 - (f) use the vehicle otherwise than-

RECOVERY OF EXCESS AND OTHER CLAIMS COSTS

An excess applies from an insured person who has incurred a liability under the policy and who is more than 25% at fault. The excess is a prescribed amount and is indexed every year on 1 January. The amount of the excess will depend on the year in which the accident occurred. For the relevant excess, please refer to www.mac.sa.gov.au/excess.

If an insured person has breached the Policy of Insurance (see above) the insurer may exercise its rights of recovery against that person. The insurer's right to recover an excess or claims costs against an insured person is in addition to any other penalties which may apply for driving offences or any liability that person may incur for damage to property.

It is an offence to drive an **uninsured** vehicle on a road. If you are driving an uninsured motor vehicle and you cause someone else injury, you may be liable to repay all compensation paid.

ASSISTANCE IN DETERMINING THE APPROPRIATE PREMIUM CLASS

The premium class has been determined based on information previously supplied. It is advisable to check the insurance class and insurance premium payable shown on the registration renewal notice against the CTP Insurance Schedule shown overleaf. In reviewing the premium class, attention should be given to:

- Type of vehicle
- The input tax credit (ITC) entitlement of the registered owner (see below)
- The postcode area in which it is usually garaged (see below)

If the information shown is incorrect, a Service SA customer service centre should be notified immediately. An 'Application to Change the Insurance Premium Class on a Registration' may be required due to:

- A change of residential and/or garaging address
- A change in the use of the vehicle
- A change in concession status
- An alteration to the vehicle
- A change in the input tax credit (ITC) entitlement of the registered owner

GST

The premiums shown overleaf include stamp duty payable by the insurer. In accordance with GST laws, no GST is charged on the **stamp duty** component of the premium.

THE INPUT TAX CREDIT (ITC) ENTITLEMENT OF THE REGISTERED OWNER

You must select an 'ITC' Entitled premium class if the vehicle is used for any purpose that entitles you to claim back any part of the GST component of the CTP premium. Under the Commonwealth GST Law*, this is known as 'Input Tax Credit' (ITC).

*GST Law means the Commonwealth legislation: A New Tax System (Goods and Services Tax) Act 1999.

A tax invoice will be provided with your registration certificate, detailing the amount of GST you can claim. If you are unsure whether you can claim the GST paid, then you should consult your accountant, financial advisor or the Australian Taxation Office.

Incorrect ITC classification: If the ITC classification details are incorrect, you will need to apply to change these details by completing the *Application to Change the Insurance Premium Class on Registration Form* (MR82) at your local Service SA customer service centre.

Failure to notify the insurer of the correct premium may incur a penalty up to \$5,000. This penalty is in addition to any premium differential payable. It is an offence to provide false information or withhold any information which may be necessary to determine the appropriate insurance premium.

THE POSTCODE AREA IN WHICH THE VEHICLE IS GARAGED

"Insurance Rating District 1" - "District 1" consists of the following postcodes:

1. This order may be cited as Prices Order No. 1133 (S.A.).

Commencement

2. This order will come into operation on 1 July 2012.

Order No. 1132 (S.A.) Superseded

3. This order supersedes Prices Order No. 1132 (S.A.) (see *Gazette* 30 June 2011, pages 2857-2858).

Interpretation

4. (1) In this order:

'GST' means the tax payable under the GST law;

'GST law' means:

- (a) A New Tax System (Goods and Services Tax) Act 1999 (Commonwealth); and
- (b) the related legislation of the Commonwealth dealing with the imposition of a tax on the supply of goods, services and other things;

'motor car' means a motor vehicle (as defined in Section 5 of the Motor Vehicles Act 1959):

- (a) designed for the principal purpose of carrying passengers; and
- (b) designed to carry not more than eight adult persons (including the driver), and includes a motor vehicle of the type commonly known as a utility, station sedan or panel van;

'normal hours' means the hours between 7.30 a.m. and 5 p.m. on any day other than a Saturday, Sunday or public holiday;

'prescribed motor vehicle' means a motor car, motor bike, caravan or trailer;

'running kilometres', in relation to the distance travelled for the purposes of supplying a service to which this order applies, means the number of kilometres travelled from the registered premises of the person supplying the service to the scene of the accident, from the scene of the accident to the place of repair or storage of the prescribed motor vehicle to which the services relate and from the place of repair or storage of the vehicle to those registered premises.

(2) In this order the expressions ‘accident’, ‘caravan’, ‘declared area’, ‘motor bike’, ‘quotation for repair’, ‘registered premises’, ‘tow’, ‘tow truck’ and ‘trailer’ have the same meaning as in the Motor Vehicles Act 1959.

Services to Which Order Applies

5. This order applies to the following services:

- (a) the recovery and towing at or from the scene of an accident occurring within the declared area of a prescribed motor vehicle damaged in the accident;

- (a) in the case of a service provided during normal hours—the amount specified opposite in the second column of the table;
- (b) in the case of a service provided outside normal hours—the amount specified opposite in the third column of the table.

(2) If the work involved in supplying a service to which this order applies is carried out partly during normal hours and partly outside normal hours, the maximum price that may be charged for providing the service must be calculated according to the maximum price specified in the Schedule for providing the service during the time of day at which the work is actually carried out.

(3) The maximum price that may be charged for supplying a service for which the Schedule specifies a maximum price per hour is to be calculated in accordance with the following formula:

$$A = \frac{B}{20} \times C$$

where—

- A is the maximum amount that may be charged for the service;
- B is the maximum price per hour for the service specified in the Schedule;
- C is the number of complete 6 minute periods spent in providing the service.

(4) If the use of more than one tow truck is necessary to supply a service to which this order applies, the maximum price specified in the Schedule may be charged in respect of each tow truck used in supplying the service.

Order Not to Apply to Supply of Services by Certain Persons

7. This order does not apply in relation to a person who supplies a service referred to in Clause 5 while there is in force an order under Section 24 of the Prices Act 1948, fixing a maximum price for the supply of that service by that particular person.
