Grain Handling and Storage Act 1995 (Vic)

REGULATION OF GRAIN HANDLING
FACILITIES

Notice of Determination

Pursuant to section 23 of the **Grain Handling and Storage Act 1995 (Vic)** the Office of the Regulator-General made the following determination on 17 May 2000.

Each of the facilities used in the provision of prescribed services, namely, the grain handling and storage facility at the Port of Geelong and the grain handling and storage facility at the Port of Portland have not ceased to be significant infrastructure facilities for the purpose of the **Grain Handling and Storage Act 1995 (Vic)**.

The Office’s determination that Vicgrain’s port facilities will continue to be “significant infrastructure facilities” ensures that users continue to have a legal right of access to Vicgrain’s facilities on fair and reasonable terms. The Office can then be called on to determine fair and reasonable access terms and conditions where disputes cannot be settled between the parties or on the application of Vicgrain.

The determination will take effect from the date of publication of the next Victorian Government Gazette on 25 May 2000 and will be reviewed within three years.

The purpose and reasons for the Office making the determination are given in Review of the Regulation of the Handling and Storage of Export Grain: Final Report that was released by the Office on 17 May 2000. Copies of that report are available from Philip Norman telephone (03) 9651 0247 or may be viewed on the Office’s web site <http://www.reggen.vic.gov.au/grain>
