Council proposes to make an amending local law, to be known as "Community Amenity (Amendment) Local Law No. 2 of 2002". The following information about the proposed local law is provided in accordance with Section 119 of the **Local Government Act 1989**.

Purpose of the Proposed Local Law

The purpose of this Local Law is to amend the Community Amenity Local Law No. 1 (Principal Local Law) in order to better meet the local amenity and safety objectives of the Principal Local Law by managing, regulating and controlling uses and activities which may:

- be dangerous, cause a nuisance or be detrimental to the amenity of the area or to the environment; and
- interfere with a healthy and safe environment in the municipal district for residents, workers and visitors.

General Purport of the Proposed Local Law

The proposed local law, if made, will amend Clause 24(5) of the Principal Local Law, by delaying the period in which building works may be carried out on building sites on Saturdays. The period will change from "7.00 am to 1.00 pm" to "9.00 am to 3.00 pm" on Saturdays. It is an offence to carry out building works outside this period without first obtaining a permit from Council.

The proposed local law, if made, will commence on 15 August 2002. However, it will not apply to building works where an application for a building permit has been made prior to 15 August 2002, or where a builder provides evidence to the satisfaction of Council that the builder has entered into contracts for the building works prior to 15 August 2002 on the basis of the Principal Local Law in its unamended form.

A copy of the proposed local law may be inspected at or obtained from the Council offices at the St Kilda Town Hall, corner of Carlisle Street and Brighton Road, St Kilda; Port Melbourne Town Hall, Bay Street, Port Melbourne and South Melbourne Town Hall, Bank Street, South Melbourne.

Office hours are generally 8.30 am to 5.00 pm Monday to Friday.

Council. All submissions received by the Council by 5.00 pm Friday, 7 June 2002 will be considered in accordance with Section 223 of the **Local Government Act 1989**.

Any person requesting to be heard in support of a written submission is entitled to appear before a meeting of the Council or Council Committee either personally or by a person acting on his or her behalf and will be notified of the date, time and place of the meeting.

Submissions marked "Community Amenity (Amendment) Local Law No. 2" should be lodged at either of the above offices of the Council or posted to Chief Executive Officer, Private Bag No. 3, Post Office, St Kilda 3182. Enquiries should be directed to Ian Henderson, Co-ordinator Health & Amenity on 9209 6343.

SPECIAL REQUIREMENTS ENVIRONMENTAL PROTECTION
(VICTORIAN LEGISLATION BUT COULD IMPACT AT THE JUNCTION BOUNDARY
WITH THE COMMONWEALTH RELEASE)

MARINE NATIONAL PARKS AND MARINE SANCTUARIES

Within the proposed released areas, there are a number of Marine National Parks and Sanctuaries recommended by the Environment Conservation Council (ECC) in 1997 which are shown in figures 1 and 2. The Government has accepted these recommendations and indicated its intention to introduce legislation in Autumn 2002 Parliamentary session to establish a system of marine national parks and marine sanctuaries. In addition there are several conservation reserves in adjoining onshore parks and have their boundaries at low water mark and some include rock stacks and islands (e.g. Lady Julia Percy Island within Area 02-2(v)).

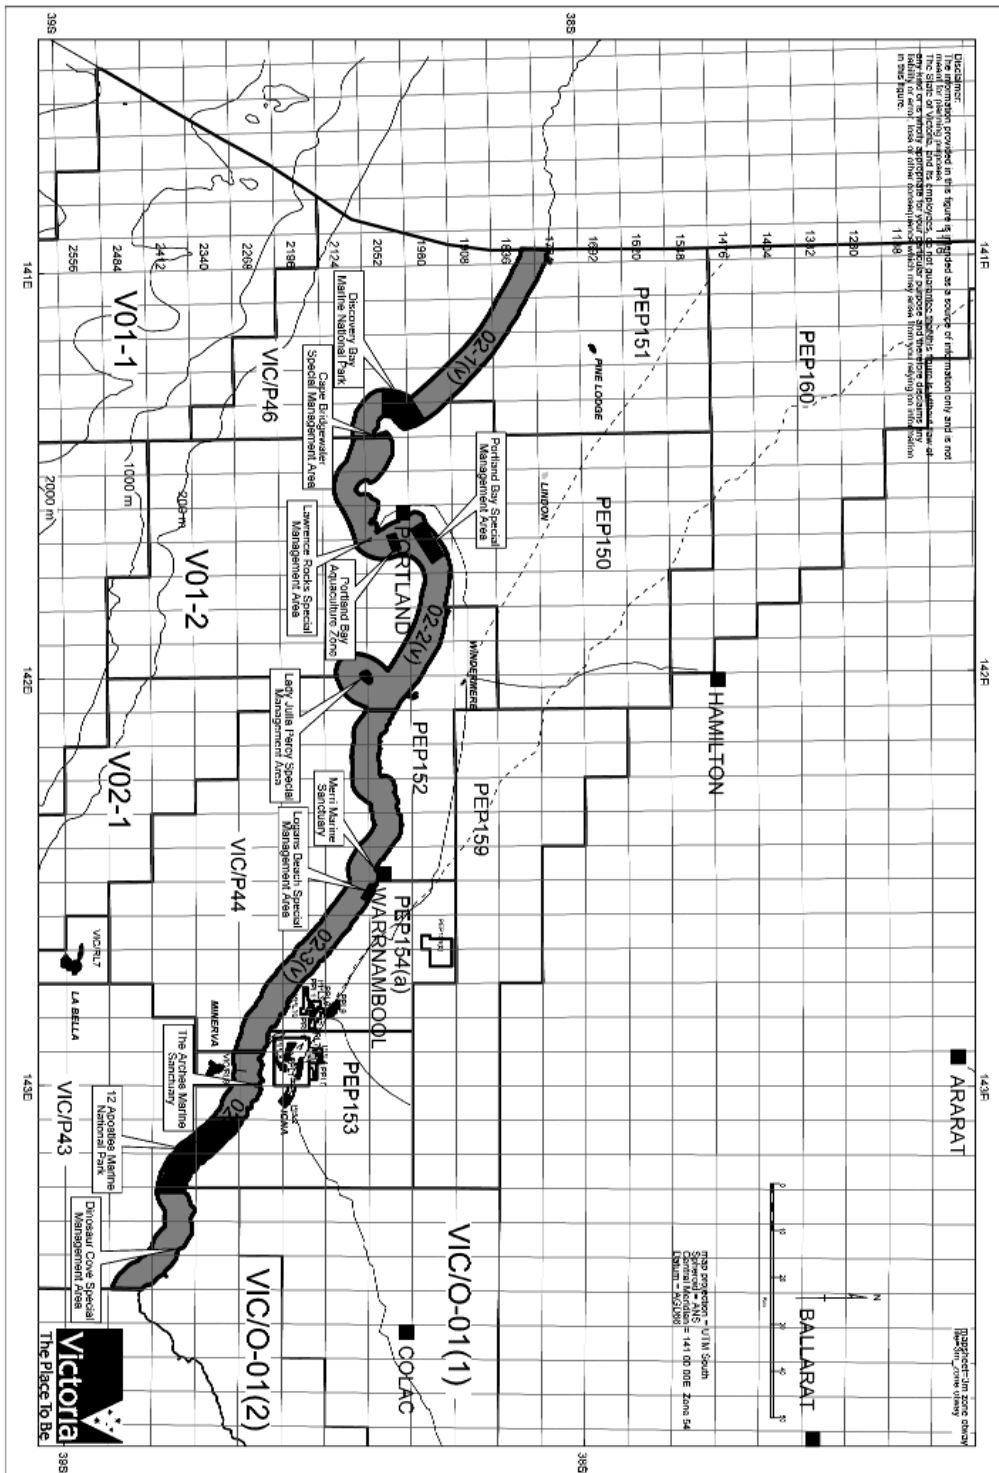

Figure 1: Released Coastal Waters Areas 02-1(v) to 02-4 in Otway Basin

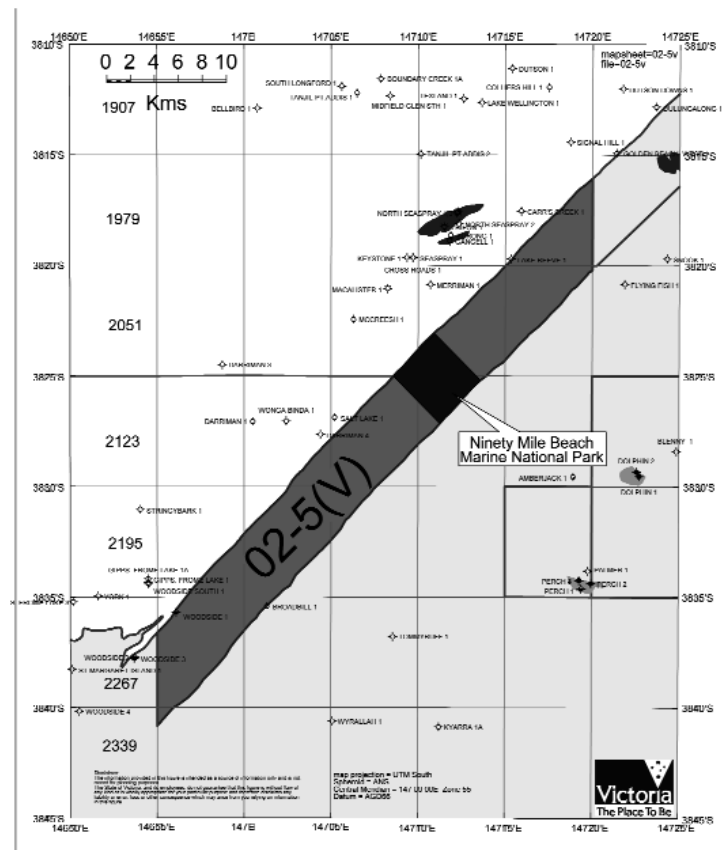

Figure 2: Released Coastal Waters Area 02-5(v) in Gippsland Basin

Bidders should make themselves familiar with:

- ECC recommendations on Marine National Parks and Sanctuaries published in the “Marine Coastal & Estuarine Investigation – Final Report, August 2000” by ECC.
- The Government’s policy intention is that upon the enactment of legislation to establish marine national parks and marine sanctuaries, it will require that a license or permit under the **Petroleum (Submerged Lands) Act 1982**, which is either wholly or partly over land in a Marine National Park or a Marine Sanctuary, will be subject to the following conditions:–
 - exploration for petroleum must not be carried out under the lease, license or permit unless it is done from a vessel or aircraft, and is carried out in a manner which does not detrimentally affect the seabed of the park or any flora or fauna of the park;
 - before the exploration is carried out, the Minister consents to the carrying out of the exploration, subject to any terms and conditions that the Minister thinks fit to impose;
 - the exploration is carried out in accordance with any terms and conditions that the Minister has imposed on his or her consent; and
 - any other operations, that are authorised by the lease, license or permit, are not carried out in the park

Proposed Exploration Program

Should a permit be granted which requires the conduct of seismic surveys or drilling of a well, then under the requirements the State's **Petroleum (Submerged Lands) Act 1982** an environmental management plan is required to be submitted and approved before the commencement of the activity.

Referrals – Environment Protection & Biodiversity Act

If the permit operator believes that the activity significantly impacts on a matter of national environmental significance and may need approval under the Commonwealth **Environment Protection & Biodiversity Act, 2000** (EPBC), a Referral must be submitted to Environment Australia. The purpose of the referral is to determine whether a proposed action requires approval by the Commonwealth Environment Minister. If the Minister determines that an approval is required, then the proposed action will proceed through the assessment and approval process.

INSURANCE

Successful applicants will be required under section 97A of the **Petroleum (Submerged Lands) Act 1982** or the **Petroleum (Submerged Lands) Act 1967** to effect and maintain insurance against expenses or liabilities or specified things arising in connection with, or as a result of, the carrying out of work, or doing any other thing, under the permit, including expenses of complying with directions with respect to the clean-up or other remedying of the effects of the escape of petroleum.

NAVIGATION AND FISHERIES REQUIREMENTS

Section 124 of the **Petroleum (Submerged Lands) Act 1982** requires, inter alia, that petroleum operations be carried out in a manner that does not interfere with navigation or fishing activities.

To ensure that navigation requirements are met, successful applicants will be advised prior to the commencement of seismic surveys and drilling operations to maintain regular contact with the Maritime Rescue Co-ordination Centre of the Australian Maritime Safety Authority.

Successful applicants will also be advised prior to the commencement of operations of any special fisheries requirements – it is advisable for companies to keep in regular contact with the local fishing authorities prior to and during operations.

Areas 02-1(v) to 02-4(v) inclusive are adjacent to important rock lobster and abalone fishing areas. Any proposals to undertake exploration activities should, in accordance with normal practice, be supplemented by a Declaration of Environmental Factors and Oil Spill Contingency Plan. Successful applicants will need to liaise with the Portland Professional Fishermen's Association and the Western Zone Divers Association representing commercial abalone divers and will be advised, prior to the commencement of operations, of any special fisheries requirement.

NATIVE TITLE

Preliminary consultation with representatives of Aboriginal people has not identified any particular interests. However, advice has been received of Native Title claims over Areas 02-1(v), 02-3(v) and 02-5(v). Successful applicants will be required to consult closely with relevant Aboriginal groups before commencing operations in these areas in particular or areas in general.

Petroleum (Submerged Lands) Act 1967

COMMONWEALTH OF AUSTRALIA

Notice of Invitation of Application for Exploration Permits

I, the Delegate of the Designated Authority for and on behalf of the Commonwealth-Victoria Offshore Petroleum Joint Authority, acting pursuant to Section 20(1) of the **Petroleum (Submerged Lands) Act 1967** of the Commonwealth of Australia, hereby invite applications for the grant of exploration permits in respect of the following blocks within the area as described in the following schedule.

The Commonwealth/State/Territory jurisdictional boundary in coastal waters is determined by the Australian Maritime Boundaries Information System Dataset of 2000, released in January 2001 by the Australian Surveying and Land Information Group (now Geoscience Australia National Mapping Division). The block description of the areas in the 2002 release is based on this system.

Section 5AAA of the **Petroleum (Submerged Lands) Act 1967** provides that, where a change to the baseline of Australia's territorial sea would impact on the boundary of an existing petroleum title (in Commonwealth or State or Territory waters), there is in fact no such impact. The Commonwealth, State or Territory Act (as the case may be) under which the title has been granted, continues to apply to the title and the whole title area for as long as the title remains in force. Therefore, this Instrument does not apply to any such area that is already under title.

The amount of any additional charge will be reasonable having regard to the related costs we incur.

- (a) any portion of the bill which you agree with us is not in dispute; and
- (b) an amount equal to the average amount of your bills in the previous 12 months.

4.10 Outcome of disputes

If the bill is correct, you agree to pay us the unpaid amount or request a meter test. If the meter test shows that your meter complies with applicable laws and codes, you agree to pay the costs of the tests and the unpaid amount.

If your bill is incorrect we will adjust your bill in accordance with the Retail Code.

4.11 Adjustments

If we fail to charge, undercharge or overcharge you, we may recover from you or pay to you the relevant amount in accordance with the Retail Code.

If:

- (b) we otherwise believe you are experiencing repeated difficulties in payment of your bill or require payment assistance,

we must:

- (2) on request, make available to you documentary evidence of our assessment;

and

- (4) provide you with details on concessions including the Utility Relief Grant Scheme, telephone information about energy efficiency and advice on the availability of an independent financial counsellor.

5 Disconnection of supply and reconnection

 - (i) do not pay us the amount payable by the pay by date on the relevant disconnection warning. This does not apply if you have agreed with us to a new payment arrangement;
 - (ii) do not agree to a new payment arrangement within five business days after the date of receipt of the disconnection warning; or
 - (iii) do not make payments under such a new payment arrangement.

To avoid doubt, if you do not agree to such a new payment arrangement or do not so make payments under such a new payment arrangement, we may disconnect you without again having to observe this clause.

5.3 Domestic Customers without sufficient income

We may not disconnect you, if the failure to pay our bill occurs through lack of sufficient income until we have also complied with clause 4.14 using our best endeavours to contact you in person or by telephone, and you have not accepted an instalment plan within five business days of our offer.

- (b) you have continued not to provide the refundable advance.

5.6 No Disconnection

Despite clause 5.2, 5.3, 5.4 and 5.5, we must not disconnect you:

- (a) for non-payment of a bill:
 - (i) where the amount payable is less than any amount approved for this purpose in the Gas Guidelines;
 - (ii) if you have made a complaint directly related to the non-payment of the bill, to the Energy and Water Ombudsman of Victoria or another external dispute resolution body and the complaint remains unresolved;
 - (iii) you have formally applied for a Utility Relief Grant and a decision on the application has not been made; or
 - (iv) if the only charge you have not paid is a charge not for the supply or sale of gas;
- (b) if your supply address is registered by us or a Distributor as a medical exemption supply address.
- (c) unless otherwise requested by you:
 - (i) after 2pm (for a Domestic Customer) or 3pm (for a Business Customer) on a weekday; or

- (a) If but for this clause 5.8 either you or us would commit a Force Majeure Breach of this contract:
 - (i) the obligations you or us have under our contract, as the case may be, are suspended to the extent to which they are affected by the Force Majeure Event as long as the Force Majeure Event continues; and
 - (ii) the person affected must give the other prompt notice of that fact including full particulars of the Force Majeure Event, an estimate of its likely duration, the obligations affected by it and the extent of its effect on those obligations and the steps taken to remove, overcome or minimise its effects.
- (b) For the purposes of clause 5.8(a), if the effects of a Force Majeure Event are widespread we will be deemed to have given you prompt notice if we make the necessary information available to you by way of a 24 hour telephone service within 30 minutes of being advised of the Force Majeure Event or otherwise as soon as practicable.
- (c) A person claiming a Force Majeure Event must use their best endeavours to remove, overcome or minimise the effects of the Force Majeure Event as quickly as possible. However, this does not require either of us to settle any industrial dispute in any way we do not want to.

- (i) do not pay us the amount payable by the pay by date on the relevant disconnection warning. This does not apply if you have agreed with us to a new payment arrangement;
- (ii) do not agree to a new payment arrangement within five business days after the date of receipt of the disconnection warning; or

To avoid doubt, if you do not agree to such a new payment arrangement or do not so make payments under such a new payment arrangement, we may disconnect you without again having to observe this clause.

5.3 Domestic Customers without sufficient income

We may not disconnect you, if the failure to pay our bill occurs through lack of sufficient income until we have also complied with clause 4.14 using our best endeavours to contact you in person or by telephone, and you have not accepted an instalment plan within five business days of our offer.

We may disconnect you if you deny access to the Supply Address for the purpose of reading the meter for three consecutive bills in your billing cycle but only if:

- (b) you have continued not to provide the refundable advance.

5.6 No Disconnection

 - (i) where the amount payable is less than any amount approved for this purpose in the Gas Guidelines;

 - (iii) you have formally applied for a Utility Relief Grant and a decision on the application has not been made; or
 - (iv) if the only charge you have not paid is a charge not for the supply or sale of gas;
- (b) if your supply address is registered by us or a Distributor as a medical exemption supply address.

- (c) unless otherwise requested by you:

- (b) access to your meter being denied, and within 10 days of disconnection you provide such access; or
- (c) your obtaining supply otherwise than in accordance with applicable laws and codes, and within 10 business days of disconnection that supply ceases and you pay for the supply so obtained or agree to a payment arrangement; or
- (d) your refusing to provide a Refundable Advance, and within 10 days of disconnection you provide it,
then at your request, but subject to other applicable laws and codes and your payment of a reconnection charge, we will connect your supply within the time specified in the Retail Code.

5.8 Force Majeure

- (a) If but for this clause 5.8 either you or us would commit a Force Majeure Breach of this contract:
 - (i) the obligations you or us have under our contract, as the case may be, are suspended to the extent to which they are affected by the Force Majeure Event as long as the Force Majeure Event continues; and
 - (ii) the person affected must give the other prompt notice of that fact including full particulars of the Force Majeure Event, an estimate of its likely duration, the obligations affected by it and the extent of its effect on those obligations and the steps taken to remove, overcome or minimise its effects.
- (b) For the purposes of clause 5.8(a), if the effects of a Force Majeure Event are widespread we will be deemed to have given you prompt notice if we make the necessary information available to you by way of a 24 hour telephone service within 30 minutes of being advised of the Force Majeure Event or otherwise as soon as practicable.
- (c) A person claiming a Force Majeure Event must use their best endeavours to remove, overcome or minimise the effects of the Force Majeure Event as quickly as possible. However, this does not require either of us to settle any industrial dispute in any way we do not want to.

If:

- (a) you are a Domestic Customer and you contact us under clause 4.13 and you do not agree on an alternative payment arrangement; or
- (b) we otherwise believe you are experiencing repeated difficulties in payment of your bill or require payment assistance,

- and, before disconnection, you:
- (e) do not provide a reasonable assurance to us that you are willing to pay our bills; or
