**TREASURER'S
QUARTERLY STATEMENT**

for the

**THREE MONTHS ended on
30 JUNE 2012 and 30 JUNE 2011**

*Presented by the
Honourable J. J. Snelling M.P.
Treasurer of South Australia*

GOVERNMENT OF SOUTH AUSTRALIA**COMMENTARY TO THE STATEMENT OF THE AMOUNTS CREDITED TO
AND ISSUED FROM THE CONSOLIDATED ACCOUNT FOR THE QUARTERS
ENDED 30 JUNE 2012 AND 30 JUNE 2011*****Receipts******Taxation***

Higher payroll tax receipts for 2011-12 compared with the same period a year ago reflects growth in taxable payrolls.

Land tax receipts were lower in 2011-12 compared to 2010-11 reflecting administrative changes associated with the management of quarterly billing in 2010-11. The decrease in land tax collections between the June quarters 2012 and 2011 largely reflects the timing of land tax payments made by government agencies.

Stamp duty receipts in the twelve months to June 2012 were lower than for the previous year reflecting the impact of a softer property market on conveyance duty receipts. This was partially offset by the timing of receipts relating to stamp duty on motor vehicle registrations and transfers and renewal certificates for Compulsory Third Party insurance from the Department of Transport (which relate to the 2010-11 financial year), and higher receipts of general insurance duty.

Gambling tax receipts were higher in the year to June 2012 compared with the previous year mainly due to an increase in receipts from the Lotteries Commission.

Royalties

Higher royalty receipts for 2011-12 compared to 2010-11 mainly relate to higher receipts from Olympic Dam. In 2010-11, production was impacted by the temporary closure of the Clark Shaft, while 2011-12 royalty receipts reflect the return to full production.

Fees and Charges

Lower fees and charges for 2011-12 compared to 2010-11 reflects the lower receipts of Infringement Notices due to improved road safety measures.

Commonwealth—General Purpose Grants

General Purpose Grants were higher in 2011-12 compared to 2010-11, largely due to the timing impacts associated with the Commonwealth recouping an overpayment for the 2009-10 year in 2010-11, and an underpayment for 2010-11 being paid by the Commonwealth in 2011-12.

In the Commonwealth's 2012-13 Budget, the Commonwealth Government estimated the G.S.T. pool available for distribution to the states would fall by 0.6 per cent in 2011-12 on an accrual basis.

Commonwealth—National Partnership Grants

National partnership payments received in 2011-12 were higher than 2010-11 largely due to the receipt of outstanding reward payments for elective surgery waiting lists.

Commonwealth—Specific Purpose Grants

Specific Purpose Grants received in 2011-12 were higher than budget due largely to the receipt of residual payments related to previous years.

Other Receipts

Other receipts for 2011-12 compared to 2010-11 are due to the higher return of equity capital contributions and repayment of advances.

Payments

Appropriations paid to agencies were \$3 million lower than forecast in the original 2011-12 Budget.

During 2011-12, Machinery of Government (MoG) changes impacted on various agencies whereby appropriation was transferred from one agency to another in accordance with Section 5 of the *Public Finance and Audit Act 1987*.

Further details of appropriation paid under the *Appropriation Act 2011* and *Public Finance and Audit Act 1987* are provided in the Treasurer's Statements as published in the Auditor-General's Report that was tabled on 16 October 2012.

The final Consolidated Account result, funded by borrowing from the South Australian Government Financing Authority was a deficit of \$1.475 billion which was \$168 million more than that estimated at the time of the 2011-12 Budget.

Note

Caution should be exercised in interpreting the quarterly statement of Consolidated Account transactions. Unlike the State Budget, which comprises transactions on an accrual basis, the information reflected in the quarterly statements is limited to cash transactions. Also, the Consolidated Account does not capture all the transactions undertaken by the general government sector (in particular, it does not record receipts to and payments from special deposit accounts). Finally, the timing of receipts and payments could be volatile within a particular year. As a result, apparently large movements between years may only be due to changes in the timing of receipts and payments and therefore may not have the consequences for the underlying Budget position.

The foregoing by-law was duly made and passed at a meeting of the District Council of Coober Pedy held on 18 December 2012, by an absolute majority of the members for the time being constituting the Council, there being at least two-thirds of the members present.
