GREATER SHEPPARTON CITY COUNCIL

Notice is given that the Greater Shepparton City Council made the following Local Law Amendments at its meeting on 17 August 1999:

**Local Law No. 1 - Environment
Amendment No. 2**

The purpose of Local Law No. 1 - Environment, is to:

- (a) provide for the peace, order and good government of the municipal district of the Greater Shepparton City Council;
- (b) provide for those matters which require a Local Law under the Local Government Act 1989, and any other Act;
- (c) provide for the administration of Council powers and functions, and for the issue of permits and infringement notices;

- (d) prohibit, regulate and control activities, events, practices or behaviour in places so that no detriment is caused to the amenity of the neighbourhood, nor nuisance to a person nor detrimental effect to a person's property.

The Local Law specifies requirements in relation to the following matters, activities and uses:

Dangerous and unsightly land; storage of disused compartments, machinery and second-hand goods; toilet facilities on building sites; incinerators; lighting of fires other than in an incinerator; burning of offensive material; chimney discharges; overhanging trees and shrubs; control of vermin or pests; repair and servicing of vehicles in a residential area; noxious weeds; noise; camping in areas other than an approved camping ground; circuses, carnivals and festivals; recreation vehicles; roller blades and skateboards; servicing of vehicles on highways; debris on highways; building materials on highways or Council land; trading of goods or services on a highway or Council land; tables and chairs, movable signs and goods for display on a highway; street appeals; distribution of handbills; processions; riding and leading of horses in built-up and public areas; abandoned shopping trolleys; discharge of water onto Council land; keeping of animals, birds, bees, poultry and reptiles; livestock on highways; impoundment of livestock; livestock at large; fencing for grazing of livestock.

Amendment No. 2 brings the Local Law into compliance with the guiding principles of the National Competition Policy by way of the following changes:

- (a) Including a clause that articulates the public safety and community amenity objectives of the Local Law. This new clause reinforces the rationale for assessing community benefit elements against negative externalities where the activities of individuals and groups may adversely impact upon others.
- (b) Including a clause that gives flexibility in the application of the Local Law through the use of Council guidelines, policies, codes or standards. This new provision assists in exercising discretion and

provides a consistent approach when dealing with permit applications under the Local Law.

- (c) Allowing persons to burn offensive material subject to the issue of a permit by the Council.
- (d) Allowing persons to participate in or allow the making of noise by musical or other instruments upon any highway or Council land subject to the issue of a permit by the Council.
- (e) Revoking the clause restricting the riding or leading of horses in a built-up area, on a reservation or on any public reserve or recreation ground. The objectives of this clause can be achieved by alternative means such as the use of signage or a code of practice where necessary.

The Amendment also revokes provisions that are replicated in Local Law No. 6 relating to livestock on highways, impoundment of livestock and livestock at large.

Local Law No. 2 -

Consumption of Liquor in Public Places

Amendment No. 2

The purpose of Local Law No. 2 is to:

- (a) regulate and control the consumption of liquor and possession of liquor other than in a sealed container, on a road, in or at a public place, in or on a stationary vehicle and on vacant private land; and
- (b) prevent behaviour which constitutes or may constitute a nuisance, may be detrimental to health or safety, or affects the enjoyment of public and other places.

Local Law No. 2 contains provisions that relate to the designation of public places and times when a permit is required for the possession and consumption of liquor; permit applications and form of permit; directive powers, infringements and proceedings for offences; and penalties.

Amendment No. 2 brings Local Law No. 2 into compliance with the guiding principles of the National Competition Policy by way of the following changes:

- (a) Including a clause that articulates the public safety and community amenity objectives of the Local Law. This new

clause reinforces the rationale for assessing community benefit elements against negative externalities where the activities of individuals and groups may adversely impact upon others.

- (b) Including a clause that gives flexibility in the application of the Local Law through the use of Council guidelines, policies, codes or standards. This new provision assists in exercising discretion and provide a consistent approach when dealing with permit applications under the Local Law.

Local Law No. 3 - Maude Street Mall

Amendment No. 1

The purpose of Local Law No. 3 - Maude Street Mall, is to:

- (a) provide for the peace, order and good management and operation of the Maude Street Mall in the Greater Shepparton City Council; and
- (b) provide for those matters which require a local law under the Local Government 1989 and any other Act; and
- (c) provide for the administration of Council powers and functions in relation to the Maude Street Mall, and for the issue of permits and infringement notices; and
- (d) prohibit, regulate and control activities, events, practices or behaviour in the Maude Street Mall so that no detriment is caused to the amenity of the Mall, nor nuisance to any person, nor detrimental effect to a person's property.

The Local Law contains provisions that relate to the use and approval of vehicles and velocipedes in the Mall; prescribed hours for Mall activities; the nature of activities that require a permit from the Council; prohibition as to animals and birds in the Mall; damage to property; official signs; seizure, removal and detention of property unlawfully in the Mall; noise, signs and advertisements; proceedings for offences; directive powers; and penalties.

Amendment No. 1 brings the Local Law into compliance with the guiding principles of the National Competition Policy by way of the following changes:

- (a) Including a clause that articulates the public safety and community amenity

objectives of the Local Law. This new clause reinforces the rationale for assessing community benefit elements against negative externalities where the activities of individuals and groups may adversely impact upon others.

The Amendment also revokes provisions that are replicated in Local Law No. 2 relating to the possession and consumption of liquor in public places.

Local Law No. 6 - Livestock

Amendment No. 1

Local Law No. 6, Livestock, regulates the droving and movement of livestock throughout the municipal district in order to minimise any damage to road surfaces, formations, drainage, vegetation and surrounding areas arising from livestock, and to alert other road users to the presence on roads of livestock in the interests of road safety.

The Local Law contains provisions that relate to droving and grazing applications and permits; situations where a permit is not required for movement of livestock; movement of livestock between parts of a farm and responsibility of owners or occupiers of farm properties in relation to surface treatment; prohibited roads for droving of livestock; right of way for travelling livestock; provision of warning signs for droving or movement of livestock; condition of livestock being driven or moved; permit applications, fees, and bonds; permit duration and exemptions; offences, enforcement and penalties.

Amendment No. 1 brings the Local Law into compliance with the guiding principles of the National Competition Policy by way of the following change:

- (a) Including a clause that gives flexibility in the application of the Local Law through the use of Council guidelines, policies, codes or standards. This new provision

assists in exercising discretion and provides a consistent approach when dealing with permit applications under the Local Law.

STYLE REQUIREMENTS.

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

Fax resolution:

Material sent by fax should be transmitted using Fine Resolution (200 dots per inch by 200 dpi).

Font size:

Use 12 point (10 pitch) or larger.

Font Style:

Clear plain font styles, such as Helvetica, should be used.

Graphics:

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

Avoid:

Italics, underlining and full justification.

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
