**Planning and Environment Act 1987**  
**MAROONDAH PLANNING SCHEME**  
Notice of Amendment  
Amendment C20

The Amendment affects three (3) adjacent parcels of land located on the corner of Mt Dandenong Road and Anzac Street, Croydon. The subject land is located in a Residential 1 Zone and abuts residential dwellings to the north

and professional offices to the west. The Croydon Community School is situated on the opposite corner of Mt Dandenong Road and Anzac Street.

The land was previously used as a BP petrol filling station, however the underground tanks have been removed.

The need for a purpose built Police Station, in a main road location, has been identified as an important priority of Victoria Police for the Croydon area. The existing Police Station in Kent Avenue, Croydon, has now outgrown its site and fails to provide the level of public surveillance and presence required for both central and wider Croydon.

The Amendment proposes to rezone the land from the Residential 1 Zone to the Public Use Zone No. 7 (Other Public Use), to facilitate the proposed relocation of the Croydon Police Station from Kent Avenue, Croydon, to this site. The Police Station will be developed with purpose built design and have a visual and physical connection with the Croydon Town Centre.

Under the provisions of the Public Use Zone No. 7 (Other Public Use), no planning permit will be required for the development and use of a Police Station on the land. Any issues associated with the suitability of this land to be used for a Police Station will be assessed and determined as part of this rezoning process.

The Amendment can be inspected free of charge during normal office hours at the following Maroondah City Council outlets: Ringwood Civic Centre, Braeside Avenue, Ringwood; Ringwood Plaza Customer Service Centre, Civic Place, Ringwood; Croydon Customer Service Centre, Main Street, Croydon; Croydon Civic Customer Service Centre, Civic Place, Croydon and Department of Infrastructure, Nauru House, 80 Collins Street, Melbourne.

Any submissions about the Amendment must: Be made in writing, giving the submitters name and address. Include, if possible, a daytime contact phone number. Set out the views on the Amendment that the submitter wishes to be put before Council. Set out what changes (if any) the submitter wishes made to the Amendment. State whether the submitter wishes to be heard in support of their submission should a panel hearing be convened.

Submissions must be sent to Mr Michael Marasco, Chief Executive Officer, Maroondah City Council, PO Box 156, Ringwood 3134 by Wednesday 22 August 2001.

Upon reading the material submitted in support of the application and upon hearing submissions from Ms Musgrave and for the Reasons for Decision given by the Tribunal on 11 July 2001, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 42, 100 and 195 of the Act to advertise for legal practitioners to fill positions in respect of which employers who are clients of the applicant have authorised the applicant to organise recruitment and have certified to the applicant that the employer genuinely believes that the nature of the position reasonably requires the person who fills it to have a specified minimum level of legal experience and to include in those advertisements reference to the minimum levels of legal experience mentioned in those certifications.

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by the Bendigo Health Care Group Human Research Ethics Committee. The application for exemption is to enable the applicant to advertise for a male and/or female candidate for membership on the BHCG HREC to meet the requirements for membership in accordance with the **National Health and Medical Research Council Act 1992** Guidelines.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 34, 35, 37, 42, 59, 100 and 195 of the Act to enable the applicant to advertise for a male and/or female candidate for membership on the BHCG HREC to meet the requirements for membership in accordance with the **National Health and Medical Research Council Act 1992** Guidelines.

In granting this exemption, the Tribunal noted:

- Section 7 of the **National Health and Medical Research Council Act 1992** ('the NHMRC Act') states –

Functions of the Council

(1) The functions of the Council are:

- (a) to inquire into, issue guidelines on, and advise the community on, matters relating to:
  - (iv) public health research and medical research; and
  - (v) ethical issues relating to health; and

- Section 8 of the NHMRC Act states –  
Ethics Guidelines

- (1) Without limiting any of the matters on which the Council may issue guidelines under subparagraph 7(1)(a)(v), the Council must issue guidelines under that subparagraph for the conduct of medical research involving humans
- (2) The guidelines for the conduct of medical research involving humans must be issued precisely as developed by the Principal Committee known as

the Australian Health Ethics Committee and provided to the Council for the purpose.

- The Australian Health Ethics Committee is a body established by the Minister administering the NHMRC Act, and has a diverse range of members many of whom are required to be appointed after consultation with the relevant Ministers of States and Territories.
- Under the NHMRC Act the NHMRC has issued guidelines. One of those guidelines is called the NHMRC Statement on Human Experimentation and Supplementary Notes 1992. That guideline sets out principles for the conduct of experimentation on humans and for the Constitution of Institutional Ethics Committee to advise on, approve and monitor that experimentation – see Supplementary notes – Supplementary Note 1 (1992) – Institutional Human Research Ethics Committees, where Point 4 states the composition of the Committee must include “laywoman not associated with the institution; layman not associated with the institution . . .”
- The Terms of Reference of the applicant’s Ethics Committee states that the Membership of the Committee shall consist of a nominee of the Chief Executive who shall be the Chairperson, one Clinical Executive Director of the Bendigo Health Care Group; three members with knowledge of, and current experience in health research; and a male and a female who have no affiliation with the institution and are not currently involved in medical, scientific or legal work, and who are from the local community, to represent an ethical/philosophical viewpoint.
- The functions of the committee are to act as an authority to research projects received at the Bendigo Health Care Group and approve or disapprove Inter-Organisational research proposals on behalf of other Health Care Organisations Human Research Ethics Committees; maintain a register and keep surveillance of all proposed research projects until their completion to conform with approved ethical standards; to act as an advisory group to The Chief Executive on ethical issues; provide a resource to health professionals and others in the organisation;

identify ethics related educational needs of staff and make recommendations to The Chief Executive; act as a forum to increase ethics and health care understanding; review and make recommendations on issues of ethics and protocols related to research on patients or staff procedures and receive ethical issues referred to the Committee from recognised and established groups in the hospital, heads of Departments, or individual Committee members.

- The exemption is required so that the applicant can comply with the NHMRC guidelines.
- The functions that the applicant’s Committee performs are important. It is a Multi-disciplinary Committee with representatives offering a diverse range of skills and experience. Given its functions, it is important that the Committee also includes representatives of men and women and the range of its membership conforms to the range of memberships of other similar committees in other States and Territories of the Commonwealth and in the Commonwealth itself.
- The applicant was granted a previous exemption which expired on 27 May 2001.

The Tribunal hereby grants an exemption to the applicant from the operations of Sections 34, 35, 37, 42, 59, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for a male and/or female candidate for membership on the BHCG HREC to meet the requirements for membership in accordance with the **National Health and Medical Research Council Act 1992** Guidelines.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 18 July 2004.

Dated 12 July 2001

Deputy President

## LATE NOTICES

## EXEMPTION

Application No. A241 of 2001

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995**, CORE – the Public Correctional Enterprise. The application for exemption is to enable the applicant to advertise for and employ two people of Aboriginal and Torres Strait Islander (ATSI) background in the positions of Aboriginal Welfare Officer.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ two people of Aboriginal and Torres Strait Islander (ATSI) background in the positions of Aboriginal Welfare Officer.

In granting this exemption, the Tribunal noted:

- CORE – the public Correctional Enterprise is a service agency within the Department of Justice Victoria. CORE is the public provider of correctional services, managing eleven of the state's 13 prisons and all of the state's community correction centres responsible for managing community based sanctions for adult offenders within Victoria and supervising offenders on behalf of the Adult Parole Board.
- CORE has enacted recommendation 174 from the Royal Commission Into Aboriginal Deaths in Custody (RCIADIC) (March 1991), via the development of an Indigenous Services Unit (ISU) which is based at the Melbourne Assessment Prison and services all CORE prisons and community correction centres. In addition, CORE has established a network of indigenous Services Officers based at each of CORE's prisons and CCS locations.
- The role of the Aboriginal Welfare Officer is–
  - to liaise with prison management and relevant Aboriginal organisations;
  - provide education and training advice;
  - assist with any problems they might be experiencing inside the facility;

- assist with welfare matters extending outside the institution;
- provide counselling services;
- provide information on pre-release and post-release programs;
- co-ordinate cultural awareness programs;
- assist with transport, accommodation and social security allowances.
- The Aboriginal Justice Advisory Forum is the peak coordinating body responsible for overseeing the development and implementation of the Aboriginal Justice Agreement. This forum made a determination in March 2001 that the AWO positions must be Aboriginal designated.
- CORE is committed to ensuring that Indigenous prisoners and offenders access culturally appropriate services that meet identified needs. Due to the specific cultural, spiritual and personal needs of Indigenous prisoners, it is deemed necessary that ATSI applicants only fill the role of these AWO positions.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and employ two people of Aboriginal and Torres Strait Islander (ATSI) background in the positions of Aboriginal Welfare Officer.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 18 July 2004.
