**SPECIAL**

## ROAD SAFETY (VEHICLES) REGULATIONS 1999

### Specification of Controlled Access Bus Routes

**1. Purpose**

To specify the areas, highways and routes that a class 2 controlled access bus may travel in or on.

**2. Authorising provision**

This Notice is made under clause 37 of Schedule 2 to the Road Safety (Vehicles) Regulations 1999.

**3. Commencement**

This Notice comes into operation on the date of its publication in the Government Gazette.

**4. Expiration**

This Notice expires on 1 July 2006.

**5. Interpretation**

(1) In this Notice, unless the contrary intention appears, expressions used have the same meaning as in the **Transport Act 1983** and the Road Safety (Vehicles) Regulations 1999.

(2) For the avoidance of doubt, it is declared that nothing in this Notice is intended to authorise the driving of a vehicle in a manner or in a condition or place that is contrary to any law.

**Example**

The specification of a highway as a controlled access bus route does not permit a bus to be driven over any bridge in contravention of a posted mass or dimension limit in relation to that bridge.

**6. Specification of controlled access bus routes**

By this Notice, the Roads Corporation specifies all declared roads as controlled access bus routes other than the roads or parts of roads listed in column 1 of the Schedule to this Notice which are within the municipality or municipalities listed in column 2 of the Schedule.

Dated 30 August 2001
