**Subordinate Legislation Act 1994**

NOTICE OF PREPARATION OF REGULATORY IMPACT STATEMENT

Meat Industry (Amendment) Regulations 2002

Notice is given that, in accordance with Section 11 of the **Subordinate Legislation Act 1994**, a Regulatory Impact Statement (RIS) has been prepared in relation to the Meat Industry (Amendment) Regulations 2002.

The reason for and the objective of the proposed Regulations is to continue the prohibition of the slaughter and sale of horse and donkey meat for human consumption and to allow the modification of the lamb strip brand to allow the inclusion of defined marketing information.

The proposed regulations:

- prescribe horses and donkeys as animals that are banned for slaughter for human consumption;
- prohibit the sale of horse and donkey meat for human consumption;
- allow the option to include marketing information in the lamb strip brand;
- define marketing information, and
- increase the dimensions of the strip brand with marketing information to 15 cm in length and from 4.0 cm to 6.0 cm in width.

The RIS assesses the costs and benefits of the proposed Regulations. It finds there are no significant additional costs to the industry. The opportunity cost of the proposed Regulations is the development of a domestic market for the slaughter and sale of horse and donkey meat for

human consumption. It is likely that this market would be limited due to the prevailing community concern about the slaughter of horses for human consumption.

The inclusion of marketing information in the lamb strip brand provides processors with a cheap and optional means of achieving the objectives and no appreciable burden exists.

The RIS discusses possible alternatives to the proposed Regulations. The alternatives discussed are: (a) the removal of horse and donkey from the definition of consumable animals within the **Meat Industry Act 1993**, and (b) not continuing the prohibition of the slaughter and sale of horse and donkey meat for human consumption. Each alternative is rejected as it does not more effectively achieve the identified objectives than the proposed Regulations.

Copies of the RIS and the proposed Regulations may be obtained by contacting the Consumer Service Centre on 136 186 or from the Information Centre, Department of Natural Resources and Environment, Ground Floor, 8 Nicholson Street, East Melbourne between 8.30 am and 5.30 pm or on the internet at <http://www.nre.vic.gov.au/ris>

Public comments are invited on the RIS and accompanying Regulations. All comments must be in writing and be sent to Dr Terry Truscott, Manager Industry Policy, Agriculture Division, Level 15, 8 Nicholson Street, East Melbourne, Victoria 3002 by no later than 5.00 pm, 5 August 2002.
