No. S 239 Wednesday 17 December 2003

By Authority, Victorian Government Printer

Dangerous Goods Act 1985

(Section 55)

ORDER PROHIBITING THE REMOVAL OF CERTAIN ASBESTOS AT WORKPLACES

Preamble

1. The removal of asbestos at workplaces is regulated by the Occupational Health and Safety (Asbestos) Regulations 2003 ("Asbestos Regulations"). The Asbestos Regulations describe the circumstances in which asbestos may be removed by an employer or self-employed person who is a removalist who holds a licence under the Regulations, and the circumstances in which an unlicensed employer or self-employed person may conduct a limited amount of removal work.
2. Generally, the provisions of the Asbestos Regulations that regulate the removal of asbestos are limited in their application to asbestos-containing material that is fixed to or installed in a building, structure, ship or plant. They generally do not apply to the removal of asbestos that is not so fixed or installed (including asbestos-contaminated dust). Accordingly, it is possible at present for unlicensed persons to remove asbestos that is not fixed or installed.
3. Until the Asbestos Regulations are amended so that they also apply to asbestos that is not fixed or installed (including asbestos-contaminated dust), it is expedient for the public safety to make an Order, subject to conditions and restrictions, prohibiting the removal of such asbestos.

ORDER

Being of the opinion that it is expedient for the public safety to do so, the Governor in Council under section 55 of the **Dangerous Goods Act 1985** makes the following Order:

1. The removal of asbestos (including asbestos-contaminated dust) that is not fixed to or installed in a building, structure, ship or plant at any premises that are a workplace is prohibited.
2. The prohibition under clause 1 does not apply in relation to the removal of asbestos —
 - (a) by an employer or self-employed person who is the holder of a Class A licence, or by an employee of such a licence-holder;
 - (b) by an employer or self-employed person who is the holder of a Class B licence, or by an employee of such a licence-holder, if that removal is associated with or derived from the removal of non-friable asbestos-containing material that is fixed to or installed in a building, structure, ship or plant;
 - (c) by an unlicensed employer or self-employed person, if that removal is associated with or derived from the removal of non-friable asbestos-containing material that is fixed to or installed in a building, structure, ship or plant where —
 - (i) the area of asbestos-containing material removed is less than 10 square metres in total; and
 - (ii) the removal of the asbestos-containing material is not undertaken for more than 1 hour in any period of 7 days;
 - (d) by an unlicensed employer or self-employed person, if the asbestos does not constitute more than a minor contamination;
 - (e) by an employer in the course of the handling, including for the purpose of removal or transport for disposal, of aircraft products and automotive products likely to contain asbestos-containing material;

SPECIAL

-
- (f) by an employer in the course of the maintenance of dust extraction equipment contaminated with asbestos;
- (g) by a person who was manufacturing asbestos-containing material immediately before 1 February 2003.
3. Clause 2(g) ceases to have effect on 31 December 2003.
4. In this Order —
- “**asbestos**” has the same meaning as in the Asbestos Regulations;
- “**asbestos-containing material**” has the same meaning as in the Asbestos Regulations;
- “**Asbestos Regulations**” means the Occupational Health and Safety (Asbestos) Regulations 2003;
