Fee Units

FEE UNITS ACT 1997

The *Fee Units Act 1997* provides for automatic changes in Government fees and charges in accordance with movements in the Hobart Consumer Price Index (CPI). The Fee Units Act also provides for adjustments to be made on the basis of factors other than movements in the CPI through a fee unit adjustment factor.

In accordance with section 7 of the Act, I give notice that:

- the value of a fee unit for the financial year commencing 1 July 2018 is \$1.58; and
- the adjustment factor used in the calculation of the fee unit is zero.

In determining the adjustment factor, I have taken into consideration that the overall cost to the Government in providing services for which fees are charged has increased at a rate that is not less than the average movement in the Hobart CPI from 2016 to 2017, being the period relevant to the calculation of a fee unit under the Act.
