KNOX PLANNING SCHEME

Notice of Amendment
Amendment C21

Knox City Council, at the request of Melbourne Water, has prepared Amendment C21 to the Knox Planning Scheme.

The Amendment proposes to change the Knox Planning Scheme by introducing a Special Building Overlay (SBO) to land which has been identified by Melbourne Water as being subject to overland flows as a result of a storm event exceeding the design capacity of the underground drainage system, and a Land Subject to Inundation Overlay (LSIO) to land that has been identified as liable to inundation from an open watercourse during a severe storm of 1 in 100 year intensity. These areas are shown on the planning scheme maps forming part of this amendment. The Municipal Strategic Statement will also be amended to include reference to the use of the SBO and LSIO as a means of achieving its objectives.

The purpose of applying the SBO and LSIO is to ensure that drainage and flooding issues are considered at an early stage in the development, design and approvals processes, and that buildings and works are designed and constructed in a way that allows the efficient movement of stormwater.

The SBO and LSIO will generally require a planning permit for future buildings and works undertaken in areas affected by the overlays. Some buildings and works are specifically exempt from requiring a planning permit. Most planning permit applications required pursuant to these overlays will be referred to Melbourne Water for comment.

The Amendment can be inspected at: Knox City Council, City Development Customer Service Counter, Civic Centre, Ground Floor Entrance, 511 Burwood Highway, Wantirna South and Department of Infrastructure, Level 3 Plaza, Nauru House, 80 Collins Street, Melbourne.

Please contact Melbourne Water for all technical enquiries regarding flooding of land on 9235 2100, Monday to Friday 8.30 a.m. to 5.00 p.m.

Any person who may be affected by the Amendment may make a submission about the Amendment. Submissions must be in writing and must be sent to Knox City Council, Locked Bag 1, Wantirna South 3152 by 27 August 2001.

Planning and Environment Act 1987
MITCHELL PLANNING SCHEME
 Notice of Amendment
 Amendment C21

Mitchell Shire Council has prepared Amendment C21 to the Mitchell Planning Scheme.

The Amendment applies to a 15 metre wide strip of land along the eastern bank of the Goulburn River north of the Seymour–Tooborac Road within Crown Allotments 34 and 35, Parish of Seymour.

The Amendment proposes to introduce a Public Acquisition Overlay along the eastern bank of the Goulburn River in a location where public access along the bank of the river is currently not available. This change would be shown on the planning scheme maps.

The Amendment is required because the eastern bank of the Goulburn River has eroded and as a result the bank of the river, in this location, is now within freehold land and not public land as is the case along the remainder of the eastern bank of the river. Mitchell Shire Council is in the process of building the Seymour Multi-Purpose Trail along the bank of the Goulburn River from Whitehead Creek to the Seymour–Tooborac Road a distance of approximately 4.2 kilometres. The Trail which has been partially constructed cannot be completed unless public access along the river bank is available.

A copy of the Amendment may be inspected, free of charge, at the following locations during office hours: Mitchell Shire Council, Shire Office, 113 High Street, Broadford; Department of Infrastructure, Northern Regional Office, 57 Lansell Street, Bendigo and Department of Infrastructure, Customer Service Centre and Bookshop, Upper Plaza, Nauru House, 80 Collins Street, Melbourne.

Submissions about the Amendment must be sent to: Mitchell Shire Council, 113 High Street, Broadford, by Thursday 23 August 2001.

WYNDHAM PLANNING SCHEME
Notice of Amendment
Amendment C31

The Wyndham City Council has prepared Amendment C31 to the Wyndham Planning Scheme.

The Amendment proposes to change the Wyndham Planning Scheme by rezoning a

rectangular parcel of land of approximately 1.216 hectares of land on the southern side of Old Geelong Road, Hoppers Crossing from a part Business Four Zone and part Public Use Zone (Schedule 4 – Transport) to a Business One Zone. The subject land is described as being Lot 1 on PS416641R Volume 10480, Folio 234 known as 52–64 Old Geelong Road, Hoppers Crossing. The Amendment also proposes to include a new schedule to the Business One Zone to have a floor limitation for a 'shop' of 2000 square metres on the subject land.

The Amendment will require a map amendment to be carried out to Map No. 12 of the Wyndham Planning Scheme to rezone the land from a part Business Four Zone and part Public Use Zone (Schedule 4 – Transport) to a Business One Zone, and will also require the Schedule to the Business One Zone being modified to include the subject land in the Schedule with a maximum combined leasable floor area for a 'shop' of 2000 square metres.

The Amendment is consistent with the relevant clauses of the State Planning Policy Framework and the Municipal Strategic Statement of the Wyndham Planning Scheme. The Amendment is also consistent with the zoning pattern of surrounding land.

A copy of the Amendment can be inspected, free of charge, during office hours at: Department of Infrastructure, Customer Service Centre, Upper Plaza, Nauru House, 80 Collins Street, Melbourne 3000 and Wyndham City Council, Civic Centre, Town Planning Department, 45 Princes Highway, Werribee 3030.

EXEMPTION

Application No. A267 of 2001

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by David Morrell on behalf of Kildonan Child & Family Services, a division of the Uniting Church of Australia. The application for exemption is to enable the applicant to advertise

for and employ a male or female worker where required, to maintain a gender balance.

Upon reading the material tendered in support of this application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ a male or female worker, where required to maintain a gender balance.

In granting this exemption the Tribunal noted:

- Kildonan Child and Family Services ("Kildonan") is a non-profit agency auspiced by the Uniting Care Victoria Unit of the Uniting church of Australia.
- Kildonan's Family and Social Advocacy Programs provide services to a number of disadvantaged and/or minority groups in the community including:
 - young persons/children who are under Guardianship and/or Custody Orders to the Department of Human Services;
 - families who are socially disadvantaged;
 - young people who are unable to access mainstream education or training;
 - families or individuals suffering from financial hardship;
 - families or individuals from non English speaking backgrounds;
 - people who have disabilities;
 - victims of crimes or trauma.
- The program is conducted in a number of homes in the community each of which is staffed by one male and one female 24-hour residential caregiver.
- Programs and Services are designed to cater to the needs of our clients. This may entail matching a number of criteria including gender.
- Having both a male and female in each unit is seen as being in the best interests of the children and young persons for the following reasons.
 - (a) It provides the children with a positive adult model for both genders.
 - (b) In cases where a child has experienced abuse primarily by members of one gender, a full time staff member of the other gender can provide the children with assurance and a greater sense of security. This is particularly so when the child has experienced sexual abuse.

- (c) It is important to provide the children with opportunities to engage with an adult who can support them in dealing with the emotional issues arising out of the neglect and abuse they have often experienced. Having staff who belong to the gender with whom the child most easily relates, increases the likelihood that the child will engage with an adult in such a therapeutic process.

The Tribunal grants an exemption from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995**, to enable the applicant to advertise for and employ a male or female worker, where required to maintain a gender balance.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 25 July 2004.

Licence

Pursuant to section 90(1) of the Act, I, John Pandazopoulos, Minister for Gaming, hereby issue a licence to the promoter to conduct the consultations and soccer football pools referred to in K. and L. above (“the public lotteries”) until 30 June 2007, unless the licence is surrendered, cancelled or suspended earlier in accordance with the Act or the licence expires under section 91(3) of the Act.

 - (a) only if the modification is of a type or one of a class approved, from time to time, by the Authority; or
 - (b) if the Authority or the Director of Gaming and Betting has approved the particular proposed modified function or operation.
7. Once a computer system, or part of a system, has been approved under condition 5, the promoter must use that system (or part thereof), as approved under condition 5 or as modified and approved under condition 6 and not use any unapproved system for that same function or purpose. The promoter must maintain all parts of the systems and procedures used for the conduct of lotteries in accordance with the approved system and in accordance with the relevant lottery rules.
8. The promoter shall continue to conduct each of the public lotteries unless the promoter can satisfy the Minister that a particular public lottery is not commercially viable.

12. For the year ending 30 June 2002, with respect to the prizes fund kept by the promoter pursuant to section 4(2A) of the **Tattersall Consultations Act 1958**, the amount standing to the balance of the fund as at 30 June 2001 is to be added to the minimum return to players calculated under section 52(1)(a) of the Act.
13. The promoter shall promptly observe any lawful instruction given by the Minister.

Subordinate Legislation Act 1994

NOTICE OF INTENTION TO PROCEED TO MAKE REGULATIONS

Juries (Fees, Remuneration and Allowances) Regulations 2001

A Regulatory Impact Statement was published in relation to the proposed Juries (Fees, Remuneration and Allowances) Regulations 2001 examining the rates of remuneration for those attending for jury service and the fees payable by litigants requiring a civil jury trial.

The Regulatory Impact Statement examined alternative remuneration options and concluded that existing levels of juror remuneration rates and fees payable should be continued until an assessment of the impact of changed jury profiles following the implementation of the Juries Act 2000 is undertaken. The current rates are \$36 per day for the first 6 days and then \$72 per day thereafter. After 12 months the rate increases to \$144 per day. Fees payable by litigants requiring a jury trial of a civil action are fixed at \$455.

Public comments and submissions on the Regulatory Impact Statement were invited and three submissions were received, each supporting a proposal that remuneration should be fixed at a rate equating to average weekly earnings. I have determined that the regulations should be made in the form proposed until a review of the impact of the Juries Act on jury profiles can be undertaken, and I now give notice of my intention to proceed with the making of the proposed regulations
