Applications

Applications for the award of a permit over Areas S10-1 and S10-2 are required to be made in the approved manner, submitted in duplicate and should be accompanied by:

(a) Details of:

(i) Technical Assessment

The applicant's technical assessment of the petroleum potential of the area, including the concepts underlying its proposed exploration work program, with sufficient detail to support that program. A sound technical assessment would include an assessment of relevant data and support the amount of seismic surveying and the number and conceptual targets of wells to be drilled.

(ii) Minimum Guaranteed Work Program

The applicant's minimum guaranteed proposal (including indicative minimum expenditure in Australian Dollars) should include exploration wells to be drilled, seismic and other surveying activities (specifying the survey technique), data evaluation and other work within the permit area, for each year of the first three years of the permit term.

Pre-purchase of existing non-exclusive data cannot form part of the work program (but any interpretation of that data included in the technical assessment will be taken into account in assessing the relative merits of the work program proposed). Such data proposed to be purchased after the award of a permit may form part of the work program provided that it does not disadvantage a competitor who purchased the data prior to bidding.

The minimum guaranteed work program should only comprise exploration work—appraisal work should not normally be included. Guidance on whether a well would be accepted as an exploration well is provided in the 'Permit Conditions and Administration Guidelines' available at www.petroleum-acreage.gov.au.

Applicants should note it is mandatory that the minimum work program proposed in each year of the term of the exploration permit is stated precisely to avoid any ambiguity. Proposals for work programs that cannot be guaranteed to be undertaken within the first three years of the permit term must not be included.

(iii) Secondary Work Program

A secondary work program must be specified. The secondary work program should include substantial operational activities that will significantly advance exploration of the area, appraisal work should not normally be included.

The applicant's proposal (including indicative minimum expenditure) should include exploration wells to be drilled, seismic and other surveying activities (specifying the surveying technique), data evaluation and other work within the permit area, for each of the three remaining years of the permit term (the secondary work program).

More information regarding work programs, minimum acceptable work program bids and criteria used to assess bids is located in the 'Bid Assessment Criteria Guidelines' available at www.petroleum-acreage.gov.au.

(b) Particulars of the applicant:

- (i) the technical qualifications of the applicant and of its key employees;
- (ii) the technical advice available to the applicant;
- (iii) the financial resources available to the applicant, including evidence of the applicant's ability to fund the work program proposed, a statement of other exploration commitments over the next six years, and a copy of the latest annual and quarterly reports for each applicant company;
- (iv) where relevant, evidence of the viability of the consortium lodging the application, including evidence that a
 satisfactory settlement has been, or can be, reached on the Joint Operating Agreement (a copy of a signed Heads of
 Agreement dealing will generally suffice);
- (v) the percentage participating interest of each party to the application;
- (vi) details of any permit cancellations or defaults on work program conditions under the Offshore Petroleum and Greenhouse Gas Storage Act 2006 (OPGGSA) of any of the applicant companies over the previous five years, and why the applicant believes the prior failure is irrelevant to the current application, e.g. participation in the 'good standing' scheme; and
- (vii) details of any relationship that a Director of an applicant company had with any company that has defaulted over the previous five years.

(c) Other Information

Such other information as the applicant wishes to be taken into account in consideration of the application.

Applicants are asked to clearly state in their work program bid whether acquisition of seismic survey data relates to purchase/licensing of existing seismic data, or whether a new seismic survey will be undertaken as part of the work program.

(d) Fee

Each application must be accompanied by a fee payable to the 'Commonwealth of Australia' through an Australian bank or bank cheque (electronic funds transfer or credit card facilities are not yet available).

The amount of the fee is prescribed in Regulations under the OPGGSA, and at the time of printing was \$A4 590.

An information package on the release areas is available on the Department of Resources, Energy and Tourism's website at www.petroleum-acreage.gov.au. This includes the following information:

- an overview for applicants, which provides an introduction to the legislative framework and investment environment for companies interested in becoming involved in the Australian offshore petroleum exploration industry;
- information for companies interested in bidding on 2010 release areas, including special notices outlining the rights and interests of third parties, the requirements for developing and submitting a competitive work program bid, the selection criteria used by the Joint Authority in assessing bids and the permit conditions and administration requirements that would apply to exploration permits granted as a result of this process;
- detail on the petroleum prospectivity and geological settings of the five basins containing the 2010 release areas; and
- a summary of available seismic, well and sample data to assist explorers in evaluating release areas.

Further information can also be obtained by contacting the Department of Resources, Energy and Tourism by emailing petroleum.exploration@ret.gov.au.

Obtaining and observing the release package is essential to making an informed application for any of the areas.

Lodgement of Applications

Applications for Areas S10-1 and S10-2 together with relevant data should be submitted in the following manner:

• two copies of the application and supporting data, together with the application fee payable to the 'Commonwealth of Australia' through an Australian Bank or bank cheque, should be enclosed in an envelope or package (electronic funds transfer or credit card facilities are not yet available). At the time of printing the fee was \$A4 590;

• the application should then be sealed and clearly marked as 'Application for Area S10-1 or S10-2 Commercial-in-Confidence'; and

this envelope or package should then be enclosed in a plain covering envelope or package and delivered by hand or posted to the Director Petroleum and Geothermal, Minerals and Energy Resources, Department of Primary Industries and Resources SA, Level 7, 101 Grenfell Street, Adelaide, S.A. 5000 (Attention: Petroleum Registrar) before 4 p.m., Central Standard Time, Thursday, 11 November 2010.

Copies of the basic exploration data pertaining to the blocks comprising this notice may be purchased from the Petroleum and Geothermal Group, Minerals and Energy Resources, Department of Primary Industries and Resources SA. Verbal enquiries may be directed to Barry Goldstein, Director Petroleum and Geothermal, Telephone (08) 8463 3200, or email Barry.Goldstein@sa.gov.au.

In most circumstances permits awarded under the Offshore Petroleum and Greenhouse Gas Storage Act 2006 from this release can be renewed for a further two five-year terms after the initial six-year term. Renewal permit terms are five years.

Made under the Offshore Petroleum and Greenhouse Gas Storage Act 2006 of the Commonwealth of Australia. Dated 23 July 2010.

DETERMINATION AND REPORT OF THE REMUNERATION TRIBUNAL

No. 5 of 2010

Alternative Vehicle Request—Magistrate McInnes

- The Remuneration Tribunal has received a request from the Courts Administration Authority ('CAA') to obtain a Toyota Landcruiser 200 Series VX Turbo Diesel (automatic) for Ms R. H. McInnes, SM, Port Augusta Resident Magistrate. The vehicle is not in the schedule of vehicles in current Conveyance Allowance Determination No. 6 of 2009 for Judicial Officers. None of the vehicles listed adequately meet Magistrate McInnes' health requirements and the travel requirements of her role as the Port Augusta Resident Magistrate.
- 2. The Tribunal has dealt with similar requests in the past.
- 3. The current determination relating to Conveyance Allowances (Determination No. 6 of 2009) states:

'an alternative vehicle may be supplied where required because of a Judge's, Court Officer's or Statutory Officer's disability. The annual charge for the use of the vehicle will be calculated on the same basis as the calculation made by Fleet SA for annual charges for use of motor vehicles by Executives.'

- The Remuneration Tribunal has considered the CAA's request.
- 5. Correspondence received from the State Courts Administrator notes that the current Fleet SA schedule of vehicles does not include a vehicle that meets Magistrate McInnes' occupational, health safety and welfare requirements:

'The [Occupational Therapist ('OT')] report recommendations outline OHS&W needs that match vehicle specifications of a higher end model than normally provided by Fleet SA... I support the OT recommendations.'

- 6. Having regard to Magistrate McInnes' occupational health, safety and welfare requirements and circumstances dealt with in the past, the Tribunal has no objection to the proposal. However, as the requested vehicle model is not in the schedule of vehicles in the current Conveyance Allowance Determination of the Tribunal, the Tribunal makes this specific determination to allow Magistrate McInnes to be supplied with a Toyota Landcruiser 200 Series VX Turbo Diesel (automatic), with the required accessories and modifications.
- A Toyota Landcruiser 200 Series VX Turbo Diesel (automatic) will be supplied for Magistrate McInnes whilst undertaking the duties of the Port Augusta Resident Magistrate at no extra cost above that of current vehicle provisions provided for in the current Conveyance Allowance (Determination No. 6 of 2009).
- 8. All other conditions of the current Conveyance Allowance (Determination No. 6 of 2009) as amended, from time to time continue to apply.

Date of Operation

This determination will come into operation as from 20 July 2010.

Dated 20 July 2010.

2—Commencement

These regulations will come into operation on 1 September 2010.

3—Interpretation

In these regulations, unless the contrary intention appears—

Commonwealth Department means an Agency within the meaning of the *Public Service Act* 1999 of the Commonwealth.

4—Criteria—affordable housing

The Minister may, by notice in the Gazette, determine criteria that are to be applied for the purpose of determining whether a policy, strategy, program, application or other matter falls within the concept of *affordable housing*.

5—Financial accommodation

Pursuant to section 21(1)(d) of the Act, SAHT is authorised to borrow money or obtain other forms of financial accommodation—

(a) from another agent or instrumentality of the Crown; or

- (b) from a Commonwealth Department or instrumentality; or
- (c) under the terms of an intergovernmental agreement to which the State is a party.

6—Joint ventures

The following are prescribed for the purposes of section 21(3) of the Act:

- (b) a scheme or arrangement that does not require SAHT to contribute (in total) more than \$1.1 million in money or resources.

7—Registration of covenants—prescribed fee

The amount prescribed from time to time by the *Real Property Regulations 2009* as the fee for the registration of an encumbrance under the *Real Property Act 1886* is prescribed for the purposes of section 21A(6)(c) of the Act.

8—Appeals—prescribed periods

For the purposes of section 32D(2)(a) of the Act, the following periods are prescribed:

- (a) in the case of an application that relates to—
 - (i) a decision of SAHT not to renew a tenancy; or

7 days;

(b) in any other case—30 days.

9—Responsibility for payment of water rates

Where SAHT is the landlord of premises subject to a tenancy agreement, SAHT and the tenant under the tenancy agreement are responsible for water rates payable under Part 5 of the *Waterworks Act 1932* in respect of the premises as follows:

- (a) SAHT is responsible for payment of the supply charge for the right to a supply of water to the premises;
- (b) the tenant is responsible—
 - (i) if a separate meter is fitted to the premises to measure the quantity of water supplied to the premises—for all water rates (other than the supply charge) payable in respect of the premises;
 - (ii) if no such separate meter is fitted to the premises—for the proportion (as determined by SAHT in respect of each financial year) of all water rates (other than the supply charge) payable in respect of the premises.

10—Mandatory provision in conditions of tenancy agreement

An agreement between SAHT and a tenant setting out the conditions of the tenancy must contain a provision in a form approved from time to time by the Minister that allows SAHT to charge, as a component of the rent payable under the agreement, a premium if the income of the tenant exceeds an amount determined by SAHT from time to time and the tenant does not meet eligibility criteria determined by SAHT (from time to time)¹.

Note-

A provision inserted in an agreement under this regulation will not apply to a tenant who last applied for SAHT housing before 25 February 1998.

11—Goods left on premises

- (1) The following provisions apply if goods are left on residential premises after the end of a tenancy where SAHT is the landlord:
 - (a) SAHT may, when at least 2 days have passed after taking possession of the premises, remove, and destroy or dispose of, the goods if—
 - (i) they are perishable foodstuffs; or
 - (ii) they are left on residential premises that have been left in an insanitary or hazardous condition; or
 - (iii) their value is less than a fair estimate of the cost of their removal, storage and sale:
 - (b) SAHT must store the goods in a safe place and manner for at least 60 days if the goods are not liable to destruction or disposal under paragraph (a).
- (2) SAHT must, within 7 days after storing goods or having goods stored under this regulation—
 - (a) give notice of the storage of the goods to—
 - (i) if the tenant has left a forwarding address—the tenant; and
 - (ii) if another person has, to the knowledge of SAHT, an interest in the goods and the person's name and address are known to, or reasonably ascertainable by, SAHT—that person; and
 - (b) publish notice of the storage of the goods in a newspaper circulating generally throughout the State.
- (3) A notice must be in the form approved by the Minister for the purposes of this regulation.
- (4) A person who is entitled to possession of goods stored under this regulation may reclaim the goods after paying to SAHT—
 - (a) the reasonable costs of their removal and storage; and
 - (b) the reasonable costs of giving notice under subregulation (2)(b); and
 - (c) any other reasonable costs incurred by SAHT as a result of the goods being left on the premises.
- (5) Unless SAHT is satisfied that there are reasonable grounds for storing the goods for a period longer than 60 days, SAHT must, if the goods are not reclaimed within that period, have the goods sold by public auction as soon as practicable after the end of that period.

- (6) On the sale of the goods by public auction, SAHT—
 - (a) may retain out of the proceeds of sale—
 - (i) the reasonable costs of removing, storing and selling the goods; and
 - (ii) the reasonable costs of giving notice under subregulation (2)(b); and
 - (iii) any other reasonable costs incurred by SAHT as a result of the goods being left on the premises; and
 - (iv) any amounts owed to SAHT under a tenancy agreement relating to the premises; and
 - (b) must pay the balance (if any) to the owner or, if the identity and address of the owner are not known to or reasonably ascertainable by SAHT, to the credit of the Consolidated Account.
- (7) If goods are sold by public auction under this regulation, the purchaser acquires a good title to the goods which defeats—
 - (a) the tenant's interest in the goods; and
 - (b) the interests of others (apart from the tenant) unless the purchaser has actual notice of the interest before purchasing the goods.
- (8) In this regulation, residential premises are in an *insanitary or hazardous condition* if—
 - (a) the condition of the premises gives rise to a risk to health or safety; or
 - (b) the premises are so filthy or neglected that there is a risk of infestation by rodents or other pests; or
