**GOVERNMENT OF SOUTH AUSTRALIA****COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO  
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS  
ENDED 31 MARCH 2011 AND 31 MARCH 2010*****Receipts******Taxation***

The increase in land tax collections, in the nine months to March 2011 compared with the corresponding period to March 2010, primarily reflects growth in land values.

Higher payroll tax receipts, in the nine months to March 2011 compared with the corresponding period to March 2010, reflects the growth in taxable payrolls.

Stamp duty receipts for the nine months to March 2011, were higher than the corresponding period to March 2010, mainly due to the receipt of large one-off conveyance duty payments.

***Royalties***

The increase in royalty receipts in the March quarter 2011, compared to the corresponding period in 2010, reflects higher commodity prices and the commencement of new mines. Royalty receipts have partially been offset by slightly lower petroleum royalties received due to the remaining effects of the Cooper Basin flooding.

***Fees and charges***

The increase in fees and charges, in the nine months to March 2011 compared to the corresponding period in 2010, mainly reflects the increase in guarantee fees received.

***Commonwealth – General Purpose Grants***

Growth in general purpose grants, from the first nine months of 2009-10 to the corresponding period of 2010-11, is not indicative of underlying Goods and Services Tax (G.S.T.) revenue growth. The monthly grants are paid according to a payment schedule prepared by the Commonwealth Government at the beginning of a financial year, rather than in accordance with the actual emerging monthly G.S.T. collections.

In the Commonwealth's 2011-12 Budget, the Commonwealth Government estimated the G.S.T. pool available for distribution to the states would grow by 3.2 per cent in 2010-11 (on an accrual basis).

***Commonwealth – Specific purpose and National Partnership grants***

Specific purpose and National Partnership grants for the nine months to March 2011 were lower than the corresponding period to March 2010, mainly due to the discontinuation of the First Home Owners Boost in December 2009.

**Payments**

Payments were made pursuant to the *Appropriation Act 2010* and also in accordance with other Acts for which specific appropriation has been authorised.

Payments made from the Consolidated Account, for the March quarter, were higher than the same period in 2009-10 due mainly to the timing of the past service superannuation payment.

Payments for the nine months ended 31 March 2011 are consistent with agreed schedules for the draw-down of appropriated monies from the Consolidated Account to agency deposit accounts.

The timing of these payments is generally established at the beginning of each financial year and may change in comparison to previous years depending on individual operating requirements.

**Note**

Caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State Budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. Also, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, the timing of receipts and payments could be volatile within a particular year. As a result, apparently large movements between years may only be due to changes in the timing of receipts and payments and therefore may not have consequences for the underlying budget position.

Dear (worker's name)

**Notice of intention to review your weekly payments**

Your weekly payments are due to be reviewed to make sure that you receive an appropriate economic increase to your notional weekly earnings (NWE). This annual review is required under section 39 of the Act\*, which is attached for your information.

The review will take place on (date).

This review will increase your notional weekly earnings. Your new notional weekly earnings amount will be the basis for calculating your weekly payments, which will vary depending on how much income you are earning from employment and the provisions of the Act\*. For further information please see the attached flyer –'What are notional weekly earnings and how will they impact what I receive?'

There are two ways this review can be undertaken.

**1. Workplace's Enterprise Bargaining Agreement (EBA)**

If, at the time of your injury, your wages were set by an award or enterprise agreement, you can choose to have the review based on any changes made to that award or enterprise agreement. If you choose this option any increase of your payments will be backdated to the date the award or enterprise agreement increase took effect.

If you would like your review undertaken this way, please complete and return the attached form to me within **10 business days** of receiving this letter. If you have any extra information such as a letter from your employer informing you of a wage increase please attach it to the completed form before returning it to me.

**2. "Wage Price Index" published by the Australian Bureau of Statistics (ABS) or based on kind of employment**

The other basis for review is changes in the rates of wages payable to workers generally or, if relevant, wages payable to workers engaged in the kind of employment from which your disability arose.

(Option - ABS)

If you **do not** complete the attached form and return it to me within 10 business days your weekly payments will be reviewed using the "Wage Price Index" published by the ABS, publication number 6345.0 - Table 2.

Your current notional weekly earnings are \$NWE amt. At the time of writing this letter the Wage Price Index was wage price index%. Please note: the Wage Price

\* *Workers Rehabilitation and Compensation Act 1986, as amended*

**Claim number:****Employer:**

Index may change by the date of your review. The percentage published at the end of your year of incapacity is the amount that must be applied.

Your new notional weekly earnings will be calculated like this:

Current Notional Weekly Earnings + (Current Notional Weekly Earnings x Wage Cost Index or award or enterprise agreement percentage increase) = new Notional Weekly Earnings

**EXAMPLE ONLY:**

Current notional weekly earnings	\$800
Wage cost index	2%
Adjustment	\$16 (\$800 x 2%)
New notional weekly earnings	<b>\$816</b> (\$800 + \$16)

**or**

(Option – kind of employment)

If you **do not** complete the attached form and return it to me within 10 business days your weekly payments will be reviewed based on changes in wages payable to workers engaged in the kind of employment from which your disability arose. (Case manager to insert further details on the changes which will be applied).

I will contact you once I have adjusted your weekly payments, to let you know the new amount you will receive. In the meantime, if you have any questions about the review, or would like help completing the form, please contact me on (telephone number) or (email).

I will continue to support you while you recover and will work with you, your employer and treating practitioner to ensure you achieve a safe and sustainable full return to work.

Please include my name and your claim number on any correspondence you send to me so I can respond as quickly as possible.
