**Government
of South Australia**

**TREASURER'S
QUARTERLY STATEMENT**

for the

**THREE MONTHS and SIX MONTHS ended on
31 DECEMBER 2006 and 31 DECEMBER 2005**

*Presented by the
Honourable Kevin Foley MP
Treasurer of South Australia*

GOVERNMENT OF SOUTH AUSTRALIA**COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS
ENDED 31 DECEMBER 2006 AND 31 DECEMBER 2005*****Receipts****Taxation*

Payroll tax receipts in the December quarter of 2006-07 were higher than for the same quarter of the previous year reflecting growth in taxable payrolls.

Higher levels of stamp duty receipts in the December quarter 2006 compared with the same period a year ago mainly reflect underlying strength in the property market and, to a lesser extent, higher share duty receipts.

Lower land tax receipts in the December quarter 2006, compared with the same period a year ago, mainly reflect differences between the years in the timing of land tax payments by the South Australian Housing Trust. The Housing Trust paid its 2005-06 land tax liability in the December quarter but the 2006-07 payment had not been made by 31 December 2006. The later timing of the Trust's land tax payment also explains the lower level of land tax collections in the six months to 31 December 2006 compared with the six months to 31 December 2005.

Gambling tax receipts were higher in the December quarter of 2006, compared with the same period a year ago, reflecting higher expenditure on gaming machines in hotels and clubs.

Debits tax was abolished from 1 July 2005 but some liabilities incurred before that date were not settled until the latter half of 2005. Negative receipts in the December quarter 2006 relate to adjustments to earlier amounts paid.

Recoveries

The total Recoveries for the six months ended 31 December 2006 is significantly lower than the 2006-07 budget because the return of surplus cash to the Consolidated Account in accordance with the Government's Cash Alignment Policy will not be effected until June 2007.

Fees and Charges

The Land Services Group of the Department of Administrative and Information Services collects regulated fees and charges through various land administration Acts administered under the statutory authority of the Registrar-General and the Surveyor-General. Previously, these receipts were transferred to Consolidated Account net of the cost of the Land Services Group operations, as a dividend. The total land services receipts are now transferred to Consolidated Account and the Land Services Group is appropriation funded for its costs. As a result, these receipts have been reclassified as Fees and Charges. This revised treatment accounts for the variation between the total fees and charges collected for the quarter ended 31 December 2006 compared with the same period last financial year.

Royalties

The higher royalty revenue for the December quarter 2006 compared with the December quarter 2005 is the result of differences between the years in the timing of royalty receipts from Olympic Dam. The higher royalty receipts for the six months to December 2006 compared with the same period a year earlier also reflects the impact of higher copper prices.

Commonwealth – General Purpose Grants

The lower level of general purpose Commonwealth grants in the December quarter 2006 compared with the December quarter 2005, largely reflects the cessation of Competition Grants on 30 June 2006. Competition grants amounting to \$28.6 million were paid to South Australia in the December quarter 2005.

Commonwealth – Specific Purpose Grants

Specific Purpose Grants received in the December quarter 2006 were comparable to those received in the same quarter a year earlier. The lower level of Commonwealth Specific Purpose Grants in the first six months of this year, compared with the same period last year, reflects the finalisation in 2005-06 of debt redemption assistance grants from the Commonwealth.

Payments

Payments have been made pursuant to the *Appropriation Act 2006* and in accordance with various Acts for which specific appropriation has been authorised.

Payments made from the Consolidated Account during the second quarter of 2006-07 were higher than the same period in 2005-06.

This higher level of payments was generally in line with the higher budgeted appropriation for 2006-07, compared with 2005-06.

Past Service Superannuation payments from the Administered Items for the Department of Treasury and Finance, which were made quarterly during 2005-06 compared with 2006-07 when the full year's payment was made before 31 December 2006, also contributed to the higher level of payments in the first six months of this year, compared with the same period last year.

Note

Considerable caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State budget, that comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. In addition, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, it should be noted that the timing of receipts and payments could be volatile within a particular year. As a result, apparently significant movements between years may only be due to changes in the timing of receipts and payments, and therefore may not have implications for the underlying budget position.

National Parks and Wildlife (Ediacara Conservation Park—Mining Rights) Proclamation 2007

under section 43 of the *National Parks and Wildlife Act 1972*

Preamble

- 1 The Crown land described in Schedule 1 is, by another proclamation made on this day, constituted as a conservation park under section 30(1) of the *National Parks and Wildlife Act 1972* and assigned the name *Ediacara Conservation Park*.
- 2 It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to that land.

1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Ediacara Conservation Park—Mining Rights) Proclamation 2007*.

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Interpretation

In this proclamation—

Environment Minister means the Minister for the time being administering the *National Parks and Wildlife Act 1972*;

Mining Minister means the Minister for the time being administering the *Mining Act 1971* or the Minister for the time being administering the *Petroleum Act 2000*, as the case requires.

4—Existing rights to continue

Subject to clause 6, existing rights of entry, prospecting, exploration or mining under the *Mining Act 1971* or the *Petroleum Act 2000* may continue to be exercised in respect of the land described in Schedule 1.

5—New rights may be acquired

Rights of entry, prospecting, exploration or mining may, with the approval of the Mining Minister and the Environment Minister, be acquired pursuant to the *Mining Act 1971* or the *Petroleum Act 2000* in respect of the land described in Schedule 1 and may, subject to clause 6, be exercised in respect of that land.

6—Conditions for exercise of rights

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Mining Act 1971* or the *Petroleum Act 2000* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) if work to be carried out in relation to the land in the exercise of those rights is a regulated activity within the meaning of the *Petroleum Act 2000*, the person must ensure that—
 - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Environment Minister; and
 - (ii) the work is carried out in accordance with the statement as so approved;
- (b) if work to be carried out in relation to the land in the exercise of rights under the *Mining Act 1971* or the *Petroleum Act 2000* has not previously been authorised (whether by inclusion in an approved statement of environmental objectives referred to in paragraph (a) or otherwise), the person must give at least 3 months notice of the proposed work to the Mining Minister and the Environment Minister and supply each Minister with such information relating to the proposed work as the Minister may require;
- (c) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
 - (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (a)), the person must comply with those directions in carrying out the work;
- (d) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (e) in addition to complying with the other requirements of this proclamation, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and

- (ii) must maintain all work areas in a clean and tidy condition; and
 - (iii) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (f) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (c)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (a)) rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

7—Governor may give approvals, directions

If—

- (a) the Mining Minister and the Environment Minister cannot agree as to whether—
 - (i) approval should be granted or refused under clause 5; or
 - (ii) a direction should be given under clause 6(c); or
- (b) the Environment Minister does not approve a statement of environmental objectives under clause 6(a),

the Governor may, with the advice and consent of the Executive Council—

- (c) grant or refuse the necessary approval under clause 5; or
- (d) give a direction in writing under clause 6(c); or
- (e) grant or refuse the necessary approval under clause 6(a).
