receipt or disbursement;
 - (ii) the name of the person from whom the money is received or to whom the money is disbursed;
 - (iii) brief particulars of the purpose of the receipt or disbursement;
 - (iv) the amount received or disbursed.

(3) The agent must ensure that any changes in the details referred to in subregulation (2)(a) or (b) are recorded in a manner that enables the changes and the order in which they occurred to be identified.

(4) If the agent transfers money between any of the separate accounts, the agent must clearly record the transfer—

- (a) in both accounts; and
- (b) in a transfer journal,

in sufficient detail that the transfer may be clearly understood.

(5) The records of receipts, disbursements and transfers must be made by the agent in accordance with this regulation in the order in which the receipts, disbursements or transfers are received or made, each such record being made within 2 working days after the receipt, disbursement or transfer in question.

(6) Subregulation (5) does not apply in relation to receipts or payments by way of electronic transfer of funds, a record of which must be made within 2 working days after the agent receives official confirmation that the transfer has occurred.

(7) If an agent uses a computer program to keep trust ledger accounts or a transfer journal, the agent must ensure that—

- (a) the program is incapable of—

- (i) recording a transaction that would result in a debit balance in a trust ledger account unless a separate contemporaneous record of the transaction is also made so that, at any time, a hard copy may be produced of all such transactions in chronological order; and
 - (ii) deleting from its records the information relating to a trust ledger account unless—
 - (A) the balance of the account is zero; and
 - (B) a hard copy of all of the information required under this Part relating to the account has been produced; and
 - (iii) changing existing information relating to a transaction otherwise than by making a further entry showing a separate transaction to effect the change; and
- (b) the program automatically inserts consecutive page numbers into any hard copy report produced by use of the program; and
 - (c) the program requires input in each field of a data entry screen intended to receive information for the purposes of a trust ledger account or transfer journal so that the entry contains all of the information required by this regulation; and
 - (d) hard copies of the trust ledger accounts and transfer journal are produced within 2 days of a request from the Minister or the agent's auditor.

Reconciliation statements

17. At the end of each month, reconciliation statements must be prepared—

- (a) reconciling the balance of the agent's cash books, or equivalent computer records, kept under regulation 15 with the balance of the agent's trust account; and
- (b) reconciling the balances of the ledgers comprised in the agent's trust ledger accounts with the balance of the agent's trust account,

(but the agent is not required to set out in a statement a list of individual balances, or the names of the corporations on whose behalf money is held).

Receipt of trust money

18. (1) For the purposes of section 36G(2)(a) of the Act, the receipt that an agent must make available to a person making a payment of trust money must—

- (b) contain the following information:
 - (i) —
 - (A) in the case of a payment made by electronic transfer of funds into an agent's trust account—the date on which the agent makes out the receipt;
 - (B) in any other case—the date of the payment;
 - (ii) the name of the person making the payment;

- (iii) whether the payment is by cash, cheque, bank cheque or electronic transfer of funds into the agent's trust account and, if the payment is by cheque or bank cheque, the name of the drawer of the cheque;
- (iv) the name of the corporation for whom the money is received;
- (v) brief particulars of the purpose of the payment;
- (vi) the amount of the payment.

(2) An agent need not comply with subregulation (1)(a) if the agent uses a computer program to make out the receipt and the program—

- (a) automatically produces in chronological sequence consecutively numbered receipts marked with the name of the agent and the words "Trust Account"; and
- (b) automatically makes a separate contemporaneous record of the receipt so that, at any time, a hard copy of the receipt may be produced; and
- (c) requires input in each field of a data entry screen intended to receive information for the purposes of producing the receipt so that each receipt contains all of the information required by subregulation (1)(b).

(3) An agent must make out a receipt in accordance with this regulation—

- (a) in the case of a payment made by electronic transfer of funds into an agent's trust account—immediately the agent receives official confirmation that the payment has been made (whether that is by way of receipt by the agent of a statement from a financial institution or some other way, whichever occurs sooner); or
- (b) in any other case—immediately on receipt of the payment.

Payment of trust money

19. (1) An agent must not make a payment of trust money in cash.

Maximum penalty: \$500.

(2) When an agent makes a payment of trust money by cheque, the agent—

- (a) must ensure that the cheque is marked with the name of the agent and the words "Trust Account"; and
- (b) must—
 - (i) cause the cheque to be crossed and endorsed "Not negotiable"; or
 - (ii) obtain from the person receiving the cheque a receipt that complies with subregulation (4) and keep the receipt as part of the agent's records.

Maximum penalty: \$500.

(3) When an agent makes a payment of trust money by cheque, the agent must prepare and keep as part of the agent's records a cheque stub or voucher containing the following information:

- (a) the date and reference number of the cheque;

- (b) the name of the payee;
- (c) the client's name or reference and brief particulars of the purpose of the payment;
- (d) the amount of the cheque.

(4) The receipt must be legible and contain the following information:

- (a) the date and reference number of the cheque;
- (b) particulars identifying the trust account against which the cheque is drawn;
- (c) the name of the payee;
- (d) brief particulars of the purpose of the payment;
- (e) the amount of the cheque.

(5) When an agent authorises the payment of trust money by electronic transfer of funds, the agent—

- (a) must prepare and keep as part of the agent's records the following information:
 - (i) the date and reference number of the payment;
 - (ii) the name of the payee;
 - (iii) the corporation name or reference and brief particulars of the purpose of the payment;
 - (iv) the name or style of the ADI account to which the payment is made, its number and the identifying numbers of the receiving ADI and its branch;
 - (v) the amount of the payment; and
- (b) must, on receiving official written confirmation that the payment has been made, keep that confirmation as part of the agent's records.

Audit of trust accounts

20. (1) For the purposes of section 36H(1)(a) of the Act, the audit period in respect of which an agent must have the accounts and records audited is each financial year.

(2) In carrying out an audit, the auditor must—

- (a) make checks that will enable the auditor to give an opinion as to whether the agent has, during the period covered by the audit, complied with the Act and these regulations relating to the agent's accounts and records; and
- (b) ascertain what trust accounts were kept by the agent during that period; and
- (c) make a general test examination of any trust account kept by the agent and of the pass books and statements relating to any such account during that period; and
- (d) make a comparison as to no fewer than 2 dates (1 to be the last day of the period of the audit and 1 other to be a date within that period selected by the auditor) between—

- (i) the liabilities of the agent to the agent's clients as shown by the agent's trust ledger accounts and the records kept under these regulations; and
 - (ii) the aggregate of the balances standing to the credit of the agent's trust account; and
- (e) ask for such information and explanations as the auditor may require for the purposes of this regulation.

(3) For the purposes of section 36H(1)(b) of the Act, the statement relating to the audit must be prepared by the auditor and must include all matters relating to the agent's accounts and records that should, in the auditor's opinion, be communicated to the strata corporation and, in particular, deal with each of the following matters:

- (a) whether the accounts and records appear to have been kept regularly and properly written up at all times;
- (b) whether the accounts and records have been ready for examination at the periods appointed by the auditor;

- (e) whether the agent has, or has had, any debit balances in his or her trust account and the explanation or reason for such a debit given by the agent;
- (f) whether the auditor has received and examined the notice given to the auditor under regulation 21 and the result of that examination;
- (g) if the agent uses a computer program to keep the agent's accounts and records, whether the program allows for the accounts and records to be conveniently and properly audited.

(4) The auditor must attach to the auditor's statement a copy of the agent's notice delivered to the auditor under regulation 21(1).

(5) The auditor must verify the statement by statutory declaration and give a signed copy of the statement to the agent.

- (6) If the auditor in the course of auditing the agent's accounts and records discovers—
- (a) that they are not kept in a manner that enables them to be properly audited; or
 - (b) a matter that appears to the auditor to involve dishonesty or a breach of the law by the agent; or
 - (c) a loss or deficiency of trust money or a failure to pay or account for trust money; or
 - (d) a failure to comply with the Act or these regulations,

the auditor must, as soon as possible, give a report in respect of the discovery to the Minister and the agent concerned.

Maximum penalty: \$500.

(7) However, the auditor is not required to give a report to the Minister in respect of the discovery of a loss, deficiency or failure if the auditor is satisfied that—

- (a) bringing the discovery to the attention of the agent or strata corporation will adequately deal with the matter; and
- (b) the loss, deficiency or failure does not involve dishonesty or a breach of the law.

(8) For the purposes of section 36H(2)(b) of the Act, an agent must lodge an audit statement or declaration within 2 months after the end of each audit period.

Agent's statement

21. (1) An agent who is required to have accounts and records audited must, before the completion of the audit, certify—

 - (ii) if the trust account balances are not in agreement with the balances of the agent's ledger accounts—a statement reconciling those balances.

Maximum penalty: \$500.

- (2) The notice must be verified by statutory declaration—
- (a) of the agent; or
 - (b) in the case of a firm of agents—of not less than 2 of the partners of the firm; or
 - (c) in the case of a body corporate agent—of not less than 2 directors of the body.
- (3) The agent must give the auditor making the next succeeding audit of the agent's accounts and records—
- (a) at the request of the auditor, a copy of the notice, together with a signed copy of the auditor's statement of the last preceding audit of the agent's accounts and records; or
 - (b) if the agent's accounts and records are being audited for the first time or, if for any other reason a copy of the notice cannot be produced for the purpose of the audit—before completion of the audit, a notice containing the same particulars as to money, negotiable or bearer securities and deposit receipts held on the first day of the period to which the audit relates.

Maximum penalty: \$500.

ALEXANDRINA COUNCIL

DEVELOPMENT ACT 1993

*Alexandrina Development Plan—Strathalbyn Rural Living and
Agistment Zone Plan Amendment Report—Draft for Public
Consultation*

NOTICE is hereby given that the Alexandrina Council has prepared a draft Plan Amendment Report to amend the Alexandrina Development Plan as it affects an area located to the south of the Strathalbyn township.

The Plan Amendment Report will amend the Alexandrina Development Plan and proposes to expand the existing Rural Living and Agistment Zones located in that area of Strathalbyn known as Willyaroo. The zone expansion will extend over land currently zoned as Grazing. The opportunity is also being taken to resolve an anomaly where two rural living areas in this vicinity have been created within the Grazing Zone. These two areas will now be zoned Rural Living. In addition a reformatting of the Development Plan will occur where one Rural Living Zone is being created for the whole of the council area with policy areas being formed to ensure that existing rural living areas maintain their current objectives and principles. The existing provisions of the council-wide section will be retained, however some amendments will be required.

The new areas to be included within the Rural Living Zone will introduce principles that will ensure adequate buffers are created between the new Rural Living area and the adjacent farming land. The expansion of the Agistment Zone will provide a suitable buffer between the Industrial Zone and the existing and proposed Rural Living Zone as well as providing an opportunity for the expansion of horse keeping and training facilities associated with the Strathalbyn Racing Club.

The draft Plan Amendment Report and Statement of Investigations will be available for public inspection and purchase during normal office hours at the Council offices, 16 Dawson Street, Goolwa and 1 Colman Terrace, Strathalbyn from Thursday, 20 February 2003 to Thursday, 17 April 2003, or it can be accessed electronically at www.alexandrina.sa.gov.au. A copy of the Plan Amendment Report can be purchased from the council for \$15 each.

Written submissions regarding the draft amendment will be accepted by the Alexandrina Council until 5 p.m. on Thursday, 17 April 2003. The written submission should also clearly indicate whether you wish to speak at the public hearing on your submission. All submissions should be addressed to the Chief Executive, Alexandrina Council, P.O. Box 21, Goolwa, S.A. 5214.

Copies of all submissions received will be available for inspection by interested persons at the Council offices, 16 Dawson Street, Goolwa from Monday, 28 April 2003 until the date of the public hearing.

A public hearing will be held at 7.30 p.m. in the Community Centre, Colman Terrace, Strathalbyn on Thursday, 1 May 2003. The public hearing may not be held if no person expresses an interest in speaking at the public hearing.

Dated 20 February 2003.
