Gas Safety Act 1997

GAS SAFETY (GAS APPEALS BOARD)
REGULATIONS 1999

Notice of Regulatory Impact Statement

In accordance with the **Subordinate Legislation Act 1994**, notice is given that a Regulatory Impact Statement has been prepared in relation to the proposed Gas Safety (Gas Appeals Board) Regulations 1999.

The proposed regulations will be made under section 118 of the **Gas Safety Act 1997**.

The primary objective of the proposed regulations is to provide industry with a mechanism to appeal certain decisions made by the Office of the Gas Safety. The regulations prescribe procedures and fees for appeals to the Gas Appeals Board and particulars regarding the reporting of the exercise of powers of entry by the Office of Gas Safety for purposes of safety compliance.

The Regulatory Impact Statement observes that there are clear costs associated with the administration of the Gas Appeals Board. It recognises that the objective of the appeals process would not be upheld if the fees to initiate an appeal were set at a level to recover the total cost of an appeal, as this would be financially prohibitive to many parties contemplating an appeal. The Regulatory Impact Statement concludes that the partial recovery of the costs associated with the appeals process is both equitable, and consistent with the proper administration of such a review process.

A copy of the Regulatory Impact Statement and of the proposed Regulation can be obtained from the Office of Gas Safety, Level 1, Wool House, 369 Royal Parade, Parkville, Victoria 3052 or by telephoning (03) 9341 3800.

Public comments and written submissions are invited and will be received up to 5:00pm, Thursday 16 December 1999.

Submissions should be addressed to: Mr Mike Ebdon, Manager, Safety Systems, Office of Gas Safety, Locked Bag 3210 GPO, Melbourne, Victoria 3001.
