Part B: Notes to Proponent

Building Rules

- The proponent must obtain a Building Rules assessment and certification for any building work from either the Wakefield Regional Council or a private certifier (at the proponent's option) and forward to the Minister for Planning all relevant certification documents as outlined in Regulation 64 of the Development Regulations 2008.
- Pursuant to Development Regulation 64, the proponent is especially advised that the Wakefield Regional Council or private certifier conducting a Building Rules assessment must:
 - provide to the Minister for Planning a certification in the form set out in Schedule 12A of the Development Regulations 2008 in relation to the building works in question; and
 - to the extent that may be relevant and appropriate:
 - (i) issue a Schedule of Essential Safety Provisions under Division 4 of Part 12;
 - (ii) assign a classification of the building under these regulations; and
 - (iii) ensure that the appropriate levy has been paid under the Construction Industry Training Fund 1993.
- Regulation 64 of the Development Regulations 2008 provides further information about the type and quantity of all Building Rules certification documentation for Major Developments required for referral to the Minister for Planning. The Wakefield Regional Council or private certifier undertaking Building Rules assessments must ensure that the assessment and certification are consistent with this development authorisation (including its Conditions and Notes).

EPA Licensing and General Environmental Duty of Care

- The applicant is reminded of its general environmental duty, as required by Section 25 of the Environment Protection Act 1993, to take all reasonable and practical measures to ensure that the activities on the whole site, including during both construction and operation, do not pollute the environment in a way which causes or may cause environmental harm.
- Environmental authorisation in the form of an amended licence may be required for the construction and/or operation of this development. The applicant is advised to contact the Environment Protection Authority before acting on this approval to ascertain licensing requirements.
- The Environment Protection Authority will require the proponent to review and amend where necessary the current Landfill Environmental Management Plan (LEMP) to satisfy the Authority's licensing requirements. Such a plan will be required to include provisions for the review, from time to time, of waste treatment and disposal methods to facilitate implementation of continuous improvement programs. The LEMP will be required to incorporate specific plans in relation to groundwater, leachate and, surface water management. It will also be required to include provisions for implementation of corrective actions in the event of any failure of the leachate and groundwater management systems.

- Control over the types of waste to be received at the site will be exercised by the Environment Protection Authority. This will be done through conditions of environmental authorisation or requirements under a relevant Environment Protection Policy rather than through conditions of development authorisation.
- It is likely that as a condition of such a license the Environment Protection Authority will require the licensee to carry out specified environmental monitoring of air and water quality and to make reports of the results of such monitoring to it.
- A financial assurance in accordance with the provisions of Section 51 of the Environment Protection Act 1993 will be required by the Environment Protection Authority as a condition of license.
- In regard to Conditions of Development Authorisation 3-5, a Geosynthetic Clay Liner may be used in the construction of a liner for a low level contaminated waste cell (such as in place of an upper 600 mm compacted clay liner) provided it has a specification equivalent to ELCOSEAL X3000 made by Geofabrics Australia or its equivalent.

REMUNERATION TRIBUNAL

REPORT NO. 5 OF 2019

2019 Review of the Common Allowance for Members of The Parliament of South Australia

INTRODUCTION

1. Section 14 of the Remuneration Act 1990 ("the Act") provides that the Remuneration Tribunal ("the Tribunal") has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the Parliamentary Remuneration Act 1990 ("the PR Act") confers jurisdiction on the Tribunal to make a Determination or perform any other function required by the PR Act.
3. Section 4AA(3) of the PR Act, provides that the Tribunal must review the common allowance once per year, and if the Tribunal considers it appropriate to do so, the Tribunal may determine an increase to the amount of the common allowance.
4. Section 4AA(4) provides that the aggregated amount of the two components of remuneration that comprise the common allowance must not exceed \$42,000.

BACKGROUND

5. The common allowance was established by the Parliamentary Remuneration (Determination of Remuneration) Amendment Act 2015 ("the Amending Act") which amended the Parliamentary Remuneration Act 1990 ("the PR Act").
6. The common allowance is comprised of two monetary amounts. The first amount is provided as compensation for the loss of the annual travel allowance, metrocard special pass and subsidised or free interstate rail travel. The second amount is provided as compensation for the loss of payments for service as ordinary members of parliamentary committees.
7. The Tribunal has a statutory responsibility under the PR Act to review the amounts of the two components of common allowance on an annual basis.
8. The common allowance was last reviewed by the Tribunal in 2018. On that occasion, the Tribunal decided to increase the levels of each component of the common allowance, having regard to the all groups Consumer Price Index for Adelaide, as published by the Australian Bureau of Statistics.
9. In 2018, the Tribunal issued its Report in relation to the common allowance, which stated:

"Having regard to the nature of the common allowance and the factors considered when the allowance was originally determined, the adjustment of the amount of the allowance could proceed on the basis of various considerations. However, the determination of a considered framework of considerations should proceed in a manner whereby those whose remuneration would be affected are on notice and are able to make relevant submissions. The Tribunal intends to address these considerations and provide such notice in due course."
10. The Tribunal, in its notifications to the members of Parliament in relation to current review, stated that the Tribunal intends to:

"...consider what the relevant factors are for the purpose of determining an appropriate level of allowance"

PROCEDURAL HISTORY

11. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
12. Section 10(4) of the Act provides that the Honourable Premier of South Australia ("the Premier"), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
13. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the members of Parliament on 7 May 2019, notifying of the Tribunal's intention to review the common allowance. The Tribunal invited written submissions with a closing date of 7 June 2019.
14. Additionally, on 7 May 2019, a notice of the review was placed on the Tribunal's public website.

SUBMISSIONS

15. No submissions were received by the Tribunal in relation to the review to which this Report relates.

CONCLUSION

16. The Tribunal has determined to adopt the following adjustments to the amount of remuneration as reasonable compensation for the abolition of: annual travel allowance, metrocard special pass and subsidised or free interstate rail travel.

Item	Relevant factor for the purposes of the Tribunal's review	Percentage increase last 12 months	Adjusted amount for Tribunal's 2019 Review
Annual Travel Allowance	Increases in the <i>Domestic Holiday and Travel and Accommodation</i> Consumer Price Index for Australia, as published by the Australian Bureau of Statistics, series 6401.0	1.70%	\$13,977
Metrocard Special Pass	Increases in the cost of a metrocard pass, as published by Adelaide Metro.	2.01%	\$1,623

Remuneration consisting of subsidised or free interstate rail travel	Increases in the cost of a Great Southern Rail ticket on "the Ghan" railway.	1.43%	\$2,128
Total			\$17,728

17. The Tribunal has determined to adopt the following adjustment to the amount of remuneration payable to all members of Parliament for service as ordinary members on parliamentary committees.

Item	Relevant factor for the purposes of the Tribunal's review	Percentage increase last 12 months	Adjusted amount for Tribunal's 2019 Review
Remuneration as payment for service as ordinary members of parliamentary committees	Increases in the Wage Price Index for Public Sector, South Australia, as published by the Australian Bureau of Statistics, series 6345.0.	1.80%	\$13,648
Total			\$13,648

CONCLUSION

18. The Tribunal has determined to adopt the above framework of considerations, which results in a 1.74% increase to the total common allowance amount.
19. The Tribunal's decision to adopt the above framework of considerations on this occasion does not constitute a commitment to automatically link the various components of the common allowance to any reference point. REMUNERATION TRIBUNAL

REPORT NO. 6 OF 2019

2019 Review of Electorate Allowances for Members of The Parliament of South Australia

INTRODUCTION AND BACKGROUND

1. Section 14 of the Remuneration Act 1990 ("the Act") provides that the Remuneration Tribunal ("the Tribunal") has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the Parliamentary Remuneration Act 1990 ("the PR Act") confers jurisdiction on the Remuneration Tribunal to make a determination or perform any other function required by the PR Act.
3. Section 4(1)(c) of the PR Act provides that electorate allowances form part of the remuneration of members of Parliament.
4. Section 4(2)(a) of the PR Act provides that the Tribunal must, in determining electorate allowances and other remuneration for members of Parliament, have regard not only to their parliamentary duties, but also to:
 - 4.1. Their duty to be actively involved in community affairs; and
 - 4.2. Their duty to represent and assist their constituents in dealings with governmental and other public agencies and authorities.
5. In 2018, the Tribunal conducted its annual review of electorate allowances for members of Parliament, resulting in a 1.8% increase being applied to the levels of those allowances.

PROCEDURAL HISTORY

6. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
7. Section 10(4) of the Act provides that the Honourable Premier of South Australia ("the Premier"), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
8. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 7 May 2019, notifying of the Tribunal's intention to review electorate allowances. The Tribunal invited written submissions with a closing date of 7 June 2019.
9. Additionally, on 7 May 2019, a notification of the review was placed on the Tribunal's public website.
10. On 27 June 2019, the Tribunal wrote to the Member for Finnis and the Member for Light, notifying those members that the Tribunal is considering making a reduction to the level of their electorate allowance, based on changes to the electoral boundaries of their respective electorates.
11. The Member for Finnis, the Member for Light, and the Member for Mawson sought the opportunity to make oral submissions to the Tribunal. The Member for Light appeared on 9 July 2019 and the Member for Finnis and the Member for Mawson appeared on 10 July 2019, to make oral submissions to the Tribunal.

SUBMISSIONS

12. Written and oral submissions were received by the Member for Finnis, the Member for Light, and the Member for Mawson.
13. No other submissions were received by the Tribunal in relation to the review to which this Report relates.

ADJUSTMENTS RESULTING FROM ELECTORAL BOUNDARY CHANGES

14. The Tribunal has further considered adjustments to the levels of electorate allowances based on changes arising from the redistribution of electoral boundaries.
15. Electorate of Light.
- 15.1. Prior to the redistribution of the electoral boundaries in 2018, the electorate of Light was a 459.7 km² electorate where the majority of the area within the electorate was outside of the Metropolitan Adelaide Boundary as defined by the Development Act 1993 (“Metropolitan Adelaide”). The electorate of Light, as presently bounded, is now a 62.36 km² electorate which is contained, for the most part, within Metropolitan Adelaide.
- 15.2. The Tribunal considers that the boundary changes to the electorate of Light are sufficient justification to adjust the level of electorate allowance to the same level as other electorates within metropolitan regions.
- 15.3. The Tribunal intends to apply the above change in the level of allowance for the electorate of Light prospectively, on and from 1 March 2020.
16. Electorate of Finnis.
- 16.1. Prior to the redistribution of the electoral boundaries in 2018, the electorate of Finnis was a 5,875 km² electorate which had Kangaroo Island contained within its electoral boundaries. The electorate of Finnis, as presently bounded, is a 1004 km² electorate and Kangaroo Island is no longer contained within its electoral boundaries.
- 16.2. The Tribunal considers that the boundary changes to the electorate of Finnis are sufficient justification to adjust the level of electorate allowance to the same level applicable to electorates with similar characteristics to that of Finnis.
- 16.3. The Tribunal intends to apply the above change in the level of allowance for the electorate of Finnis prospectively, on and from 1 March 2020.
17. Electorate of Mawson.
- 17.1. The Tribunal has considered the Member for Mawson’s submission that the level of electorate allowance applicable to the electorate of Mawson, as presently bounded, ought to be backdated to 17 March 2018, being the date upon which the change in electoral boundaries took effect.
- 17.2. The Tribunal has determined that the rate of electorate allowance payable in respect of the electorate of Mawson shall be payable on and from 17 March 2018, having regard to the experience of the Member, since the election, in light of the significant expansion of the geography of the electorate and in particular the inclusion of Kangaroo Island.
- 17.3. The Member for Mawson foreshadowed a claim for reimbursement of expenses associated with the circumstances of a change of location of the Mawson electorate office. This submission was elaborated on a comparative basis with the circumstances of Report 10 of 2018 and Determination 10 of 2018. The Tribunal is not satisfied that the respective circumstances are analogous. Moreover, the submission relates to a potential event yet to occur. Accordingly, no determination as sought is made by the Tribunal.

CONCLUSION

18. The Tribunal has had due regard to the necessary statutory considerations under section 4(2)(a) of the PR Act. Those considerations include the nature of parliamentary duties, the duty for Members of Parliament to be actively involved in community affairs, and the duty for Members of Parliament to represent and assist their constituents in dealings with governmental and other public agencies and authorities.
19. The Tribunal has decided to apply an economic adjustment to the levels of all of the electorate allowances, having regard to movements in the Consumer Price Index for Adelaide, which results in an increase of 1.3%.
20. The Tribunal has further considered changes to the levels of electorate allowances, based on changes made to electoral boundaries by the Electoral Districts Boundaries Commission. The Tribunal has adjusted the rates of electorate allowance for the electorates of Finnis and Light on that basis. The Tribunal has also made a variation to the operative date for the electorate allowance applicable to the electorate of Mawson.
21. The accompanying Determination schedules new rates of electorate allowances and the operative dates from which those rates are applicable.

REMUNERATION TRIBUNAL**REPORT NO. 7 OF 2019**

2019 Review of Accommodation and Meal Allowances for Ministers of the Crown and Officers and Members of Parliament

INTRODUCTION AND BACKGROUND

- Section 14 of the Remuneration Act 1990 (“the Act”) provides that the Remuneration Tribunal (“the Tribunal”) has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
- Section 3A(2) of the Parliamentary Remuneration Act 1990 (“the PR Act”) confers jurisdiction on the Tribunal to make a Determination or perform any other function required by the PR Act.

PROCEDURAL HISTORY

- Section 10(2) of the Act, requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.

4. Section 10(4) of the Act provides that the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
5. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 7 May 2019, notifying of the Tribunal’s intention to review the relevant accommodation and meal allowances. The Tribunal invited written submissions with a closing date of 7 June 2019.
6. Additionally, on 7 May 2019, a notice of the review was placed on the Tribunal’s public website.
7. On 7 June 2019, the Member for Mawson sought the opportunity to make an oral submission to the Tribunal. That opportunity was provided to the Member for Mawson on 10 July 2019.

SUBMISSIONS

8. A written submission was received from the Member for Mawson and on 10 July 2019 the Member for Mawson provided oral submissions to the Tribunal.
9. No other submissions were received by the Tribunal in relation to the review to which this Report relates.

ACCOMMODATION AND MEAL ALLOWANCES FOR MINISTERS OF THE CROWN AND THE LEADER AND DEPUTY LEADER OF THE OPPOSITION

10. The allowances under consideration for Ministers of the Crown and the Leader and Deputy Leader of the Opposition, are provided for the purpose of accommodation and meal expenses associated with travelling in an official capacity within South Australia and interstate. The allowances are conditioned such that actual expenses for accommodation and meals must be incurred.
11. The Tribunal has had regard to increases in accommodation and meal allowances applicable to the South Australian Public Sector. Accordingly, the Tribunal considers that justification exists to increase the accommodation and meal allowances by a similar quantum. The variation of the different allowances depend on the location to which the allowance applies.
12. The new rates of accommodation and meal allowances are published in the accompanying Determination.

MEMBERS ACCOMMODATION ALLOWANCE

13. The members accommodation allowance is provided to a member of either House of Parliament whose usual place of residence is more than 75 kilometres by road (by the most direct route) from the Adelaide General Post Office (“GPO”), and who is required to stay in Adelaide overnight in order to attend to either parliamentary duties or the Member’s duty to be actively involved in community affairs. A modest level of allowance is also provided to a member whose permanent residence is outside metropolitan Adelaide but who does not qualify for the existing accommodation allowance because they do not live more than 75 kilometres from the GPO.
14. The Tribunal has adjusted the nomenclature of the accompanying Determination in the interests of precision of meaning.
15. The Tribunal has had regard to increases in accommodation and meal allowances applicable to the South Australian Public Sector. Accordingly, the Tribunal considers that justification exists to increase the members accommodation allowance.
16. The new rates of members accommodation allowance are published in the accompanying Determination.

REPORT NO. 8 OF 2019

Reimbursement of Expenses Applicable To the Electorate of Mawson – Travel To and From Kangaroo Island by Ferry and Aircraft

INTRODUCTION AND BACKGROUND

1. Section 14 of the Remuneration Act 1990 (“the Act”) provides that the Remuneration Tribunal (“the Tribunal”) has jurisdiction to determine the remuneration, or a specified part of the remuneration, payable in respect of certain offices, if such jurisdiction is conferred upon the Tribunal by any other Act or by the Governor by proclamation.
2. Section 3A(2) of the Parliamentary Remuneration Act 1990 (“the PR Act”) confers jurisdiction upon the Tribunal to make a Determination or perform any other function required by the PR Act.
3. Section 3A(3) of the PR Act provides that the Tribunal may make a different provision according to the member, the electorate, the House of Parliament or the circumstances to which the Determination is to apply.
4. The last Determination in relation to the reimbursement of expenses for travel to and from Kangaroo Island is Determination 4 of 2018. That Determination applies to the specific circumstances of the electorate of Mawson, where ferry travel by sea is routinely required to move around the electorate for the purposes of parliamentary business.

PROCEDURAL HISTORY

5. Section 10(2) of the Act requires that before the making of a Determination affecting the remuneration of a particular person, or persons of a particular class, the Tribunal must allow that person, or persons of that class, a reasonable opportunity to make submissions.
6. Section 10(4) of the Act provides that the Honourable Premier of South Australia (“the Premier”), as the Minister responsible for the Act may intervene, personally or by counsel or other representative, in proceedings before the Tribunal for the purpose of introducing evidence, or making submissions, on any question relevant to the public interest.
7. The Tribunal wrote to the Premier, as the Minister responsible for the Act, and the Members of Parliament on 7 May 2019, notifying of the Tribunal’s intention to review the ferry travel Determination for the electorate of Mawson. The Tribunal invited written submissions with a closing date of 7 June 2019.
8. Additionally, on 7 May 2019, a notice of the review was placed on the Tribunal’s public website.

9. On 7 June 2019, the Member for Mawson sought the opportunity to make an oral submission to the Tribunal. That opportunity was provided to the Member for Mawson on 10 July 2019.

SUBMISSIONS

10. A written submission was received from the Member for Mawson. In that submission, the Tribunal was advised that there are some occasions on which travel by sea is disrupted and travel by aircraft is necessary or more efficient for the discharge of electoral and parliamentary business.
11. No other submissions were received by the Tribunal in relation to the review to which this Report relates.

CONCLUSION

12. The maximum amount of ferry travel expense reimbursement applicable to the electorate of Mawson, as provided for by Determination 4 of 2018, is \$3380 per annum.
13. The Tribunal notes that the costs of journeys by ferry between Fleurieu Peninsula and Kangaroo Island have not increased during the period under review. Consequently, the maximum amount of reimbursement has not been adjusted by the Tribunal on this occasion.
14. Having received submissions from the member for Mawson concerning travel between the Fleurieu Peninsula and Kangaroo Island. The Tribunal has determined to vary the terms of the entitlement to reimbursement, currently prescribed by Determination 4 of 2018, so that the means of travel for which the entitlement is payable may be ferry or air travel.
15. The variation of the reimbursement entitlement to include air travel will not impose any additional cost upon the State.
16. The accompanying Determination reflects the variation to this entitlement up to the existing amount.

OPERATIVE DATE

17. The operative date of the accompanying Determination will be 25 July 2019.
