## SCHEDULE 1

*Dairy BJD Assurance Herd Score Determination*

1. Market Assurance Program (CattleMAP) Herd:  
MN1 to MN3 are Monitored Negative statuses in the Australian Johne's Disease Market Assurance Program for Cattle (CattleMAP). The herd's approved veterinarian issues a herd status certificate that is valid for 12 months. MN1 = 8 points; MN2 = 9 points; MN3 = 10 points.
  2. Herds originating from a Free Zone:  
Non-assessed herds in a Free Zone are considered equivalent to MN3 = 10 points.
  3. Herds originating from a Protected Zone:  
Non-assessed herds in a Protected Zone are considered equivalent to MN1 = 8 points.
  4. Herd tested negative in the last 12 months:  
Check Tested, Tested 4 Year Old and Tested to MAP Standard are statuses allocated to herds that have had a negative test by an approved veterinarian in the previous 24 months. A Check Test is a test of 50 adult cattle (2 years of age and older) in the herd that are the most likely to be infected. Tested 4 Year Old (T4YO) and Tested to MAP Standard (TMS) are tests of all or a large sample of the cattle over 4 years old and 2 years old respectively. Herds satisfying these criteria in a Control or Residual Zone = 7 points;  
BJD Zones for South Australia (Protected and Control) are described at [www.pir.sa.gov.au](http://www.pir.sa.gov.au).
  5. Control Program Herd:  
An approved BJD control program is approved by the State or Territory animal health authority for an infected herd. The authority allocates the herd status to reflect the stage of the herd's progress.  
Tested High Prevalence (THP) = 2 points.  
Tested Moderate Prevalence (TMP) = 3 points.  
Tested Low Prevalence (TLP) = 4 points.  
Restricted 1 (RD1) and 2 (RD2) are statuses for infected herds that have had one and two consecutive negative herd tests respectively in an official control program, as per the Standard Definitions and Rules for Johne's disease in cattle.  
RD1 = 5 points; RD2 = 6 points.
  6. Infected and suspect Herd:  
The herd is classified by the animal health authority as infected (IN) or suspect (SU) and has not been tested to achieve a status under sections 1, 2 or 3 above. IN or SU = 1 point.
  7. Non-assessed (not tested) Herd (Control and Residual Zones):  
Herds that are not known or suspected to be infected and have not qualified for one of the above statuses by testing are classified as Non-Assessed (NA). The risk that they are infected is affected by the zone classification of the region.  
Prior to 30 June 2008 NA = 3 points, after 30 June 2008 NA = 0 points.
  8. Calf Credits:

##### *Dairy BJD Assurance Herd Score Determination*

1. Market Assurance Program (CattleMAP) herd:

MN1 to MN3 are Monitored Negative statuses in the Australian Johne's Disease Market Assurance Program for Cattle (CattleMAP). The herd's approved veterinarian issues a herd status certificate that is valid for 12 months. MN1 = 8 credit points; MN2 = 9 credit points; MN3 = 10 credit points.

2. Herds originating from a Free Zone:

Non-assessed herds in a Free Zone are considered equivalent to MN3 = 10 points.

3. Herds originating from a Protected Zone:

Non-assessed herds in a Protected Zone are considered equivalent to MN1 = 8 points.

4. Herd tested negative in the last 12 months:

Check Tested, Tested 4 Year Old and Tested to MAP Standard are statuses allocated to herds that have had a negative test by an approved veterinarian in the previous 24 months. A Check Test is a test of 50 adult cattle (2 years of age and older) in the herd that are the most likely to be infected. Tested 4 Year Old (T4YO) and Tested to MAP Standard (TMS) are tests of all or a large sample of the cattle over 4 years old and 2 years old respectively. Herds satisfying these criteria in a Control or Residual Zone = 7 credit points;

BJD Zones for South Australia (Protected and Control) are described at [www.pir.sa.gov.au](http://www.pir.sa.gov.au).

5. Control Program Herd:

An approved BJD control program is approved by the State or Territory animal health authority for an infected herd. The authority allocates the herd status to reflect the stage of the herd's progress.

Tested High Prevalence (THP) = 2 points.

Tested Moderate Prevalence (TMP) = 3 points.

Tested Low Prevalence (TLP) = 4 points.

Restricted 1 (RD1) and 2 (RD2) are statuses for infected herds that have had one and two consecutive negative herd tests respectively in an official control program, as per the Standard Definitions and Rules for Johne's disease in cattle.

RD1 = 5 points; RD2 = 6 points.

6. Infected and Suspect Herd:

The herd is classified by the animal health authority as infected (IN) or suspect (SU) and has not been tested to achieve a status under sections 1, 2 or 3 above. IN or SU = 1 point.

7. Non-assessed (not tested) Herd (Control and Residual Zones):

Herds that are not known or suspected to be infected and have not qualified for one of the above statuses by testing are classified as Non-Assessed (NA). The risk that they are infected is affected by the zone classification of the region.

Prior to 30 June 2008 NA = 3 points, after 30 June 2008 NA = 0 points.

8. Calf Credits:

Only calves that have been reared under the following plans are eligible for calf credits. Calves classified in a BJD control program as having a high risk of being infected are not eligible for calf credits.

The JD Calf Accreditation Program (JDCAP) = 3 credit points.

The Three Step Calf Plan = 1 credit point (this credit is available after the first annual audit).

**TREASURER'S  
QUARTERLY STATEMENT**

**for the**

**THREE MONTHS ended on  
30 SEPTEMBER 2010 and 30 SEPTEMBER 2009**

**GOVERNMENT OF SOUTH AUSTRALIA****COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO  
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS  
ENDED 30 SEPTEMBER 2010 AND 30 SEPTEMBER 2009*****Receipts****Taxation*

The increase in land tax collections between September quarter 2009 and September quarter 2010 reflects growth in land values and the timing of land tax collections. September quarter land tax receipts are typically low relative to the full year estimate, as they mainly comprise the final instalment of the previous year's land tax assessment for taxpayers who choose to pay in quarterly instalments. Taxpayers who pay annually mainly pay a single amount in either the December or March quarters.

Payroll tax receipts for the September quarter 2010 were higher than the September quarter 2009 reflecting growth in taxable payrolls.

Stamp duty receipts for the September quarter 2010 were lower than in the September quarter 2009 mainly reflecting the timing of receipts relating to stamp duty on motor vehicle registrations and transfers and renewal certificates for Compulsory Third Party insurance from the Department of Transport.

Gambling taxation receipts for the September quarter 2010 were lower than for the same period in 2009-10 reflecting higher distributions in the September 2009 quarter from the Lotteries Commission due to a higher level of jackpot activity in that period.

*Fees and charges*

The increase in fees and charges for the September quarter 2010 compared to the same period in 2009 is due to a timing issue with recording the infringement notice levies from SAPOL in the September quarter 2009.

*Commonwealth – General Purpose Grants*

Growth in general purpose grants between the first quarter of 2010-11 and the corresponding quarter for 2009-10 is not indicative of underlying Goods and Services Tax (GST) revenue growth. This is because monthly grants are paid according to a payment schedule prepared by the Commonwealth Government at the commencement of a financial year rather than in accordance with the actual emerging monthly GST collections.

In the Commonwealth's Mid-Year Economic and Fiscal Outlook, the Commonwealth Government assumed the GST pool would grow by 6.65% in 2010-11.

*Commonwealth – Specific Purpose Grants*

Specific purpose grants for the September quarter 2010 are higher than the corresponding period in 2009, as the 2009 September quarter only included receipts for two months.

**Payments**

Payments were made pursuant to the *Supply Act 2010*, for the period from 1 July 2010 to 17 November 2010, until assent was given to the *Appropriation Act 2010* on 18 November 2010 and also in accordance with various other Acts for which specific appropriation has been authorised.

Payments made from the Consolidated Account during the first quarter of 2010-11 were lower than the same period in 2009-10, mainly due to agencies operating under the restrictions of the *Supply Act 2010*

**Note**

Considerable caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. In addition, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, it should be noted that the timing of receipts and payments could be volatile within a particular year. As a result, apparently significant movements between years may only be due to changes in the timing of receipts and payments, and therefore may not have implications for the underlying budget position.

and a reference to a prescribed specialist tobacconist has a corresponding meaning; and
  - (b) a reference to the premises of a prescribed specialist tobacconist will be taken not to include a reference to premises at which the prescribed specialist tobacconist first carries on business as a specialist tobacconist after the commencement of this subregulation (whether pursuant to the same licence or otherwise).
- (8) In any proceedings for an offence against section 40 of the Act in which the defendant claims that the advertisement constituting the alleged offence was authorised by subregulation (4), the onus will be on the defendant to prove that the restocking was genuine, and that the advertisement was reasonably incidental to such restocking.

*Robe Council Development Plan, Better Development Plan (BDP) and General Development Plan Amendment—Draft for Public Consultation*

NOTICE is hereby given that the Robe Council Better Development Plan (BDP) and General Development Plan Amendment (DPA) has been prepared by Council under the provisions of the Development Act 1993 and is now available for comment.

The draft Development Plan Amendment (DPA) amends the existing Development Plan in order to bring the Plan into line with the Better Development Plan (BDP) format released by the Department of Planning and Local Government. The DPA will result in a re-created Development Plan that will be easier to navigate and comprehend and thereby help improve the clarity and understanding of its policy.

The policy content of the current Development Plan has been compared against the equivalent BDP Planning Policy Library modules to ensure that the adopted BDP-based Development Plan is reflective of, and captures, the substance of the existing Development Plan's policy framework.

The DPA does not introduce any land use/zoning boundary changes as a result of re-creating the existing Development Plan policy into BDP format that would encourage forms of development not currently envisaged in the existing Development Plan, apart from introducing a new Infrastructure Policy Area within the Industry Zone to accommodate the existing and planned expansion of Robe township's Community Wastewater Management Scheme. Please note that this is a re-advertising of the draft DPA that was placed on consultation in September 2010, the content being the same with the exception of the zoning change mentioned above.

The draft Development Plan Amendment and Investigations will be available for public inspection from Thursday, 3 March 2011 until Friday, 28 April 2011 during normal office hours at the offices of the District Council of Robe located at Royal Circus, Robe and at the Library and Visitor Information Centre, Mundy Terrace, Robe, as well as being accessible on Council's website at [www.council.robe.sa.gov.au](http://www.council.robe.sa.gov.au). A copy of the Development Plan Amendment can be downloaded free of cost from Council's website or a hard copy purchased from the Council office at Robe for \$150 (full colour) or for \$50 (black-and-white only), or a CD-ROM copy purchased for \$5.

All submissions should be addressed to Council's Chief Executive Officer, District Council of Robe, P.O. Box 1, Robe, S.A. 5276. The written submission should clearly indicate whether you will wish to speak at the public meeting on your submission.

A public meeting may be held if required at the Council office, Royal Circus, Robe on Tuesday, 3 May 2011 commencing at 5 p.m.
