 - (b) ensuring that the parties are fully informed of the possible consequences of taking the proceedings further; and
 - (c) if the proceedings are to progress further and the parties are involved in 2 or more sets of proceedings under the Act, exploring the possibility of hearing and determining some or all of the proceedings concurrently.
- (15) If a respondent is a body corporate, or the State of South Australia, or the Commissioner for Public Employment, it shall be represented at the conference by a duly authorised employee or officer who is familiar with the matters in issue and who has the authority to bind the respondent to any agreement.
- (16) The Member presiding at the conference will determine the manner in which the proceedings are to be conducted and in so doing may give directions as to the conduct of the parties and their representatives. The Member may also adjourn the conference to other times and places as the needs of the matter require.
- (17) Nothing said or done at the conference by either party or any other person attending is admissible on the hearing of the trial except by the consent of the parties.

- (18) If the conference resolves the matters in issue between the parties, the member presiding may record the terms of settlement or require the parties to record the terms of settlement. Such agreed terms of settlement will be binding on the parties but will not be an order of the Court unless an Industrial Magistrate, or another member of the Court, records the agreement as an order.
- (19) If the claim is not discontinued or settled and the Member considers that further conciliation would not be appropriate, then the Member will conclude the conference.
- (20) Before, or not more than 3 business days after the conclusion of the conference, the Member must prepare a memorandum to the parties;
 - (a) which will include a preliminary assessment of the merits of the claim (or, if there is more than 1 claim, of each claim) and any defence of the claim (or claims); and
 - (b) recommending to the parties how best to proceed to resolution of the questions in issue between them (or, if in the Member's opinion the application patently lacks merit, recommending that the claim be withdrawn), and forward it to the parties, provided that any memorandum so prepared is subject to sub-rule (17).
- (21) As soon as practicable after the issue of the memorandum by the Member pursuant to sub-rule (20), the Member will, in consultation with the relevant Member of the Court, give notice in the form approved by the President and Senior Judge, published by Practice Direction from time to time, to the parties of a directions hearing at which the Court may make such orders as are necessary with respect to the hearing including:
 - (a) An order requiring the applicant to provide better particulars concerning the claim or claims.
 - (b) An order that the respondent provide better particulars of the grounds for dispute of the claim or claims.
 - (c) An order requiring the respondent to confirm the basis of any jurisdictional challenge to the claim being heard and determined, a copy of which shall be filed in the Registry.
 - (d) An order that either or both parties provide discovery in accordance with Rule 25.
 - (e) Any other order that the Court thinks fit.
- (22) Nothing in this rule shall prevent the Court making such procedural and interlocutory orders as are reasonable for the effective conduct of proceedings.
- (23) Subject to the holding of a conference in accordance with Section 155B of the Act, nothing in this rule shall derogate from the power of the Senior Judge to direct that the claim be heard by the Court forthwith or at some other time.

- (24) A breach of either the terms of a memorandum to which sub-rule (18) applies or any other written agreement reached between the parties in consequence of the Section 155B conference will allow the aggrieved party to approach the Court for further and other relief by lodging an Application for Directions.
- (25) Nothing in this rule will prevent the Court from waiving compliance with the Rules or making directions for the processing of a claim in a matter not contemplated in the relevant rule where the circumstances warrant.

RULE THIRTY FIVE A—REVIEW OF COMPLIANCE NOTICES

 - (2) On filing of an application for review, the Registrar shall set the matter down for a directions hearing before the Court and shall endorse the date and time of the directions hearing on the application.
 - (3) Unless otherwise directed by the Senior Judge, the Registrar must provide a copy of the application endorsed with the date and time of the application to the inspector who issued the notice by any means contemplated by Rule 13.
 - (4) At the directions hearing the Court may:

Guidelines
for Nurses and Midwives in
South Australia

The Nursing and Midwifery Board of South Australia (**nmbSA**) Continuing Education or Training Guidelines for Nurses and Midwives in South Australia: The Guidelines were endorsed by the Nursing and Midwifery Board of South Australia on 5 March 2010 and implemented for all nurses and midwives in South Australia from 22 April 2010.

Preamble

The primary role of the Nursing and Midwifery Board of South Australia (**nmbSA**) is to protect the health and safety of the public of South Australia through the provision of nursing and midwifery care for the purpose of achieving and maintaining high professional standards both of competence and conduct by nurses, midwives, students and services providers.

nmbSA safeguards the interests of the community by determining the scope of nursing and midwifery practice, endorsing professional codes, standards, guidelines and tools.

nmbSA guidelines provide the nursing and midwifery professions with a regulatory perspective that guide the development of organisational policy and assist nurses and midwives to understand their professional obligation in relation to specific aspects of nursing or midwifery practice.

Purpose

The Board is required to prepare or endorse guidelines on continuing education or training for nurses and midwives pursuant to section 14 (1) (f) of the *Nursing and Midwifery Practice Act 2008*. The **nmbSA Continuing Education or Training Guidelines for Nurses and Midwives in South Australia** is intended to be used in conjunction with the continuing professional development component of the ANMC Continuing Competence Framework (2009).

Background

Nurses and midwives authorised to practise in Australia have a professional responsibility to ensure that they are competent to practise. There will be a requirement for registrants to demonstrate that they have participated in a continuing professional development program as approved by their national board under the National Registration and Accreditation Scheme. The Nursing and Midwifery Board of Australia (NMBA) have developed a Continuing Professional Development Standard which is awaiting approval from Ministerial Council. The Australian Nursing and Midwifery Council (ANMC) have developed and endorsed a national Continuing Competence Framework in February 2009. This Framework was endorsed by the Nursing and Midwifery Board of South Australia (the Board) in November 2009.

The ANMC Continuing Competence Framework (2009) is a structure that assists nurses and midwives to evaluate their practice against relevant ANMC competency standards and identify practice development needs for maintaining continued competence. In accordance with this framework, nurses and midwives are required to maintain a portfolio containing evidence pertaining to the following three components that demonstrate ongoing competence to practise:

- Assessment of practice.
- Continuing professional development.
- Recency of practice.

All components of the Framework are required in order for nurses and midwives to be eligible for renewal of registration, enrolment and endorsement.

An annual random continuing competence audit of 2% of nurses and midwives will be conducted by **nmbSA**. The audit will include a review of compliance with the ANMC Continuing Competence Framework requirements.

Definition

Continuing education is a generic term for any program of study or learning activities undertaken beyond post registration education. The term continuing professional development refers to educational learning activities including components of continuing education that professionals undertake to maintain and enhance knowledge and skills pertaining to their area of practice.

For the purpose of the **nmbSA Guidelines on Continuing Education or Training for Nurses and Midwives in South Australia**, the terms continuing education and continuing professional development are used interchangeably and encompass an emphasis on active, planned learning activities that enable nurses and midwives to meet continuing competence requirements in line with the continuing professional development component of the ANMC Continuing Competence Framework.

Continuing Education Principles

The continuing education or training of nurses and midwives involves registered nurses (including nurse practitioners), registered midwives, and enrolled nurses as individuals, their employers and professional education providers. Continuing education is a necessary part of contemporary practice and practice improvement for nurses and midwives.

Continuing education is a career long responsibility that provides a means for nurses and midwives to:

- capture, recognise, demonstrate, and communicate existing skills and knowledge;
- continuously learn new knowledge and/or skills as well as enable new forms of practice that make a difference to health outcomes;
- build their individual expertise for the purposes of improving person centred care (by self or others) and professional practice;
- maintain their competence to practise in relation to their context, scope of practice, and the relevant standards under which they gain and retain their licence to practise (ANMC Continuing Competence Framework Feb 2009); and
- contribute to the knowledge, ideas, and collaborative work that determine the effectiveness and value of nursing and midwifery to health care and the health system.

Nurses and Midwives Responsibilities

Participation in continuing education or training requires the nurse or midwife to:

- self-evaluate the level of skill and knowledge and the learning needs:
 - o against the current and identified ongoing requirements of their role, needs of their employing organisation and professional standards; and
 - o in consultation and collaboration with relevant others so that organisational needs and individual needs are integrated in the planning for purposeful continuing education, to achieve improved professional practice and improved health care outcomes;
- access information about organisational support for learning and change including identifying relevant continuing educational opportunities provided within or outside the organisation;
- seek advice or assistance about external opportunities for supported professional development through funds or scholarships from professional organisations or government bodies;
- assess each learning activity to determine its suitability; and
- maintain a record of continuing education that demonstrates achievement of continuing competence standards.

In considering a professional development activity nurses and midwives may assess the learning activity against the following criteria:

- Is learning activity appropriate to the practice context taking into consideration personal, professional or organisational capacity, resources and support to undertake this learning activity?
- Does the learning activity incorporate (uses, references or links) current research or other forms of evidence to support best practice?
- Is the learning activity designed and delivered at an educational standard that has the potential to improve learning and professional practice?

Employer Responsibilities

Employers are responsible for providing opportunities and incentives for learning that can be translated to practice through organisational support and practice change. The employer is expected to provide:

- practice environments which accept and promote education, change and innovation;

- support for nurses and midwives, particularly the learning needs of those new to the workforce, following extended absences, major changes to practice context, international employees and graduates;
- planned, accessible learning activities in all practice contexts; and
- a clinical climate where inter-professional education and team work is encouraged.

**TREASURER'S
QUARTERLY STATEMENT**

for the

**THREE MONTHS ended on
30 SEPTEMBER 2009 and 30 SEPTEMBER 2008**

*Presented by the
Honourable Kevin Foley MP
Treasurer of South Australia*

GOVERNMENT OF SOUTH AUSTRALIA**COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS
ENDED 30 SEPTEMBER 2009 AND 30 SEPTEMBER 2008*****Receipts****Taxation*

The increase in land tax collections between September quarter 2008 and September quarter 2009 reflects growth in land values and the timing of land tax collections. September quarter land tax receipts are typically low relative to the full year estimate, as they mainly comprise the final instalment of the previous year's land tax assessment for taxpayers who choose to pay in quarterly instalments. Taxpayers who pay annually mainly pay a single amount in either the December or March quarters.

Payroll tax receipts for the September quarter 2009 were lower than the September quarter 2008 reflecting the reduction in the payroll tax rate from 5.00% to 4.95% and the increase in the tax-free threshold from \$552 000 to \$600 000, both of which took effect from 1 July 2009, as well as more subdued levels of employer payrolls.

Higher levels of stamp duty receipts in the September quarter 2009 compared to the same period a year ago mainly reflect an increase in property market activity compared to the corresponding period in 2008. Property sales have been impacted by the temporary First Home Owners Boost made available by the Commonwealth Government which was not available in the corresponding period in 2008-09 (the Boost is available to eligible first home buyers for first home purchases made between 14 October 2008 and 31 December 2009).

Gambling taxation receipts for the September quarter 2009 were higher than for the same period in 2008-09 reflecting higher gaming machine expenditure in hotels and clubs.

Fees and charges

Lower levels of fees and charges receipts in the September quarter 2009 compared to the same period a year ago mainly reflect lower receipts from infringement notices.

Royalties

The decrease in royalty receipts between September quarter 2008 and September quarter 2009 mainly reflects lower prices for petroleum and minerals compared to prices for the September quarter 2008.

Commonwealth – General Purpose Grants

Growth in general purpose grants between the first quarter of 2009-10 and the corresponding quarter for 2008-09 is not indicative of underlying Goods and Services Tax (GST) revenue growth. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government at the commencement of a financial year rather than in accordance with the actual emerging monthly GST collections. Adjustments to reflect actual GST collections are normally made later in the financial year.

Commonwealth – Specific Purpose Grants

Specific purpose grants for the September quarter 2009 are significantly higher than the corresponding period in 2008 reflecting revised Commonwealth-State funding arrangements agreed to at the November 2008 meeting of the Council of Australian Governments. Revised arrangements took effect from 1 January 2009 and provide for Specific Purpose Payments to be made to the Treasuries of each State and Territory rather than the relevant line agencies as was the case under the previous arrangements.

Payments

Payments were made pursuant to the *Supply Act 2009*, for the period from 1 July 2009 to 22 July 2009, until assent was given to the *Appropriation Act 2009* on 23 July 2009 and also in accordance with various other Acts for which specific appropriation has been authorised.

Payments made from the Consolidated Account during the first quarter of 2009-10 were higher than the same period in 2008-09.

The increase in the level of payments for the first quarter is a result of higher budgeted appropriation for 2009-10 which also now includes the COAG Specific Purpose Payments (SPP). During the September quarter 2009, \$365 million appropriation was disbursed to agencies in respect to SPP's.

Other contributing factors to the higher level of payments for the September quarter 2009 were:

- One-off payments required to be made in the first quarter; and
- Additional disbursements to agency special deposit accounts currently being held as cash to meet expenses in later quarters.

Note

Considerable caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. In addition, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, it should be noted that the timing of receipts and payments could be volatile within a particular year. As a result, apparently significant movements between years may only be due to changes in the timing of receipts and payments, and therefore may not have implications for the underlying budget position.

QUARTERLY STATEMENT**

for the

**THREE MONTHS ended on
31 DECEMBER 2009 and 31 DECEMBER 2008**

*Presented by the
Honourable Kevin Foley MP
Treasurer of South Australia*

GOVERNMENT OF SOUTH AUSTRALIA**COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE PERIODS ENDED
31 DECEMBER 2009 AND 31 DECEMBER 2008*****Receipts****Taxation*

The increase in land tax collections between the December quarter 2008 and the December quarter 2009 relates mainly to the timing of land tax payments by the South Australian Housing Trust, which paid its liability in the December quarter 2009. In the previous financial year, the Housing Trust paid its land tax liability of \$149.2 million in the March quarter.

Payroll tax receipts for the six months to December 2009 are lower than the same period a year ago reflecting the reduction in the payroll tax rate from 5.00% to 4.95% and the increase in the tax-free threshold from \$552 000 to \$600 000, both of which came into effect from 1 July 2009, as well as more subdued levels of employer payrolls.

Higher levels of stamp duty receipts in the first six months of 2009-10 compared to the previous year mainly reflect an increase in property market activity compared to the corresponding period in 2008, buoyed by the temporary First Home Owners Boost made available by the Commonwealth Government. The Boost was available to eligible first home buyers for first home purchases made between 14 October 2008 and 31 December 2009.

Gambling taxation receipts were nominally higher in the first six months of 2009-10 than for the same period in 2008-09 reflecting a small increase in gaming machine expenditure in hotels and clubs.

Fees and charges

Higher levels of fees and charges receipts in the December quarter 2009 compared to the same period a year ago mainly reflect higher receipts from guarantee fees and higher collections from land services fees.

Royalties

The decrease in royalty receipts between the six months to December 2009 and the same period a year ago relates mainly to lower royalty revenue from Olympic Dam that resulted from unplanned production shortfalls and lower copper and uranium prices, and lower oil prices and volume of production in the Cooper Basin.

Commonwealth – General Purpose Grants

The reduction in General Purpose Grants in the first six months of 2009-10 compared with the corresponding six months for 2008-09 is not indicative of a fall in underlying Goods and Services Tax (GST) revenue growth between the years. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government at the commencement of a financial year rather than in accordance with the actual emerging monthly GST collections.

In the Commonwealth's *2009-10 Mid-Year Economic and Fiscal Outlook*, the Commonwealth Government assumed the GST Pool would grow by 2.7% in 2009-10.

Commonwealth – Specific Purpose Grants

Specific purpose grants for the December quarter 2009 are significantly higher than the corresponding period in 2008 reflecting revised Commonwealth-State funding arrangements agreed to at the November 2008 meeting of the Council of Australian Governments. Revised arrangements took effect from 1 January 2009 and provide for Specific Purpose Payments to be made to the Treasuries of each State and Territory rather than the relevant line agencies as was the case under the previous arrangements.

Other receipts

Other receipts are \$48 million lower compared to the same period a year ago. This was mainly due to lower return of interest on investments.

Payments

Payments were made pursuant to the *Appropriation Act 2009* and also in accordance with various other Acts for which specific appropriation has been authorised.

Payments made from the Consolidated Account during the first half of 2009-10 were higher than the same period in 2008-09.

The increase in the level of payments for the first half 2009-10 is a result of higher budgeted appropriation for 2009-10 which also now includes the COAG Specific Purpose Payments (SPP's). During the first half of 2009-10, \$730 million appropriation was disbursed to agencies in respect to SPP's.

Other contributing factors to the higher level of payments for the first half of 2009-10 were:

- One-off payments required to be made in the first six months; and
- Additional disbursements to agency special deposit accounts currently being held as cash to meet expenses in later quarters.

Note

Considerable caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. In addition, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, it should be noted that the timing of receipts and payments could be volatile within a particular year. As a result, apparently significant movements between years may only be due to changes in the timing of receipts and payments, and therefore may not have implications for the underlying budget position.
