DEVELOPMENT ACT 1993

*Murray Bridge Residential and Racecourse Development
Plan Amendment Prepared by the Minister—
Draft for Public Consultation*

NOTICE is hereby given that the Minister for Urban Development and Planning, pursuant to sections 24 and 26 of the Development Act 1993, has prepared a draft Murray Bridge Residential and Racecourse Development Plan Amendment (DPA) to amend the Rural City of Murray Bridge Development Plan.

The draft DPA proposes to rezone approximately 853 hectares of land on the southern outskirts of the Murray Bridge township: 809 hectares of which are to be rezoned to a new Residential and Equine Recreation Zone and the remaining 44 hectares, located in the north-east corner of the affected area, to be rezoned as Rural Fringe. Both areas of land are currently zoned Primary Industry (Policy Area 15).

The intended development outcome is to relocate the existing Murray Bridge Racecourse to the new Residential and Equine Recreation Zone and to implement a master-planned development. The master plan details the establishment of an equine estate including horse training facilities, approximately 3 500 residential allotments, associated retail and community facilities, wetlands and open space.

The draft DPA will be on public consultation from 15 January 2009 to 12 March 2009.

Copies of the draft DPA are available during normal office hours at the Department of Planning and Local Government, Level 5, 136 North Terrace, Adelaide and at the Rural City of Murray Bridge Council Offices, 2 Seventh Street, Murray Bridge, S.A. 5253.

The DPA can also be viewed on the Internet at:

www.planning.sa.gov.au/go/murraybridgeracecourseDPA.

Written submissions regarding the draft DPA should be submitted no later than 5 p.m. on 12 March 2009. Submissions should be addressed to The Presiding Member, Development Policy Advisory Committee, Murray Bridge Residential and Racecourse Development Plan Amendment:

- Post: G.P.O. Box 1815, Adelaide, S.A. 5001
- Email: PLNSA.dpac@saugov.sa.gov.au

2. The applicant shall submit further information and application(s) in relation to the matters that have been reserved for further decision-making.

3. No building works on any part of the development shall commence until a favourable decision has been notified to the applicant by the Governor or the Governor's delegate in respect of those reserved matters referred to in subparagraph (i) in paragraph (a) of the Decision section above.

4. No construction activities or building works shall commence until a heritage survey has been completed to identify any Aboriginal Sites, Objects or Remains in the site area, and monitoring shall be undertaken during construction to enable the development to proceed without a breach of the Aboriginal Heritage Act 1988. Details of the applicant's Heritage Agreement and consultation with the Ngadjuri Heritage Association shall also be provided to the Development Assessment Commission and the Department of Aboriginal Affairs and Reconciliation prior to construction commencing.

5. Subject to conditions 3 and 4, the applicant may commence a stage of building works before receiving the Governor's decision concerning building rules compliance for other stages (refer reserved matter (i) in paragraph (a) of the Decision section above). No building works shall commence on a stage of the development, however, until a favourable decision in relation to building rules compliance in respect of that stage has been notified in writing to the applicant by the Governor or the Governor's delegate.

6. A decision on building rules compliance will only be made after a Building Rules assessment and certification has been undertaken and issued by the Barossa Council, or a private certifier, in accordance with the provisions of the Development Act 1993, and after the Minister for Urban Development and Planning receives a copy of all relevant certification documentation, as outlined in Regulation 64 of the Development Regulations 1993 (refer to 'Notes to Applicant' below for further information).

7. The management and monitoring of the pre-construction, construction and operational phases of the wine bottling and storage facility shall be undertaken in accordance with the Environmental Management and Monitoring Plan, prepared by Parsons Brinckerhoff on behalf of Beringer Blass Wine Estates Limited (Report No. 2102542A-04-0600-02), dated October 2004, and as amended by the letter from Nolan Rumsby Planners dated 23 November 2004.

8. The wastewater collection and treatment system shall be designed to ensure that the general obligations of the Environment Protection (Water Quality) Policy 2003 are met, and to ensure that effluent does not overflow or escape from drains, pipes, sumps, tanks, storage/treatment basins into any watercourse, or into stormwater drains which do not drain into the effluent collection, treatment and disposal system, except where the effluent complies with criteria in the above Policy.

9. In accordance with commitments by the applicant, wastewater shall not be stored in open storage ponds until it is first treated to reduce the potential for odours to occur.

10. The applicant shall ensure that stormwater, which does not comply with the Environment Protection (Water Quality) Policy 2003 criteria, is not discharged from the site without prior effective treatment.

11. Noise from the development shall be in accordance with the following:

Construction Activities—Mondays to Saturdays

- (a) not exceed 52 dB (A) between the hours of 7 a.m. and 10 p.m. measured and adjusted at the nearest existing residential property;

- (b) not exceed 45 dB (A) between the hours of 6 a.m. and 7 a.m. measured and adjusted at the nearest existing residential property;
- (c) shall be in accordance with the Environment Protection (Industrial Noise) Policy 1994;
- (d) site deliveries and other noisier construction activities shall be scheduled to minimise noise impacts;
- (e) all other aspects of construction activities shall be undertaken in accordance with the Environmental Management and Monitoring Plan.

Operation of the Development

- (a) shall not exceed 52 dB (A) between the hours of 7 a.m. and 10 p.m. measured and adjusted at the nearest existing residential property in accordance with the Environment Protection (Industrial Noise) Policy 1994;
- (b) shall not exceed 45 dB (A) between the hours of 10 p.m. and 7 a.m. measured and adjusted at the nearest existing residential property in accordance with the Environment Protection (Industrial Noise) Policy 1994;
- (c) a short term typical maximum noise level of 60 dB (A) when measured at the nearest existing residential property.

12. The proponent shall, within 12 months from the date of this notice and in accordance with the commitments given in the letter by the proponent dated 12 April 2006 and subject to obtaining the landowner's consent to access the land, supply and install two frost fans on the adjacent property located north of the proposed development site. Such fans are to be a 4 blade type as specified in the Acoustic Report in Appendix H of the Response Document and the fans shall be sited in accordance with the recommendations of the Frost Fan Report of Appendix I of the Development Report. If the landowner refuses access to the land or seeks to condition access in an unreasonable way that is not acceptable to the proponent, the proponent shall not be required to comply with the commitments in the letter dated 12 April 2006.

13. Landscaping of the site shall commence prior to construction of the proposed Major Development, and when established must be maintained in good health and condition at all times. A plant must be replaced if or when it dies or becomes seriously diseased within the first growing season after the plant dies or becomes seriously diseased.

14. In accordance with commitments by the applicant, building walls up to 3 m shall be clad in colorbond 'ironstone' (or similar), and walls above 3 m shall be clad in colorbond 'paperbark' (or similar).

15. All lighting shall be directed and shielded in such a way as to prevent glare from the site, and any lighting that is not in use for operational or security reasons shall be switched off.

16. In accordance with EPA recommendations, no trucks or heavy vehicles shall access the site from the portion of Light Pass Road, south of the access point for the proposed Major Development.

17. The temporary concrete batching plant for on-site construction activities and associated infrastructure shall be decommissioned and removed from the site no later than 1 August 2005.

18. The applicant shall, prior to the commencement of operations, prepare an Irrigation Management Plan to the satisfaction of the Environment Protection Authority to demonstrate that the proposed development will:

- (a) minimise the risk of polluting surface and groundwater resources by preventing excessive wastewater runoff or infiltration;
- (b) minimise soil degradation and damage to crops by using sustainable irrigation application rates, based on soil limitations (determined by a soil survey), crop requirements and limiting wastewater constituents;
- (c) prevent environmental nuisance by identifying wastewater pre-treatment requirements and employing suitable separation distances for irrigation;
- (d) prevent public and animal health impacts by using appropriate irrigation equipment and implementing training and awareness programs for staff;

- (e) maximise organic carbon, nutrient and salt removal by selecting suitable land, viable and tolerant crops and suitable cropping practices;
- (f) maintain a 50 m buffer between irrigation areas and the Council stormwater collection system.

19. The Irrigation Management Plan shall contain contingency measures for the disposal of any excess wastewater that cannot be irrigated during the winter periods.

20. The proponent must provide adequate safeguards or control provisions to prevent the escape or overflow of wastewater to the adjacent road arising from power failure, pump breakdown and pipe blockages, which could result in potential contamination of stormwater.

21. The proponent must ensure that:

- (a) any underground pipelines are marked clearly to prevent accidental damage; and
- (b) stormwater and wastewater drains are marked distinctly to prevent accident discharges to the stormwater detention dam.

22. The health centre shall be connected to an approved effluent disposal system.

23. The cladding and colours of the health centre shall match the existing buildings.

REMUNERATION TRIBUNAL**REPORT RELATING TO DETERMINATION NO. 1 OF 2009****1. INTRODUCTION**

- 1.1 In accordance with the provisions of the *Remuneration Act 1990*, the Remuneration Tribunal by letters dated 3 October 2008 invited those members of the judiciary and statutory office holders whose offices are listed under Section 13 of the Act, as well as those covered by relevant sections of the *Fair Work Act 1994* to make submissions in relation to the remuneration of members of the judiciary and those office holders. The Tribunal also invited the Minister to make submissions in the public interest.
- 1.2 On 10 October 2008 the following notice was published in The Advertiser newspaper.

**REMUNERATION TRIBUNAL
REVIEW OF REMUNERATION FOR MEMBERS OF THE JUDICIARY AND OTHER
STATUTORY OFFICERS**

Section 8(2) of the *Remuneration Act 1990* requires the Tribunal to sit at least once a year to review its previous determinations. Accordingly, the Tribunal is conducting a review of the salaries payable to members of the Judiciary and other Statutory Officers.

Interested persons, organisations and associations are invited to submit **in writing** any views they consider should be taken into account in the above review.

The closing date is **Friday 31 October 2008** and submissions should be forwarded to:

**The Secretary
Remuneration Tribunal
GPO Box 2343
ADELAIDE SA 5001**

Or alternatively submissions can be forwarded via the Tribunal's website:
www.remtribunal.sa.gov.au.

**Telephone (08) 8226 4007
Facsimile (08) 8226 2730**

2. SUBMISSIONS

- 2.1 The Tribunal received written submissions from:
- Justice Sulan, Acting Chair of the Judicial Remuneration Co-ordinating Committee (JRCC), on behalf of all the Justices and Masters of the Supreme Court, the Judges and Masters of the District Court, the Judges of the Industrial Relations Court, Stipendiary and Industrial Magistrates, the lay Deputy Presidents and Commissioners of the Industrial Relations Commission, the Commissioners of the Environment Resources and Development Court; the State Coroner, and the Deputy State Coroner.
 - Senior Judge, Youth Court, Stephen McEwen and Senior Judge, Environment Resources and Development Court, Christine Trenorden.
 - Hon Dr Bob Such MP.
 - The Crown Solicitors Office on behalf of the Minister in the public interest; and
 - A member of the public.

2.2 The Tribunal convened a hearing on the 2 December 2008 to hear oral submissions. The following attended and made submissions as appropriate:

- Justice Bleby, Judge Rice and Mr Mark Johns on behalf of the JRCC; and
- Mr Michael Wait on behalf of the Minister, in the public interest.

2.3 In summary, the JRCC submission detailed the background relating to increases being applied to Judicial Officers in other States. As a result the JRCC believed the Tribunal should set rates of pay in South Australia that were level with or exceeded that determined in the Commonwealth jurisdiction. Other reasons for seeking this were:

- There was an emerging system of national professional regulations that had been passed in all states except SA.
- Judicial exchanges being encouraged interstate.
- Cross vesting jurisdictional ability conferred on each State through legislation.
- SA had an operative date in November as opposed to July for most other states.
- WA seemingly justified a 2% margin to take account of the 'timing' of their increase.
- The need for attraction and retention of suitably qualified persons.
- The SA Puisne Judge had a greater range of duties than their counterparts in other States due to their appellate role.
- Total remuneration in SA was deficient to other States taking into account non-salary elements.

2.4 The JRCC also submitted that further consideration must be given to the judicial officers within the District Court, as the JRCC did not accept the current relativities of approximately 88.2% as appropriate. The JRCC stated that the District Court Judges in South Australia had the widest jurisdiction of any intermediate trial court in Australia while the relativities for their counterparts in New South Wales, Western Australia and Queensland was 90%.

2.5 Mr Wait presented submissions on behalf of the Minister. He discussed relevant factors that the Tribunal has previously considered when making judicial determinations, including comparison of State, Territory and Federal judicial salaries; South Australia's economic circumstances and particular note of the extent to which judicial salaries have moved significantly ahead of the average weekly earning in South Australia. He submitted that, *"having regard to the economic factors, and the fact that the salary increase for South Australian Public Sector Executives will not exceed 3.5%, that any increases to judicial salaries should not exceed 3.5% "*.

2.6 In considering the written submission from the Senior Judges of the Youth Court and Environment Resources and Development Court, the Tribunal noted that the two positions titled as 'Senior' undertook additional administrative and managerial duties in their respective Courts. Views of the Minister were sought and received informing the Tribunal of the additional responsibilities and duties and submitting that a loading for additional administrative duties would be appropriate. The Tribunal determined that a loading was appropriate on the same basis as that received by Magistrates undertaking additional administrative duties.

3. **COMPARISON OF FEDERAL, STATE AND TERRITORY JUDICIAL SALARIES**

3.1 As in previous reviews the Tribunal examined the Federal and other State and Territory judicial salaries relevant to the office of Puisne Judge.

3.2 The Tribunal is advised that the present relevant judicial salaries (for the Puisne Judges in States and Territories) are as follows:

COURT/STATE/TERRITORY	SALARY	OPERATIVE DATE
Queensland	\$333,660	1.7.2008
Commonwealth - Federal & Family Court	\$333,660	1.7.2008
Australian Capital Territory	\$333,660	1.7.2008
Victoria – Supreme Court	\$333,660	1.7.2008
New South Wales	\$333,630	1.10.2008
Northern Territory	\$333,660	1.7.2008
Western Australia	\$351,717	1.1.2009
Tasmania	\$326,871	1.7.2008
South Australia	\$319,000	1.11.2007

4. SOUTH AUSTRALIAN ECONOMIC CIRCUMSTANCES

4.1 The submission on behalf of the Minister provided the following statistical data:

- The IMF World Economic Outlook projected substantial slowing in economic growth into 2009. This slow growth would impact Australia with growth forecasts down to 2% and predicted unemployment to rise.
- Through the year to the September quarter 2008, wages growth as measured by the Labour Price Index in South Australia was 3.9%;
- Since 1998 judicial salaries have risen by 69% as compared with 37% growth in South Australian hourly rates of pay and 31% growth in the Adelaide CPI;
- The Australian Bureau of Statistics Survey of Average Weekly Earnings shows that on average for the year August 2008 to average weekly ordinary time earnings for full time adult employees were 6.7% lower in South Australia compared nationally.

4.2 Justice Bleby submitted a number of statistical documents from the Australian Bureau of Statistics to highlight that many of the statistics used in the submission on behalf of the Minister were inappropriate and not relevant to the position of Judicial Officers. Particular reference was also made to average public sector weekly earnings having increased over the last 12 months in South Australia by 5.7%. In addition reference was made to Government economic indicators offering projections and predictions, many of which still predicted growth but at a reduced rate.

4.3 At the conclusion of the hearing further information was requested and supplied by both the JRCC and Crown Solicitors Office on behalf of the Minister, the comments contained within were noted by the Tribunal as providing assistance in their deliberations.

5. PUBLIC SUBMISSIONS

5.1 One public submission was received, along with a submission from a State MP, but these provided little assistance to the Tribunal in determining appropriate remuneration for the judiciary.

7. COMMUNICATION ALLOWANCE

7.1 The Communication Allowance for members of the Judiciary, members of the Industrial Relations Commission, the State Coroner, and Commissioners of the Environment, Resources and Development Court are currently prescribed in Determination No. 4 of 2008. These allowances will remain unaffected by this Determination.

8. CONVEYANCE ALLOWANCE

8.1 Conveyance Allowances for Judges, Statutory Officers and Court Officers are currently prescribed in Determination No. 5 of 2008. These allowances were last adjusted in April 2008 and will remain unaffected by this Determination.

9. TRAVELLING AND ACCOMMODATION ALLOWANCES

- 9.1 Travelling and Accommodation Allowances for Judges, Statutory Officers and Court Officers are currently prescribed in Determination No. 2 of 2008. These allowances were adjusted in May 2008 and will remain unaffected by this Determination.

10. OPERATIVE DATE

- 10.1 The JRCC submitted that the date of operation for the determination should be 1 July 2008, whilst the Minister submitted that against the background of the requirement for an annual review as set out in Section 8(2) of the *Remuneration Act 1990* it is reasonable that the 2008 Determination have an operative date of no earlier than the first pay period commencing on or after 1 November 2008.
- 10.2 In all the circumstances the Tribunal was not persuaded to change its current practice regarding operative date.

11. DETERMINATION

- 11.1 Having regard to all the submissions and material put to the Tribunal, including those concerning State and Federal comparisons, attraction and retention, economic factors and operative date, the Tribunal has determined that the salary of the Puisne Judge of the Supreme Court will be \$332,800 per annum operative from 1 November 2008. In this regard the Tribunal reiterates that its past approach of setting salaries in a "national framework" continues to be appropriate and in the public interest.
- 11.2 In relation to the submissions from Senior Judge, Youth Court, and Senior Judge, Environment Resources and Development Court, the Tribunal determined that a Judge who is appointed as 'Senior' within the respective Court and who undertakes additional administrative duties in that capacity is to be paid an allowance at the rate of \$8270 per annum for as long as the additional duties are performed.
- 11.3 In relation to comments made by the JRCC and Crown Solicitors Office on behalf of the Minister, the Tribunal will, as required by s,101(1) of the Fair Work Act 1994, continue to have due regard to State wage fixing principles and as it deems appropriate apply and give effect to such principles in future determinations.
- 11.4 The salaries of all other judicial officers and statutory office holders listed in the Determination have also been increased from the same date and to the annual amounts shown in the Determination.

REMUNERATION TRIBUNAL**REPORT RELATING TO DETERMINATION NO. 2 OF 2009****1. INTRODUCTION**

1.1 In accordance with the provisions of the *Remuneration Act 1990*, the Remuneration Tribunal by letters dated 10 November 2008 invited the office holders of the statutory positions of Auditor-General, Electoral Commissioner, Deputy Electoral Commissioner, Employee Ombudsman, Health and Community Services Complaints Commissioner to make submissions in relation to the remuneration of those offices. The Tribunal also invited the Minister to make submissions in the public interest.

1.2 On 14 November 2008 the following notice was published in The Advertiser newspaper:

REMUNERATION TRIBUNAL**REVIEW OF SALARIES FOR STATUTORY OFFICE HOLDERS**

Section 8(2) of the *Remuneration Act 1990* requires the Tribunal to sit at least once in each year to review its previous determinations. Accordingly, the Tribunal is conducting a review of the determination incorporating the salaries payable to the following statutory office holders:

- . Auditor-General;
- . Electoral Commissioner;
- . Deputy Electoral Commissioner;
- . Employee Ombudsman; and
- . Health and Community Services Complaints Commissioner

Interested persons, organisations and associations are invited to submit in writing any views they consider should be taken into account in the above review.

The closing date is **5 December 2008** and submissions should be forwarded to:

The Secretary
Remuneration Tribunal
GPO Box 2343
ADELAIDE SA 5001

Or alternatively submissions can be forwarded via the Tribunal's website:
www.remtribunal.sa.gov.au

Telephone: (08) 8226 4007
Facsimile: (08) 8226 2730

1.3 The Tribunal received written submissions from the Minister, the Health and Community Services Complaints Commissioner, the Auditor-General, the Employee Ombudsman, a joint written submission from the Electoral Commissioner and Deputy Electoral Commissioner, the Hon Dr Bob Such M.P. and a member of the public.

1.4 The Minister made the same submission in respect of all of the offices covered by this report. In doing so the Minister submitted, "A salary increase should be granted to Statutory Office Holders (being the Auditor-General, Electoral Commissioner, Deputy Electoral Commissioner, Employee Ombudsman and Health and Community Services Complaints

Commissioner) that is generally consistent with movements in Public Sector Executive remuneration in 2008 in public sector Executive remuneration in particular, and in the public sector generally.

Given that Government is yet to determine the salary increase that will apply to public sector Executives for 2008 and in view of the importance of the executive increase, the Tribunal is requested to defer its decision until such time as the executive increase is known or otherwise enable that information to be provided once known.

In the alternative, the Tribunal, in determining the salary outcomes for Statutory Office Holders, should have regard to the economic indicia outlined in the Minister's submission and the salary increase of 3.5% applicable to public sector salaried employees immediately below the executive level, together with information about the public sector Executive level increase for 2008 when it becomes known".

- 1.5 In previous submissions the Minister has submitted, *"given the nature and status of the Statutory Offices, it is in the public interest that the salaries for these officers keep pace with, but do not significantly exceed, increases applicable to other public sector positions of similar status"*.
- 1.6 Further to the information provided on behalf of Government the Tribunal was subsequently advised that 3.5% increases for public sector Executive level employees had been approved by Cabinet. The increases applied from 1 July 2008.

2. AUDITOR-GENERAL

- 2.1 The remuneration for the Office of Auditor-General was last determined in Determination No. 8 of 2007 operative from 1 July 2007. The current salary is \$252,800 per annum.
- 2.2 The Auditor-General advised he did not wish to make an oral submission.
- 2.3 After reviewing previous Tribunal Determinations and the submissions received during this review the Tribunal has determined that the salary for the Office of Auditor-General will be \$264,020 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

3. ELECTORAL COMMISSIONER

- 3.1 The remuneration of the Office of Electoral Commissioner was last determined in Determination No. 8 of 2007 operative from 1 July 2007. The current salary is \$147,000 per annum.
- 3.2 The Electoral Commissioner and Deputy Electoral Commissioner submitted that they administered one of the most complex electoral programs within Australia. In addition it was submitted that *"the Tribunal has made judgements on a number of work value changes and determinations in respect of salaries, but it is our submission that the process has neither given sufficient regard to the scope of previous changes nor kept pace with other market forces"*.
- 3.3 In summary the Electoral Commissioner and Deputy Electoral Commissioner submitted that they should receive the same increases paid to public sector Executives and other Statutory Officers.
- 3.4 The Tribunal has had regard to the submission made and has determined the salary for the Office of Electoral Commissioner will be \$153,520 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

4. **DEPUTY ELECTORAL COMMISSIONER**

- 4.1 The remuneration of the Office of Deputy Electoral Commissioner was last determined in Determination No. 8 of 2007 operative from 1 July 2007. The current salary is \$107,500 per annum.
- 4.2 As previously stated, the Electoral Commissioner and the Deputy Electoral Commissioner made a joint submission as briefly outlined at clause 3.2 above.
- 4.3 As was the case with the Electoral Commissioner, the Tribunal had regard to the submissions made and in doing so has determined the salary for the Office of Deputy Electoral Commissioner will be \$112,270 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

5. **EMPLOYEE OMBUDSMAN**

- 5.1 The remuneration for the Office of Employee Ombudsman was last determined in Determination No. 8 of 2007 operative from 1 July 2007. The salary is currently \$109,800 per annum.
- 5.2 The Employee Ombudsman submitted that as a result of the amendment to the *Fair Work Act 1994* ("the Act") the Employee Ombudsman is now considered a 'peak entity', as this term is defined at s4 therein, and as such now has substantive additional duties relating to law reform, policy and economic analysis.
- 5.3 In addition the Employee Ombudsman submitted that due to the substantive additional duties, reference to similar positions in South Australia (including the broad background of pay levels of the Executive structure) and interstate should be made.
- 5.4 Having regard for the submissions made the Tribunal has determined that the salary for this Office will be \$114,670 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

6. **HEALTH AND COMMUNITY SERVICES COMPLAINTS COMMISSIONER**

- 6.1 The remuneration of the Health and Community Services Complaints Commissioner (HCSCC) was first determined in Determination No. 8 of 2007 operative from 1 July 2007. The current salary is \$169,100 per annum.
- 6.2 Written submissions were received from the HCSCC who also provided a verbal submission to the Tribunal. It was submitted that in 2008 the remuneration for SA Ombudsman was increased, without a work value assessment, to an annual salary applicable to a Stipendiary Magistrate of \$223,350. Prior to this it was believed the relativity between the two positions was that the HCSCC received 90% of the salary of the SA Ombudsman. The HCSCC added that the work value principles needed to be upheld otherwise there were negative implications in the possible widening of the gender gap. The HCSCC believed the handling of the Ombudsman's remuneration questioned the principles of scrutiny, explicitness and visibility. In noting the submission the Tribunal have addressed this matter in greater detail under paragraph 7 below.
- 6.3 The Tribunal has considered the submissions made and has determined that the salary for this Office will be \$176,600 per annum. Telephone rental and calls allowance for this Office will remain unaffected by this Determination.

7. REMUNERATION OF THE OMBUDSMAN AND GENERAL WORK VALUE IMPLICATIONS

- 7.1 The Tribunal in the past has determined the remuneration for the Ombudsman. The South Australian Government Gazette published on 30 October 2008 removed the Ombudsman from the jurisdiction of the Tribunal. This was undertaken without advice to or consultation with the Tribunal.
- 7.2 The Tribunal requested information from Government on the reasons for this change. Whilst the Tribunal had not been able to obtain such information, it was concerned that the implied reasons for the change was an inability to recruit a sufficiently qualified candidate at the rate of remuneration provided for the Ombudsman in the Tribunal's then current determination.
- 7.3 In light of:
- the previous linkage in remuneration between the Ombudsman and other Statutory Officers;
 - the basis behind the position of the Ombudsman being taken out of the Tribunal's jurisdiction and remuneration being set at the level of Stipendiary Magistrate; and
 - continued submissions by Statutory Office Holders regarding changes in work value and by reference to the new remuneration of the Ombudsman.
- the Tribunal intends in 2009 to initiate a comprehensive independent review and evaluation of the positions within its jurisdiction.

8. CONCLUSION

- 8.1 Salaries determined herein will operate from 1 July 2008.

Hedley R Bachmann
PRESIDENT

Dated 9 January 2009.
