BROODSTOCK AND SEEDSTOCK COLLECTION AND MAINTENANCE
(FOR AQUACULTURE) POLICY

Draft Aquaculture Policy

PURSUANT to section 12 of the Aquaculture Act 2001 notice is hereby given that the Minister for Agriculture, Food and Fisheries has released the following draft aquaculture policy for public consultation, which has been developed in accordance with the provisions of Part 4 of the Aquaculture Act 2001.

With the introduction of the Aquaculture Act 2001, there is an opportunity to develop planning practices that better reflect the needs of the aquaculture industry, government and the community in South Australia.

The proposed policy describes management measures for access to brood (parent) organisms for all aquaculture industries that hatchery-rear stock and for access to seedstock (wild-collected juveniles) for industries that are based on growout of wild-caught juvenile organisms. It is based on the decisions made previously by the Director of Fisheries in accordance with the principles of fisheries management described in the Fisheries Act 1982. This policy formalises and documents the principles used to make these decisions and provides specific guidelines for collection of the species most commonly captured for use as broodstock in South Australia. The policy is designed to allow aquaculture to develop in South Australia to its full potential in an environmentally sustainable manner.

The Draft Policy will be available as at Friday, 6 August 2004, from PIRSA Aquaculture, 14th Floor, 25 Grenfell Street, Adelaide (G.P.O. Box 1625, Adelaide, S.A. 5001), on the internet at www.pir.sa.gov.au/aquaculture, by telephoning (08) 8226 0314 or by faxing (08) 8226 0330.

Written submissions in relation to the draft policy are invited from the public and should be made to PIRSA Aquaculture, G.P.O. Box 1625, Adelaide, S.A. 5001. Submissions must be received by 5 p.m. on Friday, 8 October 2004.

Draft Aquaculture Policy

With the introduction of the Aquaculture Act 2001, there is an opportunity to develop planning practices that better reflect the needs of the aquaculture industry, government and the community in South Australia.

The proposed policy describes management measures for the movement (translocation) of live aquatic organisms for all aquaculture industries. Translocations within South Australia and into South Australia from other states are considered in the policy. It is based on decisions made previously by the Director of Fisheries in accordance with the principles of ecosystem management described in the Fisheries Act 1982 and the health management principles of the Livestock Act 1997. This document formalises and documents the principles used to make these decisions and provides guidelines for translocations of the species most commonly moved within South Australia and into South Australia from other Australian states and territories.

The Draft Policy will be available as at Friday, 6 August 2004, from PIRSA Aquaculture, 14th Floor, 25 Grenfell Street, Adelaide (G.P.O. Box 1625, Adelaide, S.A. 5001), on the internet at www.pir.sa.gov.au/aquaculture, by telephoning (08) 8226 0314 or by faxing (08) 8226 0330.

We will do our best to be on time for any appointment with you. Unless due to circumstances beyond our reasonable control, if we are more than 15 minutes late we will credit your next bill with \$20 (including GST) and phone you to apologise.

8. PRICE FOR GAS AND OTHER SERVICES

8.1 What are our tariffs and charges?

Our current tariffs and charges for gas and other services are set out in the *price list*. Some of the tariffs and charges are regulated by law.

Other amounts relating to the sale of gas to you, including special meter readings, account application fees and fixed charges for special purpose gas sales will be separately itemised on your bill.

At your request, we must provide you with reasonable information setting out the components of the charges which appear on a bill.

8.2 Which tariff applies to you?

Our *price list* explains the conditions that need to be satisfied for each tariff and charge.

In some cases, you will be able to select a tariff to apply to you. In those cases, if you do not choose a tariff, we will assign one to you.

8.3 Variations to the customer's tariffs and charges

We may only vary our tariffs and charges in accordance with the requirements of the *Gas Act* or other *applicable regulatory instruments* and any variation will be published on our website and in the *South Australian Government Gazette*.

8.6 Changes to the tariff type during a billing cycle

If the type of tariff or charge applying to you changes during a *billing cycle*, your bill for that *billing cycle* will be calculated using:

- (a) the amounts specified in our *price list* from time to time; and
- (b) the amount specified in clause 7.

Apart from these amounts, there may be other amounts paid by you or by us under this contract that are payments for “taxable supplies” as defined for GST purposes. To the extent permitted by law, these other payments will be increased so that the GST payable on the taxable supply is passed on to the recipient of that taxable supply.

Any adjustments for GST under this clause will be made in accordance with the requirements of the *Trade Practices Act 1974*.

9. BILLING

9.1 When bills are sent

We will send a bill for the sale and supply of gas to you as soon as possible after the end of each *billing cycle*.

If we fail to issue a bill following the end of a *billing cycle*, we will offer you the option of paying for any gas used during the relevant *billing cycle* under an instalment plan. The maximum period of that instalment plan will be the greater of the period during which we did not bill you or twelve months.

9.2 Calculating the bill

We will calculate at the end of each *billing cycle*:

- (a) the bill for gas sold and supplied during that *billing cycle* (using information obtained from reading your meter or using an approved estimating system); and
- (b) the amount for any other services supplied under this contract during the *billing cycle*.

9.3 Estimating the gas usage

If your meter is unable to be read, or your metering data is not obtained, for any reason (for example, if access to the meter cannot be gained, or the meter breaks down or is faulty), the amount of gas which was purchased from us at your *supply address* may be estimated.

When your meter is subsequently read, the bill will be adjusted for the difference between the estimate and the actual amount of gas used, based on the reading of the meter. When you have received an estimated bill due to the absence of metering data and a subsequent meter reading shows that you have been undercharged, we will offer you option of paying for the amount undercharged under an instalment plan.

If the meter is unable to be read due to your actions, we can bill you any charges we incur in arranging for a meter reader returning to your *supply address* to read the meter.

9.4 How bills are issued

We must send a bill:

- (a) to you at the address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

9.5 Contents of a bill

The bill will be in a form and contain such information as is required by the *Energy Retail Code*.

10. PAYING YOUR BILL

10.1 What you have to pay

You must pay to us the amount shown on each bill by the date shown on the bill as the date for payment.

10.2 How the bill is paid

You can pay the bill using any of the payment methods listed on the bill. If a payment you make is dishonoured (e.g., where a cheque or credit card payment is not honoured), and we incur a fee as a result, you must reimburse us the amount of that fee.

10.3 Late payments

If you do not pay your bill on time, we may require you to pay our reasonable costs of recovering that amount from you. If you are a *business customer*, you may also be required to pay interest on the outstanding amount as set out in *the price list*.

This clause does not affect our right to arrange for your *supply address* to be disconnected under clause 14 of this contract.

10.4 Difficulties in paying

If you have difficulties paying your bill, you should contact us as soon as possible. We will provide you with information about various payment options and, where applicable, payment assistance, in accordance with the *Energy Retail Code*.

We are required by the *Energy Retail Code* to identify situations where you may be experiencing difficulties in paying your bill. In such cases, we will offer you the opportunity to pay your bill under an instalment plan and provide you with information about various payment options and, where applicable, payment assistance, in accordance with the *Energy Retail Code*.

11. ACCESS TO YOUR SUPPLY ADDRESS

You must allow safe and convenient access to your *supply address* for the purposes of:

- (a) reading the meter;
- (b) connecting or disconnecting supply;
- (c) inspection, repair or testing of the gas installation at your *supply address*; or
- (d) maintenance of the distribution system.

We will give you at least 24 hours notice of our intention to enter your *supply address* for the purposes of connecting or disconnecting supply or inspection, repair or testing of the gas installation.

We will give you at least 4 *business days* notice of our intention to enter your *supply address* for the purposes of planned maintenance work.

12. OVERCHARGING AND UNDERCHARGING

12.1 Undercharging

We may recover from you any amount you have been undercharged.

Where you have been undercharged as a result of our error, we can only recover the amount undercharged in the 12 months prior to the meter reading date on the last bill sent to you. We must offer you the opportunity to pay this amount in instalments over the same period of time during which you were undercharged.

12.2 Overcharging

Where you have been overcharged, we must tell you and follow the procedures set out in the *Energy Retail Code* for repaying the money. Where the amount overcharged is \$100 or less, and you have already paid that amount, the amount will be credited to your next bill, or, if you have subsequently ended this contract, we will pay you that amount within 10 *business days*.

Where the amount overcharged is more than \$100, and you have already paid that amount, we must ask you whether the amount should be credited to your account, repaid to you or paid to another person, and pay the amount in accordance with your instructions within 10 *business days*.

12.3 Reviewing your bill

If you disagree with the amount you have been charged, you can ask us to review your bill. The review will be undertaken in accordance with the requirements of the *Energy Retail Code*.

If your bill is being reviewed, you are still required to pay the greater of:

- (a) the portion of the bill which you do not dispute; or
- (b) an amount equal to the average of your bills in the last 12 months.

You must also pay any future bills.

13. SECURITY DEPOSITS

13.1 Interest on security deposits

Where you have paid a security deposit, we must pay you interest on the deposit at a rate and on terms required by the *Energy Retail Code*.

13.2 Use of a security deposit

We may use your *security deposit*, and any interest earned on the *security deposit*, to offset any amount you owe under this contract:

- (a) if you fail to pay a bill and, as a result, we arrange for the disconnection of your *supply address*;
- (b) in relation to a final bill (i.e., the bill we issue when you stop buying gas from us at your *supply address*).

or

13.3 Business customers

If you are purchasing gas for business use, we may request that you increase the amount of your *security deposit* in accordance with the *Energy Retail Code*.

14. DISCONNECTION OF SUPPLY

14.1 When can we arrange for disconnection?

Subject to us satisfying the requirements in the *Energy Retail Code*, we can arrange for the disconnection of your *supply address* if:

- (a) you do not pay your bill by the last day for payment and, in the case of *residential customers*, you refuse to agree to an instalment plan or payment option offered by us;
- (b) you fail to comply with the terms of an agreed instalment plan or payment option;
- (c) you use gas illegally or breach clause 17 of this contract;
- (d) we are otherwise entitled or required to do so under the *Energy Retail Code* or by law.

14.2 Comply with the Energy Retail Code

We must comply with the provisions of the *Energy Retail Code* (such as giving you the required notices and warnings) before arranging for the disconnection of your *supply address*.

14.3 Disconnection for emergencies

Despite any other provisions of this *customer sale contract*, we may disconnect or interrupt the supply of gas at your *supply address* in an emergency.

If we do disconnect or interrupt the supply of gas at your *supply address* due to an emergency, we will provide a 24 hour telephone service with information on the nature of the emergency and an estimate of when supply will be restored. We will also use our *best endeavours* to reconnect the supply of gas at your *supply address* as soon as possible.

14.4 Disconnection for maintenance

We may disconnect or interrupt the supply of gas at your *supply address* for planned maintenance on or augmentation to the distribution system.

If we do plan to disconnect or interrupt the supply of gas at your *supply address* for planned maintenance on or augmentation to the distribution system we will use our *best endeavours* to give you at least 4 *business days* notice of that disconnection or interruption.

We will use our *best endeavours* to minimise interruptions and to restore supply of gas to your *supply address* as soon as practicable.

15. RECONNECTION AFTER DISCONNECTION

If you request us to arrange reconnection of your *supply address* and you pay to us all of our reconnection charges in advance, we will arrange for the reconnection of your *supply address*.

We may refuse to arrange reconnection and terminate your *customer sale contract* if we are allowed to do so under the Energy Retail Code (such as where the circumstances leading to your disconnection have not been fixed within a period of 10 *business days* after the date on which you were disconnected).

16. VACATING A SUPPLY ADDRESS

You must give us at least 3 *business days* notice of your intention to vacate your *supply address*, together with a forwarding address for your final bill.

When we receive the notice, we must use our *best endeavours* to arrange that the relevant meters are read on the date specified in your notice (or as soon as possible after that date if you do not provide access to your meter on that date) and send a final bill to you at the forwarding address stated in your notice.

If you do not provide the required notice, or if you do not provide access to your meter, you will be responsible for all gas purchased at the *supply address* until:

- (a) we become aware that you have vacated your *supply address* and the relevant meters have been read;
- (b) you give us the required notice; or
- (c) someone else commences purchasing gas from us or another *retailer* for that *supply address*.

17. USE OF GAS AND ILLEGAL USE

17.1 Use of gas

You must not:

- (a) allow gas purchased from us to be used other than in accordance with this contract or the *Energy Retail Code*; or
- (b) tamper with, or permit tampering with, any meters or associated equipment.

17.2 Illegal use

If you have breached clause 17.1 of this contract, we may, in accordance with the *Energy Retail Code*:

- (a) estimate the amount of the gas so obtained and bill you or take debt recovery action against you for that amount; and
- (b) arrange for the immediate disconnection of your *supply address*.

18. INFORMATION WE NEED

You must provide us with all information we reasonably require for the purposes of this contract. All information must be correct. We have rights under the *Gas Act* and the *Energy Retail Code* if information you provide is incorrect. You must tell us if information you have provided to us changes (for example, if your address changes, or the purpose for which you are buying gas changes).

19. WE CAN AMEND THIS CONTRACT

We can amend our contract with you at any time in accordance with the *Gas Act*, provided the amendments satisfy the requirements of the *Energy Retail Code*, any special conditions to this contract and our licence. Any amendment will take effect from the date referred to in the *South Australian Government Gazette*.

20. NOTICES

Unless this document or the *Energy Retail Code* says otherwise (for example, where phone calls are allowed), all notices must be sent in writing. We can send to you notices at the address at which you buy gas from us or the most recent address that we have for you. If a notice is sent by post, we can assume that you have received the notice on the second *business day* after it was sent.

21. PRIVACY AND CONFIDENTIALITY

21.1 Privacy of information

Subject to clauses 21.2 and 25 of this contract we must keep your information about you confidential.

- (a) The obligations of the party under this contract, other than any obligation to pay money, are suspended to the extent to which they are affected by the *force majeure event* for so long as the *force majeure event* continues; and
- (b) The affected party must use its *best endeavours* to give the other prompt notice of that fact including full particulars of the *force majeure event*, an estimate of its likely duration, the obligations affected by it and the extent of its effects on those obligations and the steps taken to remove, overcome or minimise those effects.

23.2 Deemed prompt notice

Information about this summons.

Unless the summons has the Seal of the Magistrates Court on it, it has not been properly issued and therefore doesn't need to be obeyed.

What is this document?

This is a summons, which requires you to either attend court to give evidence, to produce documents to the court or both. If you need to produce documents, the summons specifies the documents that you need to produce

What do you have to do?

- **If the summons requires you to produce documents or things only**, you may comply with it by delivering all of the documents or things to the Registrar of the Magistrates Court at the address given prior to the time and date on the summons. If you do that, you do not have to attend on the day and at the time shown on the summons.

You should only deliver documents or things to the Registrar if you have **all of the documents or things requested** and if you have **no objection to producing them to the Court and to them being inspected by the parties to the case.**

If you do deliver the documents or things to the Registrar, they should be securely packaged and **have a copy of this summons attached.**

If you object to the parties seeing the documents or things, you must come to court on the day and at the time listed and tell the Magistrate why you object to producing them.

- **If the summons requires you to give evidence** (whether or not it also requires you to bring documents or things), you must attend at the Registry on the day shown in sufficient time to be in the correct courtroom by the time listed unless you contact the person who had this summons issued and have arranged to come to court at some other time.

If you need all or some of these expenses paid **before** you come to court, you should contact the party who had the summons issued.

If you do not understand what you must do, or if you cannot comply with it, you should contact

- The Registrar of the court that issued the summons;
- The person the applied to issue the summons; **or**
- A solicitor to obtain your own legal advice.

Schedule 1—Principal features of Port River Expressway Project

Part 1—Stage 2 of the Project

Division 1—Connector

1—Francis Street

- (1) Francis Street will be reconstructed and widened to 4 lanes between Evans Street and Ocean Steamers Road.
- (2) A 4-way controlled intersection will be constructed at the junction of Francis Street with the Eastern Bypass to the south and Grand Trunkway Extension to the north, connecting Francis Street to St Vincent Street East, Bedford Street and Eastern Parade.

2—Eastern Bypass

- (1) The Eastern Bypass will be constructed along a disused rail reserve between Francis Street and Bedford Street to enable traffic travelling in a westerly direction along the Expressway to exit the Expressway via the Eastern Bypass and St Vincent Street East.
- (2) St Vincent Street East will be reconstructed and the intersection of St Vincent Street, Ocean Steamers Road and St Vincent Street East will be modified to allow continuous movement between St Vincent Street and St Vincent Street East.
- (3) Ocean Steamers Road will be severed by a new toll facility and approaches to both new road and rail bridges. Access to Francis Street from Ocean Steamers Road from the north or south will be closed. Local access will be provided to the sheds on Francis Street and businesses on Santo Parade via Ocean Steamers Road (south). A stub on Ocean Steamers Road (south) will provide access to the southern parcel of land adjacent to Dock 1.

3—Grand Trunkway Extension

- (1) Grand Trunkway Extension will be constructed to replace the Ocean Steamers Road link that is to be closed.
- (2) A new controlled, staggered T-junction will be constructed at the northern junction with Grand Trunkway, Eastern Parade and Grand Trunkway Extension.

Division 2—Road bridge

4—Road bridge

- (1) A road bridge across the Port River (downriver from the Birkenhead Bridge) will be constructed with minimum clearance above the shipping channel to AHD 10.0 (10 metres above Mean Sea Level) with a nominal 30 metre opening span and fendering for river traffic.
- (2) The road bridge works will commence from the former junction of Francis Street and Ocean Steamers Road, with the toll facility to be located west of this point.
- (3) The road bridge western approach will form a T-junction with the extension of Nelson Street (Birkenhead Bridge). West of Nelson Street, the Expressway Road Bridge will connect to the existing Victoria Road.
- (4) The junction of Nelson Street and Semaphore Road will be realigned to the east to allow for the connection of Nelson Street to the Expressway. The existing freight rail crossing at Nelson Street will become redundant and be removed.

Division 3—Associated works

5—Associated works

- (1) A bridge/traffic control centre and car park will be built between the road and rail bridges on the east side of the river crossing to provide service for the operation of the 2 bridges and the toll facility.
- (2) A tunnel will be constructed linking the bridge/traffic control centre to the toll facility to provide for safe access for staff operating manual tollbooths, maintenance of the equipment and a secure route for the transport of tolls collected.
- (3) The following improvements will be required:
 - (a) improvements to the following junctions:

- (i) Ocean Steamers Road and St Vincent Street;
 - (ii) Bedford Street and Wilkins Road;
 - (iii) Elder Road and Wills Street;
 - (iv) Santo Parade and Ocean Steamers Road;
- (b) alignment improvements for Wilkins Road adjacent to Heini Becker Park.

Part 2—Stage 3

Division 1—Rail bridge

6—Main rail line to Outer Harbor

- (1) A new switch will transfer the main rail line to Outer Harbor along the northern boundary of Symons and Clark Transport Pty Ltd.
- (2) The track will cross the proposed Grand Trunkway Extension (where a rail crossing will be installed), travel through Incitec Pivot site and cross Ocean Steamers Road.
- (3) The structure of the rail bridge across the Port River will begin approximately 100 metres east of Ocean Steamers Road and be constructed with minimum clearance above the shipping channel of AHD 10.0 (10 metres above Mean Sea Level) with a nominal 30 metre opening span and fendering for river traffic.
- (4) On the western side of the river, the rail bridge structure will extend to a point approximately where the rail runs parallel to Elder Road.
- (5) As a result of the rail track being above the existing surface level of Stirling Street, minor modifications will be required to raise and upgrade the intersection of Stirling Street and Elder Street to provide priority access for road trains to Stirling Street.
- (6) An emergency de-railer will be installed in the vicinity of Stirling Street consisting of a length of at grade track parallel to the main rail line. In an emergency situation, a train will run along the length of the de-railer line until stopping in the ground beyond the track. The de-railer will provide the means to avoid an incident occurring on the rail bridge structure, particularly where the bridge crosses the river.

7—Port Flat Yard

- (1) Track modifications to the Port Flat Yard adjacent to the Grand Trunkway will be undertaken consisting of the relocation of turnouts at the entrance of the yard to the north. This will allow trains to shunt in the yard without initiating the level crossing signals on Eastern Parade and interfering with road traffic.
- (2) An extension of Kerry Logistics' yard will be required to the north to allow for the modifications at the entrance to Port Flat Yard.
- (3) Additional track will be built in Port Flat Yard parallel to the existing track as a replacement for wagon storage currently on the site of the proposed Grand Trunkway Extension.
- (4) The eastern leg of the rail triangle will provide access to Port Flat Yard from the main rail line, with the current track to be realigned to obtain maximum operational benefit.
- (5) The western leg of the rail triangle linking Outer Harbor to Port Flat Yard will to be constructed.

Division 2—Bridge/traffic control centre

8—Bridge/traffic control centre

A bridge/traffic control centre will be built between the Road and Rail Bridges on the east side of the river crossing to provide service for the operation of the 2 bridges and the toll facility.
