WYNDHAM CITY COUNCIL

Amendment – Local Law No. 6

The Wyndham City Council proposes to amend Local Law No. 6 – General, which provides for control, regulation and protection of the general amenity of the Wyndham Municipal District.

The proposed changes to this local law aim to:

- improve the amenity of the municipality and introduce the requirement to keep grass and undergrowth cut to a height of no more than 150mm on vacant land;
- improve fire prevention strategies by providing for an annual requirement for rural property owners to place and maintain fire breaks during the fire season (commencing 1 December each year until 30 April the following year);
- improve the rate of compliance by providing Council with the authority to charge a fee for undertaking this work if the landowner fails to comply;
- allow for the provision of exemptions to land owners from complying with these requirements in the following situations:
 - (a) cases where native flora or fauna exist in the area affected;
 - (b) situations where crops in the area may be affected and where harvesting complies;

- (c) situations where grazing stock has reduced risk of fire; or
- (d) other reasons acceptable to Council's Authorised Officers.

The general purpose of the proposed amendments is to change the emphasis of the existing law from fire prevention to local amenity. The proposed changes are in response to the growing demand for a better appearance of vacant land all year round, rather than just in the Declared Fire Season.

A copy of the proposed changes to the local law is available for inspection at, and can be obtained from, Wyndham City Council Offices, 45 Princes Highway, Werribee, between 8.00 am and 5.00 pm weekdays.
