FOREWORD

It is intended that these Guidelines will assist applicants with the formalities of obtaining and continuing registration. It is also intended to explain briefly the role and functions of the Board.

The Occupational Therapists Registration Board of South Australia was established by the Occupational Therapists Act 1974, which was proclaimed on 1 June 1976.

On 31 August 2006 the Occupational Therapy Practice Act 2005 ("the Act") was proclaimed and the new Occupational Therapy Board of South Australia was established. Under this Act the Board is now responsible for registering occupational therapists and occupational therapy students. The Board must also keep a list of occupational therapy service providers.

The Board is the Statutory Authority in this State responsible for the administration of the Act which protects the health and safety of the public by providing for registration of practitioners and students, the regulation of the provision of occupational therapy for the purpose of maintaining high standards of competence and conduct by those who provide it, and for other purposes.

In accordance with Section 6 of the Act the Board consists of nine members appointed by the Governor, and of these:

- four must be registered occupational therapists chosen at an election;
- one must be a registered occupational therapist who gives instruction in occupational therapy at a university in South Australia selected from a panel of three persons nominated by the Council of the University of South Australia;
- one must be a legal practitioner nominated by the Minister;
- one must be a medical practitioner nominated by the Minister; and
- two must be persons nominated by the Minister who are not eligible for appointment under any of the preceding provisions (laypersons).

Members of the Board are appointed for a term of office not exceeding three years but are eligible for reappointment upon the expiration of their term of office. However a member may not hold office for consecutive terms that exceed 9 years in total.

The Board meets regularly on the third Wednesday of each month except in January. The agenda closes one week prior to the date set for such meetings.

Pursuant to Section 14 of the Act the functions of the Board are as follows:

- " (1) *The functions of the Board are as follows:*
- (a) *to oversee the practice of occupational therapy in the public interest;*
 - (b) *to approve, after consultation with authorities considered appropriate by the Board, courses of education or training that provide qualifications for registration under this Act;*
 - (c) *to determine, after consultation with authorities considered appropriate by the Board, the requirements necessary for registration under this Act;*
 - (d) *to establish and maintain the registers contemplated by this Act;*
 - (e) *to prepare or endorse, subject to the approval of the Minister, codes of conduct or professional standards for registered persons or codes of conduct for occupational therapy services providers;*
 - (f) *to prepare or endorse guidelines on continuing occupational therapy education for occupational therapists;*

- (g) *to establish administrative processes for handling complaints received against registered persons, occupational therapy services providers or persons who occupy positions of authority in corporate or trustee occupational therapy services providers (which may include processes under which the registered person, provider or person who occupies the position voluntarily enters into an undertaking);*
 - (h) *to provide advice to the Minister as the Board considers appropriate;*
 - (i) *to carry out other functions assigned to the Board by or under this Act or by the Minister.*
- (2) *The Board must perform its functions under this Act with the object of protecting the health and safety of the public by achieving and maintaining high professional standards both of competence and conduct in the provision of occupational therapy in this State. ”*

Registered practitioners are urged to fully acquaint themselves with the Act and Regulations, the Code of Professional Conduct & Practice, and the Board's various guidelines and policies.

Clarification or information relating to any matter may be sought from the office of the Board or by visiting the Board's website www.otrb.saboard.com.au.

1. REGISTRATION

(a) Occupational Therapists

The prerequisites for registration of occupational therapists are defined in Section 26(1) of the Act:

"Subject to this Act a natural person is eligible for registration on the register of occupational therapists if the person, on application to the Board, satisfies the Board that he or she -

- (a) has qualifications approved or recognised by the Board for the purposes of registration on that register; and*
- (b) has met the requirements determined by the Board to be necessary for the purposes of registration on that register; and*
- (c) is medically fit to provide occupational therapy; and*
- (d) is, unless exempted by the Board, insured or indemnified in a manner and to an extent approved by the Board against civil liabilities that might be incurred by the person in connection with the provision of occupational therapy; and*
- (e) is a fit and proper person to be registered on the register."*

An application for registration must be made in the approved form and must be accompanied by the application fee and annual practice fee (refer Schedule of Fees – enclosed) and all requested supporting documentation.

All applicants will be required to undergo a criminal history check (refer Item 4 of these Guidelines) and a 100 point identity check.

For information on the cover necessary for professional indemnity insurance refer to Item 2 of these Guidelines.

Recent graduates who have not been confirmed their degree/diploma must provide a letter from the Head of School or Registrar of the awarding institution certifying that they have successfully completed all requirements for the award of the degree/diploma and are eligible to graduate. A certified copy of the degree parchment certificate OR academic transcript should be provided to the Board as soon as available.

All new registrants, including students, are issued with a Certificate of Registration, Annual Practising Certificate, a copy of the Act & Regulations, and other Board publications. All publications are also available to download and print from the Board's website.

(b) Students

Section 27 of the Act states that:

“(1) A person is not entitled to—

- (a) undertake a course of study that provides qualifications for registration on the register of occupational therapists; or*
- (b) provide occupational therapy as part of a course of study related to occupational therapy being undertaken by the person in a place outside the State,*

unless the person is registered under this section as an occupational therapy student.

(2) A person is eligible for registration as an occupational therapy student on the occupational therapy student register, if the person, on application to the Board, satisfies the Board that he or she—

- (a) genuinely requires registration on that register—*
 - (i) to enable the person to undertake a course of study that provides qualifications for registration on the register of occupational therapists; or*
 - (ii) to enable the person to provide occupational therapy as part of a course of study related to occupational therapy, as the case may be, being undertaken by the person in a place outside the State; and*
- (b) is medically fit to provide occupational therapy of the kind authorised by registration on the register to which the application relates; and*
- (c) is a fit and proper person to be registered on the register to which the application relates.*

(3) Registration on the occupational therapy student register is subject to the condition that the registered person does not provide occupational therapy except in prescribed circumstances.

(4) If a person who applies for registration, or reinstatement of registration, on the occupational therapy student register is not, in the opinion of the Board, medically fit to provide occupational therapy as an occupational therapy student, the Board may register the person on that register in pursuance of this subsection (limited student registration) and impose 1 or more of the following conditions on the registration:

- (a) a condition limiting the kind of occupational therapy that the person may provide;*
- (b) a condition limiting the period during which the registration will have effect;*
- (c) a condition requiring that the person be supervised in the provision of occupational therapy by a particular person or by a person of a particular class;*
- (d) such other conditions as the Board thinks fit.”*

An application for registration must be made in the approved form and must be accompanied by all requested supporting documentation. Applicants for student registration must provide evidence of offer of enrolment in their course of study.

There is no registration fee payable.

All applicants will be required to undergo a criminal history check (refer Item 4 of these Guidelines) and a 100 point identity check.

Students who fail to register or remain registered will have their enrolment cancelled by the University (if the University is located in South Australia). Students will be subject to the Board's Code of Professional Conduct & Practice and disciplinary powers.

(c) Mutual Recognition/Trans Tasman Mutual Recognition

The Mutual Recognition (SA) Act 1993, adopts the Mutual Recognition Act 1992, of the Commonwealth and the Trans Tasman Mutual Recognition (SA) Act 1999 adopts the Trans Tasman Mutual Recognition Act 1997, of the Commonwealth, as a law of the State and provides that a person who is registered in one State/Territory or New Zealand for an occupation is, by virtue of the Commonwealth Act entitled after notifying the local registration authority of another State/Territory or New Zealand for the equivalent occupation -

- to be registered in that other State/Territory or New Zealand for the equivalent occupation; and
- pending such registration, to carry on the equivalent occupation in that other State/Territory or New Zealand.

The manner of carrying on an occupation and the continuance of registration is subject to the laws of the other State/Territory or New Zealand.

A person who lodges a duly completed notice/application under Mutual Recognition or Trans Tasman Mutual Recognition with a local registration authority of a State/Territory or New Zealand is, pending the grant or refusal of registration, taken to be registered. Such registration is called "deemed registration" and the Board is required to determine the application within one month from the "lodgement date". Deemed registration in one State/Territory or New Zealand does not itself provide a basis for registration in another jurisdiction.

Once considered, the Board may grant what is called "substantive registration" which is registration under the law of the relevant State/Territory or New Zealand. Conditions may be applied to a person's registration.

Should a person's registration in any State/Territory or New Zealand -

- (a) be cancelled or suspended; or
- (b) be subject to a condition

on disciplinary grounds, or as a result of, or in anticipation of, criminal, civil or disciplinary procedures, then the person's registration in the other jurisdiction(s) is affected in the same way. The Board however, does have discretion given the circumstances of the matter.

An application for registration under Mutual Recognition or Trans Tasman Mutual Recognition must be made on the relevant form for this purpose.

The application form can be obtained from the Board's website or by contacting the office of the Board, in which case it will be forwarded without delay together with the Board's Guidelines on Registration and Code of Professional Conduct & Practice.

The application fees are the same as for natural persons (refer Schedule of Fees – enclosed). Payment of both the application fee and annual practice fee is a condition of registration and non-payment will result in refusal to grant registration or deemed registration.

The Board must give the person who lodges an application for registration, a notice in writing of its decision to grant registration, or to postpone or refuse the grant of registration, or to impose conditions on registration. Applicants must give consent to the making of inquiries or, and the exchange of information with, the authorities of any State/Territory or New Zealand regarding his or her activities in the practice of the profession or matters relevant to the notice. Deemed registration or substantive registration may be refused if any of the information supplied on the application form or accompanying documents is materially false or misleading.

Applicants must provide with their application, an original or certified copy of a document evidencing current registration in another State/Territory or New Zealand and proof of identity. From the moment a person is deemed registered that person will be subject to all the requirements of the Occupational Therapy Practice Act 2005, and Regulations, and the Board's Code of Professional Conduct & Practice, with respect to the practice of occupational therapy in this State. Persons are therefore urged to fully acquaint themselves with these documents.

A certificate of full registration together with other Board publications will be forwarded to the registrant upon the grant of substantive registration.

(d) Recognised Qualifications

Pursuant to Section 26 (1) (a) of the Act the Board has prepared a list of qualifications which are recognised for the purposes of registration, and this list is enclosed.

(e) Provisional Registration

Section 28 of the Act states:

- “ (4) *If it appears likely to the Registrar that the Board will grant an application for registration, the Registrar may provisionally register the applicant (provisional registration).*
- (5) *Provisional registration remains in force until the Board determines the application.*
- (6) *The registration by the Board under this Act of a person who was provisionally registered has effect from the commencement of the provisional registration. ”*

Provisional registration enables a practitioner to commence practise prior to full registration being granted and carries with it all rights and privileges of full registration.

(f) Limited Registration

Section 26 of the Act states:

- " (2) If a person who applies for registration, or reinstatement of registration, on the register of occupational therapists—*
- (a) does not, in the opinion of the Board, have the necessary qualifications or experience required for registration on that register; or*
 - (b) is not, in the opinion of the Board, medically fit to provide occupational therapy; or*
 - (c) is not, in the opinion of the Board, a fit and proper person to be registered on that register,*
- the Board may register the person on the register in pursuance of this subsection (limited registration)—*
- (d) in order to enable the person—*
 - (i) to do whatever is necessary to become eligible for full registration under this Act; or*
 - (ii) to teach or to undertake research or study in this State; or*
 - (iii) in the case of an applicant who has obtained qualifications for the practice of occupational therapy under the law of a place outside of Australia—to practise in a part of the State or at a place that the Minister and the Board consider is in urgent need of the services of an occupational therapist; or*
 - (e) if, in its opinion, it would otherwise be in the public interest to do so.*
- (3) In registering a person under subsection (2) the Board may impose 1 or more of the following conditions on the registration:*
- (a) a condition restricting the places or times at which the person may provide occupational therapy;*
 - (b) a condition limiting the kind of occupational therapy that the person may provide;*
 - (c) a condition limiting the period during which the registration will have effect;*
 - (d) a condition requiring that the person be supervised in the provision of occupational therapy by a particular person or by a person of a particular class;*
 - (e) such other conditions as the Board thinks fit. "*

Limited registration for example may be granted to a person wishing to re-enter the workforce to upgrade his or her skills.

(g) Temporary Registration

Temporary registration is available to occupational therapists wishing to undertake a locum position in South Australia. Temporary registration in these circumstances is granted for a period not exceeding two calendar months and applicants should nominate the date from which they require their registration to commence.

Temporary registration is at a reduced fee (refer Schedule of Fees – enclosed) and carries with it all rights and privileges of full registration.

(h) Overseas Applicants

The Board will not grant limited registration to any overseas-trained applicant until successful completion of a desktop assessment by the Council of Occupational Therapists Registration Boards (Australia & New Zealand) Inc (COTRB).

Limited registration for a period of time will be granted by the Board to those applicants whose occupational therapy qualifications have been assessed by COTRB as suitable for migration purposes to allow them to complete a practice audit as defined and administered by COTRB.

Within six weeks of applying for registration the therapist must submit an audited practice plan for approval by the Overseas Qualifications Assessment Committee (OQAC) of COTRB.

The OQAC will nominate an Administrator for each applicant to ensure that the audited practice plan is being undertaken according to the specifications within the approved plan.

Full registration will be considered by the Board when the applicant provides the Board with a certified copy of a "Certificate of Practical Completion" from COTRB.

Details about the assessment and practice audit, and the relevant fees payable, may be obtained from the COTRB website at www.cotrb.saboard.com.au.

Limited registration will also be granted to those overseas persons on working holiday visas whose occupational therapy qualifications have been assessed by COTRB as suitable but who do not have to undergo a practice audit. A condition of the limited registration will be that the person is supervised by a registered occupational therapist at a particular place of employment for a period of time.

(i) Certification of Documents

All required documents must be either originals or certified copies. Each document submitted for certification must be in the form of a photocopy with the original document available for sighting.

A certified copy means that copies of your original documents must be certified as a true and accurate record of the original by either a Justice of the Peace, Notary Public, Commissioner for Taking Affidavits (Solicitor, Barrister), Proclaimed Police Officer, or Proclaimed Manager of ADI (Authorised Depositing Institution, eg. Credit Union, Post Office, Bank).

Each page of each document must be marked as follows:

"I have sighted the original document and certify this to be a true copy of the original",

followed by the title, name, address, licence number and signature of the certifier, and the date of certification.

If all documents have not been correctly certified your application cannot be processed and it will be returned to you.

Please note that Justices of the Peace are available at the offices of the Board.

(j) Medical Examination or Report

Section 68 of the Act states:

- " (1) *The Board may, for any purpose associated with the administration or operation of this Act require a registered person or a person who is applying for registration or reinstatement of registration to—*
- (a) *submit to an examination by a health professional, or by a health professional of a class, specified by the Board; or*
 - (b) *provide a medical report from a health professional, or from a health professional of a class, specified by the Board,*
(including an examination or report that will require the person to undergo some form of medically invasive procedure).
- (2) *If a person fails to comply with a requirement made under subsection (1), the Board may suspend the person's registration until further order of the Board.*
- (3) *In this section—*
- health professional means—**
- (a) *a medical practitioner; or*
 - (b) *a psychologist; or*
 - (c) *any other person who belongs to a profession, or who has an occupation, declared by the Board, by notice in the Gazette, to be a profession or occupation within the ambit of this definition. "*

2. PROFESSIONAL INDEMNITY INSURANCE

Section 61 of the Act states that:

- " (1) *A registered person or occupational therapy services provider must not, unless exempted by the Board, provide occupational therapy unless insured or indemnified in a manner and to an extent approved by the Board against civil liabilities that might be incurred by the person or provider, as the case may be, in connection with the provision of occupational therapy.*
- (2) *The Board may, subject to such conditions as it thinks fit, exempt a person, or a class of persons, from the requirements of this section and may, whenever it thinks fit, revoke an exemption or revoke or vary the conditions under which an exemption operates."*

The Board has determined that registered persons and service providers must possess a minimum level of \$5 000 000 professional indemnity insurance cover for any one claim.

Breaches of this section may incur a maximum \$5 000 fine.

In considering which person or class of persons the Board may exempt under clause 61 (2) of the Act the Board has ruled that an occupational therapist who conducts a practice and attends members of the public (including partners and family members) shall not be eligible for exemption.

Non-practising occupational therapists will however be exempt from the requirements of this section (refer Item 6 of these Guidelines).

In addition, it is a requirement under Section 27 (1) (d) of the Act that applicants for registration must provide evidence of insurance cover prior to registration being granted (either certificate of currency/compliance from the insurer/broker or letter from employer confirming employment and insurance cover).

If an applicant is unable to provide evidence of insurance cover when applying for registration, the Board may grant "Limited" registration, in order for the applicant to gain employment, on the condition that the applicant does not engage in the practice of occupational therapy until the Board is provided with evidence of appropriate insurance. Upon receipt of this evidence the Board will remove this condition on registration.

If an applicant is solely employed in the South Australian public service, or with the Department for Families & Communities, or with CRS Australia (ie. not engaged in private practice or other), then a letter from the employer confirming employment as an occupational therapist is all that is required as evidence of insurance cover.

Note: Pursuant to Section 52 of the Act:

"A person who contravenes, or fails to comply with, a condition imposed under this Act on the person's registration is guilty of an offence.

Maximum penalty: \$75 000 or imprisonment for 6 months"

The Board may also institute disciplinary proceedings for unprofessional conduct for failure to comply with a provision of the Act.

The requirement to provide evidence of current professional indemnity insurance cover will also apply to applicants for renewal of registration.

3. ENGLISH LANGUAGE PROFICIENCY

A high level of English language proficiency is essential to enable occupational therapists to communicate with patients, other occupational therapists and other professionals, to write reports that often deal with complex matters and to maintain professional standards.

Applicants for registration (under the Occupational Therapy Practice Act 2005) as an occupational therapist or occupational therapy student in South Australia, for whom English is not the first or native language, need to submit evidence to the Board of competency in both oral and written communication in English, as demonstrated by the following:

- Achieved a minimum score of seven in each of the four components (Listening, Reading, Writing and Speaking) in the International English Language Testing System (IELTS) examination (Academic Module).
- Obtained an overall pass in the Occupational English Test (OET) administered by the Centre for Adult Education with grades A or B only in each of the four components.

Results of these tests must have been obtained within two years prior to applying for registration.

An IELTS or OET Report more than two years old will be accepted as evidence of present level of ability if accompanied by proof that an applicant has actively maintained employment as an occupational therapist in a country where English is the native or first language.

An exemption may apply when the applicant can provide evidence of:

- (a) completion of all components of their qualification for registration at a tertiary institution where programs and assessments are conducted in English; and/or
- (b) successful completion of the overseas qualifications assessment process carried out by the Council of Occupational Therapists Registration Boards (Aust & NZ) ("COTRB").

NOTE:

1. The applicant is responsible for the cost of the English tests.
2. Pass results in each component of either the IELTS or OET must be obtained at the one sitting, ie. pass results in a module from a previous attempt at either examination cannot be carried forward to a subsequent sitting which, when combined, would give an overall pass in the examination.
3. Specific details regarding the English language testing systems are available at:
IELTS - www.ielts.org
OET - www.oet.com.au
4. The Board will accept the entry level English language requirements of the education provider (University) for overseas persons applying for student registration.

4. CRIMINAL HISTORY RECORD CHECK

All applicants for registration with the Occupational Therapy Board of South Australia must either provide the Board with consent to undertake a criminal history record check (utilising the Commonwealth agency, CrimTrac) or provide the Board with a National Police Certificate.

The Board's costs in obtaining the criminal history check for persons applying for registration as an occupational therapist are subsidised by the Board.

There is no legal requirement for an applicant to give their consent for the Board to conduct a criminal history record check. However if the applicant does not provide consent for the Board to undertake a criminal history check then a National Police Certificate must be enclosed with the application for registration. The applicant's costs in obtaining this National Police Certificate will be their own responsibility. Applications are available at local Police Stations.

Full details regarding the criminal history record check are set out in Appendix B of the relevant application form.

Offences will be assessed using the following general guidelines:

- Child protection implications, age and vulnerability
- Relevance in a practice environment
- The gravity and nature of convictions
- Circumstances surrounding the offence(s), whether alcohol, drugs or a weapon was involved
- The harm to any victim including injury or loss
- Adverse impact on the profession
- Total criminal history
- Severity of sentence imposed
- Length of time since offence, any rehabilitation
- Age at time of offence(s), eg. adult or juvenile
- Evidence of the applicant's good character since offence committed
- Whether offence has been decriminalised
- Whether found guilty 'without conviction'
- Whether penalty restricted only to a fine
- Personal circumstances at the time of offending

5. RENEWAL OF REGISTRATION

Section 31 of the Act provides for an application for renewal of registration to be made to the Board by registered occupational therapists and occupational therapy students by 31 May each year (dated fixed by Board).

Notices of renewal are forwarded to the postal address of all registrants in April every year. Reminder notices are sent to those applicants who do not pay on time.

Upon receipt of a duly completed application form, requested supporting documentation and annual practice fee (refer Schedule of Fees – enclosed) the Board will renew a registrant's registration for a period of twelve months expiring on the last day of June in the following year. A receipt and an annual practising certificate are issued. Students are not required to pay the annual practice fee.

If renewal of registration is not effected by the 31 May (date fixed by Board) in the given year, the registrant's name may be removed from the appropriate Register pursuant to Section 31 (3) of the Act and the person concerned would no longer be entitled to practise as or hold out as an occupational therapist (refer Item 13 "Offences and Definitions" of these Guidelines). Renewal of registration is not possible once registration has lapsed and the name removed from the Register. Once registration has lapsed it is necessary for persons to apply for reinstatement of registration (refer Item 9 of these Guidelines).

Should either the renewal form, supporting documents or annual practice fee not be received by the due date, the application for renewal will not be processed and the person will be removed from the Register.

6. NON-PRACTISING OCCUPATIONAL THERAPISTS

At the time of annual renewal, occupational therapists will have the option to renew as "non-practising". It should be noted that it is not possible for a registrant to change their status to "non-practising" during the year, this option is only available at renewal time.

Occupational therapists who wish to remain on the register but who are non-practising within the State of South Australia will be exempt from the requirement to provide evidence of professional indemnity insurance and the requirement to engage in continuing education (ongoing competency).

The Board has determined that the definition of a non-practising occupational therapist is as follows:

"Occupational therapists who are not engaging in any form of occupational therapy practice including but not limited to remunerated or unremunerated consultations or procedures, writing referrals and signing documents requiring the exercise of knowledge and skills of an occupational therapist, within the State of South Australia."

Therefore any practitioners involved in the practice of occupational therapy for any purpose (including for partners and family members) must be registered and suitably insured. Practitioners who are not practising within the State of South Australia may remain on the register once paying the appropriate fee but will be exempt from providing evidence of insurance and continuing professional development. Such practitioners may include:

- Those currently interstate or overseas who are not practising within South Australia
- Retirees who are not engaging in any of the above occupational therapy practices

Non-practising occupational therapists must sign a declaration which is available from the Board's website under "Registration".

Practitioners who wish to return to practice within a period of 5 years must apply to the Board to change their registration status and provide evidence of their appropriate insurance cover. These practitioners must also pay the balance between the non-practising fee that has already been paid, and the appropriate annual practice fee applicable at that time of year.

Practitioners who have not practised for a period of 5 years may be required to undertake a program of supervised practice in order to update their skills and satisfy the Board of their competence in the practice of occupational therapy.

For detailed information regarding supervised practice please refer to the Board's Guidelines on Supervision which are available under "Publications" on the Board's website.

7. REGISTRATION OF OCCUPATIONAL THERAPISTS WORKING IN POSITIONS NOT IDENTIFIED AS "OCCUPATIONAL THERAPIST"

The Board has been concerned that some occupational therapists who are working in positions not identified as an "occupational therapist" are not applying for registration and thus their practice is not being monitored by the Board and the public do not have an avenue for complaint.

Section 33 of the Occupational Therapy Practice Act 2005 carries a maximum penalty of a \$50 000 fine, or imprisonment for six months, for an unregistered person holding out as an occupational therapist or occupational therapy student.

The growth of non-traditional positions in the health, disabilities and vocational rehabilitation sector has contributed to this issue and caused confusion whether or not the occupational therapist should hold registration and an annual practising certificate.

The following guidelines for practitioners and employers have been endorsed by the Board on the recommendation of the Council of Occupational Therapists Registration Boards (Australia and New Zealand) Inc. (COTRB) for the purpose of determining whether or not the practice of an occupational therapist falls within the scope of "holding out as an occupational therapist" and thus registration/practising certificate is required.

Registration/Practising Certificate is required:

- (a) If the job title is "occupational therapist".
- (b) For any position where the selection criteria stipulates that an occupational therapy qualification is an essential requirement.
- (c) If an occupational therapy qualification is listed as one required qualification and the occupational therapist obtains or occupies the position.
- (d) In circumstances where the position's occupant signs correspondence, purports to provide an occupational therapy service, or otherwise depicts themselves as an occupational therapist, even if the job title or selection criteria do not suggest that the person requires an occupational therapy qualification.

8. REMOVAL FROM THE REGISTER

Section 29 of the Act states:

- " (1) *The Registrar must, on application by a registered person, remove the person from the register to which the application relates.*
- (2) *The Registrar must remove from the appropriate register a person—*
- (a) *who dies; or*
 - (b) *who ceases to hold a qualification required for registration on that register; or*
 - (c) *who ceases for any other reason to be entitled to be registered on that register; or*
 - (d) *who completes, or ceases to be enrolled in, the course of study that formed the basis for the person's registration on the occupational therapy student register; or*
 - (e) *whose registration on the appropriate register has been suspended or cancelled under this Act.*
- (3) *The Registrar may act under subsection (2) without giving prior notice to the relevant person. "*

9. REINSTATEMENT TO THE REGISTER/RE-REGISTRATION

If registration is allowed to lapse for any reason persons must re-apply for registration using the same forms, fees and procedure as for initial registration.

It is not necessary to resubmit evidence of qualifications or change of name which is already held on file. Current copies of all other information/documents requested on the application form must be provided.

Section 30 of the Act states:

“(1) A person who has been removed from a register under this Act—

- (a) on his or her application; or*
- (b) on account of failure to pay the annual practice fee or to furnish the return required under section 31; or*
- (c) on account of failure to pay a fine imposed on the person by the Board under this Act; or*
- (d) on account of the person—*
 - (i) ceasing to hold a qualification required for registration on that register or otherwise ceasing to be entitled to be registered on that register; or*
 - (ii) ceasing to be enrolled in the course of study that formed the basis for the person's registration on the occupational therapy student register,*

may apply to the Board at any time for reinstatement on that register.

- (2) A person whose registration on a register has been suspended may apply to the Board for reinstatement on that register (but not, in the case of an order for suspension for a specified period, until after the expiry of that period).*
- (3) A person who has been disqualified from being registered on a register under this Act may, subject to the terms of the order for disqualification, apply to the Board for reinstatement on that register.*
- (4) An application for reinstatement must—*
 - (a) be made to the Board in the manner and form approved by the Board; and*
 - (b) be accompanied by the reinstatement fee fixed under this Act.*
- (5) An applicant for reinstatement must, if the Board so requires provide the Board with specified information to enable the Board to determine the application.*
- (6) The Board may require an applicant for reinstatement of registration—*
 - (a) to submit a medical report or other evidence acceptable to the Board as to the applicant's medical fitness to provide occupational therapy; or*
 - (b) to obtain additional qualifications or experience specified by the Board before the Board determines the application.*
- (7) Subject to this section, the Board must reinstate on the appropriate register an applicant under this section if satisfied that the applicant is eligible for registration on that register.*
- (8) The Board may refuse to reinstate the applicant on the appropriate register until all complaints (if any) laid against the applicant under this Act have been finally disposed of.”*

10. CHANGE OF NAME AND ADDRESS

In accordance with Section 25 (3) of the Act a registered person must, within 1 month after changing his or her name or nominated contact address, inform the Registrar in writing of the change.

The corresponding penalty for breaches of this Section is a maximum penalty of \$250.

Registered persons are also asked to ensure that the Board is always advised of any change of postal, employment or residential addresses, email and phone numbers. This may be done by telephone provided proof of identity can be established.

11. ADDITIONAL QUALIFICATIONS

At any time a registered occupational therapist may apply to have additional qualifications entered on the Register.

These qualifications will be assessed by the Board on an individual basis.

A new certificate of registration may be requested.

The fees for such applications and duplicate certificates appear in the enclosed Schedule of Fees.

12. OCCUPATIONAL THERAPY SERVICE PROVIDERS

Section 32 of the Act states:

- " (1) *An occupational therapy services provider must—*
- (a) *in the case of a person who was such a provider immediately before the commencement of this section—within 60 days of that commencement; and*
 - (b) *in any other case—within 60 days of becoming such a provider,*
give written notice to the Board of—
 - (c) *the provider's full name and business or (in the case of a corporation) registered address; and*
 - (d) *the address of the premises at which the provider provides occupational therapy; and*
 - (e) *the full names and nominated contact addresses of the occupational therapists through the instrumentality of whom the provider is providing occupational therapy; and*
 - (f) *in the case of a corporate or trustee occupational therapy services provider—the full names and addresses of all persons who occupy a position of authority in the provider.*
- (2) *The provider must, within 30 days of any change occurring in the particulars required to be given under subsection (1), inform the Board in writing of the change.*
- (3) *A person who contravenes or fails to comply with this section is guilty of an offence. Maximum penalty: \$10 000.*
- (4) *The Board must keep a record of information provided to the Board under this section available for inspection, on payment of the prescribed fee, by any person during ordinary office hours at the office of the Board and may make the record available to the public by electronic means. "*

An occupational therapy service provider means a person (not being an occupational therapist) who provides occupational therapy through the instrumentality of an occupational therapist or occupational therapy student, but does not include an exempt provider.

Under the Act an exempt provider means:

- “ (a) a recognised hospital, incorporated health centre or private hospital within the meaning of the South Australian Health Commission Act 1976; or*
- (b) any other person declared by the regulations to be an exempt provider for the purposes of this Act.”*

No other persons have been declared by the regulations to be an exempt provider.

Section 3 of the Act states:

- “ (5) For the purposes of this Act:*

 - (a) is a director of the body corporate; or*
 - (b) exercises, or is in a position to exercise, control or substantial influence over the body corporate in the conduct of its affairs; or*
 - (c) where the body corporate is a proprietary company—is a shareholder in the body corporate.*
- (7) However—*
 - (a) a minor who is a shareholder in a proprietary company, or a beneficiary under a trust, is not, for that reason, to be regarded as a person occupying a position of authority; and*
 - (b) a charitable organisation that is a beneficiary of a trust is not, for that reason, to be regarded as occupying a position of authority.*
- (8) For the purposes of this Act a person who holds more than 10 per cent of the issued share capital of a public company will be regarded as a person occupying a position of authority in that company. ”*

Service providers will be subject to the Board's Code of Professional Conduct & Practice and disciplinary powers.

1. Introduction

This document is the policy of the Occupational Therapy Board of South Australia on the employment and use of assistants by registered occupational therapists.

This policy should be read in conjunction with the Board's Code of Professional Conduct & Practice.

This policy is the standard against which a registered occupational therapist will be evaluated in relation to the use of assistants in their practice.

For the purpose of this document, the term "assistant" will be used and "registered/supervising/treating practitioner" will mean an "occupational therapist" registered under the Act.

Assistants are also often referred to as support staff, aides or activity supervisors and patients are often referred to as clients.

2. Definition

An assistant is a member of staff employed within a facility or private practice who assists the registered practitioner in the efficient delivery of their services to their patients.

The extent to which the assistant can be involved in treatment is defined in this document.

The supervising practitioner is required to comply with the requirements of the Board's Code of Professional Conduct & Practice.

The registered practitioner is always directly accountable for the scope of practice of the assistant and the care the patient receives and is vicariously liable for the conduct of the assistant.

3. Role responsibilities

3.1 Role responsibilities of employer

The employer has an obligation to provide the environment to which the following role responsibilities can be fulfilled.

3.2 Role responsibilities of the registered practitioner

The registered practitioner has the responsibility to ensure that:

- The assistant is clearly and correctly identified as an assistant.
- The assistant understands the scope and limits of their responsibilities.
- The assistant is trained to the appropriate level of competence for the tasks required in that facility.
- The assistant is provided with clear direction as to the work to be undertaken.
- There are clearly defined lines of communication and delegation.
- The quality of the work of the assistant is regularly evaluated to ensure they are safe, effective, efficient and competent.
- At no time is an assistant to be requested or required to undertake a task which is outside their competence and cannot be delegated as defined in this policy.

3.3 Role responsibilities of the assistant

The assistant must:

- Respect the rights and dignity of all individuals and be sensitive to their needs.
- Maintain confidentiality of patient information.
- Recognise the extent and limitations of their role responsibilities and only undertake activities that they are competent and delegated to perform.
- Maintain high standards of personal behaviour and conduct.
- Display professionalism toward other health providers.

4. Employment of occupational therapy students as assistants

Occupational therapy students should not undertake employment where their developing knowledge as a student is being used to fulfil the requirements of a registered practitioner.

Registered practitioners who employ occupational therapy students as assistants must adhere to this Policy of the Board.

5. Training of assistants

Formal training for assistants should be encouraged to ensure an appropriate knowledge base and minimum standards of practice. Such training should include:

- Dealing with adverse reactions/outcomes
- Emergency procedures
- Confidentiality
- Basic occupational therapy terminology
- Other recognised courses for assistants or equivalent study as determined by the registered practitioner/Board

Additional competence based training is required to meet the specific requirements of the particular workplace. A training log and written procedures should be made available to the assistant where applicable.

A review of performance should be conducted annually.

6. Supervision of assistants

The assistant is professionally responsible to and must work under the direction and supervision of a designated registered practitioner.

Supervision may be direct or indirect as identified by the registered practitioner and may depend on:

- Practice setting and type of service
- The nature of the task
- The acuity and/or stability of the patient's condition
- The complexity of the patient's needs
- The level of competence of the assistant

The lines of responsibility must be clearly defined both in terms of employment, in relation to the supervising practitioner and in keeping with roles as defined in the policy. The position description should include the procedure to be followed should the designated registered practitioner not be present. An assistant must have:

- a specifically designated occupational therapy supervisor
- documented instructions from the supervising practitioner which are regularly reviewed
- ready access to the supervisor.

7. Reporting Processes

Where the assistant may be undertaking activities away from the direct supervision of the registered practitioner the job description should specify:

- the required methods, content and frequency of reporting
- the process for reporting emergency situations to the appropriate health care professional

8. Function of assistants

8.1 Tasks/treatment techniques which must not be delegated to assistants

The assistant **must not** under any circumstances:

- interpret referrals for occupational therapy
- conduct initial interviews with patients/clients
- undertake assessment procedures – it may be appropriate for an occupational therapist to develop screening tools that can be used by an assistant but the assessment process and finalisation is the full responsibility of the occupational therapist
- develop goals or a problem list for clients/patients
- plan, institute and modify treatment programs – unless done in consultation with an occupational therapist
- record patient/client progress in medical records or treatment file unless instructed to do so and with the report being countersigned by the supervising occupational therapist
- give interpretative information to patients/clients, relatives or other staff
- undertake discharge planning

The registered practitioner must apply the following procedures:

- Assess the client prior to each course of treatment.
- The assistant must be trained in the correct and safe treatment protocol.
- The treatment must be clearly delineated by the treating practitioner.
- Undertake all warning and safety procedures; instruct the patient in the contraindications and the expected reactions of the technique to be applied.
- Reassess the patient at intervals that are deemed appropriate for the condition being treated.

The registered practitioner bears full responsibility for the use and application of the treatment.

8.2 Tasks/treatment techniques which may be delegated to assistants

The assistant may undertake receptionist, clerical and housekeeping duties according to the requirements of the service subject to the processes and procedures specified by the registered practitioner. Such processes and procedures should be developed in accordance with acceptable standards of:

- patient safety
- quality assurance
- award conditions of employment
- occupational health, safety and welfare considerations

The assistant may supervise the safety of clients during treatment and examination. The registered practitioner must provide specific instructions for the assistant to act in an emergency while summoning assistance. In the event of the occurrence of pain, discomfort or unexpected change, the matter must be reported to the treating practitioner immediately.

The assistant may undertake non-treatment activities as required by the service, such as:

- escorting patients
- reception of patients
- preparing patients for occupational therapy and aiding dressing following treatment
- preparing and maintaining equipment required for treatment

The assistant may also assist the registered practitioner:

- preparing the consultation area
- generating and maintaining medical records
- with patient assessment, such as collection of demographic data.

OCCUPATIONAL THERAPY BOARD OF SOUTH AUSTRALIA

Investigation Process – Unprofessional Conduct/Fitness to Practice

1. INTRODUCTION

The Occupational Therapy Board of South Australia (“the Board”) is a statutory authority created by the **Occupational Therapy Practice Act 2005** (“the Act”).

The Board’s role is to protect the health and safety of the public and ensure the provision of the best possible occupational therapy care for the community. The Board has authority to investigate the **professional conduct and fitness to practise** of registered practitioners, and service providers and to impose sanctions where necessary.

Registered practitioner includes occupational therapists and occupational therapy students.

A service provider is a person (not being an occupational therapist) who provides occupational therapy through the instrumentality of an occupational therapist or occupational therapy student, but does not include an exempt provider.

Exempt provider means:

- a recognised hospital, incorporated health centre or private hospital within the meaning of the SA Health Commission Act 1976; or
- any other person declared by the Regulations to be an exempt provider (ie. University of South Australia).

2. ADMINISTRATIVE PROCESSES

In accordance with Section 14 of the Act:

“(1) *The functions of the Board are as follows ...*

- (g) *to establish administrative processes for handling complaints received against registered persons, occupational therapy services providers or persons who occupy positions of authority in corporate or trustee occupational therapy services providers (which may include processes under which the registered person, provider or person who occupies the position voluntarily enters into an undertaking);”*

and

“(4) *The administrative processes established by the Board for handling complaints received against registered persons, occupational therapy services providers or persons who occupy positions of authority in corporate or trustee occupational therapy services providers must be designed –*

- (a) *to be fair to both the aggrieved person and the respondent; and*
- (b) *to keep both the aggrieved person and the respondent properly informed about the steps taken by the Board in response to the complaint; and*
- (c) *to provide, where appropriate, opportunities for the clarification of any misapprehension or misunderstanding between the aggrieved person and the respondent; and*
- (d) *to keep both the aggrieved person and the respondent properly informed about the outcome of the processes; and*
- (e) *to take into account the needs of particular classes of persons who may otherwise suffer disadvantage in the conduct of those processes.”*

The Complaints Committee of the Board will endeavour to be fair to both parties and keep the parties properly informed about the process and outcomes. Should a notifier require any assistance in lodging a notification of complaint the staff of the Board are available to help.

3. **UNPROFESSIONAL CONDUCT**

There is proper cause for disciplinary action against a registered practitioner if the person is guilty of unprofessional conduct, or against a service provider if the provider has engaged in conduct that would, if the person were a registered person, constitute unprofessional conduct.

Unprofessional conduct is defined in the Act as including:

- “ (a) *improper or unethical conduct in relation to professional practice; and*
(b) *incompetence or negligence in relation to the provision of occupational therapy; and*
(c) *a contravention of or failure to comply with –*
 (i) *a provision of this Act; or*
 (ii) *a code of conduct or professional standard prepared or endorsed by the Board under this Act; and*
(d) *conduct that constitutes an offence punishable by imprisonment for 1 year or more under some other Act or law. ”*

A reference in the Act to unprofessional conduct extends to:

- (a) unprofessional conduct committed before the commencement of the Act; and
(b) unprofessional conduct committed within or outside South Australia or the Commonwealth.

A reference in the Act to “*engaging in conduct*” includes a reference to failing or refusing to engage in conduct.

In case law, unprofessional conduct includes conduct which may reasonably be held to violate, or to fall short of, to a substantial degree, the standard of professional conduct observed and approved by members of the profession of good repute and competency.

The Board has published a “Code of Professional Conduct & Practice” which practitioners and service providers are expected to comply with. A breach of the Code may lead to a complaint of unprofessional conduct being laid under the provisions of the Act. The Code may be downloaded from the Board’s website www.otrb.saboard.com.au under “Publications”.

4. **FITNESS TO PRACTICE (Fit and Proper)**

There is proper cause for disciplinary action against a registered practitioner if the person is, for any reason, no longer a fit and proper person to be registered on the appropriate Register, and against a service provider if the provider is, for any reason, not a fit and proper person to be a provider.

Fitness and propriety of a person relates to knowledge, competency, honesty, moral integrity, ability and character.

The Board uses the following case law as a guide to the meaning of the term "fit and proper":

Sobey v Commercial and Private Agents Board (1979)
22 SASR 70, at page 76 per Walters J:

"The issue whether an appellant has shown himself to be a fit and proper person within the meaning of section 16 (1) of the Act is not capable of being stated with any degree of precision. But for the purposes of the case under appeal, I think all that I need to say is that, in my opinion, what is meant by that expression is that an applicant must show not only that he is possessed of a requisite knowledge of the duties and responsibilities devolving upon him as the holder of a particular licence under the Act, but also that he is possessed of sufficient moral integrity and rectitude of character as to permit him to be safely accredited to the public, without further inquiry, as a person to be entrusted with the sort of work to which the licence entails. The burden clearly lay upon the appellant to satisfy the board of his fitness and propriety to hold the licences for which he applied."

Medical fitness of a practitioner is treated separately under the Act and an application to the Board to inquire into the matter can only be made by the Registrar, Minister or a representative body.

The Board must have regard to the question of whether the practitioner is able to provide occupational therapy personally to a client without endangering the client's health or safety.

5. NOTIFICATION OF A COMPLAINT/PRELIMINARY CONSIDERATION

Upon receipt of a Notification of Complaint it will be considered by the Board at its next scheduled meeting. The Board will refer the matter to the Registrar for preliminary consideration by the Complaints Committee.

The Complaints Committee comprises the Registrar and one or more Board members, or members of the profession appointed by the Board.

In the majority of cases the notification and attachments will be forwarded by registered mail to the practitioner or service provider seeking a response to the allegations. This response may then be forwarded to the notifier for a right of reply, and once received the matter will again be considered by the Complaints Committee. This process may take 1-3 months.

Note: Complaints made to the Board in good faith are covered by qualified privilege (which provides defence against proceedings for defamation) but complaints made maliciously and without regard to the truth are not.

6. INVESTIGATIONS

In accordance with Section 38 of the Act:

- " (1) *If there are reasonable grounds for suspecting –*
- (a) that there is proper cause for disciplinary action against a person; or*
 - (b) that an occupational therapist or occupational therapy student is medically unfit to provide occupational therapy, as the case may be; or*
 - (c) that a person is guilty of an offence against this Act,*
- an inspector may investigate the matter.*

- (2) *For the purposes of an investigation, an inspector may –*
- (a) *at any reasonable time, enter and inspect premises of a registered person or premises on which the inspector reasonably suspects an offence against this Act has been or is being committed; or*
 - (b) *with the authority of a warrant issued by a magistrate or in circumstances in which the inspector reasonably believes that immediate action is required, use reasonable force to break into or open any part of, or anything in or on any premises referred to in paragraph (a); or*
 - (c) *while on premises entered under paragraph (a) or (b), seize and retain anything found on the premises that the inspector reasonably believes may afford evidence relevant to the matters under investigation; or*
 - (d) *require any person who has possession of documents or records relevant to the matters under investigation to produce those documents or records for inspection, including written records that reproduce in a readily understandable form information kept by computer, microfilm or other process; or*
 - (e) *inspect any documents or records produced to the inspector and retain them for such reasonable period as the inspector thinks fit, and make copies of the records or documents; or*
 - (f) *require any person who is in a position to provide information relevant to the matters under investigation to answer any question put by the inspector in relation to those matters; or*
 - (g) *take photographs, film or video or audio recordings; or*
 - (h) *if the inspector reasonably suspects that an offence against this Act has been or is being committed, require the suspected offender to state his or her full name and address. ”*

The Registrar is an authorised Inspector. In addition, other appropriate persons may be authorised as Inspectors to investigate the complaint and the Board may utilise the Government Investigations Unit of the Attorney-General's Department, or private investigators.

The Complaints Committee will consider the inspector's report and if necessary obtain legal advice from the Crown Solicitor and advice from expert witnesses. If this is warranted the process may take 3-6 months.

The Registrar may, on the advice of the Complaints Committee or in his absolute discretion, at any time during, or after, the investigation determine that:

- (a) No further action be taken on the grounds that:
- the notification of complaint is frivolous*, vexatious* or has no merit;
 - there is insufficient evidence to substantiate laying a formal complaint of unprofessional conduct before the Board;
 - the subject matter of the complaint has been resolved to the satisfaction of the parties concerned and there is no proper or sufficient cause for disciplinary action.

(*Frivolous means "of little or no weight" or "lack of seriousness". *Vexatious means "causing annoyance" or "instituted without sufficient grounds".)

- (b) Whether or not the notification of complaint constitutes grounds for the taking of disciplinary action, the:
- notifier be invited to participate in an interview by the Complaints Committee to explain any misunderstandings that may have occurred;
 - practitioner or service provider be invited to participate in an interview by the Complaints Committee to discuss aspects of his/her professional practice that may be improved. These sessions are voluntary and designed to be educational in order to avoid further complaints being made;
 - the subject matter of the complaint may be determined as suitable for mediation and an independent mediator may be appointed;
 - practitioner or service provider voluntarily enter into an undertaking with the Board.
- (c) The practitioner be invited to undergo an examination by a specified health professional.
- (d) The practitioner be invited to participate in an assessment of their competence by an occupational therapist or competency review panel.
- (e) An inquiry be held into the conduct of the practitioner or service provider as detailed in a formal complaint to the Board lodged by the Registrar (or in some cases the Minister or a representative body declared by the Regulations).
- Note:**
- (i) All information given by the notifier, practitioner or service provider during the investigation or in any interview, mediation, health examination or competency assessment, may be used as evidence in subsequent disciplinary proceedings.
 - (ii) A practitioner's conduct during an investigation and level of assistance with the Board's complaint handling processes may be taken into account by the Registrar when determining whether grounds exist for disciplinary action.
 - (iii) Given that the role of the notifier is that of "informant" rather than "prosecutor" the notifier is not entitled to have access to the investigation documentation or minutes of the Board.
 - (iv) Complaints outside the jurisdiction of the Act, or complaints involving summary offences against the Act, are referred to the relevant authorities or to the Crown Solicitor's Office for investigation/prosecution.
 - (v) The Registrar/Complaints Committee has the discretion to determine the investigative process as it deems appropriate given the circumstances of individual matters.
 - (vi) Also refer to Part 4, Division 2 "Investigations" of the Act.

A flowchart of the investigation process is attached as Appendix I.

7. PROCEEDINGS BEFORE THE BOARD

Pursuant to Section 20 of the Act:

- “ (1) *In proceedings before the Board under this Act, the Board –*
- (a) *is not bound by the rules of evidence and may inform itself on any matter as it thinks fit; and*
 - (b) *must act according to equity, good conscience and the substantial merits of the case without regard to technicalities and legal forms.*
- (2) *In proceedings before the Board under this Act, the Board must keep the parties to the proceedings properly informed as to the progress and outcome of the proceedings. ”*

With respect to inquiries by the Board as to matters constituting grounds for disciplinary action, Section 42 of the Act states:

- “ (1) *A complaint setting out matters that are alleged to constitute grounds for disciplinary action against a person may be laid before the Board (in a manner and form approved by the Board) by—*
- (a) *the Registrar; or*
 - (b) *the Minister; or*
 - (c) *a representative body; or*
 - (d) *a person who is aggrieved by the conduct of the person or, if the person aggrieved is a child or is suffering from a mental or physical incapacity, by a person acting on his or her behalf.*
- (2) *If a complaint is laid under this section, the Board must inquire into the subject matter of the complaint unless the Board considers that the complaint is frivolous or vexatious.*
- (3) *If a complaint has been laid under this section by or on behalf of an aggrieved person and the Board is satisfied that the complaint arose from a misapprehension on the part of the complainant or from a misunderstanding between the parties, it may, before proceeding further with the hearing of the complaint, require the parties to attend before the Registrar in order to clarify the misapprehension or misunderstanding.*
- (4) *If, after conducting an inquiry under this section, the Board is satisfied on the balance of probabilities that there is proper cause for disciplinary action against the respondent, the Board may, by order, do 1 or more of the following:*
- (a) *censure the respondent;*
 - (b) *require the respondent to pay to the Board a fine not exceeding \$10 000;*

 - (i) *permanently; or*
 - (ii) *for a specified period; or*
 - (iii) *until the fulfilment of specified conditions; or*
 - (iv) *until further order;*
 - (b) *stipulate that an order relating to a person is to have effect at a specified future time and impose conditions as to the conduct of the person or the person's business until that time.*
- (6) *If—*
- (a) *a person has been found guilty of an offence; and*
 - (b) *the circumstances of the offence form, in whole or in part, the subject matter of the complaint,*
- the person is not liable to a fine under this section in respect of conduct giving rise to the offence.*
- (7) *The Board may—*

- (9) *The Board may, without further notice, remove from the appropriate register a person who fails to pay a fine imposed under this section. ”*

Usually counsel from the Crown Solicitor's Office will be appointed to represent the Registrar at the inquiry and the notifier's role will be that of witness. The registered practitioner or service provider the subject of the inquiry has the right to appear and be represented at the inquiry.

Section 19 of the Act relates to the powers of the Board in relation to witnesses.

Inquiries are held in private and the names of the notifier and witnesses are suppressed in any order or finding which is released by the Board. Depending on the complexity of the inquiry, a further 6-12 months may elapse.

Note: Also refer to Part 4, Division 3 "Proceedings before the Board" of the Act.

8. COMPLAINT DIRECTLY TO BOARD

It is open for a person who is aggrieved by the conduct of the practitioner or service provider (or if a child or a person suffering from mental or physical incapacity, by a person acting on his or her behalf) to lay a complaint directly to the Board, and the Board must inquire into the subject matter of the complaint unless the Board considers that the complaint is frivolous or vexatious.

Such an inquiry, if held, will be conducted by the aggrieved person or the person's representative (solicitor) at his/her own expense.

If the person does not prove the allegations of unprofessional conduct, the Board has the power to award costs against the person.

For these reasons, aggrieved persons are strongly urged to refrain from laying a formal complaint until the investigation process by the Board is completed and the Registrar has determined whether or not to lay a formal complaint before the Board.

9. COSTS

The Board as a regulatory and judicial body can recover its costs of investigation and proceedings before the Board, which can be quite substantial.

In accordance with Section 22 of the Act:

- “ (1) *The Board may award such costs against a party to proceedings before it as the Board considers just and reasonable.*
- (2) *A party who is dissatisfied with the amount of the costs awarded by the Board may request a Master of the District Court to tax the costs and, after taxing the costs, the Master may confirm or vary the amount of the costs awarded by the Board.*
- (3) *Costs awarded by the Board under this section may be recovered as a debt. ”*

It should be noted that the practitioner/service provider and the Registrar are parties to proceedings.

10. APPEALS

In accordance with Section 48 of the Act:

- “ (1) *An appeal lies to the District Court against –*
- (a) *a refusal by the Board to register, or reinstate the registration of, a person under this Act; or*
- (b) *the imposition by the Board of conditions on a person's registration under this Act; or*
- (c) *a decision made by the Board in proceedings under Part 4.*
- (2) *An appeal under subsection (1) (c) against a decision may be instituted by the complainant or the respondent in the proceedings in which the decision was made.*
- (3) *An appeal must be instituted within 1 month of the date of the decision appealed against. ”*

Note: Also refer to Part 5 “Appeals” of the Act.

11. PUBLICATION

CITY OF ADELAIDE

Dunn Street—One-Way Traffic Conditions

NOTICE is hereby given that the Adelaide City Council, at its meeting held on 11 February 2008, adopted the following resolution:

- (1) Pursuant to section 359 (1) of the Local Government Act 1934, as amended, all vehicles other than those so named in Column 3 shall be excluded from the road so named in Column 1 and described in Column 2:

Column 1 Street	Column 2 Location	Column 3 Class of Vehicles Exempt
Dunn Street	From the southern building alignment of Melbourne Street to the northern building alignment of Mackinnon Parade.	Any vehicle travelling in a southerly direction from Melbourne Street to Mackinnon Parade. Any vehicles owned or operated by or on behalf of the Adelaide City Council for the purposes of street cleaning and maintenance.

Purpose: The narrow width of the street combined with the current on-street parking arrangements and traffic volumes, makes it difficult to safely accommodate two-way traffic flow. Accordingly, one-way traffic conditions will be introduced and be operational by 11 March 2008. The scheme will be introduced as a trial for six months.

Further information can be obtained from Chris Dunn, Asset Management, telephone (08) 8203 7486 or email: c.dunn@adelaidecitycouncil.com.
