STYLE REQUIREMENTS.

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

Fax resolution:

Material sent by fax should be transmitted using Fine Resolution (200 dots per inch by 200 dpi).

Font size:

Use 12 point (10 pitch) or larger.

Font Style:

Clear plain font styles, such as Helvetica, should be used.

Graphics:

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

Avoid:

Italics, underlining and full justification.

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
