5—Insertion of regulation 14

After regulation 13 insert:

14—Individual cockle catch quota system

- (1) In this regulation—

cockle quota entitlement or *quota entitlement*, in relation to an eligible rock lobster fishery licence or a licence in respect of a marine scalefish fishery and a cockle fishing zone, means the maximum number of kilograms of cockles that may be lawfully taken by the holder of the licence in that zone during a quota period, being the product of—

- (a) the unit entitlement under that licence in respect of that zone; and
- (b) the unit value for that zone and quota period,

subject to any variation applying during that quota period;

unit entitlement means the number of cockle units for the time being allocated to a licence;

unit value means the number of kilograms of cockles determined by the Minister under regulation 16 of the *Fisheries Management (Marine Scalefish Fisheries) Regulations 2006* to be the value of a cockle unit for a cockle fishing zone and a quota period.

- (2) In this regulation, a reference to a *quota period* is a reference to—

- (a) the period commencing on the day on which this regulation comes into operation and ending on 30 June 2009; or

- (b) a period of 12 months commencing on 1 July 2009 or 1 July in any subsequent year.
- (3) The Minister may impose or vary conditions of eligible rock lobster fishery licences and licences in respect of a marine scalefish fishery fixing cockle quota entitlements as follows:
- (a) on joint application made to the Minister by the holders of any 2 eligible rock lobster fishery licences subject to a condition fixing a cockle quota entitlement in respect of the same cockle fishing zone, the conditions of the licences may be varied so as to increase the unit entitlement under 1 of the licences in respect of that zone and decrease the unit entitlement under the other licence in respect of that zone by a corresponding number of units;
- (b) on joint application by the holder of an eligible rock lobster fishery licence subject to a condition fixing a cockle quota entitlement in respect of a particular cockle fishing zone and the holder of a licence in respect of a marine scalefish fishery subject to a condition fixing a cockle quota entitlement in respect of that zone, the conditions of the licences may be varied so as to increase the unit entitlement under 1 of the licences in respect of that zone and decrease the unit entitlement under the other licence in respect of that zone by a corresponding number of units;
- (c) on joint application made to the Minister by the holder of an eligible rock lobster fishery licence subject to a condition fixing a cockle quota entitlement in respect of a particular cockle fishing zone (the *first licence*) and the holder of an eligible rock lobster fishery licence not subject to a condition fixing a cockle quota entitlement in respect of that zone (the *second licence*)—
- (i) the conditions of the first licence may be varied so as to decrease the unit entitlement under that licence in respect of that zone; and
- (ii) a corresponding number of units may be allocated to the second licence and a condition fixing a cockle quota entitlement in respect of that zone may be imposed on that licence;
- (d) on joint application made to the Minister by the holder of an eligible rock lobster fishery licence subject to a condition fixing a cockle quota entitlement in respect of a particular cockle fishing zone (the *first licence*) and the holder of a licence in respect of a marine scalefish fishery not subject to a condition fixing a cockle quota entitlement in respect of that zone (the *second licence*)—
- (i) the conditions of the first licence may be varied so as to decrease the unit entitlement under that licence in respect of that zone; and
- (ii) a corresponding number of units may be allocated to the second licence and a condition fixing a cockle quota entitlement in respect of that zone may be imposed on that licence;

- (e) if the total catch of cockles taken during a quota period by the holder of an eligible rock lobster fishery licence subject to a condition fixing a cockle quota entitlement exceeded the cockle quota entitlement under the licence for that quota period, the conditions of the licence may be varied so as to decrease the cockle quota entitlement—
 - (i) if the catch exceeded the quota entitlement by not more than 50 kilograms—by 1 kilogram for each kilogram taken in excess of the quota entitlement; or
 - (ii) if the catch exceeded the quota entitlement by more than 50 kilograms but not more than 250 kilograms—by 2 kilograms for each kilogram taken in excess of the quota entitlement;
 - (f) if—
 - (i) the holder of an eligible rock lobster fishery licence is convicted of an offence of contravening a condition of the licence fixing a cockle quota entitlement; and
 - (ii) the conduct constituting the offence involved the taking of more than 250 kilograms of cockles in excess of the cockle quota entitlement,

the conditions of the licence may be varied so as to decrease the cockle quota entitlement under the licence for 3 quota periods following the conviction by 1 kilogram for each kilogram taken in excess of the quota entitlement for the quota period during which the offence was committed;
 - (g) if—
 - (i) the holder of an eligible rock lobster fishery licence subject to a condition fixing a cockle quota entitlement has assisted in the carrying out of research work under the Act in relation to the fishery; and
 - (ii) the Minister considers that it is appropriate to compensate or reward the holder of the licence for the time spent in providing that assistance,

the conditions of the licence may be varied so as to increase the cockle quota entitlement under the licence.
- (4) If a variation of a unit entitlement is to have effect only for the balance of the quota period during which the variation is made, the variation must be expressed to have such effect.

- (5) An application to vary unit entitlements must—
- (a) be made in a manner and form approved by the Minister; and
 - (b) be signed by the applicants and completed in accordance with the instructions contained in the form; and
 - (c) be accompanied by the appropriate fee fixed in the *Fisheries Management (Fees) Regulations 2007*.
- (6) Subject to subregulations (7) and (8), the holder of an eligible rock lobster licence must not take cockles for a commercial purpose in a cockle fishing zone unless the licence is subject to a condition fixing a cockle quota entitlement in respect of that zone.
- Maximum penalty: \$5 000.
- (7) The holder of an eligible rock lobster fishery licence subject to a condition fixing a cockle quota entitlement in respect of a cockle fishing zone may take cockles in another cockle fishing zone if—
- (a) the holder of the licence is unable to lawfully take cockles in the cockle fishing zone to which the condition relates because—
 - (i) as a result of a variation in the conditions of the licence under subregulation (3), the number of cockle units allocated to the licence for the time being is zero; or
 - (ii) the total number of kilograms of cockles taken under the licence in that zone equals the quota entitlement under the licence in respect of that zone; and
