## Living Marine Resources

### LIVING MARINE RESOURCES MANAGEMENT ACT 1995

#### NOTICE OF APPROVAL OF DRAFT MANAGEMENT PLAN - TASMANIAN SCALLOP FISHERY

I, ROBERT GOTT, Director (Marine Resources), Department of Primary Industries, Parks, Water and Environment, pursuant to the delegated authority under Section 20(1) of the *Living Marine Resources Management Act 1995*, in accordance with section 48 of that Act, hereby give notice that:

1. A draft management plan for the Tasmanian scallop fishery has been approved; and,
2. that the plan as approved is a management plan; and,
3. the plan takes effect on 1 March 2010; and,
4. the plan is in force from that date until its expiry on 28 February 2020; and,
5. a copy of the management plan may be obtained free of charge from the Marine Licensing Section of the Department of Primary Industry, Parks, Water and Environment, located on the ground floor of the Marine Board Building, at 1 Franklin Wharf, Hobart, or from the Department's web site <http://www.dpipwe.tas.gov.au/scallop>.

ROBERT GOTT, Director (Marine Resources)

# We can produce a document the whole world will want to see.

## We can also make sure they don't.

No matter how good it looks, sometimes your publication contains information that you would prefer to keep under lock and key.

At Print Applied Technology, Tasmania's number one printer, that's just where we keep it.

How good is our security? Well, in 159 years of

printing the most sensitive government and business documents we've never had any leaks.

Your job will not be any different. So now you can sleep at night knowing your document is safe. Won't that make a world of difference!

Have a chat with one of our sales representatives on 03 6233 3168.

# Our conscience is crystal clear.

## Together we can make a difference.

Print Applied Technology remains ever vigilant in reducing the impact of its operations on the environment, and environmental management within our production facilities is considered a critical aspect of our business.

Our investment in a world class 'Ecoclean' solvent recycling system from Europe has enabled us to recycle all our solvent liquids for reuse, instead of disposing of this material which is traditional industry practice. Waste paper is managed via extraction systems and a compaction unit, capturing and bundling all waste generated during the production cycle which is then collected for recycling, reducing landfill. Vegetable based inks are used where possible on our presses, and green office principles are employed.

Print Applied Technology now adds to these initiatives official certification by the Forest Stewardship Council

(FSC). FSC certification is the "Gold Standard" for eco forestry worldwide, and as a 'Chain of Custody' certificate holder we can now assure our valued customers that selected papers sourced for our operations are from responsibly managed forests.

The use of the highly guarded FSC trademark now also allows our customers to demonstrate their commitment to the growth of responsible forest management. Further to this, we can now share with you the knowledge that areas of natural wealth and endangered wildlife habitat are not being adversely affected as a consequence of our paper sourcing policy.

You too can help to protect our environment, by promoting and using FSC products.

For further information please contact Print Applied Technology or visit [www.fscaustralia.org](http://www.fscaustralia.org)
