Living Marine Resources

LIVING MARINE RESOURCES MANAGEMENT ACT 1995

Section 48A(2)

PUBLIC NOTICE

NOTIFICATION OF CHANGE TO MANAGEMENT PLAN FOR THE TASMANIAN ABALONE FISHERY

I, STEVE WITHERS, Acting Director (Marine Resources), Department of Primary Industries, Parks, Water and Environment, under section 48A(2) of the *Living Marine Resources Management Act 1995* (the Act) and pursuant to the delegated authority of the Secretary under section 20(2) of that Act hereby give notice that:

1. The management plan for the Tasmanian abalone fishery has been changed pursuant to section 48A(1) of the Act.
2. The change is as follows:

Rule 9 of Fisheries (Abalone) Rules 2009 changed

- (a) by omitting from subrule (1) "public";
- (b) by inserting, after the penalty at the foot of subrule (2), the following subrule:
- (3) In this rule –

"by notice" means –

 - (a) for a determination under subrule (1) that affects only a limited class of persons where the Minister is satisfied that that every member of that class of persons is known to the Department –
 - (i) by individual notice to each member of that class of persons; and
 - (ii) by notice in the *Gazette*; or
 - (b) for a determination of any kind under subrule (1) –
 - (i) by notice in at least one newspaper circulating generally in the State; and
 - (ii) by notice in the *Gazette*.

Explanatory note: This order changes the management plan for the abalone fishery by providing that where a Ministerial determination concerning the dates of the closed or open seasons for the fishery relates to a class of known persons, notice of the determination may be given to those persons individually instead of by the more expensive means of a general newspaper notice; the requirement for the determination to also be gazetted remains.

Dated this sixteenth day of February 2012.

STEVE WITHERS, Acting Director (Marine Resources).

A bit fuzzy on your printing jargon?

Dont worry, our sales team know more than enough.

They also know one other very important fact: that it's just that - jargon.

Talk to one of our experienced sales representatives and you'll come away with a crystal clear understanding of the ins and outs of your printing job. We know what you want

because we know the right questions to ask.

No guesses, no hazy ideas, no fudging...just the information needed to be assured that your publication will be a sight for sore eyes.

Call us on 6233 3168 for the bottom line on all your printing requirements.

Save time, money and your voice. Make sure there is only one cursor in your office!

What could be easier? Your next print job sent at the click of a mouse. Minutes later your documents are at the printers and you haven't even left your desk.

Now if only they could invent a computer that makes you coffee.

How about skipping the middle man altogether and ordering your printing online from your own catalogue? It's easy, it's flexible and it's fast.

No more chasing proofs or checking stock levels.

All your printing products can be available online, meaning others in your organisation will be able to place orders, enter variable data for items such as business cards, preview proofs and track the progress of their orders. What's more it's custom designed to suit your needs.

Call one of our sales representatives on 6233 3168 to discover why more people are using online ordering.

Now you have time to concentrate on more important things...like that coffee.

Our conscience is crystal clear.

Together we can make a difference.

Print Applied Technology remains ever vigilant in reducing the impact of its operations on the environment, and environmental management within our production facilities is considered a critical aspect of our business.

Our investment in a world class 'EcoClean' solvent recycling system from Europe has enabled us to recycle all our solvent liquids for reuse, instead of disposing of this material which is traditional industry practice. Waste paper is managed via extraction systems and a compaction unit, capturing and bundling all waste generated during the production cycle which is then collected for recycling, reducing landfill. Vegetable based inks are used where possible on our presses, and green office principles are employed.

Print Applied Technology now adds to these initiatives official certification by the Forest Stewardship Council

(FSC). FSC certification is the "Gold Standard" for eco forestry worldwide, and as a 'Chain of Custody' certificate holder we can now assure our valued customers that selected papers sourced for our operations are from responsibly managed forests.

The use of the highly guarded FSC trademark now also allows our customers to demonstrate their commitment to the growth of responsible forest management. Further to this, we can now share with you the knowledge that areas of natural wealth and endangered wildlife habitat are not being adversely affected as a consequence of our paper sourcing policy.

You too can help to protect our environment, by promoting and using FSC products.

For further information please contact Print Applied Technology or visit www.fscaustralia.org
