At its meeting on 18 September 2001 Council resolved to make the above Local Law commencing 1 October 2001 for the purposes of assisting Council in responding to community issues and further protecting community amenity and the overall appearance of the municipal district as follows:

Refuse Collection

Clause 5.12 addresses the use, placement or care of mobile garbage bins for residential premises and some business premises.

Placement/Removal of Garbage/Recycling Receptacles

Clause 5.16 of the new Local Law makes it an offence to take out garbage/recycling receptacles for emptying before 4.00 p.m. on the day prior to the scheduled day of collection or leaving a receptacle out beyond the same day it is emptied.

Recycling, Hard/Green Waste Collection

Clause 5.17 of the new Local Law addresses these concerns and makes it an offence to take out recycling or hard/green waste more than 48 hours before a collection.

Trade Waste Hoppers

Clauses 5.18 to 5.20 regulate the use of trade waste hoppers. Authority is included for Council to impound offending equipment.

Clothing Bins

Clause 9.1 requires a permit for charity bins to be placed on private land, where such bins are visible from public places. The issue of permits will enable Council to minimise detrimental impact on community amenity caused by dumping of material around bins and graffiti on bins.

Property Numbers

Clause 10.2 clarifies the requirements for property numbering to ensure that property numbers are clearly visible from the street. These requirements will include size of the number, contrasting background, the distance at which a number must be readable and property numbering of premises over 0.8 hectares in area.

Advertising Signs

Clause 13.3 provides authorised officers with the power to impound illegally placed signs, particularly in cases where the owner of the sign cannot be contacted to arrange removal.

Fencing of Vacant Land

Clause 10.7 addresses resident concerns regarding rubbish dumping on private vacant land and requires property owners to take reasonable steps to prevent or reduce the occurrence of dumping on their land.

Incinerators and Open Fires

Clause 4.3 has been revised to clearly state that the lighting of fires for the purpose of cooking food for human consumption must be in a barbecue.

Impounding

Clause 2.12 allows a Notice of Impounding to be served either on the person contravening the Local Law or on the owner of the item being impounded. It also makes provision for an impounded item to be disposed of if it is not claimed within the required time.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 42, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to provide a therapeutic massage service for women and children only and to advertise that service.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ females only.

In granting this exemption the Tribunal noted:

- Wellsprings has been established since July 1994 and was originally set up as a centre for women who are victims of domestic violence. Wellsprings is the only such women only centre within the municipalities of Greater Dandenong and Casey.
- Wellsprings continues to provide for an increasing number of vulnerable women who are the victims of family violence or who are recovering from mental illness.
- Refugee and migrant women are referred to Wellsprings as it caters for women only and the programs are designed for women.
- The applicant was previously granted an exemption which expired on 19 August 2001.

EXEMPTION

Application No. A270 of 2001

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to Section 83 of the **Equal Opportunity Act 1995** by the Victoria University. The application for exemption is to enable the applicant to advertise for and employ an Aboriginal and Torres Strait Islander to a lecturing position in the applicant's Bachelor of Arts/Bachelor of Education (Nyerna Studies) Program.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 100 and 195 of the Act to enable the applicant to advertise for and employ an Aboriginal and Torres Strait Islander to a lecturing position in the applicant's Bachelor of Arts/Bachelor of Education (Nyerna Studies) Program.

In granting this exemption the Tribunal noted:

- The position forms an integral part of the University's Bachelor of Arts/Bachelor of Education (Nyerna Studies) Program delivered off-campus in Echuca. The program is specifically designed to provide higher education to Koori people in the region who are disadvantaged by the lack of such programs.
- There is no indigenous academic employed in the program. The continued viability of attracting Koori students, providing indigenous inclusive curriculum and culturally appropriate teaching is dependent on applications for this position by Aboriginal and Torres Strait Islander people.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and

employ an Aboriginal and Torres Strait Islander to a lecturing position in the applicant's Bachelor of Arts/Bachelor of Education (Nyerna Studies) Program.

Subordinate Legislation Act 1994
Marine Act 1988

MARINE (AMENDMENT) REGULATIONS
2001

In accordance with the provisions of section 11 of the **Subordinate Legislation Act 1994**, notice is given of the availability for public comment of the proposed Marine (Amendment) Regulations 2001 and Regulatory Impact Statement (RIS).

The proposed regulations are authorised under sections 105, 108, 116, 117, 118, 119, 120 and 125 of the **Marine Act 1988**.

The objectives of the proposed regulations are to –

- a) prescribe additional requirements for certain vessels in relation to certificates of survey;
- b) provide for operator licences in respect of regulated recreational vessels; and
- c) provide for endorsements on operator licences in respect of personal watercraft endorsements; and
- d) prescribe fees to be charged in relation to operator licenses and personal watercraft endorsements; and
- e) prescribe particulars for notices relating to offences involving alcohol or other drugs; and
- f) prescribe additional offences for which marine infringement notices can be issued; and
- g) provide for other matters as authorised by the **Marine Act 1988**.

The proposed regulations add new provisions to existing regulations and, in order to enhance safety outcomes on State waters, will require all operators of mechanically powered recreational boats to be licensed. To obtain a licence, applicants will need to demonstrate awareness of safe operator practices and relevant marine laws. Licence holders will be readily identifiable for law enforcement and investigation of marine incidents. Persons who are, or become, unsuited to operate mechanically powered recreational boats will not be permitted to do so. Further provisions are introduced in relation to the immediate suspension of licences for alcohol, drug and other offences. Certificates of survey must also be carried and displayed on all relevant commercial vessels.

The RIS has been prepared in consultation with the Marine Board of Victoria. It identifies the likely impact of the proposed regulations, assesses their costs and benefits and considers alternative methods of achieving the identified objectives. The RIS concludes that the overall benefits to the community outweigh the costs imposed by the proposed regulations.

Public submissions on the proposed regulations and the RIS are invited. Copies of the RIS, which includes the proposed regulations, are available from the Marine Board of Victoria, Level 11, 80 Collins Street, Melbourne, Vic. 3000. Telephone 1800 223 022, facsimilie (03) 9655 6611. The RIS is also available via the Marine Board's internet address www.marineboard.vic.gov.au.

Written submissions in response to the RIS will be received until close of business on Monday, 29 October 2001 by the General Manager, Corporate Services, Marine Board of Victoria, Level 11, 80 Collins Street, Melbourne, Vic. 3000 (PO Box 2797Y, Melbourne, Vic. 3001).

STYLE REQUIREMENTS.

To ensure that material received can be reproduced, and that errors are minimised, the following guidelines are to be observed when submitting material by fax.

Fax resolution:

Material sent by fax should be transmitted using Fine Resolution (200 dots per inch by 200 dpi).

Font size:

Use 12 point (10 pitch) or larger.

Font Style:

Clear plain font styles, such as Helvetica, should be used.

Graphics:

Line drawings should be transmitted as large as possible to ensure clarity. Drawings up to A4 size sent by fax using Fine Resolution provide a good quality for reproduction.

Avoid:

Italics, underlining and full justification.

Ensure document is square when sending as documents that are sent skewed are difficult to read and process.
