EXEMPTION

Application No. A447/2003

The Victorian Civil and Administrative Tribunal has considered an application pursuant to Section 83 of the **Equal Opportunity Act 1995** by Anglicare Victoria. The application for exemption is to enable the applicant to advertise for and employ a male social worker to assist in the Peaceful Warriors program operated by the applicant.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from Sections 13, 14, 100 and 195 of the Act to enable the applicant to advertise for and employ a male social worker to assist in the Peaceful Warriors program operated by the applicant.

In granting this exemption the Tribunal noted:

- The applicant is an organisation which provides community welfare services across Victoria.

- At its Yarra Ranges site it provides a 'Peaceful Warriors' program targeted in particular at isolated and at risk boys within the age range 9–12 years.
- Typically, the boys who attend this program have experienced the lack of a father or other significant male relationship, or significant conflict in the father/son relationship. Some of these boys have a history of child abuse or neglect.
- The boys who attend this program have experienced difficulty in developing and sustaining relationships with others, particularly males, exhibit aggressive and other challenging behaviours and social withdrawal.
- The Program aims to provide these boys with a male role model who can help them to develop and sustain positive male relationships, to explore and understand the transition to manhood, to develop positive male images, to learn to communicate effectively with men and to express their feelings without aggression, to manage anger and other challenging behaviours and to enable them to lead richer and more fulfilling lives.

The Tribunal hereby grants an exemption to the applicant from the operation of Sections 13, 100 and 195 of the **Equal Opportunity Act 1995** to enable the applicant to advertise for and employ a male social worker to assist in the Peaceful Warriors program operated by the applicant.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 17 December 2006.

EXEMPTION

Application No. A362 of 2003

In the matter of an application pursuant to s. 83 of the **Equal Opportunity Act 1995** ("the Act") for an exemption from the operation of provisions of the Act.

APPLICANTS:

BOEING AUSTRALIA HOLDINGS PTY LIMITED
BOEING AUSTRALIA LIMITED
AEROSPACE TECHNOLOGIES OF AUSTRALIA LIMITED
HAWKER DE HAVILLAND HOLDINGS PTY LTD
HAWKER DE HAVILLAND EQUIPMENT PTY LTD
HAWKER DE HAVILLAND VICTORIA PTY LTD
PRESTON AVIATIONS SOLUTIONS PTY LTD

Other companies which are now or may in the future be related entities to Boeing Australia Holdings Pty Limited .

Officers and employees of any company which is otherwise an applicant.

The Victorian Civil and Administrative Tribunal has considered an application, pursuant to section 83 of the Act, by Boeing Australia Holdings Pty Ltd and its wholly owned subsidiaries. The application for exemption is to enable the applicants to meet the requirements of the Department of State of the United States of America, the United States Department of Commerce and the United States Federal Aviation Authority, contained in or referable to the International Traffic in Arms Regulations or the Export Administration Regulations, so far as those requirements apply directly or indirectly to work carried by or on behalf of, at the request of or under the control or supervision of an applicant and so far as those requirements require that persons who are US or Australia Nationals only have access to technical data or be involved in or have access to certain occupations.

In particular, the application for exemption is to enable the Applicants to do the following specifically identified things:

- (a) ask existing and future employees to advise their exact nationality and citizenship status;
- (b) require existing and future employees to wear a Boeing Secure Badge which will distinguish between US, Australian and Canadian Boeing employees;
- (c) prevent unauthorised employees from accessing controlled technology and performing particular roles within the Applicants' organizations that require access to controlled technology;
- (d) ask existing and future employees to complete a Boeing Export Control Compliance Verification Form to ensure that foreign persons are not placed into positions or physical locations where controlled technology is accessible and to limit the employees' computer access to prevent the employee from electronically accessing controlled technology.

Upon reading the material submitted in support of the application the Tribunal is satisfied that it is appropriate to grant an exemption from the application of sections 6(1), 13, 14, 15, 98, 100 and 195 of the Act .

In granting this exemption the Tribunal noted:

- were it not for the definition of "race" in s.4 of the Act to include nationality, the exemption sought would be unnecessary because the range of persons to be included in the definition of "national" in the United States requirements to be adopted by the Applicants is sufficiently wide to include persons of various racial backgrounds;
- the exemption is necessary by virtue of the definition of "race" in s.4 of the Act.
- there are no general or specific exemptions in the Act which apply.
- there was no response to the public advertisement of the exemption application;
- the exemption is only to apply in circumstances where the Applicants have not taken reasonable steps to avoid or reduce the adverse effect of any otherwise discriminatory conduct;
- the exemption is in the community interest.

The Tribunal hereby grants an exemption to Boeing Australia Holdings Pty Limited and its associated companies from the operation of sections 6(1), 13, 14, 15, 98, 100 and 195 of the Act upon the following terms:

- (a) the exemption applies only in respect of actions or omissions which are reasonably necessary for the Applicants to meet the requirements of the Department of State of the United States of America, the United States Department of Commerce and the United States Federal Aviation Authority, contained in or referable to the International Traffic in Arms Regulations, and the Export Administration Regulations, so far as those requirements apply directly or indirectly to work carried on by or on behalf of, at the request of or under the control or supervision of an Applicant;
- (b) for an Applicant to take the benefit of the exemption in relation to an action or omission which adversely affects an existing or potential employee, it must take reasonable steps to avoid or reduce the adverse effect.

This exemption is to remain in force from the day on which notice of the exemption is published in the Government Gazette until 18 December 2006.

Dated 12 December 2003.

REGULATORY PERIOD

7. Regulatory Period

Except in the case of the first **regulatory period**, which shall be the 3 year period commencing on 1 July 2005, the **Commission** must set the term of each **regulatory period**.

REGULATORY APPROACH

8. Decision in relation to prices

Before the commencement of a **regulatory period**, the **Commission** must:

- (a) approve all of the prices which a **regulated entity** may charge for **prescribed services**, or the manner in which such prices are to be calculated or otherwise determined, as set out in the **regulated entity's Water Plan**, until the commencement of the next **regulatory period**; or
- (b) specify the prices which a **regulated entity** may charge for **prescribed services**, or the manner in which such prices are to be calculated or otherwise determined, until the commencement of the next **regulatory period**.

- (a) were developed in accordance with the **Procedural Requirements**; and
- (b) comply with the **Regulatory Principles**.

11. Draft decision

Before making a decision under clause 8, the **Commission** must issue a draft decision which either:

- (a) proposes to give the approval referred to in clause 8(a); or
- (b) proposes to refuse to give the approval referred to in clause 8(a) and specifies the reasons for the **Commission's** proposed refusal (which may include suggested amendments to, or action to be taken in respect of, the **Water Plan** that, if adopted

or taken, may result in the **Commission** giving that approval) and the date by which a **regulated entity** must resubmit a revised **Water Plan** or undertake such action as to ensure compliance.

12. Information

In order to be satisfied that prices, or the manner in which such prices are to be calculated or otherwise determined:

- (a) were developed in accordance with the **Procedural Requirements**; and
 - (b) comply with the **Regulatory Principles**,
- the **Commission** may require the regulated entity to provide additional information in support of its **Water Plan**.

14. Regulatory Principles

In order to be satisfied that prices, or the manner in which such prices are to be calculated or otherwise determined, comply with the **Regulatory Principles**, as required by this **Order**, the **Commission** must be satisfied that:

- (a) the prices contained in the **Water Plan** as those which the **regulated entity** proposes it be permitted to charge for **prescribed services** over the term of the **Water Plan**, or the manner in which the **Water Plan** proposes that such prices are to be calculated or otherwise determined, must be such as to:

 - (ii) allow the **regulated entity** to recover its operational, maintenance and administrative costs;
 - (iii) allow the **regulated entity** to recover its expenditure on renewing and rehabilitating existing assets;
 - (iv) allow the **regulated entity** to recover a rate of return on assets as at 1 July 2004 that are valued in a manner determined by, or at an amount otherwise specified by, the **Minister** at any time before 1 July 2004;

 - (vi) provide incentives for the sustainable use of Victoria's water resources by providing appropriate signals to water users about:
 - (A) the costs of providing services, including costs associated with future supplies and periods of peak demands and or restricted supply; and
 - (B) choices regarding alternative supplies for different purposes;
 - (vii) take into account the interests of customers of the **regulated entity**, including low income and vulnerable customers;
 - (viii) provide the **regulated entity** with incentives to pursue efficiency improvements and to promote the sustainable use of Victoria's water resources; and

- (ix) enable customers or potential customers of the **regulated entity** to readily understand the prices charged by the **regulated entity** for **prescribed services**, or the manner in which such prices are to be calculated or otherwise determined;
- (b) the expenditure forecasts contained in the **Water Plan** must reflect the efficient delivery of the proposed outcomes contained in the **Water Plan** and take into account a planning horizon that extends beyond the term of the **Water Plan**.

REGULATION OF SERVICE QUALITY

15. Specifying standards and conditions

The **Commission** may specify standards and conditions of services and supply with which a **regulated entity** is obliged to comply in connection with the provision by it of **declared services**:

- (a) by approving standards and conditions of services and supply which a **regulated entity** has included in its **Water Plan**; or

The **Minister** may request the **Commission** to audit the compliance of a **regulated entity** with such obligations as are identified by the **Minister** and as are imposed on that **regulated entity** under the **Statement of Obligations** that is issued to it, in which case the **Commission** must carry out that audit in accordance with that request.

19. Publication of audit results

The **Commission** must publicly report on the results of all audits conducted under clause 17 or 18.
