### NOTICE TO MARINERS

### NO. 15 OF 2018

### South Australia - Gulf St Vincent - Water Quality Data Collection Works

Mariners are advised that baseline water quality data collection works will be undertaken adjacent to the Port Adelaide Outer Harbor Channel and surrounds.

It is proposed to deploy three (3) water quality monitoring buoys in mid to late June 2018 (weather permitting), with two buoys deployed adjacent to the shipping channel and one buoy deployed further to the south (approximate locations are shown below).

Site	Description	Latitude	Longitude
D1	Dredge plume monitoring site 1	34°46'39.18"	138°27'33.12"
D2	Dredge plume monitoring site 2	34°47'59.52"	138°28'24.18"
B1	Background site	34°54'02.77"	138°28'51.64"

There will be one larger buoy deployed at either site D1 or D2 (1500 mm diameter) and two smaller buoys (700 mm diameter) deployed at the other two sites. The buoys are yellow in colour, are equipped with signage "Research – Keep Clear" and display a yellow flashing light (Sealite 1.5 nautical mile) with the light sequence of 0.3 secs on, 1.7 secs off.

The buoys will be moored to the seabed using two danforth anchors, with lengths of rope/chain running from each anchor to mooring points on each side of the buoy.

At each location there will also be a bed-mounted frame with benthic instruments mounted to the frame. These frames will be secured to the seabed using anchors.

The buoys and bed-mounted frames will be deployed at these locations for a period of approximately 12 months. Deployment of the monitoring buoys and bed-mounted frames will be undertaken using a fully surveyed vessel owned and operated by Whyalla Diving Services.

Mariners are advised to proceed with caution in the vicinity of these buoys.

# National Parks and Wildlife (Cox Scrub Conservation Park—Mining Rights) Proclamation 2018

under section 43 of the National Parks and Wildlife Act 1972

# Preamble

- 1 The Crown land described in Schedule 1 is, by another proclamation made on this day, added to the Cox Scrub Conservation Park under section 29(3) of the *National Parks and Wildlife Act 1972*.
- 2 It is intended that, by this proclamation, certain existing and future rights of entry, prospecting, exploration or mining be preserved in relation to the land described in Schedule 1.

# 1—Short title

This proclamation may be cited as the *National Parks and Wildlife (Cox Scrub Conservation Park—Mining Rights) Proclamation 2018.* 

# 2—Commencement

This proclamation comes into operation on the day on which it is made.

# 3—Interpretation

In this proclamation—

*Environment Minister* means the Minister for the time being administering the *National Parks and Wildlife Act 1972*;

*Mining Minister* means the Minister for the time being administering the *Mining Act 1971* or the Minister for the time being administering the *Petroleum and Geothermal Energy Act 2000*, as the case requires.

### 19 July 2018

### 4—Existing rights to continue

Subject to clause 6, existing rights of entry, prospecting, exploration or mining under the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* may continue to be exercised in respect of the land described in Schedule 1.

# 5—New rights may be acquired

Rights of entry, prospecting, exploration or mining may, with the approval of the Mining Minister and the Environment Minister, be acquired pursuant to the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* in respect of the land described in Schedule 1 and may, subject to clause 6, be exercised in respect of that land.

### 6—Conditions for exercise of rights

A person in whom rights of entry, prospecting, exploration or mining are vested pursuant to the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* (whether those rights were acquired before or after the making of this proclamation) must not exercise those rights in respect of the land described in Schedule 1 unless the person complies with the following conditions:

- (a) if work to be carried out in relation to the land in the exercise of those rights is a regulated activity within the meaning of the *Petroleum and Geothermal Energy Act 2000*, the person must ensure that—
  - (i) the work is not carried out until a statement of environmental objectives in relation to the activity that has been approved under that Act has also been approved by the Environment Minister; and
  - (ii) the work is carried out in accordance with the statement as so approved;
- (b) if work to be carried out in relation to the land in the exercise of rights under the *Mining Act 1971* or the *Petroleum and Geothermal Energy Act 2000* has not previously been authorised (whether by inclusion in an approved statement of environmental objectives referred to in paragraph (a) or otherwise), the person must give at least 3 months notice of the proposed work to the Mining Minister and the Environment Minister and supply each Minister with such information relating to the proposed work as the Minister may require;
- (c) if directions are agreed between the Mining Minister and the Environment Minister and given to the person in writing in relation to—
  - (i) carrying out work in relation to the land in a manner that minimises damage to the land (including the land's vegetation and wildlife) and the environment generally; or
  - (ii) preserving objects, structures or sites of historical, scientific or cultural interest; or
  - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
  - (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,

(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (a)), the person must comply with those directions in carrying out the work;

- (d) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (e) in addition to complying with the other requirements of this proclamation, the person—
  - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
  - (ii) must maintain all work areas in a clean and tidy condition; and
  - (iii) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (f) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (c)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (a)) rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

### 7—Governor may give approvals, directions

If—

- (a) the Mining Minister and the Environment Minister cannot agree as to whether—
  - (i) approval should be granted or refused under clause 5; or
  - (ii) a direction should be given under clause 6(c); or
- (b) the Environment Minister does not approve a statement of environmental objectives under clause 6(a),

the Governor may, with the advice and consent of the Executive Council-

- (c) grant or refuse the necessary approval under clause 5; or
- (d) give a direction in writing under clause 6(c); or
- (e) grant or refuse the necessary approval under clause 6(a).

  - (iii) rehabilitating the land (including the land's vegetation and wildlife) on completion of the work; or
  - (iv) (where the work is being carried out in the exercise of rights acquired after the making of this proclamation) prohibiting or restricting access to any specified area of the land that the Ministers believe would suffer significant detriment as a result of carrying out the work,

(being directions that do not reduce or otherwise detract from any requirement in respect of any of those matters contained in an approved statement of environmental objectives referred to in paragraph (a)), the person must comply with those directions in carrying out the work;

- (d) if a plan of management is in operation under section 38 of the *National Parks and Wildlife Act 1972* in respect of the land, the person must have regard to the provisions of the plan of management;
- (e) in addition to complying with the other requirements of this proclamation, the person—
  - (i) must take such steps as are reasonably necessary to ensure that objects, structures and sites of historical, scientific or cultural interest and the land's vegetation and wildlife are not unduly affected by any work; and
  - (ii) must maintain all work areas in a clean and tidy condition; and

- (iii) must, on the completion of any work, obliterate or remove all installations and structures (other than installations and structures designated by the Mining Minister and the Environment Minister as suitable for retention) used exclusively for the purposes of that work;
- (f) if no direction has been given by the Mining Minister and the Environment Minister under paragraph (c)(iii), the person must (in addition to complying with any approved statement of environmental objectives referred to in paragraph (a)) rehabilitate the land (including its vegetation and wildlife) on completion of any work to the satisfaction of the Environment Minister.

# 7—Governor may give approvals, directions

If—

- (a) the Mining Minister and the Environment Minister cannot agree as to whether—
  - (i) approval should be granted or refused under clause 5; or
  - (ii) a direction should be given under clause 6(c); or
- (b) the Environment Minister does not approve a statement of environmental objectives under clause 6(a),

the Governor may, with the advice and consent of the Executive Council-

- (c) grant or refuse the necessary approval under clause 5; or
- (d) give a direction in writing under clause 6(c); or
- (e) grant or refuse the necessary approval under clause 6(a).

# Schedule 2—Revocation of *Radiation Protection and Control (Transport of Radioactive Substances) Regulations 2003*

1 Revocation of Regulations

# 1—Short title

These regulations may be cited as the *Radiation Protection and Control (Transport of Radioactive Substances) Regulations 2018.* 

# 2—Commencement

These regulations will come into operation on 1 September 2018.

# **3—Interpretation**

(1) In these regulations, unless the contrary intention appears—

Act means the Radiation Protection and Control Act 1982;

ARPANSA means the Australian Radiation Protection and Nuclear Safety Agency;

dangerous situation means a situation that is creating or is likely to create—

- (a) imminent risk to the health or safety of a person, or the safety of a person's property; or
- (b) imminent risk of environmental harm;

emergency services officer means-

- (a) an officer or employee of South Australian Metropolitan Fire Service, South Australian Country Fire Service or South Australian State Emergency Service; or
- (b) an ambulance officer;

*International Regulations* means Schedule A of the Transport Code as modified by Schedule 1;

*Transport Code* means the code entitled *Safe Transport of Radioactive Material*, Radiation Protection Series C-2, published by the Chief Executive Officer of ARPANSA in December 2014, as modified by Schedule 1.

(2) If an expression used in these regulations is defined in the Transport Code, that expression has, unless the contrary intention appears, the same meaning as in the Transport Code.

# 4—Prescribed body

For the purposes of section 43(4)(a) of the Act, ARPANSA is a prescribed body.

### 5—Responsibilities of consignors and carriers

- A consignor must, in relation to the consignment of radioactive material, comply with the requirements of the International Regulations specified in clause 2.8 of the Transport Code (other than paragraphs 311, 312, 313, 314 and 315 of the International Regulations). Maximum penalty: \$10 000.
- (2) A carrier must, in relation to the transport of radioactive material, comply with the requirements of the International Regulations specified in clause 2.9 of the Transport Code (other than paragraphs 311, 312, 313, 314 and 315 of the International Regulations).
   Maximum penalty: \$10 000.
- (3) A carrier must ensure that, at all times during the course of the carriage of packages of radioactive material in a freight container or in or on a vehicle, each package is stowed and secured in such a manner that—
  - (a) the package will remain in position despite movements of starting, stopping, jolting or swaying to which the container or vehicle may be subject; and
  - (b) the package is kept away from heavy articles or goods likely to cause damage to it in the ordinary course of transport or in the event of accident; and
  - (c) if carried on a vehicle—the package does not project beyond the periphery of the vehicle.

Maximum penalty: \$10 000.

- (4) If a vehicle carrying radioactive material is involved in an incident resulting in a dangerous situation—
  - (a) the consignor of the radioactive material must, as soon as practicable after being asked by an authorised officer or emergency services officer—
    - (i) give the officer the information the officer requires about—
      - (A) the properties of the radioactive materials being transported; and
      - (B) safe methods of handling the radioactive materials; and
      - (C) safe methods of containing and controlling the radioactive materials in a dangerous situation; and
    - (ii) provide the equipment and other resources necessary—
      - (A) to control the dangerous situation; and
      - (B) to contain, control, recover and dispose of radioactive material that has leaked, spilled or accidentally escaped;
  - (b) the carrier of the radioactive material must, as soon as practicable after being asked by an authorised officer or emergency services officer—

- (i) give the officer the information the officer requires about the vehicle's construction, properties and equipment; and
- (ii) provide the equipment and other resources necessary—
  - (A) to control the dangerous situation; and
  - (B) to recover the vehicle or its equipment.

Maximum penalty: \$10 000.

- (5) If the consignor and the carrier of radioactive material are asked to give the same information or provide the same resources for an incident referred to in subregulation (4), it is sufficient if the consignor or, as the case may be, the carrier, gives the information or provides the resources.
- (6) A consignor or carrier who employs or engages a person to perform a task involved in the transportation of radioactive material must ensure that—
  - (a) the person has received appropriate instruction and training to ensure that the person is at all times able to perform the task safely and in accordance with these regulations and the International Regulations; and
  - (b) the person is at all times appropriately supervised in performing the task to ensure that the person is able to perform the task safely and in accordance with these regulations and the International Regulations; and
  - (c) records of all safety training undertaken by the person are kept and made available to the person if requested.

Maximum penalty: \$10 000.

- (7) Without limiting subregulation (6), a consignor or carrier must ensure that a person employed or engaged by them to perform a task involved in the transportation of radioactive material—
  - (a) receives training designed to familiarise the person with the general provisions of the International Regulations; and
  - (b) receives training that includes—
    - (i) a description of the different categories of radioactive material; and
    - (ii) requirements relating to the labelling, marking, placarding and packaging and segregation requirements of the International Regulations; and
    - (iii) a description of the purpose and content of radioactive material transport documents; and
    - (iv) a description of available emergency response documents; and
  - (c) receives training specific to the radioactive material transport requirements that are applicable to the task that the person has been employed or engaged to perform; and
  - (d) receives safety training that—
    - (i) is commensurate with the risk of exposure in the event of the release of radioactive material; and
    - (ii) is relevant to the task that the person has been employed or engaged to perform,

including-

- (iii) training on methods and procedures for avoiding accidents (such as the proper use of package handling equipment and appropriate methods of stowage of radioactive material); and
- (iv) training on available emergency response information and how to use it; and
- (v) training on the dangers presented by the different categories of radioactive material and how to prevent exposure to such dangers (including, if appropriate, the use of personal protective clothing and equipment); and
- (vi) training on the immediate procedures to be followed in the event of an unintentional release of radioactive material, including—
  - (A) any emergency response procedures for which the person is responsible; and
  - (B) any personal protection procedures.
- (8) A consignor or carrier must ensure that a person employed or engaged by them to perform a task involved in the transportation of radioactive material has received the training referred to in subregulation (7) before the person commences to perform any such task and thereafter at intervals of 3 years (or at such other intervals as may be directed by the Minister). Maximum penalty: \$10 000.

(9) A person must not manage, control or supervise a task involved in the transportation of radioactive material unless the person has received instruction and training to enable the person to manage, control or supervise (respectively) another person to perform the task safely and in accordance with these regulations and the International Regulations. Maximum penalty: \$10 000.

- (10) For the purposes of this regulation, a task involved in the transportation of radioactive material includes the following:
  - (a) the classifying of radioactive material to be transported;
  - (b) the packing or unpacking of radioactive material;
  - (c) the marking or labelling of radioactive material;
  - (d) the marking or placarding of packages of radioactive material;
  - (e) the consigning of radioactive material for transport;
  - (f) the loading or unloading of packages of radioactive material;
  - (g) the carrying or handling of radioactive material in transport;
  - (h) the preparation of transport documentation for radioactive material;
  - (i) the driving of vehicles transporting radioactive material;
  - (j) the maintenance of vehicles or equipment used in the transport of radioactive material;
  - (k) the acceptance or receiving of a consignment of radioactive material (as the consignee).

# 6-Responsibilities of drivers and storekeepers

- (1) If, while a package of radioactive material is being transported—
  - (a) the package is lost, wrongfully interfered with or damaged; or

(b) radioactive material leaks from the package,

the driver of the vehicle being used to transport the package must-

- (c) forthwith report the matter to all relevant persons, giving details of the package and the circumstances of the loss, interference, damage or leak and such other details as are reasonably required by the relevant person to whom the report is being made; and
- (d) prevent, as far as practicable, access to the package by anyone other than a person authorised by a relevant person; and
- (e) obey any directions given by the Minister in respect of the package.

Maximum penalty: \$10 000.

- (2) If, while a package of radioactive material is being stored in the course of transit—
  - (a) the package is lost, wrongfully interfered with or damaged; or
  - (b) radioactive material leaks from the package,

the person in charge of the place of storage of the package must-

- (c) forthwith report the matter to all relevant persons, giving details of the package and the circumstances of the loss, interference, damage, leak or accident and such other details as are reasonably required by the relevant person to whom the report is being made; and
- (d) prevent, as far as practicable, access to the package by anyone other than a person authorised by a relevant person; and
- (e) obey any directions given by the Minister in respect of the package.

Maximum penalty: \$10 000.

- (3) It is a defence to a charge of an offence against subregulation (1)(c) or (2)(c) to prove that—
  - (a) the defendant did not know, and had no reason to suspect, that the loss, interference, damage, leak or accident had occurred; or
  - (b) the defendant reported the matter as soon as practicable after it came to his or her knowledge or after he or she suspected that it had occurred; or
  - (c) the defendant believed on reasonable grounds that the requisite report had been made.
- (4) For the purposes of this regulation, the following are relevant persons:
  - (a) the carrier of the package of radioactive material;
  - (b) the consignor of the package of radioactive material;
  - (c) the Minister.

### 7—Interference

- (1) A person must not, without the approval of a relevant person, interfere with—
  - (a) the contents of a consignment of radioactive material; or
  - (b) a label or marking required by the International Regulations in relation to a package of radioactive material; or
  - (c) a document relating to a consignment of radioactive material,

except in the course of transporting the radioactive material in accordance with the Act and these regulations.

Maximum penalty: \$10 000.

- (2) For the purposes of this regulation, the following are relevant persons:
  - (a) the carrier of the package of radioactive material;
  - (b) the consignor of the package of radioactive material;
  - (c) the Minister.
