This land is proposed to be rezoned from General Farming, Stream and Floodway, Garden Industrial and Special Extractive Industry Zones to Public Purposes 19 & 20 Reserves, and the Urban Residential 1 zone. The amendment also introduces two site specific overlay controls to the Planning Scheme which require all buildings and works to comply with an Incorporated Plan and (except with a permit) to be consistent with design guidelines promoting principles of environmental living and resource conservation.

The proposed residential development is limited to a maximum of 65 hectares, and is tied to an extensive range of resource conservation, landscape enhancement and passive recreational works and management programs, both by the Incorporated Plan and by way of a statutory Agreement with Council pursuant to Section 173 of the **Planning and Environment Act 1987**.
