## OCCUPATIONAL HEALTH, SAFETY AND WELFARE ACT 1986

*Approved Codes of Practice for Asbestos Work*

NOTICE is hereby given that pursuant to subsection 63 (1) of the Occupational Health, Safety and Welfare Act 1986, the following are approved Codes of Practice:

- Code of Practice for the Safe Removal of Asbestos 2nd Edition [NOHSC:2002 (2005)];
- Code of Practice for the Management and Control of Asbestos in the Workplace [NOHSC:2018 (2005)]; and

These approved Codes of Practice shall be read as incorporating the 'Foreword', which is included in this notice and shall have effect three months after the date of *Gazettal*.

J. HILL, Acting Minister for Industrial Relations

## FOREWORD

The term 'approved Code of Practice' has a particular meaning under the South Australian Occupational Health, Safety and Welfare Act 1986.

An approved Code of Practice is designed to be used in addition to the Act and Regulations. In proceedings for an offence against the Act, where it is proved that a person failed to comply with a provision of a relevant approved Code of Practice, the person shall be taken to have failed to exercise the required standard of care, in the absence of proof to the contrary (section 63A of the Act).

Thus, a Code of Practice provides practical guidance on how a particular standard of health and safety can be achieved. It describes the preferred methods or courses of action for achieving this standard of health and safety. However, an approved Code of Practice allows the flexibility to show that an equivalent or better standard of health and safety is achieved by alternative action. An approved Code of Practice is therefore different from a Regulation where the responsible person must meet the specific requirement of the Regulation.

In summary, an approved Code of Practice:

- provides practical guidance;
- should be followed unless there is another solution which achieves the same or a better standard of health and safety; and
- can be used to support prosecution.

Codes of Practice are approved under the Occupational Health, Safety and Welfare Act 1986, by the Minister for Industrial Relations, following recommendation from the SafeWork SA Advisory Committee.

## OCCUPATIONAL HEALTH, SAFETY AND WELFARE ACT 1986

*Approved Codes of Practice for Asbestos Work*

NOTICE is hereby given that pursuant to subsection 63 (4) (b) of the Occupational Health, Safety and Welfare Act 1986, the following approved Codes of Practice are repealed:

- The South Australian Occupational Health and Safety Commission—Code of Practice for Asbestos Work (Excluding Asbestos Removal); and
- The South Australian Occupational Health and Safety Commission—Code of Practice for the Safe Removal of Asbestos.

The repeal of these Codes of Practice shall have effect three months after the date of *Gazettal*.

COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO  
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE COMPLETED 2005-06 YEAR  
AND THE QUARTER ENDED 30 JUNE 2006

***Receipts***

Taxation receipts are \$121 million higher than the original 2005-06 Budget estimate. This was mainly due to:

- Higher stamp duties (\$126 million);
- Higher payroll tax (\$27 million);
- Lower land tax (\$20 million); and
- Lower gaming machines tax (\$14 million).

Contributions from State Undertakings (taxes, dividends and other contributions from government corporations) were \$6 million higher than the original 2005-06 Budget estimate. This was mainly due to:

- Higher Land Management Corporation dividend (\$22 million);
- Higher Forestry SA dividend (\$15 million);
- Higher SA Water dividend and income tax equivalent (\$31 million);
- Higher TransAdelaide dividend (\$30 million);
- Lower Department for Administrative and Information Services dividend due to Land services fees now shown under fees and charges (\$83 million);
- Lower South Australian Housing Trust income tax equivalent (\$8 million).

Fees and charges are \$98 million higher than the original 2005-06 Budget estimate. This was mainly due to:

- Land services fees previously shown as a dividend payment from the Department for Administrative and Information Services (\$113 million);
- Higher court fines (\$6 million);
- Lower infringement notice schemes – expiation fees (\$24 million).

Recoveries are \$25 million higher than the original 2005-06 Budget estimate. This is mainly due to:

- Return of deposit account balances (\$14 million);
- Return of superannuation deposit account balances (\$34 million);
- Proceeds from the sale of residual CBA Lease Vehicles (\$11 million);
- Lower return of cash to Consolidated Account – Cash Alignment Policy (\$27 million);
- Lower light motor vehicle fleet – rental payments recovery (\$4 million);
- Lower environmental enhancement levy (\$3 million).

Royalties collected are \$28 million higher than the original 2005-06 Budget estimate.

Other receipts are \$26 million lower than the original 2005-06 Budget estimate. This is mainly due to:

- Lower interest recoveries (\$8 million);
- Lower repayment of equity capital contributions (\$20 million):
  - Department for Administrative and Information Services;
  - Department of Health.

### ***Payments***

Payments pursuant to the Appropriation Act (i.e. to agencies) were \$134 million higher than forecast in the original 2005-06 Budget. The major areas contributing to this outcome are as follows:

- Department of Health – \$26 million higher;
- Department for Families and Communities – \$20 million higher;
- Department for Transport, Energy and Infrastructure – \$40 million higher;
- Administered Items for the Department of Treasury and Finance – \$78 million higher;
- Department of Trade and Economic Development – \$14 million lower;
- Department of Further Education, Science and Technology – \$15 million lower.

All appropriations were paid within approved limits.

Payments pursuant to specific appropriation authorised in various Acts are \$8 million higher than forecast in the original 2005-06 Budget. This was primarily the result of higher than estimated payments for First Home Owner Grants.

Pursuant to section 16 (4) (a) of the *Public Finance and Audit Act 1987*, the Treasurer approved that the Consolidated Account surplus for 2005-06 of \$23.6 million be applied to reduce the Treasurer's debt with the South Australian Government Financing Authority.

### **Note**

Considerable caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State budget, the information is purely limited to cash transactions. In addition, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts and payments from special deposit accounts). Finally, it should be noted that the timing of receipts and payments could be volatile within a particular year. As a result, apparently significant movements between years may only be due to changes in the timing of receipts and payments, and therefore may not have implications for the underlying budget position.
