BUILDING WORK CONTRACTORS ACT 1995

Exemption

TAKE notice that, pursuant to section 45 of the Building Work Contractors Act 1995, I, Mal Hemmerling, Commissioner for Consumer Affairs, do hereby exempt the licensee named in Schedule 1 from the application of Division 3 of Part 5 of the above Act in relation to domestic building work described in Schedule 2 and subject to the conditions specified in Schedule 3.

SCHEDULE 1

Carmine Obbiettivo, BLD 105868.

SCHEDULE 2

Construction of a dwelling on land situated at 1 Jenkins Avenue, Myrtle Bank, S.A. 5064 (Allotment 11, Deposited Plan 3094 in the area named Myrtle Bank, Hundred of Adelaide (certificate of title volume 5790, folio 476)).

SCHEDULE 3

1. This exemption is limited to domestic building work personally performed by the licensee for the construction of a brick veneer dwelling on land situated at 1 Jenkins Avenue, Myrtle Bank, S.A. 5064 (Allotment 11, Deposited Plan 3094 in the area named Myrtle Bank, Hundred of Adelaide (certificate of title volume 5790, folio 476)).

2. This exemption does not apply to any domestic building work the licensee subcontracts to another building work contractor, for which that contractor is required by law to hold building indemnity insurance.

3. That the licensee does not transfer his interest in the land prior to five years from the date of completion of the building work the subject of this exemption, without the prior authorisation of the Commissioner for Consumer Affairs. Before giving such authorisation, the Commissioner for Consumer Affairs may require the licensee to take any reasonable steps to protect the future purchaser(s) of the property, including but not limited to:

- providing evidence that an adequate policy of building indemnity insurance is in force to cover the balance of the five-year period from the date of completion of the building work the subject of this exemption;
- providing evidence of an independent expert inspection of the building work the subject of this exemption;
- making an independent expert report available to prospective purchasers of the property; and
- giving prospective purchasers of the property notice of the absence of a policy of building indemnity insurance.

Dated 8 February 2008.

M. HEMMERLING, Commissioner for
Consumer Affairs

Penfield Intermodal Rail Freight Facility Development Plan Amendment Prepared By The Minister— Draft for Public Consultation

NOTICE is hereby given that the Minister for Urban Development and Planning has, pursuant to sections 24 and 26 of the Development Act 1993, prepared a Development Plan Amendment (DPA) to amend the Playford (City) Development Plan.

The DPA proposes to replace part of the Horticultural Zone at Penfield with a new Intermodal Zone and associated policy framework to guide the development of an intermodal rail freight terminal facility and related activities.

The draft DPA will be on public consultation from Thursday, 14 February 2008 until Thursday, 10 April 2008.

Copies of the draft DPA are available during normal office hours at the Department for Primary Industries and Resources SA (Planning SA), Level 5, 136 North Terrace, Adelaide, or can be viewed on the Internet at:

www.planning.sa.gov.au/go/PenfieldDPA.

Alternatively the DPA can be viewed during normal office hours at the offices of the City of Playford, 10 Playford Boulevard, Elizabeth.

Written submissions regarding the draft DPA should be received no later than 5 p.m. on Thursday, 10 April 2008. All submissions should be addressed to the Presiding Member, Development Policy Advisory Committee, c/o Planning SA, G.P.O. Box 1815, Adelaide, S.A. 5001 and should clearly indicate whether you wish to be heard in support of your submission at the public meeting. If you wish to lodge your submission electronically, please email the electronic submission to plnsa.dpac@saugov.sa.gov.au.

Copies of all submissions will be available for inspection by interested persons at Planning SA, Level 5, 136 North Terrace, Adelaide, or can be viewed on the Internet at:

www.planning.sa.gov.au/go/PenfieldDPA

from Monday, 14 April 2008, until the conclusion of the public meeting.

A public meeting will be held on Tuesday, 22 April 2008 at 7 p.m. at the Playford Civic Centre, Function Room 1, 10 Playford Boulevard, Elizabeth at which time interested persons may appear to be heard in relation to the draft DPA and the submissions. The public meeting will not be held if no submissions are received or if no submission includes a request to be heard. Please check Planning SA's website at:

www.planning.sa.gov.au/go/PenfieldDPA

before the scheduled date of the meeting to find out whether it is being held.

If you would like further information about the draft DPA, contact Susan Lewis, Chief Project Officer on telephone 8303 0754 or via email at lewis.susan4@saugov.sa.gov.au.

Dated 14 February 2008.

Preamble

It is necessary to amend the Gawler (CT) Development Plan dated 10 January 2008.

NOTICE

PURSUANT to section 29 (1) (a) of the Development Act 1993, I, Paul Holloway, being the Minister administering the Act, amend the Gawler (CT) Development Plan dated 10 January 2008, as follows:

1. Amend Figure ResH(C)/4 on page 139 by reinstating the portion of allotment 5 in Filed Plan 122555 within the Church Hill State Heritage Area boundary, consistent with the 6 June 1985 *Gazette* notice lodged pursuant to section 13 of the South Australian Heritage Act 1978-1980.

Dated 14 February 2008.

PAUL HOLLOWAY, Minister for Urban Development and Planning

DEVELOPMENT ACT 1993, SECTION 48: DECISION BY THE DEVELOPMENT ASSESSMENT COMMISSION AS DELEGATE OF THE GOVERNOR

Preamble

1. A proposal from the Cape Jaffa Development Company (hereafter 'the applicant') to develop a multi-component residential marina at Cape Jaffa, on the Limestone Coast has been under consideration under Division 2 of Part 4 of the Development Act 1993.

2. The proposal has been the subject of an Environmental Impact Statement and an Assessment Report under sections 46 and 46B of the Development Act 1993 and is hereafter referred to as the 'proposed Major Development'.

3. The proposed Major Development was the subject of a development application lodged on 20 February 2003, by the applicant. The said application has been amended and expanded upon by the applicant's Environmental Impact Statement, dated April 2005, the applicant's Response to Submissions, dated September 2005 and additional correspondence dated 4 November 2005, 10 November 2005 and 18 April 2006.

4. Reserved matters of (a) the proposed use of the future development site on Figure 3.6 in the EIS and (b) proposed use and extent of the wetland vegetation on the eastern side of the development was granted approval by the Development Assessment Commission as delegate of the Governor on 11 May 2006.

5. Application was made to the Development Assessment Commission as delegate of the Governor, for a decision regarding the division of land for the proposed development. Approval was granted on 17 August 2006.

6. An application for approval for the Building Rules approval for Stage 1 Breakwaters and Waterway Edge construction was made on 14 August 2006. Approval was granted on 7 September 2007.

7. An application for approval for an Industrial Shed was made by the Kingston Council on 26 September 2007. Approval was granted on 18 October 2007.

8. An application for approval for Building Rules Certification for an Industrial Building was made on 12 October 2007.

9. An application for approval for a land division for the Industrial Area and a concrete batching plant was made on 17 May 2007.

10. An application for approval of two land divisions for three allotments and 20 community title allotments for the commercial marina berths was made on 7 December 2007 and 10 December 2007.

11. The Development Assessment Commission has, in considering the application, had regard to all relevant matters under section 48 (5) of the Development Act 1993.

12. The Development Assessment Commission is satisfied that there is no requirement to prepare a further or amended Environmental Impact Statement.

Decision

PURSUANT to section 48 of the Development Act 1993, the Development Assessment Commission as delegate of the Governor:

- (a) grant a provisional development authorisation in relation to the proposed major development, subject to the Conditions and Notes to the Applicant below;
- (b) pursuant to section 48 (6) and Regulation 64 (1) reserve a decision on the following matters:
 - (i) compliance with the Building Rules in relation to all aspects of the proposed major development (refer to Conditions and Notes to the Applicant below);
 - (ii) specify all matters relating to the provisional development authorisation as matters in respect of which conditions of this authorisation may be varied or revoked, or new conditions attached;
 - (iii) specify for the purposes of section 48 (11) (b) the period of two years from the date hereof as the time within which substantial work must be commenced on site, failing which I may cancel this authorisation.

Conditions of Approval

1. Except where minor amendments may be required by other legislation, or by conditions imposed herein, the proposed major development shall be undertaken in strict accordance with:

- Letter from Masterplan on 17 May 2007 for Concrete Batching Plant, including relevant attached information related to the Concrete Batching Plant.

2. The applicant shall submit further information and application(s) in relation to the matter that has been reserved.

3. Subject to Condition 4, no building works on any part of the development may commence until a favourable decision has been notified to the applicant by the Governor or the Governor's delegate in respect of the reserved matter referred to in subparagraph (i), in paragraph (b) of the Decision section above.

4. The applicant may commence a stage of building works before receiving the Governor's decision concerning building rules compliance for other stages (refer matter (i) in paragraph (b) of the Decision section above). No building works shall commence on a stage of the development until a favourable decision in relation to building rules compliance in respect of that stage has been notified in writing to the applicant by the Governor or the Governor's delegate.

5. A decision on building rules compliance (refer reserved matter (i) in paragraph (b) of the Decision section above) will only be made after a Building Rules assessment and certification has been undertaken and issued by the Kingston District Council or a private certifier, in accordance with the provisions of the Development Act 1993 and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993 (refer to 'Notes to the Applicant' below for further information).

6. A Management, Maintenance and Monitoring (MMM) Agreement between the Kingston District Council and the Cape Jaffa Anchorage Marina Development Company shall be drafted and finalised, prior to being submitted to the Governor or her delegate (refer to Conditions and Notes below).

7. Before any works commence, a Construction Environmental Management and Monitoring Plan (CEMP) to cover the pre-construction and construction phases shall be prepared in consultation with and approved by the Environment Protection Authority and Planning SA, to address management issues during construction.

8. An Operational Environmental Management and Monitoring Plan (OEMMP) for the operational phase of the development shall be prepared to the reasonable satisfaction of the Environment Protection Authority, other government agencies and the Kingston District Council, prior to it being submitted to the Governor or her delegate (refer to Conditions and Notes to the Applicant below).

9. All works and site activities shall be undertaken in accordance with the approved Construction Environmental Management and Monitoring Plan.

10. Stockpiled soils shall be suitably managed to control dust emissions, erosion and weed infestation.

11. Armour rock used for breakwaters and revetments shall not be contaminated by fine sediment.

12. The wastewater collection and treatment system shall be designed to ensure that the general obligations of the Environment Protection (Water Quality) Policy 2003 are met, and to ensure that effluent does not overflow or escape from drains, pipes, sumps, tanks, storage/treatment basins into any watercourse, or into stormwater drains which do not drain into the effluent collection, treatment and disposal system, except where the effluent complies with criteria in the above policy, or escapes to or is infiltrated from saline groundwater.

13. The proponent shall provide underground power supply, public lighting, a sustainable water supply and telephone supply to each allotment in accordance with and to engineering design standard plans approved by the electricity, mains water and telephone public utility authorities.

14. The applicant shall ensure that there is no discharge of stormwater into the marina basins, waterways or marine environment for rainfall less than and including, 1:20 year ARI events.

15. The land to be used for land-based allotments shall be formed to prevent stormwater flows entering into the waterways.

16. Water-sensitive urban design measures and practices shall be adopted for the management of run-off, including stormwater capture and re-use.

17. Undeveloped allotments shall be left in a neat and tidy condition, with soil surfaces stabilised to minimise erosion.

18. Roads, drainage, footpath and intersection designs (i.e. engineering construction plans) shall be finalised in accordance with the requirements of the Department for Transport, Energy and Infrastructure and the Kingston District Council, prior to construction commencing. Road and drainage designs shall include water table levels, drainage inverts and pavement details. The roads and drainage works shall be built according to these designs.

19. Road designs shall not affect existing natural drainage lines in such a way as to cause flooding.

20. The applicant shall bear all costs with providing a Type BAR Treatment (sealed shoulder widening to provide a right turn treatment on the Southern Ports Highway) at the intersection of the Southern Ports Highway/Cape Jaffa Road as shown in the Austroads 'Guide to Traffic Engineering Practice, Part 5—Intersections at Grade' to a standard suitable to the Department of Transport, Energy and Infrastructure before the issue of title occurs for Allotment No. 170 on the attached plan of division.

21. Appropriate navigational aids shall be erected in prominent locations, in consultation with the Department for Transport, Energy and Infrastructure, prior to use of the facility for boating purposes.

22. Access systems for all floating boat moorings shall be capable of adjustment or be readily adaptable to projected long-term sea level rise and all marina mooring structures shall be designed in accordance with the Australian Standard AS 3962-2001 Guidelines for Design of Marinas.

23. The public boat ramp facility shall be designed in accordance with the South Australian Boating Advisory Committee's Guidelines for Planning, Design and Construction of Boat Launching Facilities.

24. Vehicular access to the beach shall not be provided, apart from Emergency vehicles, once the boat ramp is constructed and operational in the marina (as this relates to the Major Developments declared area).

25. The boat refuelling area and marine toilet pump-out facility shall be designed to meet the requirements of the Environment Protection Authority, the Department for Transport, Energy and Infrastructure and the Country Fire Service (CFS) respectively and shall be in place prior to commencement of operation of the marina.

26. The water contained in the marina basin shall be kept to a quality appropriate for secondary contact recreation, public amenity and the maintenance of marine aquatic ecosystems, as stipulated from time to time by the ANZECC Australian Water Quality Guidelines for Fresh and Marine Waters.

27. Normal operating hours for construction activities and truck movements to and from the site shall be from 7 a.m. to 7 p.m., Monday to Saturday inclusive. If it is considered necessary for construction to be undertaken on Sundays, construction hours shall be from 9 a.m. to 6 p.m. on Sundays (refer to Notes to the Applicant relating to Environment Protection Authority noise emission policies).

28. Landscaping and streetscaping of the site with locally endemic plant species shall commence prior to the issuing of Certificates of Title for each stage of the land division and when established must be maintained in good health and condition at all times. A plant must be replaced if or when it dies or becomes

seriously diseased within the first growing season after the plant dies or becomes seriously diseased. A weed control program shall also be implemented.

29. The Kingston District Council shall be given seven days notice, prior to the commencement of works, and be provided with the name and contact facilities for the person responsible for co-ordinating site works by this approval.

30. Road Construction/Design:

(a) Seal

Streets shall be surfaced with a two coat bitumen seal of 14 mm seal overlay with a 7 mm seal, with a total seal width in accordance with Clause (e) below.

(b) Pavement Construction—Base

The following minimum standards shall apply:

- To comply with standard APRG 21 for residential areas.
- Commercial roads will be developed and designed to the reasonable satisfaction of the Kingston District Council.
- To be compacted to 98% dry density ratio (AS1289.5.2.1).
- Minimum soak CBR at above compaction to be 80.
- Minimum thickness of 200 mm.
- Level tolerance on completed course -10 mm, +10 mm.

(c) Seal for Intersections

At the discretion of Council all intersections associated with the development including the circular end of *cul-de-sacs* in residential areas shall be sealed with 25 mm thickness asphaltic concrete (hotmix) laid in compliance with Department for Transport, Energy and Infrastructure standard specifications, and with maximum aggregate size of 10 mm for a distance of 10 m from the intersection or at the entrance to the *cul-de-sac*.

At the discretion of Council, all intersections associated with the development including the circular end of *cul-de-sacs* in commercial areas shall be sealed with 40 mm thickness asphaltic concrete (hotmix) laid in compliance with Department for Transport, Energy and Infrastructure standard specifications, and with maximum aggregate size of 10 mm for a distance of 10 m from the intersection or at the entrance to the *cul-de-sac*.

In the case of 'T' intersections or cross road intersections within a development, the specified seal shall be provided at the intersection and for a distance of 10 m from the intersection in each direction on each road.

(d) Cul-de-sac Ends

Cul-de-sac ends shall have a seal of 9 m radius to accommodate the operation of refuse collection vehicles and other larger vehicles.

(e) Road Reserve and Road Width

Council requirements for road reserves shall be as follows:

Road Reserves (Entrance to *cul-de-sacs*) 12.5 m.

Road Reserves (Other) 15 m.

Cul-de-sac Ends Road Reserves (circular) 25 m.

Cul-de-sac Ends Road Reserves (other) to be agreed with Kingston District Council.

All Other Streets (e.g. commercial) to be to the reasonable satisfaction of the Kingston District Council.

The following minimum road seal widths shall apply:

All Residential Streets 7 m.

Cul-de-sac (entrance) 6 m.

Cul-de-sac Ends (circular) 9 m radius.

Cul-de-sac Ends (other) to the reasonable satisfaction of the Kingston District Council.

All Other Streets (e.g. commercial) to be agreed with the Kingston District Council.

(f) Footpaths

- Provide interlinking footpaths, walkways and/or bicycle tracks within the development area that shall allow safe passage of pedestrian or bicycle traffic to the reasonable satisfaction of the Kingston District Council.
- Footpaths, walkways and/or bicycle tracks shall have a minimum 3 m width where the track will be used as a dual bicycle and walking thoroughfare and be designed and constructed with appropriate materials to the reasonable satisfaction and approval of the Kingston District Council.

(g) Water Tables and Kerbing

- Both edges of all streets shall be protected by the provision of an extruded kerb and gutter or concrete edge beam of a cross section approved by the Kingston District Council.
- The concrete edge beam shall have top surface set flush with the finished bitumen surface as approved by the Kingston District Council.
- Generally, if raised kerbing is installed, the kerb and gutter shall have a mountable type profile approved by the Kingston District Council.
- Pram ramps complying with the requirements of AS1428-1993, Clause 5.8 shall be constructed wherever a footpath intersects a kerb line and at an opposite street corners.
- Pram ramps shall be of reinforced concrete construction at least 100 mm thick.
- Spoon drains shall be constructed with top profile approved by the Kingston District Council. Spoon drains shall have a minimum thickness at 200 mm and shall be reinforced with F82 mesh centrally placed.
- All concrete used for pram ramps, vehicle access, crossing and spoon drains will be grade 25 mpa/20 mm. Concrete in extruded kerb and gutter and medium kerbing shall have a minimum 28 day strength of 20 mpa.

(h) Drainage

- A detailed drainage design shall be provided for all of the proposed development, and if necessary, due to existing land form, include areas outside the proposed development but within the drainage catchment affecting the development.
- Design shall be in accordance with procedures in the current edition of 'Australian Rainfall and Run-off (IEA)' or to the reasonable satisfaction of the Kingston District Council.
- As a general rule return period is to be five years, but engineering discretion should be used in areas where storm damage may be more significant (i.e. shopping areas, end of *cul-de-sacs*, etc.).
- Drainage computations are required to be prepared by a qualified and experienced Engineer and submitted with the detailed engineering drawings for the proposal.
- All stormwater run-off attributable to the proposal shall be adequately disposed of within the development area in accordance with the development authorisation or variations thereof.
- As a general rule, side entry pits shall be spaced at no greater than 100 m and at closer spacing if required, depending on conditions and detailed design.
- Drainage bores and associated settlement tanks shall be constructed to meet the requirements of Council and the Department of Primary Industries and Resources. Drainage capacity of any bore shall exceed the calculated drainage discharge for the designated stormwater system and the bore is to be proved to the reasonable satisfaction of the Kingston District Council.

- Storage basins capable of holding the run-off of the designated rainfall storm shall be provided at suitable locations if drainage bores prove to be unacceptable.
- Spoon drains, when required at junctions, shall be constructed to maintain the pavement width of the through street and to ensure continuity of flow of all stormwater. A spoon drain shall not be constructed across a through street.
- All stormwater storage basins shall be provided with appropriate warning signs to the reasonable satisfaction of the Kingston District Council.
- Council requires a separate drainage reserve in land divisions of adequate area to provide stormwater treatment and retention for a one in five year storm event in residential areas and a one in 10 year storm event in other zones. Any requirements above these limits may be incorporated into the public open space calculation.
- Swale drains shall be constructed with side slopes of three horizontal: one vertical to facilitate maintenance slashing. The longer general gradients shall be no steeper than that consistent with avoidance of scouring, have regard to soil type, vegetation cover and the design flow average velocity. Where site conditions are not consistent with this requirement, the drain shall be rock lined, or shall incorporate steps or drop structures, with appropriate protection against local scouring. Details of these provisions shall be subject to the specific approval of the Kingston District Council.

(i) Street Lighting

- Street lighting shall be provided throughout the subdivision. The following minimum categories (AS 1158.0-1997) will apply.
- Roads B2.
- The street lights and poles shall be of a type approved by the Kingston District Council.

(j) Street Names, Numbers and Signage

- All naming of roads shall be in accordance with section 219 of the Local Government Act 1999.
- All numbers assigned to allotments shall be in accordance with section 220 of the Local Government Act 1999.
- Kingston District Council reserves the right to name all roads.
- Street signs shall be supplied (from an approved supplier) and erected so as to indicate the appropriate streets to the reasonable satisfaction of the Kingston District Council.

(k) Landscaping and Tree Planting

All proposed landscaping and tree planting proposed as part of the development shall be provided to the reasonable satisfaction of the Kingston District Council.

(l) Electricity Supply

Electricity supply shall be under-grounded throughout the subdivision. The proponent shall make arrangements with ETSA for the provision of an adequate electricity supply to each allotment.

(m) Water Supply

Water supply services shall be installed in accordance with Australian Standard AS/NZS 3500.1.2 and any other relevant approvals and standards for the installation of a full reticulated water system, for the provision of an adequate water supply to each created allotment and in accordance with the development authorisation granted by the Governor.

(n) Sewer and Waste Water Disposal

- The proponent shall be responsible for the design and construction of a suitable sewer and waste water system to service the allotments within the subdivision and in accordance with the development authorisation granted by the Governor.

- The proponent shall provide Council with a full design and specifications for the sewer and waste water disposal system. All design specifications to meet the requirements of the Kingston District Council.

(o) *Reserves and Easement for Stormwater Drainage and Electricity Supply*

- The requirements of the Electricity's Trust of South Australia with respect to the provision of easements shall be met.
- Drainage reserves under the control of the Kingston District Council shall be provided over any stormwater retention basin, settling pond, gross pollution trap or like structure, not located on a road reserve.

(p) *Open Space*

- The proponent, at the discretion of Council, may be required to provide open space associated with the development to satisfy the requirements of the Development Act provisions.
- The proponent shall provide all open space reserves as shown in the approved layout plan.
- In the event that the requirements as to the provision of open space are not satisfied, the proponent shall forward the appropriate monetary contribution for the open space requirement to Council as applicable under the Development Act or the State Government Planning and Development Fund. (All contributions received by Council will be appropriated to an open space development reserve fund).

NOTE:

- The Council, when dealing with land division applications, seeks where appropriate to have open space reserve contributions in parcels of at least 2 000 m². Such areas should link with other reserves where possible and practicable.
- Open space reserves in the land division area shall be developed in conjunction with and to the reasonable satisfaction of the Kingston District Council.
- In instances where screening reserves are required, the development approval and/or land management agreement, shall include a requirement for the proponent to fence the screening reserve and develop the reserve in accordance with a plan approved by Council.

(q) *Construction Record*

The proponent shall supply the Kingston District Council with complete records including:

- Compaction test reports for all bulk earthworks, service trench backfilling and base.
- Material quality test reports (base and backfill).
- As constructed design and levels for stormwater drains, base, top of kerb, etc.

(r) *Defects Liability Period*

- The proponent shall lodge with Council (unless Council is the construction contractor) a standard agreement to indemnify Council against any defects that occur in the engineering works within 12 months of the date of practical completion. The date of practical completion will be the date that Council accepts the engineering works.
- The agreement shall provide for the faults to be rectified by the applicant or to reimburse Council the full costs of all necessary works.
- Council will notify the proponent in writing of practical completion.
- The proponent is required to notify Council when the following stages of the engineering works have been achieved and will not proceed until such works have been inspected and approved (including appropriate testing if required) by Council.
 - o Base preparation prior to placement of pavement in all roads and footpaths.
 - o Kerb preparation alignment including base compaction and alignment.

- o Prior to backfilling trenches for underground stormwater and effluent drainage.
- o Prior to placing seal coat.

and

(s) *Nuisance*

The proponent shall control dust and noise nuisance as the project proceeds. In the most adverse climatic conditions, operations shall be suspended if necessary to reduce nuisance and to avoid undesirable environmental impacts. All operations shall be conducted in the most efficient and reasonable manner. The Environment Protection Authority requirements shall be observed.

31. Adequate provision shall be made to minimise the effects of extreme storm events on the structural stability of the retaining wall to be located along the frontage of all water front allotments.

32. The proponent shall install the grassed swales and retention basins as outlined in the 'Cape Jaffa Anchorage Environmental Impact Statement, February 2005'.

33. The proponent shall develop and implement a maintenance schedule to ensure that the stormwater treatment device is maintained in a fully operational manner.

34. Stormwater from the site shall be managed to ensure that it does not pollute the underground aquifer.

35. The proponent shall implement the Soil Erosion and Drainage Management Plan prior to the commencement of construction of the site in accordance with the principles outlined in the Stormwater Pollution Prevention Code of Practice for Local, State and Federal Governments. The plan shall be submitted to the planning authority prior to construction commencing.

36. All building allotments shall be capable of connection to sewer.

Concrete Batching Plant

37. The development shall be carried out in accordance with the plans (reference job number 05-10602) and details in the variation to the development authorisation except for as otherwise varied by any conditions that follow.

38. The boundary of the Concrete Batching Plant, shown as the shaded area in Figure 2, Appendix C of the application shall be a minimum of 100 m from the nearest sensitive receptor.

39. All roadways, entrances, loading/unloading areas, and other vehicle traffic areas on the site shall be maintained at all times so that potential for dust generation is minimised and does not create a nuisance off-site.

40. All stockpiles of raw materials shall be located within storage bunkers/bays, and stored below the height of the bunker walls. The storage bunkers/bays shall be oriented to minimise the effects of the prevailing wind (i.e. prevailing wind direction must be taken into account). Sprinklers shall be installed and utilised as required to minimise dust generation.

41. The aggregate bins and hoppers shall be fitted with a three-sided and roofed cover suitable for minimising the potential for generation of windborne material where a front-end loader is used.

NOTE: Covering is considered best practice for the loading of sand and aggregate via a front-end loader. Dust can be further minimised by ensuring gradual feed into the hopper, and by minimising the drop distance of material (i.e. by appropriate management). The use of wetted raw materials in dry weather can further minimise potential for emissions.

42. The cement storage silo shall be fitted with an appropriately sized fabric filter incorporating an effective fabric-cleaning device to eliminate emissions due to the displacement of air whilst filling.

43. The silo shall be fitted with a high level visible and audible alarm, complete with a test circuit, to guard against overfilling. It shall also be fitted with automatic delivery shutdown.

44. Any material likely to degrade water (concrete admixtures, etc.) shall be stored within a roofed and bunded compound/area, which has a capacity of at least 120% of the volume of the largest container to be stored within the bund, and which is designed and constructed to prevent the escape of material into surface or underground water resources.

NOTE: Environment Protection Authority Guideline titled Bundling and Spill Management will assist with appropriate design and management of banded areas:

<http://www.epa.sa.gov.au/pdfs/guidebundling.pdf>

45. The operation of the plant shall incorporate an effective wastewater management system to collect, treat as necessary, and re-use wastewater generated at the site. The applicant shall ensure that waste is not discharged to any waters or on land from which it is likely to enter waters either by seepage (or rising water table) or from carriage by wind, rain, or stormwater.

46. Any wastewater (e.g. in the wash out pit) generated by the plant that is not suitable for re-use shall be collected for off-site disposal by a licensed waste depot.

47. The plant may operate from 5 a.m. to 5 p.m., seven days per week during the construction program of the marina provided that no sensitive receptors are located within 200 m of the Concrete Batching Plant, shown as the shaded area in Figure 2, Appendix C of the application. Following the completion of the marina and/or once a sensitive receptor is located within 200 m of the plant; the plant may operate from 6 a.m. to 5 p.m., Monday to Saturday. Operation outside of these hours may only be granted for special projects following application to the Environment Protection Authority.

NOTES TO THE APPLICANT

1. Tenure arrangements for the private moorings should be negotiated with the Department for Transport, Energy and Infrastructure.

2. All construction works shall be undertaken in accordance with the approved Construction Management Plan and Soil Erosion and Drainage Management that form part of the Governor's development authorisation dated 12 January 2006.

3. Binding arrangements (to the reasonable satisfaction of the Development Assessment Commission) need to be made for the permanent management and maintenance of the approved marina proposal as part of the Governor's development authorisation dated 12 January 2006.

4. Two copies of certified survey plans, as required under the Real Property Act 1886, should be lodged with the Development Commission for the issue of Certificate of Title, prior to titles for allotments being granted. The plans should show all easements and reserves.

5. The applicant is reminded that the new sewerage system has not been assessed as part of this development application and will require a separate development application to be submitted to the DAC as the Governor's delegate in accordance with Schedule 22, Part A, Item 3 (2) (b) of the Development Act 1993. Sewage Treatment Works or STEDS in a Water Protection Area with a peak loading capacity designed for more than 100 persons per day. The applicant is reminded that the sewage treatment facility and any subsequent irrigation will require an environmental authorisation under the Environment Protection Act 1993.

6. The applicant is reminded of its general environmental duty, as required by section 25 of the Environment Protection Act 1993, to take all reasonable and practical measures to ensure that the activities on the whole of the site, including construction, do not pollute the environment in a way which causes or may cause environmental harm.

In terms of demonstrating the duty, preparation of the following is considered appropriate for construction work on this site:

A Soil Erosion and Drainage Management Plan to address control of run-off of stormwater during earthworks and construction work (to ensure water quality is not detrimentally affected) being prepared by the proponent and being independently certified as meeting the requirements of:

- (a) the general environmental duty as defined in Part 4, section 25 (1) of the Environment Protection Act 1993;
- (b) any relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993;

- (c) any relevant Australian Standards or environmental Codes of Practice (such as the Stormwater Pollution Prevention Codes of Practice for the Building and Construction Industry).

Prior to earthworks and construction work commencing, and the works being undertaken in accordance with that plan.

7. The proponent's attention is drawn to the EPA Information Sheet No. 7 'Construction Noise' that provides guidance on minimising the potential for off-site impacts from noise associated with construction and building activities:

http://www.epa.sa.gov.au/pdfs/info_construction.pdf

8. Control measures such as water sprinkling, minimising soil disturbance and discontinuing work during high winds should adequately address potential for dust problems from the construction of the land division.

9. Any information sheets, guideline documents, codes of practice, technical bulletins can be accessed on the following web-site:

<http://www.epa.sa.gov.au/pub.html>

10. Approvals will be required for all components of the development not hereby approved, including:

- The land division.
- The marina moorings and other marina facilities.
- The public boat ramp, hard stand, boat maintenance facilities and car park areas.
- The boat refuelling and boat effluent disposal facility.
- Installation of navigational aids.
- All residential, commercial, retail, tourist related and other buildings.

11. Pursuant to Development Regulation 64, the applicant is advised that the Kingston District Council or private certifier conducting a Building Rules assessment must:

- (a) provide the Minister a certification in the form set out in Schedule 12A of the Development Regulations 1993, in relation to the building works in question; and
- (b) to the extent that may be relevant and appropriate:
 - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
 - (ii) assign a classification of the building under these regulations; and
 - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.

Regulation 64 of the Development Regulations 1993, provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Urban Development and Planning.

12. The Kingston District Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this provisional development authorisation (including Conditions or Notes that apply in relation to this provisional development authorisation).

13. Should the applicant wish to vary the Major Development or any of the components of the Major Development, an application may be submitted, provided that the development application variation remains within the ambit of the Environmental Impact Statement and Assessment Report referred to in this provisional development authorisation. If an application for variation involves substantial changes to the proposal, it will be processed pursuant to section 47 of the Development Act 1993.

14. The applicant should liaise with the Department of Water, Land and Biodiversity Conservation in relation to any further testing of the proposed water supply and negotiate with DWLBC for provision of the already agreed water supply.

15. Pursuant to the Harbors and Navigation Act 1993, the Council will be required to negotiate tenure arrangements with the Minister for Transport over the seabed on terms acceptable to the Minister prior to the commencement of construction.

16. The applicant's CEMMP and OEMMP should be prepared taking into consideration, and with explicit reference to, relevant Environment Protection Authority policies and guideline documents, including but not limited to the Environment Protection (Air Quality) Policy 1994, the Environment Protection (Water Quality) Policy 2003, the Occupational Health and Safety Regulations, EPA Guidelines on Odour Assessment, using odour source modelling 2003, EPA Handbook for Pollution Avoidance on Commercial and Residential Building Sites 2004, EPA Bunding and Spill Management Guidelines 2004 and the EPA Stormwater Pollution Prevention Codes of Practice, in addition to other legislative requirements and Guidelines/Australian Standards requiring compliance.

17. The following management and monitoring plans may be incorporated into the CEMMP or OEMMP as appropriate:

- Groundwater Management and Monitoring Plan.
- Irrigation (Reclaimed Water) Monitoring and Management Plan.
- Dredging Monitoring and Management Plan.
- Marine Construction Monitoring and Management Plan.
- Vegetation Monitoring and Management Plan.
- Site Construction Monitoring and Management Plan.
- Acid Sulphate Soils Monitoring and Management Plan.
- Stormwater Monitoring and Management Plan.

The following activities in relation to the components of the development hereby approved and/or requiring future approval will require licences under the Environment Protection Act 1993:

- Earthworks Drainage: the conduct of earthworks operations in the course of which more than 100 kilolitres of waste water containing suspended solids in a concentration exceeding 25 milligrams per litre is discharged directly or indirectly to marine waters or inland waters.
- Marinas and Boating Facilities: the conduct of:
 - (1) facilities comprising pontoons, jetties, piers or other structures (whether on water or land) designed or used to provide moorings or dry storage for 50 or more powered vessels at any one time; or
 - (2) works for the repair or maintenance of vessels with the capacity to handle five or more vessels at any one time or vessels 12 m or more in length.
- Dredging: removing solid matter from the bed or any marine waters by any digging or suction apparatus, but excluding works carried out for the establishment of a visual aid to navigation and any lawful fishing or recreational activity.

18. It is likely that as a condition of such licences the Environment Protection Authority will require the licensee to carry out specified environmental monitoring of water quality and to make reports of the results of such monitoring to it.

19. It is also likely that the Environment Protection Authority will require the identification to it of any vessels that visit the marina from international ports or from ports beyond Adelaide and the surrounding area, together with details of the routes travelled by such vessels (for the purpose of identifying the potential introduction of harmful marine species).

20. All works associated with the rehabilitation and remediation of the site must be undertaken in accordance with the General Environmental Duty as defined in Part 4, section 25 (1) of the Environment Protection Act 1993, the Environment Protection (Water Quality) Policy 2003 and other relevant Environment Protection Policies made under Part 5 of the Environment Protection Act 1993, the ANZECC Best Practice Guidelines for Waste Reception Facilities at Ports, Marinas and Boat Harbours in Australia and New Zealand, draft guideline Environmental Management of On-Site Remediation and other relevant Environment Protection and Authorisation publications and guidelines.

21. The proponent is advised of the General Environmental Duty under section 25 of the Environment Protection Act 1993, which requires that a person must not undertake any activity, which pollutes, or may pollute without taking all reasonable and practical measures to prevent or minimise harm to the environment.

22. The Management Plan for Acid Sulphate Soils should comply with Guidelines issued by the Coast Protection Board.

23. (a) The applicant is reminded of its obligations under the Aboriginal Heritage Act 1988, whereby during any works conducted, if an Aboriginal site, object or remains are found, authorisation from the Minister for Aboriginal Affairs and Reconciliation, is required to damage, disturb, interfere or remove the object, site or remains (pursuant to section 23 of the Aboriginal Heritage Act 1988).

(b) The applicant should also have regard for the section 23 authorisation (December 2004) and attendant conditions signed by the Minister for Aboriginal Affairs and Reconciliation in relation to the Cape Jaffa Anchorage proposal.

24. The applicant and all agents, employees and contractors, such as construction crews, must be conversant with the provisions of the Aboriginal Heritage Act 1988, particularly the requirement to immediately contact the Department of Aboriginal Affairs and Reconciliation in the event that archaeological items (especially skeletal material) are uncovered during earthmoving.

25. The applicant and the Council after hand-over, must comply with the Public and Environmental Health Act 1987, in regard to the maintenance of suitable water quality within the marina basin (and any stormwater holding ponds) to protect public health and amenity.

26. The expression 'secondary contact recreation' includes activities such as wading, boating and fishing in which some human contact with the water may occur, but in which the probability of bodily immersion or the intake of significant amounts of water is minimal.

27. If foreign vessels are allowed to berth in the marina the proponent would need to consult with the Department for Transport, Energy and Infrastructure (Marine Safety section) to address any requirements of the Australian Quarantine Service (AQIS) and the Australian Customs Service.

28. It is recommended that the applicant approach the Kingston District Council with a view to the Council enacting of by-laws to manage activities associated with:

- The entrance channel and waterways to ensure safe navigation and to protect water quality.
- The boat ramp, washdown, slipways and hardstand.
- Refuelling facility and marine toilet pump-out facility.
- The residential development and reserves (including stormwater management devices).

29. The Kingston District Council will need to review and amend the zoning policies in the relevant Development Plan to reflect any development approved by the Governor and for future assessment and decision-making for buildings and structures not part of this provisional development authorisation.

30. Noise generated from the non-residential components of the development should not exceed:

- (1) 52dB(A) between the hours of 7 a.m. and 10 p.m. measured and adjusted at the nearest existing residential property in accordance with the Environmental Protection (Industrial Noise) Policy 1994.
- (2) 45dB(A) between the hours of 10 p.m. and 7 a.m. measured and adjusted at the nearest residential property in accordance with the Environmental Protection (Industrial Noise) Policy 1994.
- (3) A short term typical maximum noise level of 60dB(A) when measured at the nearest existing residential property.

31. In a land division, provision shall be made for a set back distance of 2 m from the top of the edge treatments (for the construction of coastal protection works if required in the future).

32. A common building scheme encumbrance or equivalent device for the purpose of ensuring compliance with design standards for residential and other buildings will be required prior to the lodgement of development applications.

33. Binding legal arrangements (e.g. easements, encumbrances, charge-back arrangements, etc., as appropriate) between the proponent and allotment owners must be put in place, prior to application to the Registrar-General for the issue of new Certificates of Title, to ensure financial and management responsibilities related to the maintenance of edge treatments, the design and appearance of structures and the installation of future coast protection works are clearly allocated. These arrangements should be to the reasonable satisfaction of the Development Assessment Commission.

34. Any further upgrading of the intersection of the Southern Ports Highway/Cape Jaffa Road shall be borne by the Department of Transport, Energy and Infrastructure and/or Council. The applicant will not be required to contribute to any further upgrading as this relates to the currently approved development.

35. An environmental authorisation in the form of a licence is required for the operation of the Concrete Batching Plant. The New Licence Application that was submitted in May 2007 is considered to remain valid unless the information contained within the application changes. Please submit the necessary copy of development approval (i.e. this notice) for the Concrete Batching Plant.

36. A licence may be refused when the applicant has failed to comply with any conditions of development approval imposed at the direction of the Environment Protection Authority.

37. Any information sheets, guideline documents, codes of practice, technical bulletins, etc. that are referenced in these notes can be accessed at <http://www.epa.sa.gov.au>.

38. Based upon current knowledge and information the proposed development and development site is at some risk of coastal erosion and inundation due to extreme tides notwithstanding any recommendations or advice herein, or may be at future risk. Neither erosion nor the effect of sea level change on this can be predicted with certainty. Also mean sea level rise may rise by more than the 0.3 m assumed in assessing the land division applications. Accordingly neither the South Australian Coast Protection Board nor any of its servants, agents or officers accepts any responsibility for any loss of life and property that may occur as a result of such circumstances.

39. The Minister has a specific power to require testing, monitoring and auditing under section 48C of the Development Act 1993.

Given under my hand at Adelaide, 14 February 2008.

R. BARUA, Secretary, Development
Assessment Commission

ENVIRONMENT PROTECTION ACT 1993

Approval of Category B Containers

I, STEPHEN RICHARD SMITH, Senior Adviser, Container Deposit Legislation and Delegate of the Environment Protection Authority ('the Authority'), pursuant to section 69 of the Environment Protection Act 1993 (SA) ('the Act') hereby:

Approval of Category B Containers:

Approve as Category B Containers, subject to the conditions in subclauses (i) and (ii) below, each of the classes of containers identified by reference to the following matters described in the first 4 columns of Schedule 1 of this Notice which are sold in South Australia:

- (a) the product which each class of containers shall contain;
- (b) the size of the containers;
- (c) the type of containers;
- (d) the name of the holders of these approvals.

(i) *Subsection 69 (3) Arrangements:*

The holders of these approvals must ensure that the empty containers which belong to their respective class of containers hereby approved as Category B Containers are collected from collection depots approved under section 69 of the Act by the party named in Column 5 of Schedule 1 of this Notice; and

(ii) *Approved Refund Markings:*

- (a) The holders of these approvals must ensure that each container which belongs to their respective class of containers hereby approved as Category B Containers bears the refund marking approved by the Authority in respect of that class of containers.
- (b) The refund marking that appears on each container that belongs to the class of containers hereby approved, must be a minimum 1.5 mm for the smallest letter in the statement and a minimum 3 mm for the numeric ('5') in the statement.
- (c) The holder of these approvals must ensure that if a sticker bearing the refund marking has been approved, and is applied to the container, then the sticker must not be placed on any portion of the opening mechanism or in any other place that would require complete or partial removal of the sticker before the contents may be consumed.

ROADS (OPENING AND CLOSING) ACT 1991:
SECTION 24NOTICE OF CONFIRMATION OF ROAD
PROCESS ORDER

Road Closure—Van Brugge Street, Coober Pedy

BY Road Process Order made on 20 September 2007, the District Council of Coober Pedy ordered that:

1. Portion of Van Brugge Street adjoining the southern boundary of allotment 825, Town of Coober Pedy, more particularly delineated and lettered 'A' on Preliminary Plan No. 07/0035 be closed.

2. The whole of the land subject to closure be transferred to Brett John Carruthers and Jill Carruthers in accordance with agreement for transfer dated 4 September 2007 entered into between the District Council of Coober Pedy and B. J. and J. Carruthers.

On 31 January 2008 that order was confirmed by the Minister for Infrastructure conditionally upon the deposit by the Registrar-General of Deposited Plan 75756 being the authority for the new boundaries.

Pursuant to section 24 (5) of the Roads (Opening and Closing) Act 1991, NOTICE of the order referred to above and its confirmation is hereby given.

Dated 14 February 2008.

PETROLEUM ACT 2000

CORRIGENDUM

The following notice replaces that published on page 1445, *Gazette* No. 24, dated 3 May 2007:

*Cessation of Suspension and Variation of Exploration Licences—
PEL 108, PEL 109 and PEL 112*

NOTICE is hereby given that under the provisions of the Petroleum Act 2000, pursuant to delegated powers dated 28 March 2002, *Gazetted* 11 April 2002, page 1573:

1. The suspension dated 1 March 2007 of the abovementioned Exploration Licences has been ceased, from and including 23 March 2007.

2. The expiry date of PEL's 108, 109 and 112 is now determined to be 10 June 2008.

3. The conditions of the abovementioned Exploration Licences have been varied as follows:

Condition 1 of the licence is omitted and the following substituted:

'1. During the term of the licences, the licensees shall carry out or cause to be carried out exploratory operations on the area comprised in the licences in accordance with such work programs as are approved by the Minister from time to time. Years one to five exploratory operations are guaranteed. These exploratory operations shall include but not necessarily be limited to:

Year of Term of Licence	Minimum Work Requirements
One	Seismic reprocessing; Geological and geophysical review
Two	Geological and geophysical review
Three	Geological and geophysical studies; Seismic reprocessing; 190 km 2D seismic acquisition (Year 3 program to be conducted anywhere within the combined area covered by PEL's 108, 109 and 112)
Four	Geological and geophysical studies (Year 4 program to be conducted anywhere within the combined area covered by PEL's 108, 109 and 112)
Five	3 wells; Geological and geophysical studies (Year 5 program to be conducted anywhere within the combined area covered by PEL's 108, 109 and 112)

This variation provides for the removal of two wells in Year 4 of the licence terms. The revised work requirements as a result of this variation would not have altered the outcome of the original competitive tender process.

Details of all licences granted under the Petroleum Act 2000, may be viewed at www.pir.sa.gov.au.

THE CPA AUSTRALIA LTD (South Australia) SCHEME

Professional Standards Act 2004 (SA)

PREAMBLE

- A. CPA Australia Limited (“**CPA Australia**”) is a national occupational association.
- B. CPA Australia has made an application to the Professional Standards Council, appointed under the *Professional Standards Act 2004 (SA)* (“**the Act**”) for a scheme under the Act.
- C. The Scheme is prepared by CPA Australia for the purposes of limiting occupational liability to the extent to which such liability may be limited under the Act.
- D. The Scheme propounded by CPA Australia is to apply to all participating members referred to in clauses 2.2 and 2.3 of the Scheme.
- E. CPA Australia has furnished the Council with a detailed list of the risk management strategies intended to be implemented in respect of its members and the means by which those strategies are intended to be implemented.
- F. The Scheme is intended to remain in force for a period of five years from its commencement unless it is revoked, extended or ceases in accordance with section 34 of the Act.

THE CPA AUSTRALIA LIMITED (South Australia) SCHEME

1. **Occupational Association**

1.1 The CPA Australia Limited (South Australia) Scheme (the “**Scheme**”) is a scheme under the *Professional Standards Act 2004 (SA)* (“**the Act**”) of CPA Australia Limited (“**CPA Australia**”), Level 28, 385 Bourke Street, Melbourne, Vic. 3000.

1.2 Definitions of terms used in the Scheme appear in the Scheme, including in Part 4.

2. **Persons to Whom the Scheme Applies**

2.1 This Scheme applies to participating members, being those CPA Australia members referred to in clauses 2.2 and 2.3 of the Scheme, and to all persons to whom the Scheme applied at the time of the relevant act or omission on which a cause of action for damages for occupational

liability is founded.¹ Each such participating member and person is referred to in the Scheme as a “participant”.

2.2 All members who hold a current Public Practice Certificate issued by CPA Australia and affiliate members of CPA Australia other than financial services licensees.

2.3 All practice entity members other than financial services licensees.²

2.4 No person to whom the Scheme applies may choose not to be subject to the Scheme, provided that CPA Australia may, on application by a person, exempt the person from the Scheme if CPA Australia is satisfied that he or she would suffer financial hardship in obtaining professional indemnity insurance to the levels set out in clause 3.1 below.

3. **Limitation of Liability**

3.1 This Scheme only affects the liability of a participant for damages³ arising from a single cause of action to the extent to which the liability results in damages exceeding:

- (a) \$500 000 where the act or omission giving rise to the cause of action occurred on or before 30 June 2008;
- (b) \$750 000 where the act or omission giving rise to the cause of action occurred between 1 July 2008 and 30 June 2009;
- (c) \$1 million where the act or omission giving rise to the cause of action occurred after 1 July 2009.

¹ Sections 20 and 21 of the Act provide that if the Scheme applies to a body corporate, the Scheme also applies to each officer of the body corporate and if the Scheme applies to a person, the Scheme also applies to each partner of a person, and if the Scheme applies to a person, the Scheme also applies to each employee of that person, provided that if such officer of the corporation or partner of the person or employee of the person is entitled to be a member of the same occupational association, such officer, partner or employee is a member of the occupational association. Section 22 provides that the Scheme may also apply to other persons as specified in that section. Sections 20 and 21 do not expressly extend the application of a scheme to employees of a body corporate although that would logically be the intention.

² A practice entity member is a practice entity which has been admitted to membership of CPA Australia. This category of membership is available for practice entities which are entitled to use the CPA Australia description, having satisfied the necessary requirements.

³ Damages as defined in section 4 of the Act means:

- (a) damages awarded in respect of a claim or counter-claim or by way of set-off; and
- (b) costs in or in relation to the proceedings ordered to be paid in connection with such an award (other than costs incurred in enforcing a judgment or incurred on an appeal made by a defendant); and
- (c) any interest payable in respect of those damages or costs.

3.2 Where a participant against whom a proceeding is brought relating to occupational liability in connection with Category 1 services is able to satisfy the court of (a), (b) or (c) below, the participant is not liable in damages in relation to that cause of action above the lesser of the Category 1 limitation amount determined under clause 3.4 and the Category 1 monetary ceiling specified in clause 3.3:

(a) the participant has the benefit of an insurance policy insuring the participant against the occupational liability and the amount payable under the insurance policy in respect of the occupational liability relating to the cause of action (including any amount payable by the person by way of excess under or in relation to the policy) is not less than the amount of the Category 1 monetary ceiling or the Category 1 limitation amount;

OR

(b) the participant has business assets the net current market value of which is not less than the amount of the Category 1 monetary ceiling or Category 1 limitation amount;

OR

(c) the participant has business assets and the benefit of an insurance policy insuring the participant against that occupational liability, and the net current market value of the business assets and the amount payable under the insurance policy in respect of that occupational liability relating to that cause of action (including any amount payable by the participant by way of excess under or in relation to the policy), if combined, is not less than the amount of the Category 1 monetary ceiling or Category 1 limitation amount.

3.3 The Category 1 monetary ceiling is \$75 million.

3.4 The Category 1 limitation amount is an amount equal to a reasonable charge for the Category 1 services provided by the participant or which the participant failed to provide and to which the cause of action relates, multiplied by the multiplier specified in clause 3.4.2 below:

3.4.1 In determining the amount of a reasonable charge a court is to have regard to any amount actually charged and to:

(a) the amount that would ordinarily be charged in accordance with a scale of charges prescribed or accepted by CPA Australia; or

- (b) if there is no such scale, the amount that a competent person of the same qualifications and experience as the participant would be likely to charge in the same circumstances.

3.4.2 The multiplier is 10.

3.5 Where a participant against whom a proceeding is brought relating to occupational liability in connection with Category 2 services is able to satisfy the court of (a), (b) or (c) below, the participant is not liable in damages in relation to that cause of action above the monetary ceiling specified in clause 3.6:

- (a) the participant has the benefit of an insurance policy insuring the participant against the occupational liability, and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the person by way of excess under or in relation to the policy) is not less than the amount of the Category 2 monetary ceiling;

OR

- (b) the participant has business assets the net current market value of which is not less than the amount of the Category 2 monetary ceiling;

OR

- (c) the participant has business assets and the benefit of an insurance policy insuring the participant against that occupational liability, and the net current market value of the business assets and the amount payable under the insurance policy in respect of that occupational liability relating to that cause of action (including any amount payable by the participant by way of excess under or in relation to the policy), if combined, would total an amount that is not less than the amount of the Category 2 monetary ceiling.

3.6 The Category 2 monetary ceiling is the lesser of:

- (a) \$20 million; and
- (b) the highest fee (or the highest total of fees) billed by a participant or if the participant is a member of a practice entity (whether a practice entity member of CPA Australia or not), by all participants who are members of or part of the practice entity, in a single financial year for a Category 2 engagement:

- (i) over the three full financial years immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding against the participant; or
- (ii) if the participant has less than three full financial years' Category 2 services fee history immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding against the participant, over the two full financial years or that full financial year immediately prior to the financial services year in which the participant commences to provide the Category 2 services which are the subject of the proceeding,

multiplied by 10;

OR

- (c) if the participant has no, or less than one full financial year's Category 2 services fee history immediately prior to the financial year in which the participant commences to provide the Category 2 services which are the subject of the proceeding against the participant, the applicable amount specified in clause 3.6 (a) above.

3.7 Where a participant against whom a proceeding is brought relating to occupational liability in connection with Category 3 services is able to satisfy the court of (a), (b) or (c) below, the participant is not liable in damages in relation to that cause of action above the lesser of the Category 3 limitation amount determined under clause 3.9 and the amount of the Category 3 monetary ceiling specified in clause 3.8:

- (a) the participant has the benefit of an insurance policy insuring the participant against the occupational liability, and the amount payable under the insurance policy in respect of the occupational liability relating to that cause of action (including any amount payable by the person by way of excess under or in relation to the policy) is not less than the amount of the Category 3 monetary ceiling or the Category 3 limitation amount;

OR

- (b) the participant has business assets the net current market value of which is not less than the amount of the Category 3 monetary ceiling or Category 3 limitation amount;

OR

- (c) the participant has business assets and the benefit of an insurance policy insuring the participant against that occupational liability, and the net current market value of the business assets and the amount payable under the insurance policy in respect of that occupational liability relating to that cause of action (including any amount payable by the participant by way of excess under or in relation to the policy), if combined, would total an amount that is not less than the amount of the Category 3 monetary ceiling or Category 3 limitation amount.

3.8 The Category 3 monetary ceiling is \$20 million.

3.9 The Category 3 limitation amount is an amount equal to a reasonable charge for the Category 3 services provided by the participant or which the participant failed to provide and to which the cause of action relates, multiplied by the multiplier specified in clause 3.9.2 below:

3.9.1 In determining the amount of a reasonable charge a court is to have regard to any amount actually charged and to:

- (a) the amount that would ordinarily be charged in accordance with a scale of charges prescribed or accepted by CPA Australia; or
- (b) if there is no such scale, the amount that a competent person of the same qualifications and experience as the participant would be likely to charge in the same circumstances.

3.9.2 The multiplier is 10.

3.10 Pursuant to section 26 of the Act, this Scheme confers on CPA Australia a discretionary authority to specify, on application by a participant, a higher maximum amount of liability not exceeding \$75 million than would otherwise apply under the Scheme in respect of any specified case or class of case of Category 2 services or Category 3 services, where the fee for the service or services is, or is reasonably expected to be, \$2 million or greater. The higher maximum amount of liability will apply if CPA Australia exercises its discretion and approves the higher maximum amount of liability prior to the participant beginning to provide the relevant services.

3.11 In circumstances where the services provided by a participant comprise a combination of Category 1 services and any of:

- (a) Category 2 services;

- (b) Category 3 services;
- (c) Category 2 services and Category 3 services,

the participant's liability under this Scheme for damages in respect of a proceeding in relation to occupational liability in excess of the applicable amount specified in clause 3.1 brought against it will be determined in accordance with those provisions of the Scheme relating to Category 1 services only, that is, clauses 3.2 to 3.4.

- 3.12 In circumstances where the services provided by a participant comprise a combination of Category 2 services and Category 3 services, the participant's liability under this Scheme for damages in respect of a proceeding in relation to occupational liability in excess of the applicable amount specified in clause 3.1 brought against it will be determined (subject to clause 3.10) in accordance with those provisions of the Scheme relating to Category 2 services only, that is clauses 3.5 and 3.6.
- 3.13 Nothing in this scheme is intended to increase, or has the effect of increasing, a participant's liability for damages to a person beyond the amount that, other than for the existence of this Scheme, the participant would be liable in law.
- 3.14 This Scheme only limits the amount of damages for which a participant is liable if and to the extent that the damages exceed the applicable amount specified in clause 3.1. Where the amount of damages in relation to a cause of action exceeds the applicable amount specified in clause 3.1 but the damages which may be awarded as determined by this Scheme are equal to or less than the applicable amount specified in clause 3.1, liability for those damages will instead be limited to the applicable amount specified in clause 3.1.

4. **Definitions**

- 4.1 In this Scheme, the following words and phrases have the following meanings:

“Category 1 services” means:

- (a) all services required by Australian law to be provided only by a registered company auditor;
- (b) all other services provided by a registered company auditor in his or her capacity as auditor;

- (c) all services the deliverables from which:
- (i) will be used in determining the nature, timing and extent of audit procedures in the context of an audit of a financial report; or
 - (ii) will be incorporated into the financial report of an entity; or
 - (iii) are required by law or regulation to be filed with a regulator (excluding returns signed by a registered tax agent).

“Category 2 services” means:

- (d) services to which Chapter 5 or Chapter 5A of the *Corporations Act 2001* (Cth) applies;
- (e) services provided pursuant to section 233 (2) of the *Corporations Act 2001* (Cth);
- (f) services to which the *Bankruptcy Act 1966* (Cth) applies; or
- (g) services arising out of any court appointed liquidation or receivership.

“Category 3 services” means any services provided by a participant in the performance of his, her or its occupation, which are not Category 1, Category 2 or financial planning services.

“Occupation liability” has the same meaning as is ascribed to that term in the Act.

South Australia

National Parks and Wildlife (Minlacowie Conservation Park—Mining Rights) Proclamation 2008

under section 43 of the *National Parks and Wildlife Act 1972*

Preamble

- 1 The Crown land described in Schedule 1 is, by another proclamation made on this day, constituted as a conservation park under section 30(1) of the *National Parks and Wildlife Act 1972* and assigned the name *Minlacowie Conservation Park*.
- 2 It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to the land constituting the conservation park.
- 3 It is also intended, in the case of future rights, that the exercise of those rights be restricted to the land that lies below the surface of the park, with no work permitted on the park surface and any necessary subsurface exploration or access undertaken in a manner (eg from adjacent land) that does not require such work.

1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Minlacowie Conservation Park—Mining Rights) Proclamation 2008*.

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Interpretation

In this proclamation—

Environment Minister means the Minister to whom the administration of the *National Parks and Wildlife Act 1972* is committed;

Mining Minister means the Minister to whom the administration of the *Petroleum Act 2000* is committed.

4—Existing rights to continue

Subject to clause 6, existing rights of entry, prospecting, exploration or mining under the *Petroleum Act 2000* may continue to be exercised in respect of the land described in Schedule 1.

5—New rights may be acquired

Rights of entry, prospecting, exploration or mining may, with the approval of the Mining Minister and the Environment Minister, be acquired pursuant to the *Petroleum Act 2000* in respect of the land described in Schedule 1 and may, subject to clause 7, be exercised in respect of that land.

6—Conditions for exercise of existing rights

A person in whom rights of entry, prospecting, exploration or mining existing immediately before the making of this proclamation are vested pursuant to the *Petroleum Act 2000* must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) if work to be carried out in relation to the land in the exercise of those rights is a regulated activity within the meaning of the *Petroleum Act 2000*, the person must ensure that—
 - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Environment Minister; and
 - (ii) the work is carried out in accordance with the statement as so approved;
- (b) if any work to be carried out in relation to the land in the exercise of those rights has not previously been authorised (whether by inclusion in an approved statement of environmental objectives referred to in paragraph (a) or otherwise), the person must give at least 3 months notice of that proposed work to the Mining Minister and the Environment Minister and supply each Minister with such information in relation to the proposed work as the Minister may require;
- (c) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work,(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (a)), the person must comply with those directions in carrying out the work;
- (d) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (e) in addition to complying with the other requirements of this clause, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must maintain all work areas in a clean and tidy condition; and
 - (iii) must, upon the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;

- (f) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (c)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (a)) rehabilitate the land (including its vegetation and wildlife) on completion of the work to the satisfaction of the Environment Minister.

7—Conditions for exercise of acquired rights

A person in whom rights of entry, prospecting, exploration or mining acquired after the making of this proclamation are vested pursuant to the *Petroleum Act 2000* must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) no work may be carried out on the surface of the land in the exercise of those rights;
- (b) if work to be carried out in relation to the land in the exercise of those rights is a regulated activity within the meaning of the *Petroleum Act 2000*, the person must ensure that—
 - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Environment Minister; and
 - (ii) the work is carried out in accordance with the statement as so approved;
- (c) if any work to be carried out in relation to the land in the exercise of those rights has not previously been authorised (whether by inclusion in an approved statement of environmental objectives referred to in paragraph (b) or otherwise), the person must give at least 3 months notice of that proposed work to the Mining Minister and the Environment Minister and supply each Minister with such information in relation to the proposed work as the Minister may require;
- (d) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
 - (iv) prohibiting or restricting access to any specified part of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (b)), the person must comply with those directions in carrying out the work;
- (e) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (f) in addition to complying with the other requirements of this clause, the person—

- (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must maintain all work areas in a clean and tidy condition; and
 - (iii) must, upon the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (g) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (d)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (b)) rehabilitate the land (including its vegetation and wildlife) on completion of the work to the satisfaction of the Environment Minister.

8—Governor may give approvals, directions

If—

- (a) the Mining Minister and the Environment Minister cannot agree as to whether—
 - (i) approval should be granted or refused under clause 5; or
 - (ii) a direction should be given under clause 6(c) or 7(d); or
- (b) the Environment Minister does not approve a statement of environmental objectives under clause 6(a) or 7(b),

the Governor may, with the advice and consent of the Executive Council—

- (c) grant or refuse the necessary approval under clause 5; or
- (d) give a direction in writing under clause 6(c) or 7(d); or
- (e) grant or refuse the necessary approval under clause 6(a) or 7(b).

National Parks and Wildlife (Ramsay Conservation Park—Mining Rights) Proclamation 2008

under section 43 of the *National Parks and Wildlife Act 1972*

Preamble

- 1 The Crown land described in Schedule 1 is, by another proclamation made on this day, constituted as a conservation park under section 30(1) of the *National Parks and Wildlife Act 1972* and assigned the name *Ramsay Conservation Park*.
- 2 It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to that land.
- 3 It is also intended that only certain activities may be carried out on the surface of the land of the park in the exercise of rights under the *Petroleum Act 2000*, with no use of vehicles on the surface and any exploratory drilling or mining to be undertaken in a manner (eg from adjacent land) that does not involve drilling or mining on the park surface.

1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Ramsay Conservation Park—Mining Rights) Proclamation 2008*.

2—Commencement

This proclamation comes into operation on the day on which it is made.

3—Interpretation

In this proclamation—

Environment Minister means the Minister for the time being administering the *National Parks and Wildlife Act 1972*;

geophysical activities, in relation to land, means any investigation of the land by seismic, geochemical, geometric, ground magnetic, electrical, gravitational or soil sampling means (or by such other means as may be approved by the Environment Minister), but does not include—

- (a) exploratory drilling; or
- (b) mining; or
- (c) the construction of camps or structures; or
- (d) the laying of pipes;

Mining Minister means the Minister for the time being administering the *Mining Act 1971* or the Minister for the time being administering the *Petroleum Act 2000*, as the case requires.

4—Existing rights to continue

Subject to clauses 6 and 7, existing rights of entry, prospecting, exploration or mining under the *Mining Act 1971* or the *Petroleum Act 2000* may continue to be exercised in respect of the land described in Schedule 1.

5—New rights may be acquired

Rights of entry, prospecting, exploration or mining may, with the approval of the Mining Minister and the Environment Minister, be acquired pursuant to the *Mining Act 1971* or the *Petroleum Act 2000* in respect of the land described in Schedule 1 and may, subject to clauses 6 and 7, be exercised in respect of that land.

6—Conditions for exercise of rights under *Mining Act 1971*

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Mining Act 1971* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) if work to be carried out in relation to the land in the exercise of those rights has not previously been authorised, the person must give at least 3 months notice of the proposed work to the Mining Minister and the Environment Minister and must supply each Minister with such information relating to the proposed work as the Minister may require;
- (b) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
 - (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,

the person must comply with those directions in carrying out the work;

- (c) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (d) in addition to complying with the other requirements of this proclamation, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must maintain all work areas in a clean and tidy condition; and

- (iii) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (e) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (b)(iii), the person must rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

7—Conditions for exercise of rights under *Petroleum Act 2000*

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Petroleum Act 2000* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) no vehicle may be driven on the surface of the land, and no work other than geophysical activities (conducted without the use of vehicles) may be carried out on the surface, in the exercise of those rights;
- (b) geophysical activities may only be carried out on the surface of the land in the exercise of those rights with the prior written approval of the Mining Minister and the Environment Minister and in accordance with any directions given under paragraph (e);
- (c) if work to be carried out in relation to the land in the exercise of those rights is a regulated activity within the meaning of the *Petroleum Act 2000*, the person must ensure that—
 - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Environment Minister; and
 - (ii) the work is carried out in accordance with the statement as so approved;
- (d) if work to be carried out in relation to the land in the exercise of those rights has not previously been authorised (whether under paragraph (b) or by inclusion in an approved statement of environmental objectives referred to in paragraph (c) or otherwise), the person must give at least 3 months notice of the proposed work to the Mining Minister and the Environment Minister and supply each Minister with such information relating to the proposed work as the Minister may require;
- (e) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
 - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
 - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
 - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or

- (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,

(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (c)), the person must comply with those directions in carrying out the work;
- (f) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (g) in addition to complying with the other requirements of this proclamation, the person—
 - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
 - (ii) must ensure that no vehicles are used on the surface of the land and that any movement over the surface is undertaken on foot in a manner that minimises damage to the land (including the land's vegetation and wildlife); and
 - (iii) must maintain all work areas in a clean and tidy condition; and
 - (iv) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (h) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (e)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (c)) rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

8—Governor may give approvals, directions

If—

- (a) the Mining Minister and the Environment Minister cannot agree as to whether—
 - (i) approval should be granted or refused under clause 5 or 7(b); or
 - (ii) a direction should be given under clause 6(b) or 7(e); or
- (b) the Environment Minister does not approve a statement of environmental objectives under clause 7(c),

the Governor may, with the advice and consent of the Executive Council—

- (c) grant or refuse the necessary approval under clause 5 or 7(b); or
- (d) give a direction in writing under clause 6(b) or 7(e); or
- (e) grant or refuse the necessary approval under clause 7(c).

Schedule 1—Transitional provisions

1—Interpretation

In this Schedule, unless the contrary intention appears—

principal regulations means the *South Australian Health Commission (Compensable and Non-Medicare Patients Fees) Regulations 2004*.

2—Transitional provisions

- (1) Despite regulation 4 of these regulations, the fees prescribed for a period of treatment, care and accommodation of an admitted patient of a recognised hospital for a specified AR-DRG, by Schedule 1 of the principal regulations, as in force immediately before the commencement of these regulations, continue to apply to such a period of treatment, care and accommodation after the commencement of these regulations if the period began before, and continues after, that commencement.
- (2) For the purpose of calculating the fee for a period of rehabilitation or maintenance care for an admitted patient of a recognised hospital under Schedule 1 of the principal regulations where the period began before the commencement of these regulations and continues after that commencement—
 - (a) clause 5 of Schedule 1 as in force immediately before the commencement of these regulations applies to the portion of the length of stay (*LOS*) of the patient that occurs before that commencement; and
 - (b) clause 5 of Schedule 1 as in force after the commencement of these regulations applies to the portion of the length of stay (*LOS*) of the patient that occurs after that commencement.

Note—

As required by section 10AA(2) of the *Subordinate Legislation Act 1978*, the Minister has certified that, in the Minister's opinion, it is necessary or appropriate that these regulations come into operation as set out in these regulations.

Made by the Governor

on the recommendation of the Minister for Health and with the advice and consent of the Executive Council
