2. The term 'peak' used in the Business—Time of Use table means 0700 hours to 2100 hours from Monday to Friday (Central Standard Time), except where the network meter does not recognise specific tariff days. In these situations 'peak' means 0700 hours to 2100 hours (Central Standard Time) each day.
3. The term 'Off peak' used in the Business—Time of Use table means all times other than peak period which is described in explanatory note 2.
4. Where prices change during a billing cycle the bill for that billing cycle will be calculated on a *pro-rata* basis using:
 - (a) the old price up to and including the date of change; and
 - (b) the new price from the date of change to the end of the billing cycle.

 PART 1: STANDARD RETAIL CONTRACT TERMS AND CONDITIONS
Preamble

This contract is about the sale of energy to you as a small customer at your premises. It is a standard retail contract that starts without you having to sign a document agreeing to these terms and conditions.

In addition to this contract, the energy laws and other consumer laws also contain rules about the sale of energy and we will comply with these rules in our dealings with you. For example, the National Energy Retail Law and the National Energy Retail Rules ('the Rules') set out specific rights and obligations about energy marketing, payment methods and arrangements for customers experiencing payment difficulties.

You also have a separate contract with your distributor, called a customer connection contract. The customer connection contract deals with the supply of energy to your premises and can be found on your distributor's website.

You may also have a separate Solar Feed-In Agreement and/or Green Options, each for which form a separate contract. The applicable terms and conditions are provided.

More information about this contract and other matters is on our website at www.truenergy.com.au.

You, the customer to whom this contract applies (in this contract referred to as 'you' or 'your').

2. *Definitions and Interpretation*

(a) Terms used in this contract have the same meanings as they have in the National Energy Retail Law and the Rules. However for ease of reference, a simplified explanation of some terms is given at the end of this contract.

(b) Where the simplified explanations given at the end of this contract differ from the definitions in the National Energy Retail Law and the Rules, the definitions in the National Energy Retail Law and the Rules prevail.

3. *Do These Terms and Conditions Apply to You?*3.1 *These are our terms and conditions*

- (vi) if the premises are disconnected and you have not met the requirements in the Rules for reconnection—10 business days from the date of disconnection.

(b) If you do not give us safe and unhindered access to the premises to conduct a final meter reading (where relevant), this contract will not end under paragraph (a) (i) or (ii) until we have issued you a final bill and you have paid any outstanding amount for the sale of energy.

(c) Rights and obligations accrued before the end of this contract continue despite the end of the contract, including any obligations to pay amounts to us.

4.3 *Vacating your premises*

(a) If you are vacating your premises, you must provide your forwarding address to us for your final bill in addition to a notice under Clause 4.2 (a) (i) of this contract.

5.2 *What is not covered by this contract?*

This contract does not cover the physical connection of your premises to the distribution system, including metering equipment and the maintenance of that connection and the supply of energy to your premises. This is the role of your distributor under a separate contract called a customer connection contract.

6. *Your General Obligations*

6.1 *Full information*

You must give us any information we reasonably require for the purposes of this contract. The information must be correct, and you must not mislead or deceive us in relation to any information provided to us.

6.2 *Updating information*

You must tell us promptly if information you have provided to us changes, including if your billing address changes or if your use of energy changes for example, if you start running a business at the premises.

6.3 *Life support equipment*

(a) If a person living at your premises requires life support equipment, you must register the premises with us or your distributor. To register, you will need to give written confirmation from a registered medical practitioner of the requirement for life support equipment at the premises.

(b) You must tell us or your distributor if the life support equipment is no longer required at the premises.

6.4 *Obligations if you are not an owner*

If you cannot meet an obligation relating to your premises under this contract because you are not the owner you will not be in breach of the obligation if you take all reasonable steps to ensure that the owner or other person responsible for the premises fulfils the obligation.

7. *Our Liability*

- (a) The quality and reliability of your electricity supply and the quality, pressure and continuity of your gas supply is subject to a variety of factors that are beyond our control as your retailer, including accidents, emergencies, weather conditions, vandalism, system demand, the technical limitations of the distribution system and the acts of other persons (such as your distributor), including at the direction of a relevant authority.
- (b) To the extent permitted by law, we give no condition, warranty or undertaking, and we make no representation to you, about the condition or suitability of energy, its quality, fitness for purpose or safety, other than those set out in this contract.
- (c) Unless we have acted in bad faith or negligently, the National Energy Retail Law excludes our liability for any loss or damage you suffer as a result of the total or partial failure to supply energy to your premises, which includes any loss or damage you suffer as a result of the defective supply of energy.

8. *Price for Energy and Other Services*

8.1 *What are our tariffs and charges?*

- (a) Our tariffs and charges for the sale of energy to you under this contract are our standing offer prices. These are published on our website and include your distributor's charges. Refer to the your Energy Plan Details (b) Different tariffs and charges may apply to you depending on your circumstances. The conditions for each tariff and charge are set out in our standing offer prices.

Note: We do not impose any charges for the termination of this contract.

8.2 *Changes to tariffs and charges*

- (a) If we vary our standing offer prices, we will publish the variation in a newspaper and on our website at least 10 business days before it starts. We will also include details with your next bill if the variation affects you.
- (b) Our standing offer prices will not be varied more often than once every 6 months.

8.3 *Variation of tariff due to change of use*

If a change in your use of energy means you are no longer eligible for the particular tariff you are on, we may transfer you to a new tariff under our standing offer prices:

- (a) if you notify us there has been a change of use—from the date of notification; or
- (b) if you have not notified us of the change of use—retrospectively from the date the change of use occurred.

8.4 *Variation of tariff or type of tariff on request*

- (a) If you think you satisfy the conditions applying to another tariff or type of tariff under our standing offer prices, you can ask us to review your current circumstances to see whether that tariff or type of tariff can apply to you.
- (b) If you meet the requirements for another tariff or type of tariff and request us to do so, we must:
 - (i) transfer you to that other tariff within 10 business days; or
 - (ii) transfer you to that other type of tariff from the date the meter is read or the type of meter is changed (if needed).

8.5 *Changes to tariffs or type of tariff during a billing cycle*

If a tariff applying to you changes during a billing cycle, we will calculate your next bill on a proportionate basis.

8.6 *GST*

- (a) Amounts specified in the standing offer prices from time to time and other amounts payable under this contract may be stated to be exclusive or inclusive of GST. Paragraph (b) applies unless an amount is stated to include GST. Refer to the your Energy Plan Details.
- (b) Where an amount paid by you under this contract is payment for a 'taxable supply' as defined for GST purposes, to the extent permitted by law, that payment will be increased so that the cost of the GST payable on the taxable supply is passed on to the recipient of that taxable supply.

9. *Billing*

9.1 *General*

We will send a bill to you as soon as possible after the end of each billing cycle. We will send the bill:

- (a) to you at the address nominated by you; or
- (b) to a person authorised in writing by you to act on your behalf at the address specified by you.

9.2 *Calculating the bill*

Bills we send to you ('your bills') will be calculated on:

- (a) the amount of energy consumed at your premises during the billing cycle (using information obtained from reading your meter or otherwise in accordance with the Rules);
- (b) the amount of fees and charges for any other services provided under this contract during the billing cycle; and
- (c) the charges payable for services provided by your distributor, including connection charges if you have asked for a new connection or connection alteration and have not made alternative arrangements with your distributor.

9.3 *Estimating the energy usage*

- (a) We may estimate the amount of energy consumed at your premises if your meter cannot be read, if your metering data is not obtained (for example, if access to the meter is not given or the meter breaks down or is faulty), or if you otherwise consent.
- (b) If we estimate the amount of energy consumed at your premises to calculate a bill, we must:
 - (i) clearly state on the bill that it is based on an estimation; and
 - (ii) when your meter is later read, adjust your bill for the difference between the estimate and the energy actually used.

- (c) If the later meter read shows that you have been undercharged, we will allow you to pay the undercharged amount in instalments, over the same period of time during which the meter was not read (if less than 12 months), or otherwise over 12 months.
 - (d) If the meter has not been read due to your actions, and you request us to replace the estimated bill with a bill based on an actual reading of the meter, we will comply with your request but may charge you any cost we incur in doing so.
- 9.4 *Your historical billing information*

Upon request, we must give you information about your billing history for the previous 2 years free of charge. However, we may charge you if we have already given you this information in the previous 12 months, or if you require information going back more than 2 years.
- 9.5 *Bill smoothing*

We may, where you agree, arrange for you to pay your bills under a bill smoothing arrangement, which is based on a 12 monthly estimate of your energy consumption.
- 10. *Paying Your Bill*
 - 10.1 *What you have to pay*

You must pay to us the amount shown on each bill by the date for payment (the pay-by date) on the bill. The pay-by date will be no earlier than 13 business days from the date on which we issue your bill.
 - 10.2 *Issue of reminder notices*

If you have not paid your bill by the pay-by date, we will send you a reminder notice that payment is required. The reminder notice will give you a further due date for payment which will be not less than 6 business days after we issue the notice.
 - 10.3 *Difficulties in paying*
 - (a) If you have difficulties paying your bill, you should contact us as soon as possible. We will provide you with information about payment options.
 - (b) If you are a residential customer and have told us that you have difficulty paying your bill, we must offer you the option of paying your bill under a payment plan. However, we are not obliged to do so if you have had 2 payment plans cancelled due to non-payment in the previous 12 months or have been convicted of an offence involving the illegal use of energy in the previous 2 years.
 - (c) Additional protections may be available to you under our Customer Hardship Policy and under the National Energy Retail Law and the Rules if you are a customer experiencing payment difficulties due to hardship. A copy of our Customer Hardship Policy is available on our website.
 - 10.4 *Late payment fees*

If you have not paid a bill by the pay-by date, we may require you to pay a late payment fee, which is part of our standing offer prices published on our website.

We will not charge a late payment fee where it is not permitted under your local State or Territory law.
- 11. *Meters*
 - (a) You must allow safe and unhindered access to your premises for the purposes of reading and maintaining the meters (where relevant).
 - (b) We will use our best endeavours to ensure that a meter reading is carried out as frequently as is needed to prepare your bills, consistently with the metering rules and in any event at least once every 12 months.
- 12. *Undercharging and Overcharging*
 - 12.1 *Undercharging*
 - (a) If we have undercharged you, we may recover the undercharged amount from you. If we recover an undercharged amount from you:
 - (i) we will not charge interest on the undercharged amount; and
 - (ii) we will offer you time to pay the undercharged amount in instalments over the same period of time during which you were undercharged (if less than 12 months), or otherwise over 12 months.
 - (b) The maximum amount we can recover from you is limited to the amount that has been undercharged in the 9 months immediately before we notify you, unless the undercharge is your fault, or results from your unlawful act or omission.
 - 12.2 *Overcharging*
 - (a) Where you have been overcharged by less than \$50, and you have already paid the overcharged amount, we must credit that amount to your next bill.
 - (b) Where you have been overcharged by \$50 or more, we must inform you within 10 business days of our becoming aware of the overcharge and, if you have already paid that amount, we must credit that amount to your next bill. However, if you request otherwise, we will comply with that request.
 - (c) If you have stopped buying energy from us, we will use our best endeavours to pay the overcharged amount to you within 10 business days.
 - (d) If you have been overcharged as a result of your own fault or unlawful act or omission, we may limit the amount we credit or pay you to the amount you were overcharged in the last 12 months.
 - 12.3 *Reviewing your bill*
 - (a) If you disagree with the amount you have been charged, you can ask us to review your bill in accordance with our standard complaints and dispute resolution procedures.
 - (b) If you ask us to, we must arrange for a check of the meter reading or metering data or for a test of the meter in reviewing the bill. You will be liable for the cost of the check or test and we may request payment in advance. However, if the meter or metering data proves to be faulty or incorrect, we must reimburse you for the amount paid.

- (c) If your bill is being reviewed, you are still required to pay any other bills from us that are due for payment and the lesser of: (i) the portion of the bill that you do not dispute; or (ii) an amount equal to the average of your bills in the last 12 months.

13. *Security Deposits*

13.1 *Security deposit*

We may require that you provide a security deposit. The circumstances in which we can require a security deposit and the maximum amount of the security deposit are governed by the Rules.

13.2 *Interest on security deposits*

Where you have paid a security deposit, we must pay you interest on the security deposit at a rate and on terms required by the Rules.

13.3 *Use of a security deposit*

(a) We may use your security deposit, and any interest earned on the security deposit, to offset any amount you owe under this contract:

- (i) if you fail to pay a bill and as a result we arrange for the disconnection of your premises; or
- (ii) in relation to a final bill (i.e. a bill we issue when you vacate the premises or when you stop purchasing energy from us at your premises or when you request that your premises be disconnected).

(b) If we use your security deposit or any accrued interest to offset amounts owed to us, we will advise you within 10 business days.

13.4 *Return of security deposit*

(a) We must return your security deposit and any accrued interest in the following circumstances:

- (i) you complete one year's payment (in the case of residential customers) or 2 years' payment (in the case of business customers) by the pay-by dates on our initial bills; or
- (ii) subject to Clause 14.3 of this contract, you stop purchasing energy at the relevant premises under this contract.

(b) If you do not give us any reasonable instructions, we will credit the amount of the security deposit, together with any accrued interest, to your next bill.

14. *Disconnection of Supply*

14.1 *When can we arrange for disconnection?*

Subject to us satisfying the requirements in the Rules, we may arrange for the disconnection of your premises if:

 - (i) fail to comply with the terms of an agreed payment plan;

- (d) there has been illegal or fraudulent use of energy at your premises in breach of Clause 16 of this contract; or
- (e) we are otherwise entitled or required to do so under the Rules or by law.

14.2 *Notice and warning of disconnection*

Before disconnecting your premises, we must comply with relevant warning notice requirements and other provisions in the Rules. However, we are not required to provide a warning notice prior to disconnection in certain circumstances (for example, where there has been illegal or fraudulent use of energy at your premises or where there is an emergency or health and safety issue).
