WHITTLESEA CITY COUNCIL  
General (Amendment) Local Law No. 1  
of 2001

Whittlesea City Council proposes to make a new local law entitled General (Amendment) Local Law (No. 1 of 2001) for the purposes of assisting Council in responding to community issues and further protecting community amenity and the overall appearance of the municipal district by:

- (a) controlling the collection of the garbage/recyclables;
- (b) further controlling fires, incinerators and fire prevention;
- (c) further controlling the placement of recycling collection bins;
- (d) further controlling the street numbering of premises;
- (e) further controlling the fencing of premises; and
- (f) further controlling advertising.

Refuse Collection

New clause 5.12 will address problems associated with the use, placement or care of mobile garbage bins to residential premises and some business premises. In particular, property owners will be required keep bins in a clean and inoffensive condition. Theft of bins is also frequently reported and provisions in the amending Local Law address these concerns through the introduction of appropriate controls.

Recycling, Hard/Green Waste Collection

Council provides green and hard waste collection services to residents on a 'request' basis. Frequently, Council's directions about when this waste is to be placed out on the nature-strip are not adhered to. The amending Local Law addresses these concerns and makes it an offence to take out a garbage/recycling receptacle more than 12 hours before a collection or leaving a receptacle out beyond the same day it is emptied.

Trade Waste Hoppers

New clauses 5.18 to 5.20 will regulate the use of trade waste hoppers, which are currently unregulated. The new provisions provide controls on the placement, storage and emptying of such equipment to ensure there is no adverse impact on amenity. They also create remedies for damage on land vested in Council caused by

the use of this equipment. Authority is included to impound offending equipment.

Fencing of Vacant Land

Revised clause 10.2 will address resident concerns regarding rubbish dumping on private vacant land. This is particularly so in built up areas, where some individual vacant house lots still exist. The amending Local Law will require property owners to take reasonable steps to prevent or reduce the occurrence of dumping on their land and will assist Council in controlling people who use unfenced vacant land to access areas otherwise inaccessible to them to dump rubbish.

Clothing Bins

It is proposed to amend Clause 9.1 of the General Local Law to include a permit requirement for charity bins on private land, where such bins are visible from public places.

Property Numbers

It is proposed to amend Clause 10.2 of the General Local Law to more clearly specify the requirements for property numbering to ensure that property numbers are clearly visible from the street, particularly in adverse light conditions.

Advertising Signs

It is proposed to amend Clause 13.3 of the General Local Law to provide authorised officers with the power to impound illegally placed signs. Council officers are currently unable to impound illegally placed signs unless they are causing a physical obstruction. While every effort is made to identify the owners of illegally placed signs, in some cases the owner is not contactable.

Incinerators and Open Fires

It is proposed to amend Clause 4.3 of the Local Law to require that food being cooked in the open, must be "cooked in an appliance designed or constructed specifically for that purpose". In its current form, the clause doesn't limit how such food may be cooked or what equipment may be used.

Impounding

The existing provisions related to the impounding of shopping trolleys are unclear on who is liable to pay any fee before an impounded item is released or what Council can do if the release fee is not paid. Clause 2.12 has

been redrafted to allow a Notice of Impounding to be served either on the person contravening the Local Law or on the owner of the item being impounded. It also makes provision for an impounded item to be disposed of if it is not claimed within the required time.

Copy of Proposed Local Law Available for Inspection

You can inspect a copy of the proposed Local Law at the Civic Centre, Ferres Boulevard, South Morang and at libraries located at May Road, Lalor and Main Street, Thomastown between the hours of 8:30 am and 5:00 pm, Monday to Friday or by calling 9217 2223. A copy of the proposed Local Law can also be accessed on Council's website at [www.whittlesea.vic.gov.au](http://www.whittlesea.vic.gov.au).

#### Public Submissions

Any person affected by the proposal may make a written submission relating to the proposal in accordance with Section 223 of the **Local Government Act 1989**. Submissions should be addressed to the Chief Executive Officer, City of Whittlesea, Locked Bag 1, Bundoora, MDC, 3083. Council will consider any submissions received by 16 August 2001.

A person making a submission may ask to be heard in support of their submission.

**Notice of Amendment**  
**Amendment C24**

This Amendment affects land at 316-326 Bayswater Road, Bayswater North. The site is located at the southern end of Bayswater Road, adjacent to the TAFE training restaurant.

The land is located in a Residential 1 Zone, however an Urban Floodway Zone covers the Bungalook Creek, which flows across the eastern and southern portion of the site. The site is currently vacant (apart from a caretaker's dwelling) and is covered with extensive native canopy tree vegetation.

The owner proposes to establish a Plant Nursery on the land. A car park associated with the Plant Nursery will be located on the Bayswater Road frontage of the site. As a Plant Nursery is a Section 3 (Prohibited) use of land in the Urban Floodway Zone (UFZ), the eastern part of the site will need to be rezoned from UFZ to the Residential 1 Zone, to facilitate the development and use of this part of the site.

Flood mitigation works to be undertaken on Bungalook Creek at the direction of Melbourne Water, will allow the boundary and extent of the Urban Floodway Zone to be modified on the site. The Urban Floodway Zone will only be retained over the Bungalook Creek waterway.

A simultaneous planning permit application to establish a Plant Nursery on the site (incorporating an ancillary sales area and cafe), will be exhibited as part of this Amendment.

The Amendment can be inspected free of charge during normal office hours at the following: Ringwood Civic Centre, Braeside Avenue, Ringwood; Ringwood Plaza Customer Service Centre, Civic Place, Ringwood; Croydon Customer Service Centre, Main Street, Croydon; Croydon Civic Customer Service Centre, Civic Place, Croydon and Department of Infrastructure, Nauru House, 80 Collins Street, Melbourne.

Any submissions about the Amendment must: Be made in writing, giving the submitters name and address and phone number. Set out the views on the Amendment that the submitter wishes to be put before Council. Set out what changes (if any) the submitter wishes made to the Amendment.

Submissions must be sent to Mr Michael Marasco, Chief Executive Officer, Maroondah City Council, P.O. Box 156, Ringwood 3134 by Monday 3 September 2001.

Notice of Amendment

Amendment C30

Notice of Permit Application

Permit Application WH/12031

Whitehorse City Council has prepared Amendment C30 to the Whitehorse Planning Scheme.

The Amendment has been prepared under Section 96A of the **Planning and Environment Act 1987** to facilitate a combined planning permit and amendment process.

The Amendment and Planning Permit Application applies to land described as described as Lot S2 on Plan of Subdivision No. 433751M and known as 502-514 Burwood Highway, Vermont South. The land is situated on the south side of Burwood Highway, Vermont South approximately 50 metres east of the intersection with Hartland Road. The land has an area of 3.967 hectares and was formerly owned by the Australian Road and Research Board (ARRB) and contains existing vegetation and has not been formally developed. The Amendment does not apply to land located immediately to the north-west of the site known as Lot 1 on Plan of Subdivision No. 433751M and occupied by the ARRB buildings and surrounds, which will be retained in a Public Use 4 Zone (Transport).

The Amendment proposes to rezone the subject land from a Public Use 4 Zone (Transport) to a Residential 1 Zone. The Amendment will enable the land to be developed into a Retirement Village and will deliver benefits for older residents in the community by providing different types of housing and levels of care.

A planning permit application for use and development of the land for the purpose of a Retirement Village comprising a total of 218 dwellings in four different types of buildings has been prepared in conjunction with the Amendment proposal. The proposal also includes altered access to Burwood Highway, the provision of private and communal open space areas and 357 car spaces, the removal of native vegetation and the removal of part of a carriageway easement. The permit application,

proposed development and Draft Planning Permit WH/12031 form part of the public exhibition documents.

The person who requested the Amendment and the applicant for the permit is Millar and Merrigan Pty Ltd on behalf of 500 Burwood Highway Pty Ltd. A planning submission and traffic engineering assessment has been prepared by the applicant to support the Amendment and Planning Permit Application.

A copy of the Amendment may be inspected at: Whitehorse City Council, Statutory Planning Office, Service Centre, 379-397 Whitehorse Road, Nunawading and Department of Infrastructure, Customer Service Centre and Bookshop, Upper Plaza, Nauru House, 80 Collins Street, Melbourne. All City of Whitehorse Customer Service Centres and Libraries.

This can be done during office hours free of charge.

Any person who may be affected by the Amendment or by the granting of the permit may make a submission to the planning authority. Submissions must: Be made in writing, giving the submitter's name, address and, if practicable, a phone number for contact during office hours. Set out the views on the Amendment and Planning Permit Application that the submitter wishes to put before Council and indicate what changes (if any) the submitter wishes to be made to the Amendment and state whether the person/s making the submission wishes to be heard if an independent panel is appointed to consider submissions.

Submissions about the Amendment and Planning Permit Application must be made in writing by the close of business on 3 September 2001 and addressed to: Ms Bernadine Holland, Senior Urban Planner, City of Whitehorse, Locked Bag 2, Nunawading Delivery Centre, Vic. 3110.

Notice of Amendment

Amendment C33

The City of Wyndham has prepared Amendment C33 to the Wyndham Planning Scheme.

The Amendment affects the vacant land at the soon to be constructed north eastern corner

of Dunnings Road and Foxwood Drive, Point Cook. Being approximately 3.50 hectares in size, the land is generally flat and vacant.

The Amendment proposes to change the local provisions of the Wyndham Planning Scheme by rezoning the land from Residential 1 to Public Use Zone 2 – Education. This rezoning will facilitate the development of the land for a primary school in accordance with the Point Cook Concept Plan.

Please note that the closing date for submissions is Thursday 6 September 2001.

The Amendment is available for public inspection, free of charge, during office hours at the following places: City of Wyndham, Wyndham Civic Centre, 45 Princes Highway, Werribee, Vic. 3030 and Department of Infrastructure, Customer Service Centre, Nauru House, 80 Collins Street, Melbourne, Vic. 3000.

#### EXEMPTION

Application No. A253 of 2001

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by P. M. Foster & Co for exemption from Sections 13, 100 and 195 of that Act. The application for exemption is to enable the applicant to advertise for and employ Accountants with a minimum of 3 years experience.

Upon reading the material submitted in support of the application and upon hearing submissions from Mr Foster and for the Reasons for Decision given by the Tribunal on 27 July 2001, the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ Accountants with a minimum of 3 years experience.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and employ Accountants with a minimum of 3 years experience.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 August 2004.

Dated 27 July 2001

Deputy President

#### EXEMPTION

Application No. A266 of 2001

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by St Luke's Anglicare. The application for exemption is to enable the applicant to advertise for and appoint a female Intensive Case Management Worker.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and appoint a female Intensive Case Management Worker.

In granting this exemption the Tribunal noted:

- St Luke's Anglicare's Intensive Case Management Service aims to provide intensive support and case management to 'at risk' young people (12-18) involved in the Child Protection and Juvenile Justice Systems.
- The position is required to provide intensive, long term support and case management to five young women and one male client. A number of the young people have experienced abuse perpetrated by males or have made allegations of sexual assault about male workers in the past.
- The program is structured on a relationship-based model of service delivery. Workers are expected to work one to one with up to six young people at any given time. Given the outreach nature of the program workers often spend time alone with clients. It is, given these issues, inappropriate to allocate a male worker to these people as it may be a threatening experience for the client and a non-therapeutic intervention.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and appoint a female Intensive Case Management Worker.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 August 2004.

Dated 30 July 2001

Deputy President

## EXEMPTION

Application No. A284 of 2001

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Footscray Community Arts Centre. The application for exemption is to enable the applicant to advertise for and appoint a woman to the position of Artistic Director, Women's Circus.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and appoint a woman to the position of Artistic Director, Women's Circus.

In granting this exemption the Tribunal noted:

- The Women's Circus is a community arts project based at Footscray Community Arts Centre. As part of its ongoing physical training program the Circus invites women to join, giving priority to women who are survivors of sexual abuse. The success of the Circus rests with its strong focus on creating a safe, supportive and stimulating workshop environment in which women can extend their skills, build confidence and have fun.
- The Artistic Director is responsible for all policy and artistic decisions of the company and directing the artistic programs of the Circus. She is also required to participate in the training program and to teach workshops to women in the training program. The Artistic Director is required to be a pivotal point of contact for the women who participate in the project.
- As many of the women are the survivors of sexual assault by men, the all women environment is critical to the creation of a space which is perceived as safe. As one of only two full time staff the position of Artistic Director is a crucial part of that environment.
- The applicant was granted a previous exemption which expired on 13 November 1999.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act**

**1995** to enable the applicant to advertise for and appoint a woman to the position of Artistic Director, Women's Circus.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 1 August 2004.

**Legal Practice Board**

**NOTICE OF ELECTION**

**Election of One (1) Practitioner Member  
to the Legal Practice Board**

Notice is hereby given in accordance with the Legal Practice Board (Elections) Regulations 1997 that an election to fill a casual vacancy of one (1) practitioner member to the Legal Practice Board by enrolled current practitioners, enrolled on the Roll of Advocates, will be held on Thursday 27 September 2001 at 5.00 p.m.

The election is necessary following the resignation from the Board of Mr David Habersberger QC who was appointed as a Justice of the Supreme Court of Victoria on Tuesday 3 July 2001.

**Eligibility**

- To be eligible to vote at the election, current practitioners (being legal practitioners holding a current practising certificate) must enrol by giving written notice to the Board at Level 19, 385 Bourke Street, Melbourne 3000 by the close of roll date of 5.00 p.m. on Thursday 9 August 2001. Those practitioners already enrolled for the year 1 July 2001 – 30 June 2002 do not need to further enrol.
- To be eligible for election to the Legal Practice Board a current practitioner must be a legal practitioner of not less than 7 years standing and be enrolled as an elector on the Roll of Advocates.

**Position**

- The election will be for one (1) practitioner member elected from the Roll of Advocates. The successful candidate's term of office will be from the date of his/her election until Tuesday 31 December 2001 – the remainder of the period for which Mr Habersberger QC was elected.

**Nominations**

- Nominations from enrolled practitioners are hereby called for and must be received by the Returning Officer, Mr Douglas Wellington, Election Desk, at either 42 Patyah Street, Diamond Creek 3089 or PO Box 410, Greensborough 3088 not later than 12.00 noon on Thursday 16 August 2001.

- Each nomination must be signed by two nominators **WHO SHALL BE CURRENT PRACTITIONERS ENROLLED TO VOTE AT THE ELECTION**. The nominee, who also must be a current practitioner, must sign the declaration of consent to nomination on the Nomination Form.
- A Nomination Package may be obtained from the Returning Officer, telephone (03) 9438 5810 or from Ms Ann Kinnear at the Legal Practice Board, telephone (03) 9679 5551.
- Candidates may supply with their nomination a recent passport size photograph and a personal statement of not more than 250 words. A candidate cannot in his or her personal statement refer to another candidate standing in the election without lodging the written consent of that other candidate with the statement.
- The Returning Officer may also amend or reject a personal statement in consultation with the candidate.
- A candidate who lodges a personal statement is responsible for the accuracy and integrity of all statements contained in it.
- Candidates may withdraw their nominations by notice in writing lodged with the Returning Officer at any time before the commencement of the scrutiny of votes in the election.

#### Voting Arrangements

- If a ballot is required to decide the election, a draw to determine the order of the candidates' names on the ballot paper will be conducted by the Returning Officer at the Legal Practice Board at 10.00 a.m. on Friday 17 August 2001.
- Voting papers will be posted to each practitioner on the roll on Thursday 13 September 2001.
- Votes must be received by the Returning Officer no later than 5.00 p.m. on Thursday 27 September 2001.

#### **Gas Industry Act 1994**

##### **GAS CONTESTABILITY TIMETABLE** Notice of Contestability of Non-Franchise Customers

For the purpose of each licence to sell gas issued by ORG pursuant to the **Gas Industry Act 1994** ("the Act") pursuant to which a licence was granted to sell gas to customers other than non-franchise customers ("Licences") I, Candy Broad, Minister for Energy and Resources, hereby specify that:

1. with effect from 1 September 2001 to 30 September 2002, all persons who are non-franchise customers within the meaning of section 6B(1)(e) of the Act, other than Excluded Customers, are customers to whom the relevant licensees can sell gas pursuant to clause 2(c) of their respective Licences; and
2. with effect from 1 October 2002, all persons who are non-franchise customers within the meaning of section 6B(1)(e) of the Act are customers to whom the relevant licensees can sell gas pursuant to clause 2(c) of their respective Licences.

For the purposes of this Notice:

- (a) a person is an "Excluded Customer" in relation to a supply of gas from a supply point if the person's aggregate consumption of gas taken from the supply point, or an ancillary supply point, has not been, or, in the case of a new supply point, is not likely to be, 5,000 gigajoules or more in any year commencing on or after 1 September 2000; and
- (b) a "new supply point" means a supply point which is to be used for the first time or an existing supply point to be used to supply a new customer from that supply point.

Words and expressions that are defined in the Act and not in this Notice and that are used in this Notice have the same meaning in this Notice as in the Act.

#### **Subordinate Legislation Act 1994**

##### **PROPOSED ENVIRONMENT PROTECTION (FEES) REGULATIONS 2001**

Notice is given in accordance with section 11 of the **Subordinate Legislation Act 1994** of the proposed making of the Environment Protection (Fees) Regulations 2001.

The objective of the proposed regulations, which are to be made under the **Environment Protection Act 1970**, is to set the fees payable under that Act.

A Regulatory Impact Statement has been prepared in accordance with the requirements of the **Subordinate Legislation Act 1994**.

The Regulatory Impact Statement concludes that the proposed statutory rule provides the best mechanism for setting fees that recover the costs associated with environment protection functions; reflect environmental principles; and encourage waste minimisation by providing financial incentives to reduce emissions. The Regulatory Impact Statement concludes that the benefits of making the proposed regulations outweigh the associated costs.

Public comments and submissions are invited on the proposed regulations and regulatory impact statement by 7 September 2001. Copies of the Regulatory Impact Statement and the proposed regulations can be obtained by contacting EPA's Information Centre, GPO Box 4395QQ, Melbourne 3001, Telephone: (03) 9695 2722 or by visiting EPA's website: [www.epa.vic.gov.au](http://www.epa.vic.gov.au)

### **Liquor Control Reform Act 1998**

#### **LIQUOR LICENSING POLL**

##### **Camberwell Neighbourhood**

Liquor Licensing Victoria has received an application for an on-premises (restaurant) licence from Tandoori Den for a restaurant at 261 Camberwell Road, Camberwell. As the application for a licence is in a 'dry' neighbourhood, Liquor Licensing Victoria, pursuant to clause 17 of Schedule 3 of the **Liquor Control Reform Act 1998**, has ordered that a poll be taken of electors in the neighbourhood surrounding the above premises. This neighbourhood is determined by Liquor Licensing Victoria. The poll will be conducted by the Victorian Electoral Commission on Saturday, 1 September 2001.

1. The neighbourhood delineated by Liquor Licensing Victoria for the licensing poll comprises the neighbourhood on the map below:

(Note that if the boundary described is a road or street, the centre of the road or street is the boundary line.)

The neighbourhood comprises the area bounded by Burke Road on the west, Prospect Hill Road on the north, Trafalgar Road on the east and Seymour Grove on the south.

2. The resolution to be submitted to the electors

Electors in the Camberwell neighbourhood described above will be asked to vote 'yes' or 'no' with respect to the following resolution:

'That an on-premises (restaurant) licence be granted in the neighbourhood of premises at 261 Camberwell Road, Camberwell'.

3. Persons entitled to vote at the poll

All electors who reside within the neighbourhood described above and who were enrolled on the electoral roll for State or Federal elections as at 3 July 2001 must vote at the poll. Copies of the official roll for the poll may now be inspected at the Victorian Electoral Commission, Level 8, 505 Little Collins Street.

4. Voting is compulsory

Electors enrolled in the licensing poll neighbourhood as at 3 July 2001 are obliged to vote. The penalty for failing to vote without a valid and sufficient excuse is up to \$50.

5. Postal voting

Electors unable to attend the polling place on polling day, Saturday, 1 September 2001, may vote either in person or by post beforehand.

Electors can vote in person at Level 8, 505 Little Collins Street, Melbourne between the hours of 8.30 am and 5 pm Monday to Friday, and up to 6 pm on Friday 31 August 2001. Postal vote application forms are available from the Returning Officer, Level 8, 505 Little Collins Street, Melbourne. Applications must reach the Returning Officer at this address before 5 pm, Thursday, 30 August 2001.

Postal vote applications can also be obtained by telephoning 13 18 32.

6. A polling place will be open on polling day at Camberwell Primary School (Bowling Green Annexe), Reserve Road, Camberwell.

7. Day and hours of polling –

Saturday, 1 September 2001, 8 am to 6 pm.

## Explanatory Notes

This Bobby Calf Declaration has been developed with the assistance of all sectors of the bobby calf industry as a scheme to assist producers document the animal welfare and residue status of bobby calves consigned for sale or slaughter.

This Declaration should only be used for bobby calves under six (6) weeks of age, that are not accompanied by their dam.

**Any false or misleading statements made in a completed Bobby Calf Declaration may attract civil action by the purchaser.**

Animal welfare is an increasingly important issue in Australia and overseas. People in possession of, and handling, bobby calves have a responsibility to care for the welfare of bobby calves under their control and this care should be separate from the interests of economic production.

### PART 1

#### Vendor's Declaration

##### Statement regarding calf welfare

Calves that do not meet the requirements of the Code of Accepted Farming Practice for the Welfare of Cattle (Victoria) must not be offered for sale.

##### Statement regarding calf residue status

Veterinary drugs or chemicals refer to antibiotics, vaccines, worm and mastitis treatments and externally applied insecticides, but excludes vitamin and mineral treatments. For bobby calves, this also includes exposure through access to milk from cows treated or exposed to drugs or chemicals that may be excreted in the milk.

Ensure accurate calf treatment details are recorded, including cases where calves have had access to milk from cows treated with a veterinary drug or chemical, before the milk withholding period had expired. Details should include any relevant meat withholding periods, in days. For example -

Veterinary Drug/Chemical	Calf Treatment Date	Meat WHP (days)
Fixem	02/06/00	15 days

This means a calf treated with "Fixem" on 2/6/00 is suitable for sale for slaughter on 16<sup>th</sup> June, i.e. after the 15 day meat WHP has expired.

Withholding period information is located on the label of a veterinary drug or chemical.

### PART 2

#### Receiver's Declaration

The Receiver's Declaration should be completed by the person taking delivery of the calves from the vendor. That is, the Declaration should be completed by the person TRANSPORTING the calves, **OR** the STOCK AGENT receiving the calves, **OR** the person BUYING the calves.

The following is a summary of the critical points from the "Code of Accepted Farming Practice for the Welfare of Cattle (Victoria)" and covers the very basic requirements expected by industry for bobby calf welfare. Full copies of the "Code of Accepted Farming Practice for the Welfare of Cattle (Victoria)" and the "Code of Practice for the Welfare of Farm Animals during Transportation" can be obtained by looking under "Farming & Agriculture" on DNRE's website at – <http://www.nre.vic.gov.au/>

#### General Management and Handling

- Ensure bobby calves receive at least 4 litres of colostrum within 12 hours of birth;
- Feed bobby calves at regular intervals with colostrum or fresh milk that is free from antibacterial residues;
- House bobby calves in warm, clean and dry conditions to minimise contamination from mud and manure, and the risk of disease;
- Induced calves that are very immature should be humanely destroyed at birth;
- Provide appropriate treatment to sick or injured bobby calves;
- Handling of calves should be carried out in a manner which will avoid injury or unnecessary suffering;
- Use of electric "cattle prodders" or dogs is not acceptable.

#### Selection and Presentation for Sale

Bobby calves presented for sale should be bright, alert, strong, vigorous and able to withstand the transportation and selling processes.

Every bobby calf presented for sale MUST be:

- At least 4 days old (in their 5<sup>th</sup> day of life);
- Over 23 kg liveweight;
- Fed within 6 hours before delivery to the point of sale or collection;
- Free of antibacterial residues;
- Identified with an approved bobby calf ear tag;
- Have a dry, withered navel cord; and
- Be fit and strong enough to be transported for sale or slaughter.

#### Transportation

- Transport bobby calves in clean vehicles and trailers with enclosed fronts and non-slip floors;

- Load at a density that will allow bobby calves to lie down and stand up; and
- Separate bobby calves from other classes of stock.

**Gas Industry Act 1994**  
**ORDER UNDER SECTION 48GC**

Order in Council

The Governor in Council, acting under section 48GC of the **Gas Industry Act 1994** ("the Act"), makes the following Order:

**1. Objective**

The objective of this Order is to specify the class of persons to whom certain licensed retailers are prohibited from selling gas from a supply point, for the purposes of section 48GC of the Act, and the period for which that prohibition applies.

**2. Commencement**

This Order commences on 1 September 2001.

**3. Definitions**

In this Order:

"**ancillary supply point**" has the same meaning as in the Act;

"**licence**" has the same meaning as in the Act;

"**local retailer**" means:

- (a) TXU Pty Limited (ACN 086 014 968);
- (b) Origin Energy (Vic) Pty Limited (ACN 086 013 283); and
- (c) Pulse Energy Pty Limited (ACN 090 538 337).

"**new supply point**" means a supply point which is to be used for the first time or an existing supply point to be used to supply a new customer from that supply point;

"**retailer**" has the same meaning as in the Act;

"**supply point**" has the same meaning as in the Act.

**4. Specific class of persons**

A person is specified for the purpose of section 48GC of the Act in relation to a licence to sell gas, and a supply of gas from a supply point, if each of the following conditions is satisfied:

- (a) the person's aggregate consumption of gas taken from the supply point, or an ancillary supply point, has not been, or, in the case of a new supply point, is not likely to be, 5,000 gigajoules or more in any year commencing on or after 1 September 2000; and
- (b) the licence to sell gas is not held by a local retailer.

**5. Specified Period**

The period specified for the purpose of section 48GC of the Act in relation to a licence to sell gas, and a supply of gas from a supply point, in respect of specified persons is the period from 1 September 2001 to 30 September 2002.

**6. Determinations by ORG**

The Office of the Regulator-General may, on application by any person whose interests are affected, make a determination as to whether a person is or is not a specified person for the purpose of section 48GC in relation to a licence to sell gas, and a supply of gas from a supply point, within the meaning of this Order.

**Gas Industry Act 1994**

**ORDER UNDER SECTION 48MH**

**Order in Council**

The Governor in Council, acting under section 48MH(1) of the **Gas Industry Act 1994** (the “Act”), makes the following Order:

**1. Objective**

The objective of this Order is to specify, for the purposes of section 48MH(1), the principles to be taken into account by the Office of the Regulator-General in determining under section 48ML of the Act whether to approve retail gas market rules submitted to it by VENCORP under section 48MI(3) of the Act or by a gas distribution company under section 48MJ(3) of the Act.

**2. Commencement**

This Order commences on the day on which it is published in the Government Gazette.

**3. Principles for retail gas market rules**

The Office of the Regulator-General must, in determining under section 48ML of the Act whether to approve retail gas market rules submitted to it by VENCORP under section 48MI(3) of the Act or by a gas distribution company under section 48MJ(3) of the Act, take into account the following principles:

(a) The retail gas market rules should:

(i) provide for the implementation of systems and procedures which:

(A) facilitate full retail contestability; and

(B) are consistent with other relevant regulatory requirements;

(ii) provide for the implementation of systems and procedures to manage:

(A) the transfer of retail gas customers (“customer transfers”); and

(B) the associated ongoing management of metering data (including the collection and delivery of metering data for retail billing and wholesale market settlement or pipeline balancing, as appropriate);

(iii) provide for the implementation of systems and procedures which, to the extent that is it practical and cost effective to do so, have common business interfaces across all Victorian gas pipeline systems;

(iv) clearly identify each party’s rights and responsibilities for each element of the processes for:

(A) customer transfers; and

(B) the associated ongoing management of metering data;

- (v) include procedures for the raising, management and resolution of disputes associated with the application of the retail gas market rules; and
- (vi) include procedures for making changes to the retail gas market rules which allow for adequate consultation with affected parties.
- (b) The retail gas market rules should, in respect of customer transfers:
  - (i) provide, at a minimum, procedures for the management of customer transfers in the following circumstances:
    - (A) the transfer of a customer between gas retailers where the customer consents to the transfer;
    - (B) the transfer of a customer to an alternative gas retailer where the customer's current gas retailer ceases to provide retail gas services;
    - (C) a new customer connection where there is no existing gas retailer for the site; and
    - (D) a site ceasing to take supply of gas; and
  - (ii) include, at a minimum, procedures in relation to:
    - (A) the allocation of unique identifiers for gas metering installations;
    - (B) obtaining the consent of customers to the provision of customer information and to customer transfers;
    - (C) access to and provision of customer information;
    - (D) raising and resolving objections to customer transfers;
    - (E) the timing of customer transfers;
    - (F) the metering data required to facilitate customer transfers; and
    - (G) retrospective customer transfers for the purpose of wholesale market settlement or pipeline balancing, as appropriate.
- (c) The retail gas market rules should, in respect of the ongoing management of metering data:
  - (i) include procedures for the collection and collation of data from accumulation meters which are uniform and common to all users on a single pipeline system;
  - (ii) include procedures for the collection and collation of data from interval meters which are uniform and common to all users on a single pipeline system;
  - (iii) include procedures for the delivery of energy data for the purpose of retail billing and wholesale market settlement or pipeline balancing, as appropriate;
  - (iv) include procedures for the conversion of accumulated energy data to appropriate intervals for retail billing and wholesale market settlement or pipeline balancing, as appropriate; and
  - (v) include estimation and substitution procedures for use in the absence of adequate available metering data for retail billing and wholesale market settlement or pipeline balancing, as appropriate.

## PART 1 – INTRODUCTION

### 1. Preface

The purpose of this Code is to provide the minimum standards for the care and welfare of rodeo and rodeo school livestock in Victoria under the **Prevention of Cruelty to Animals Act 1986** and *Prevention of Cruelty to Animals Regulations 1997*.

### 2. General Principles

Proper consideration must be given to the health and welfare of animals used in rodeos and rodeo schools. Events and procedures should be specifically designed to prevent cruelty and minimise the impacts on the welfare of the animals used. Furthermore, people who have responsibilities in the organisation and running of rodeos and rodeo schools should have appropriate training to ensure that the animal welfare needs are met.

Where this Code of Practice is silent, the minimum standards for the yarding, handling, transportation and care of rodeo and rodeo school animals shall be in accordance with the relevant Victorian animal welfare legislation and Codes of Practice. All people associated with rodeo animals must comply with the relevant Victorian animal welfare legislation which gives effect to this Code of Practice.

### 3. Objectives

The objectives of these standards are to:

- a) protect the welfare of livestock in rodeos and rodeo schools;
- b) ensure that associated personnel are aware of their responsibilities as outlined in these standards;
- c) provide guidelines and standards for arena conditions, yard and chute design;
- d) establish criteria for participants and staff in the handling and care of livestock; and
- e) provide a basis for monitoring the welfare of animals at rodeos and rodeo schools.

### 4. Definitions

Throughout this document, unless otherwise stated, the following definitions apply.

#### 4.1 Rodeo / Rodeo School

For the purposes of these standards, a “rodeo” or “rodeo school” means an event using cattle and/or horses which includes any exhibition of or competition in:

Saddle Bronc Riding;  
Bareback Bronc Riding;  
Bull Riding;  
Steer Riding;  
Roping or Tying;  
Steer Wrestling;  
Team Roping;  
Buck jumping;  
Rough-riding;  
Animal dogging.

It is not acceptable to use animals other than cattle and horses in a rodeo, nor is it acceptable to run events in the rodeo that are not covered by any Victorian Code of Practice and/or animal welfare legislation.

#### 4.2 Organiser

The permit holder for a rodeo or rodeo school under the **Prevention of Cruelty to Animals Act 1986**.

**4.3 Judge**

A judge, nominated by an approved organisation, officiating at a rodeo or rodeo school.

**4.4 Livestock Welfare Officer**

A person appointed by the judges of an approved organisation to be responsible for the welfare of animals at a rodeo or rodeo school. This person must be fully conversant with these welfare standards and competent in assessing whether the standards are being met.

**4.5 Stock Contractor**

A person who is accredited by an approved organisation to provide livestock for rodeo or rodeo school events.

**4.6 Approved Organisation**

A rodeo organisation approved by the Director of the Bureau of Animal Welfare which promotes a high standard of welfare in the conduct of rodeos and rodeo schools as defined in Appendix 1.

**4.7 Competitor**

A person who competes in a rodeo event.

**4.8 Veterinary Practitioner**

A veterinary practitioner who is registered with the Veterinary Practitioners Registration Board of Victoria and has experience with cattle and horses.

**PART 2 – RESPONSIBILITIES OF PERSONNEL****5. Policy Statement**

Animals used in rodeos and rodeo schools must be treated humanely.

All people associated with the running of, or participation in, the rodeo or rodeo school are individually and jointly responsible for the welfare of animals used in events.

**6. Organiser's Responsibilities**

The organiser is ultimately responsible for the welfare of the animals at the rodeo or rodeo school. The Organiser of a rodeo or rodeo school must ensure that:

- a) the stock contractors used are accredited by an approved organisation and are competent to undertake their duties;
- b) all participants and staff are aware of the requirements of these standards;
- c) only properly qualified and competent personnel are appointed to care for, handle and treat rodeo livestock;
- d) a registered veterinary practitioner is on site at all times to handle animal emergencies and to inspect all animals prior to and after competition;
- e) yards, chutes and equipment comply with these standards.

**7. Stock Contractor's Responsibilities**

The stock contractor is responsible for the appropriate husbandry and handling of all rodeo or rodeo school livestock. Stock contractors must be members of an approved organisation.

The stock contractor must ensure that:

- a) transport and handling of animals is undertaken in accordance with the relevant Victorian Codes of Practice and legislation for the welfare of animals;
- b) all animals supplied are in good health and are suitable for the purpose for which they are intended;
- c) animals other than cattle and horses do not take part in a rodeo or rodeo school event;
- d) the welfare of livestock is maintained, other than in the arena where the judges are entirely responsible. This includes humane handling and the provision of adequate food, water and shelter;
- e) no stimulant, hypnotic or other substance is used on any animal which is to take part, other than that prescribed by a veterinary practitioner for the legitimate treatment of injury or illness;
- f) unsuitable animals are withdrawn from competition;
- g) the instructions of the veterinary practitioner are implemented;
- h) cattle and horses are penned separately in the yards and during transport. [Note: Aggressive and injured animals must be isolated from others and animals with young at foot must not be yarded or used in connection with a rodeo or rodeo school];
- i) veterinary assistance is obtained promptly if an animal is injured in any way;
- j) an animal that weighs less than 200 kilograms does not take part in a rodeo or rodeo school event;
- k) any breaches of this standard are brought to the attention of the judges, organiser and Approved Organisation.

**8. Judges' Responsibilities**

Judges must ensure that:

- a) the conduct of the rodeo or rodeo school complies with this code and other relevant Victorian animal welfare legislation and codes;

- b) all animals used in a competition are inspected prior to the commencement of the rodeo or rodeo school by the stock contractor and the veterinary practitioner, and that any lame, sick or injured animals, or animals with defective eyesight, do not take part in the rodeo or rodeo school;
- c) inspections are performed on all competition equipment and the manner in which the equipment is set or used on the animal complies in all respects with these standards;
- d) an incident report is completed by the field officer of an Approved Organisation for each rodeo or rodeo school including any animal injuries or any failure to comply with these standards. This should be provided to the relevant rodeo association within seven days of the event;
- e) all animals used in any event conform to the specifications of these standards;
- f) if the judge is not satisfied that the above points a) to e) have been fulfilled, the rodeo or rodeo school must not proceed.

**9. Competitors' Responsibilities**

A competitor in a rodeo or rodeo school event is responsible for the animals he or she uses during that event. All competitors must:

- a) treat all animals they interact with in a humane manner;
- b) only use equipment complying with these standards and
- c) obtain prompt veterinary assistance if one of the animals which they have used is injured in any way.

**10. Veterinary Practitioner's Responsibilities**

The veterinary practitioner is responsible for providing expert advice on the suitability of each animal for competition and has the final say on this. The veterinary practitioner should inspect animals before and after events and deal with emergencies. A veterinary report for each rodeo or rodeo school including details of any animal injuries or failure to comply with this Code should be provided to the Bureau of Animal Welfare within seven days of the event.

**PART 3 – RULES FOR THE CARE OF LIVESTOCK****11. Sick and Injured Animals**

- a) Animals used in all events are to be inspected by the stock contractor and the veterinary practitioner before competition, and no sore, lame, sick or injured animal, nor any animal with defective eyesight shall be permitted to participate at any time.
- b) Should an animal become sick or injured between the time it is selected and the time it is scheduled to be used, that animal shall not be used.
- c) Sick or injured animals should be given appropriate treatment.

**12. Veterinary Attendance**

The *Prevention of Cruelty to Animals Regulations 1997* require that the rodeo or rodeo school must not commence or continue unless the veterinary practitioner and the accredited stock contractor nominated on the rodeo permit are in attendance at the rodeo.

The nominated veterinary practitioner must attend a rodeo school **before** the commencement of the school and be available during the conduct of the school.

The decision of the veterinary practitioner as to the suitability of an animal for competition shall be final.

**13. Response to Serious Stock Injuries**

- a) An appropriate conveyance must be available to remove a seriously injured animal to a suitable place for further examination and treatment.
- b) If appropriate a seriously injured animal should be humanely killed on site.
- c) A seriously injured animal shall be placed apart from other livestock, housed in an appropriate manner, and be examined and treated immediately by the veterinary practitioner.
- d) A means to euthanase seriously injured animals and a person licensed and qualified to use the means must be available at all times while the rodeo or rodeo school is in progress. Livestock must be euthanased in accordance with the Victorian Code of Practice for the species concerned.
- e) Mobile screens must be available at all times during the rodeo or rodeo school. If it is necessary to destroy an injured animal, the screens must be placed around the animal to effectively screen the incident from public view before the animal is destroyed, unless this would unduly prolong the suffering of the animal.

**14. Injury Prevention**

- a) Chutes, yards, lanes and races must have no sharp edges or protrusions and should be designed, constructed and maintained in a manner which prevents injury to handlers or animals and facilitates the quiet and efficient handling of stock.
- b) An animal that repeatedly gets down in the chute, repeatedly tries to jump out of the chute, becomes excessively excited, or appears to be in danger of injury must be immediately released and examined by the veterinary practitioner. If found to be unfit for any reason, the animal shall be withdrawn from participation for that day or session.
- c) A sufficient number of appropriately trained people and suitable equipment should be available to humanely assist an animal should it become caught in the chutes, yards or races and to make any repairs necessary to ensure that the facilities meet the required standard.

**15. General Safety and Welfare Provisions**

- a) Livestock shall be removed from the arena immediately after completion of the individual entry.
- b) No small animal or pet shall be permitted in the arena of a rodeo event or training area of a rodeo school.
- c) The use of fireworks at the rodeo is prohibited while any stock are in the arena, and is prohibited at a rodeo school.

- d) A person under the influence of liquor or drugs must not be permitted to take part in any rodeo or rodeo school event or to handle animals in the holding yards, chute or arena.
- e) Entertainers, such as clowns, must not be permitted to abuse, worry or torment in any manner whatsoever, any animal taking part in the rodeo or rodeo school.

**16. Welfare Issues**

If a welfare issue arises at a rodeo or rodeo school, the first point of contact should be the stock contractor or the livestock welfare officer. The organiser should also be advised of any welfare issues that arise.

**PART 4 – EQUIPMENT REQUIREMENTS AND SPECIFICATIONS****17. Livestock Handling Equipment**

- a) All livestock must be treated humanely and handling equipment must not be used inappropriately or excessively.
- b) Equipment for livestock handling shall be of the type and specification generally used for the transport and handling of horses and cattle and must comply with all relevant Victorian animal welfare legislation and Codes of Practice.

**17.1 Electric Prods**

- a) Electric prods, known as “cattle prodders”, should only be used to protect the safety of an animal or person, and their use is subject to the following conditions:

They must be:

- of minimum amperage;
- powered by dry cell batteries only;
- hand held with batteries contained in the handle;
- only able to deliver a single charge per application;
- used with restraint and restricted to the minimum amount necessary;
- applied only to the hip, hindquarters or shoulder areas of the animal.

- b) In time events electric prods must not be used:

- if an animal is loaded and standing in the time event chute;
- to send an animal into the arena when the chute gate is opened.

- c) In riding events electric prods must not be used;

- when the animal is secured in the chute;
- when the chute gate opens, unless it is necessary to protect both the animal and the contestant from possible injury against the chute or chute gate or to turn out a chute stalling animal.

In such cases the electric prod may only be applied to clear an animal from the chute and by or under the direct supervision of the stock contractor.

**Under no circumstances may an electric prod be used in the arena.**

**17.2 Handling Aids**

The use of aids which encourage movement in response to sound such as flappers, metallic rattles and light polythene tubing is acceptable to encourage movement and for handling animals in yards, lanes and races. The use of aids which can be used to strike or poke animals with sufficient force to cause pain or injury is not permitted. This includes sticks, paddles, lengths of heavy plastic, metal piping, fencing wire or heavy leather belts.

**18. Event Equipment**

Event equipment is used to facilitate the event and in doing this should be designed and maintained to ensure that the animal is not injured.

Equipment must conform in all respects to the specifications below.

**18.1 Spurs**

Spurs are used to help the rider's timing and purchase on the animal. To reduce possible injury to the animal, the spur rowel must be dulled and not less than three millimetres in width at its narrowest part; there must be a minimum diameter of two centimetres to the point of the rowel.

**Fully locked rowels, or rowels that can be locked on spurs are prohibited.**

**18.2 Flank Straps**

Flank straps are used to improve the horse's bucking style. Only lined, quick-release flank straps can be used. The lining must be soft and flexible such as soft plastic, felt or sheepskin. The lined portion of the flank strap shall be positioned in such a way that it covers both flanks and the belly of the animal. The coverings and linings of flank straps shall be soft and flexible and must not be hard, brittle, worn or damaged. Sharp or cutting objects must not be used in a flank strap.

**18.3 Protective Horn Wraps**

Horn wraps are to be used in team roping and must protect the ears and base of horns from rope burns.

**18.4 Neck Ropes**

The neck rope is used to maintain the horse's head towards the steer while the rider dismounts and discourage dragging. A neck rope must be fitted to horses used for roping and tying, through which the catch rope must pass before it is tied to the saddle horn. Placement of the neck rope must be no more than half the distance down the roping horse's neck, as measured from the head.

**18.5 Jerk Line**

The jerk line is used for roping and tying events. It is a rope from the bridle fed through a pulley on the saddle to the rider. As the rider dismounts to throw the steer, the jerk line plays out in a series of jerks which discourages the horse from moving backwards and dragging the steer.

The contestant must adjust the catch rope, reins and jerk line to prevent the rope horse from dragging the roped animal.

## **PART 5 – STOCK SELECTION AND USE**

All animals must be fit, healthy, without defects and suitable for the intended use.

### **19. Stock Source**

All stock must be supplied by a stock contractor.

### **20. Animal Size**

An animal that weighs less than 200 kilograms must not be permitted to take part in the rodeo or rodeo school.

### **21. Horses**

- a) Horses used in rodeo and rodeo school events must be mature, sound and fit for the intended use. Age should not be used as the sole criterion of maturity, other factors such as size and physical conformation must be taken into account.
- b) Horses under three (3) years may not be sufficiently mature for bucking events and must not be used.
- c) The criterion for determination of the age suitability of a bucking horse is the presence of the central adult incisors in wear.
- d) Horses used for bucking events may not be used on more than three occasions on any one day.

### **22. Cattle**

The number of times that cattle may be used in competition varies according to the rigours of the event and the conditioning of the cattle to rodeo or rodeo school competition.

The following limitations must be observed:

- a) the same cattle must not be used for steer wrestling and roping events.
- b) cattle may not be used for steer wrestling or roping more than three times on any one day.
- c) cattle may not be used for bucking stock events more than three times on any day.
- d) each competitor is allowed only one loop (throw) in roping and tying events and in team roping only two loops in total are allowed in each team.

### **23. Selection of Animals for Rope and Tie**

The minimum weight for animals roping and tying is 200 kilograms.

### **24. Selection of Animals for Steer Wrestling**

The optimum weight for animals shall be 250 kilograms with a range of 200 kilograms minimum to 300 kilograms maximum.

All animals must have suitable horns and the horns must be a minimum of 23 centimetres in length.

### **25. Selection of Animals for Team Roping**

The optimum weight for animals in team roping shall be 250 kilograms with a range of 200 kilograms minimum to 300 kilograms maximum.

All animals must have suitable horns and the horns must be a minimum of 17 centimetres in length.

## **PART 6 – ARENA SELECTION AND USE**

### **26. Arena, Chutes and Yards**

The veterinary practitioner, the stock contractor and the livestock welfare officer must be satisfied that the arena or training area, chutes, yards and races will not compromise the welfare of the animals.

### **27. Surfaces**

The Organiser is responsible for ensuring the arena surface provides traction and safety for personnel and livestock. In general, the standard arena should be a suitable, soil based surface, disced or softened to an approximate depth of eight to ten centimetres. The arena or training area must be free of rocks, holes and obstacles.

Other surfaces may be used provided that they are well drained, provide a secure footing and be at least as safe for the animals as an appropriate soil based surface. The surface must be approved by the veterinary practitioner, the stock contractor and the livestock welfare officer.

### **28. Size**

Arenas and training areas which are too small for the particular event create a danger to livestock, competitors and the spectators in the event. The arena or training area must be of a size suitable for the events taking place.

### **29. Fencing**

The construction, height and appearance of fencing should discourage stock from attempting to push through the fence or jump over it. Fences should also be clearly visible to stock and should not appear open to the animal.

Portable arenas:

Portable arenas should have panels which are secure and do not move or bend when pushed against. As a guide, the minimum height should be 180 centimetres.

Fixed arenas:

Fixed arenas should be of secure construction and flush on the inside. Where cable is used in steel arenas, it should be strained and the space between the cables should not be great enough to allow stock to pass through it. As a guide, the minimum fence height should be 165 centimetres.

There must be no protrusions on fences or gateways likely to cause injury.

### **30. Time Event Chute**

The time event chute must have a 76 centimetre clearance above the height of the animal in the chute and at the gate, when the gate is open.

**PART 7 – SPECIFIC RODEO EVENTS****31 All Events**

Any piece of equipment either on the animal or removed from it which may compromise the welfare of the animal is not allowed. The judges have the final decision on the suitability of equipment.

**32. Saddle Bronc Riding**

The saddle must not be set too far forward on the withers and must be correctly fitted. There must be a minimum clearance of 10 centimetres under the gullet of the saddle.

The front cinch of the saddle shall be a minimum of 12 centimetres in width. The back cinch of the saddle must not be over-tightened. Sharp or cutting objects must not be used in a cinch, saddle, girth or flank strap.

**33. Bareback Bronc Riding**

The bareback rigging shall not be more than 26 centimetres in width at the handhold and not more than 16 centimetres in width at the D rings. Suitable pads must be placed under the rigging and extend a minimum of 5 centimetres past the back of the rigging. The girth on the bareback rigging must be not less than 12 centimetres in width. Loose ropes must not be used on any animal in bareback riding events.

**34. Bull Riding**

The equipment used in bull riding equipment shall be a loose rope with or without a hand hold. There must be no knots or hitches preventing the rope from falling from the animal after the contestant has been thrown or dismounted. A contestant shall not re-set and re-pull the rope more than twice if the bull is standing quietly in the chute.

**35. Roping and Tying****35.1 Time Limit**

The time limit to rope, throw by hand and complete the tie is thirty (30) seconds from when the barrier is released. After the tie is completed and the time signalled, the roper must immediately mount the horse and ride it forward to loosen the catch rope.

Only one loop is allowed a contestant in each round of the event. If the first throw fails to catch the animal the roper is not permitted a second attempt. The purpose of this is to prevent the prolonged chasing of an animal around the arena.

**35.2 Jerking down and Dragging**

It is not acceptable to pull an animal backward off its feet (jerk down) or to drag a roped animal. Contestants must use appropriate technique and properly fitted equipment to protect the animal against an abrupt stop after being roped and to prevent the rope horse from dragging a roped animal.

**36. Steer Wrestling****36.1 Time Limit**

The time limit to catch and throw the steer is thirty (30) seconds from when the barrier is released.

**36.2 Legal Throws**

The steer must not be knocked down or thrown before it is brought to a stop and the catch is made. If the animal is off its feet before a legal throw is made it must stand on all four feet and be properly thrown.

**37. Team Roping****37.1 Protective Horn Wraps**

Steers used for team roping shall be fitted with protective horn wraps.

**37.2 Time Limit**

The time limit to rope the head and the heels of the steer is thirty (30) seconds from when the barrier is released. The time will be taken when the steer is properly roped with the catch ropes dallied,

with both horses facing the steer and with no slack in the ropes. To prevent slack being taken up too hard both front feet should be on the ground when the time is taken.

Only two loops are allowed in each round of the event (one for the header and one for the heeler). If a throw fails to catch the animal the ropers are not permitted a second attempt.

### **37.3 Catching**

The steer must be standing when it is roped by both the header and the heeler. The steer must not be roughly handled. The only permitted head catches for team roping are around both horns, around the neck, or around a half head. The only permitted heel catch without a time penalty is around both back legs including behind the shoulders, provided the catch is made over the heels.

After the catch, the header must dally his rope and change the direction of the steer before the heeler can attempt a catch on the back legs.

### APPENDIX 1

An “**Approved Organisation**” is a rodeo organisation approved by the Director of the Bureau of Animal Welfare which promotes humane rodeo conduct, with proper consideration for the animals’ health and welfare, and compliance of members with this Code and Victorian animal welfare legislation by:

- Operating with direct competitor and committee membership and having authority to enforce code provisions and penalties;
  - Developing and promoting rodeo education and training courses for relevant rodeo personnel which:
    - Familiarise members with relevant Victorian Codes of Practice and animal welfare legislation;
    - Establish appropriate competency criteria and the development of appropriate training for stock contractors and other relevant rodeo personnel in the handling and care of rodeo livestock to ensure minimum standards of competency as a prerequisite to accreditation;
  - Maintaining a formal procedure for stock contractor, judge and rodeo school instructor accreditation (ie satisfactory completion of an appropriate course followed by a probationary period);
  - Appointing sufficient numbers of experienced members as field officers so that rodeo activities of members can be adequately assessed;

“**Field officer**” refers to a person appointed by the approved rodeo organisation who:

    - regularly attends rodeo events in Victoria,
    - reports breaches of the Code or Victorian animal welfare legislation to the approved organisation,
    - provides details for the annual report to the Bureau of Animal Welfare and,
    - ensures that stock contractors nominated to provide stock for the rodeo are accredited with the approved organisation.
  - Providing annual incident reports of the rodeo events held throughout the year to the Bureau of Animal Welfare, detailing the number of events held, the numbers and types and severity of any injuries, their causes and remedial action taken. If there are any breaches of any Victorian Code of Practice or animal welfare legislation, the details of these and the remedial action taken must also be reported.

**STYLE REQUIREMENTS.**

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

**Fax resolution:**

Material sent by fax should be transmitted using Fine Resolution (200 dots per inch by 200 dpi).

**Font size:**

Use 12 point (10 pitch) or larger.

**Font Style:**

Clear plain font styles, such as Helvetica, should be used.

**Graphics:**

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

**Avoid:**

Italics, underlining and full justification.

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
