EXEMPTION

Application No. 40 of 1999

The Victorian Civil and Administrative Tribunal, has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Geelong Business Placements Pty Ltd for exemption from Sections 13, 42, 100 and 195 of that Act. The application for exemption is to enable the applicant to provide its employment services only to people aged 15 – 24 or 45 years plus.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 42, 100 and 195 of the Act to enable the applicant to provide its employment services only to people aged 15 – 24 or 45 years plus.

In granting this exemption the Tribunal noted:

- Geelong Business Placements (GBP) is a company auspiced by VECCI, the ACM, Gordon Institute of TAFE and Geelong Region Group Training and is funded by the Victorian Department of State Development through its Community Business Employment Project. That project aims to promote employment to people of specified age groups.

- GBP is funded by the Department to provide its services to people within the age range of 15 – 24 and 45 plus years. These groups are significantly disadvantaged in that, unemployment among them is high, and there is a need to help them increase their skills so as to increase the range of employment which they can access.

- GBP provides clerical assistance, vocational training, networking opportunities and job referral for people in the specified age groups. For employers, it provides recruitment and pre-selection interviewing services.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 42, 100 and 195 of the **Equal Opportunity Act 1995** to provide its employment services only to people aged 15 – 24 or 45 years plus.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 4 August 2002.

Dated this 29 July 1999.

Deputy President

EXEMPTION

Application No. 41 of 1999

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by MorCare Services Pty Ltd. The application for exemption is to enable the applicant to advertise for and employ age specific attendant carers when requested by their clients.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 42, 100 & 195 of the Act to enable the applicant to advertise for and employ age specific attendant carers when requested by their clients.

In granting this exemption the Tribunal noted:

- MorCare Services ("MorCare") has been established to provide attendant care support to the aged and disabled community that encourages client participation and independence in a home situation as an alternative to institutional care.

- The tasks which attendant carers could be expected to undertake include some or all of the following activities depending on individual circumstances – assisting with shopping, banking and paying bills; driving to and from a workplace or school as part of a client's regular daily routine, accompanying the client to entertainment venues or other recreational activities.
- The clients of the applicant consistently express preferences relating to age specifications in relation to attendant carers who work with them. The clients prefer carers to be nearer the age group of the client.

The Tribunal grants an exemption from the operation of Sections 13, 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and employ age specific attendant carers when requested by their clients.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 4 August 2002.

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

Avoid:

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
